vice pres., business*

*Ralph F. Burnight,  
president*

*Dr. Robert C. Rockwell,  
vice pres., instruction*

*Dr. Robert M. Baker,  
asst. director*

## Help Wanted

If any of you are journalists, amateur or practising, if you're writers, paid or still in the starry-eyed stage, if you like to meet people, sniff out classroom news - in short, if you'd like to participate in putting out this publication, please get in touch with the editor, won't you?

You'll get no pay, just glory (and even that is closely doled out). Seriously, we need news. News about students, about your classrooms. If there is enough interest shown, your editor would be glad to meet with you in informal sessions so we can learn techniques of the craft from each other. It could be fun. It'll certainly make for a more interesting weekly.

## Dance Date Set

The date for the long-heralded student body dance has been set for April 27. At a meeting held Tuesday the student body officers decided upon a mixer, the school's first. Volunteers are being sought to serve on decorations, refreshments, and entertainment committees. Complete details will be announced soon.

Other agenda items under discussion were a new name for the weekly news sheet, formation of a publicity committee to help ferret out student news, a school emblem, student body fees, and the forthcoming Southern California Junior College Student Government Association Conference to be held at Orange Coast Junior College April 6.
