NEW OFFICERS NAMED FOR FALL TERM; INSTALLATION ASSEMBLY FOR TOMORROW

Election week activities began Tuesday evening, September 30, at the nomination assembly held in the cafetorium. Each candidate gave a short speech about his qualifications and desire for the office. Larry Larison, ASB vice-president conducted the assembly.

Wednesday and Thursday were election days and Falcon students were given an opportunity to select the candidates of their choice.

Dallas Moon from Downey High is the new freshman class president. At Downey, Dallas served as CSF president, senior class president and was active in football and baseball. He is now a member of the Falcon football team.

The new freshman vice-president is Pat Vigil of Excelsior. In high school, Pat was a yell leader and also was speaker of the house. Her major is PE and UCLA her future destination.

The office of freshman secretary-treasurer went to Jeanette Batley from Huntington Park High. Her major is Psychology and in high school she was treasurer of the junior class and Tri-Hi-Y council president.

The sophomores elected Joe Mehrbrodt to the office of president. Joe is from Romulus, Michigan and is a returning letterman to the Cerritos football team. He will be a member of Student Council this year also.

Margie Schlarman is the AWS president for the coming year. At Excelsior last year, Margie was head yell leader and a homecoming princess.

The other offices will be filled by write in votes and appointments. These selections will be announced later.

Officers will be installed at the assembly tomorrow evening at 6 p.m. in the cafetorium.

PARKING REGULATIONS FOR FALCONS

Cerritos College students are reminded of the parking regulations that are in force on the Artesia High School campus.

Numbered parking spaces in the area just west of the Artesia administration building are reserved for faculty and staff members. Falcon officials are aware that student parking is congested and have expressed pleasure at the way most of the parking problems have been worked out.

Generally, student parking is available in most of the areas immediately adjacent to the campus. Students are reminded that no vehicle should be parked on the grass sections.

FLYING SAUCERS AND SPACE GUEST WILL HEADLINE CERRITOS FALL PLAY SCHEDULE

Cerritos College fall play, "Visit to a Small Planet," will have its presentation to the public on the evenings of November 19, 21, and 23.

This hilarious Broadway laugh bit about flying saucers and a dynamic guest from a distant galaxy will be the first Cerritos drama presentation of the 1958-59 season.

The Science-Fiction enthusiast who has followed interplanetary operations on television and in the movies will spend an enjoyable evening over the antics of the visitor from outer space.

"Visit to a Small Planet" opened on Broadway and had a continuous run for eleven months amid the ravings of the New York critics. With excitement and flourish, "Visit" premiered the gala opening of the 42nd season of the Pasadena Playhouse.

The cast of students includes Bob Schick, Doug Wheeler, Mary Ann Golabieski, Priscilla Reina, Don Kerr, Bob Newport, Jack Lorts, Don Rittenhouse, Rex Willis and Jerry Hudson.

DR. HENGSTELER CONGRATULATES STUDENTS

Dr. Elizabeth Hengsteler, Dean of Women, reported on the excellent student conduct at dances.

Dr. Hengsteler said, "I would like to compliment the students on their excellent behavior at our dances so far this year. Our attendance has increased greatly over last year, which we are all very happy to see."

Dr. Hengsteler also stated, "The manners and courtesy of this group have been excellent, and I have every confidence in the continuance of all these favorable qualities that the students have shown so far." There will be a dance after the Glendale game this Saturday night.

NEW CAMPUS FACILITIES WILL BE TOPS WHEN FALCONS MOVE TO ALONDRA CAMPUS

When the Falcons move to their new campus they will find a host of new facilities waiting for them. Some of these facilities are complete now, some being completed in January.

Cerritos College now has a new field house and playing field for football. Also there is a practice field and a crushed brick track of the most modern design.

Scheduled for completion in early 1959 is a men's and women's shower and locker room. Facilities for outdoor tennis, basketball and volleyball will also have been completed. Cerritos will also have top baseball facilities available in the form of its new field.

The new baseball field will sport major league type dugouts; major league topsoil and drainage, and in-field characteristics. The new tennis courts will sport a dark brown playing surface and a green deck area for better visibility.

In the future will be a basketball stadium, two swimming pools, and a women's gym to be added at a later date.

The basketball gym will be along the lines of the Bellflower High plant and will hold 3,000 people.

OCTOBER 21 BOND ELECTION LOOMS CLOSER AS VOTERS IN DISTRICT READY FOR VOTE.

CLASSIC DOUBLE-HEADER FOOTBALL GAME AT EXCELSIOR SATURDAY; FALCONS FACE UPSET MINDED GLENDALE; NORWALK HIGH IN PRELIM

A double-header football game will headline Saturday night's activities in the local area. In a Western State Conference game getting underway at 8:30 p.m., Cerritos College will meet upset-minded Glendale College.

In a preliminary that will begin at 6:20 p.m., Norwalk High School will meet Dominguez High. This will be the first football night of its kind ever staged in the area. Both games will be played at Excelsior Memorial Stadium, Alondra and Pioneer Blvds.

The high school preliminary game will match two fine clubs in a non-league contest. Norwalk, in its third year of existence, is in the Rio Hondo League. Dominguez, in its second year, is in the Crescent League. Both teams are rated as very evenly matched. The game will be unique from the standpoint that it will give a preview of future Cerritos-Compton contests. Dominguez High is the newest in the Compton area, while Norwalk represents the newest of the district's prep schools.

The college game will be of top interest in Southland circles. Winless Glendale has played good ball in two losing causes this season. Boasting a team that nearly upset Cerritos last year, the Vaqueros are aiming for just that purpose. Cerritos drew a bye last week and will go into the contest with an even 1-1 record. The Falcons, rated as one of the nation's top jaysee teams, were upset in their opener 28-27, then bounced back against Compton for a tremendous 12-7 victory. The Vaqueros' defeats have both come in non-conference tilts.

Norwalk's coach, Al Ahlsten, will start a lineup that will sport nine juniors and two sophomores. The Lancers do not have a senior class as yet and are playing their first season of varsity competition. Ahlsten's outlook on the coming clash was, "Dominguez is big and tough and experienced. We feel that we have a fair chance to take them if we do a good job." Outstanding for the Lancers so far have been Linemen Ron Fitzgerald and Jim Oien; Backs Jack Stevens, Ron Sauke, and Chet Clements.

At the Dominguez camp, Coach Norman Fox, a one-time football star at Compton College, boasts of a team "that has been rapidly improving." Fox stated further, "We showed great strides in our last game and are looking forward to the game."

On the collegiate front, Cerritos' coaches are hoping that a week's bye did not make the Falcon gridgers too dull. Glendale, despite the twin pair of losses, has appeared razor-sharp in some phases of its attack. Cerritos will go into the game at full strength and will have a 213-195 edge in the average line weight. Chief Assistant Coach Walt Hackett was quick to point out, however, that a

WESTERN STATE CONFERENCE ACTION FOR COMING WEEK ANNOUNCED; WORST WEEK OVER

Western State Conference teams suffered their most disastrous weekend in a twelve-year history, when five of their squads dropped football games to non-league foes. Two teams, Pierce and Cerritos, escaped the massacre with bye dates.

The five defeats gave the WSC a record of 3-10-0 against non-conference opposition, a mark that is just the opposite of last year's record at the same time.

Three of the conference's squads will get a chance to improve that mark when they meet non-league teams this weekend. A single Western State Conference game is slated for Saturday night when Glendale College travels to Excelsior Memorial Stadium in Norwalk to meet Cerritos College. Cerritos' Falcons have won the only WSC game played to date, a 12-7 victory over Compton.

Non-league contests will get underway Friday night when Los Angeles travels to San Diego to meet the San Diego State Freshmen. Saturday night activity will see Pierce Junior College meeting Phoenix JC in the Arizona city and Ventura College hosting San Jose JC. Both winless Pasadena and Compton draw byes this week.

Games slated for this week with seasonal records: Friday, October 10--Los Angeles (1-1-0) at San Diego State Frosh; Saturday, October 11--Pierce (2-0-0) at Phoenix, Arizona (1-1-0); San Jose (1-1-0) at Ventura (0-2-0); Glendale (0-2-0) at Cerritos (1-1-0); Pasadena (0-3-0) and Compton (0-2-0), are bye.

Last week's results: Stockton 34, Los Angeles 0; Los Angeles Valley 32, Glendale 12; San Diego 20, Pasadena 6; Monterey Peninsula 36, Ventura 6; Hartnell 35, Compton 6.

(MORE ON DOUBLE-HEADER FOOTBALL)

similar situation existed in the Riverside game.

Falcon Head Coach Earl Klapstein, a man of many worries, quipped, "We know that we have to win the conference games in order to go where we want to go. Glendale is going to be tough, at least as tough as last year, and we know it." Last year, Glendale led the Falcons into the third quarter before an explosive barrage of Cerritos touchdowns turned the tables.

When asked about a breather on the football schedule for this fall, Klapstein snapped, "We just had it." The Cerritos mentor was referring to the bye on the schedule that saw the Falcons without a game last week. Starting lineups follow:

<u>Cerritos</u>		<u>Glendale</u>	
John Frongillo	LER	Laddie Potts	
Pete Nicklas	LTR	Carl Lane
