

**CAL CAGE COACH—PETE NEWELL**, University of California basketball coach and two-time winner of the NCAA championship, will be the guest speaker at the Cerritos basketball get-together planned for Monday, April 4. The affair will honor members of the 1959-60 Falcon cage team. Newell recently announced his retirement from active coaching ranks and will become head of the Bear's athletic department next year.

## Coach Pete Newell To Speak At Basketball Affair On April 4

Heading the basketball banquet this year for Coach John Caine's fine squad who garnered a seven won, five lost record in Western States Conference play, and a fine overall season record of 16-11, will be Coach Pete Newell from the University of California at Berkeley.

This year's event for the basketball team will be held in the new student center on Monday night, April 4. A fine affair will be served, plus the presentation of awards to this year's basketball team, and a talk by Coach Newell.

Coach Newell is rated by many as one of the greatest defensive coaches in college basketball. This year his squad is shooting for a second consecutive NCAA championship, and they look like a solid choice to repeat. In Coach Pete Newell, the Golden Bears from Berkeley have a man with a special touch for putting together fine teams. He guided the University of San Francisco Dons to a startling victory in the 1949 National Invitation Tournament. And his California teams won the championship of the now defunct Pacific Coast Conference the last three years, crowned by a surprising success in the NCAA tournament at Louisville, Ky., last March.

## CQT Test Can Be Asked For

Applications for the April 28, 1960 administration of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test should apply at once to the nearest Selective Service local board for an application and a bulletin of information. The application and mail it immediately in the envelope provided to SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 586, Princeton, New Jersey. Applications for the April 28 test must be postmarked no later than midnight, April 7, 1960.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once.

## Mr. Ugly Is Mario Mendez

The Highlight of last Friday Night's leap year dance was the crowning Mario Mendez as Mr. Ugly. The crowning took place at the Freshman dance.

### Voting Close

The voting was close between Steve Mankey and Mario Mendez.

MARIO MENDEZ

## Veterans Get Sign-Up Data

Veterans are advised that, beginning this month, they are required to sign attendance reports on the last day of the month for which they are reporting. These reports are considered late if they are signed after the 5th day of the following month. For instance, veterans reporting for the month of February should come in to the Counseling Office after February 25, and no later than March 5, to report attendance. In order to facilitate operations in the Veteran's Office, and for the convenience of the instructors and veterans, we are not asking veteran to circulate the attendance report, but only requesting that they report to the office to sign the two cards verifying attendance.

# Chaffey Hosts Bi-Annual SCJCSGA Meet Saturday

Chaffey College in Ontario, will play host to the junior colleges of Southern California tomorrow at the regional meeting of the Southern California Junior College Student Government Association conference.

## Advisors Are Program Key

A very important but seldom publicized part of the Cerritos College club program is that played by the faculty advisors. An advisors must be present at all of his club's meetings, conferences, and social activities, which takes a big slice out of the advisor's own free time.

The advisor has great many more responsibilities. He is responsible for checking dates for his club's activities on the social calendar. He guides the club in planning a service program, he represents the interest of his club at any conferences he may attend, and he guides the social activities of his club, so that they will fit within the Student Activity Code.

### Same Interests

All clubs must have a faculty advisor. They are chosen by the Student Personnel Department when a club first receives its charter. Whenever possible, an advisor is chosen that has the same general interests of the club members. An example of this would be the selection of Juliette Venitsky, a speech instructor, as the advisor to the Forensic Club.

Other faculty members who are giving their time and interest to the club program are: Harlan Stamm, Newman Club; Margaret Manire, Omega Chi; John Palmer and Clive Grafton, Beta Tau; Joan Schutz, Falconettes; Nello Di Corpo, Omega Delta Chi; Joseph Kleinerman, Alpha Gamma Sigma; Amy Dozier, W.A.A.; Margaret Bluske, Donna Harwell, Theta Phi; and Rex Frank, Sigma Pi.

### Attending

Members of the Student Council and other active campus leaders plus two advisors will journey to the semi-annual affair. Bill Pope—Vice President will attend the Student Government and Constitution workshop. A special workshop for Secretaries will be the destination of Kathie Lewis—ASB Secretary. Helen Larrabee—Commissioner of Activities will represent Social Activities while Dorene Nunley—Commissioner of Rallies and Assemblies will participate in the workshop titled Assemblies, Rallies and Forums.

Intercollegiate athletics will hold the interest of Dick Roche—Commissioner of Athletics; Carol Strets—Commissioner of Publications and Bill Axline—Commissioner of Publicity will attend the Publicity and Public Relations and Elections workshops respectively. Polly Olivas—AWS President will attend the workshop under that category. Sandy Walberg—Inter-Club Council Representative will take notes about Campus Organizations while Al Aragon—AMS President will discuss Intramural Sports.

Judy Zittel and Earl Ferguson—Sophomore and Freshman Class Presidents respectively will attend the workshop on Campus Problems and Butch Hughes—ICC President will discuss Finance \$50,000 and over.

### Blazers

Two first will occur for the group tomorrow. They will wear new blazers of royal blue with a Cerritos Crest for the first time as a group and will also ride in the new station wagons for the first time together.

### Agenda

Their active day will begin with coffee and donuts in the morning followed by the first general assembly. After the assembly all delegates will go to

## Omega Delta Chi Sponsors Dance Hoolaulea Hawaii

Falcons will travel from a hill-billy hoe down to Hawaii for Omega Delta Chi's (the business club) dance which is entitled Hoolaulea Hawaii. The evening of March 18 from 8 p.m. to midnight will include the Hawaiian atmosphere in the student center.

### Mr. Beachcomber Contest

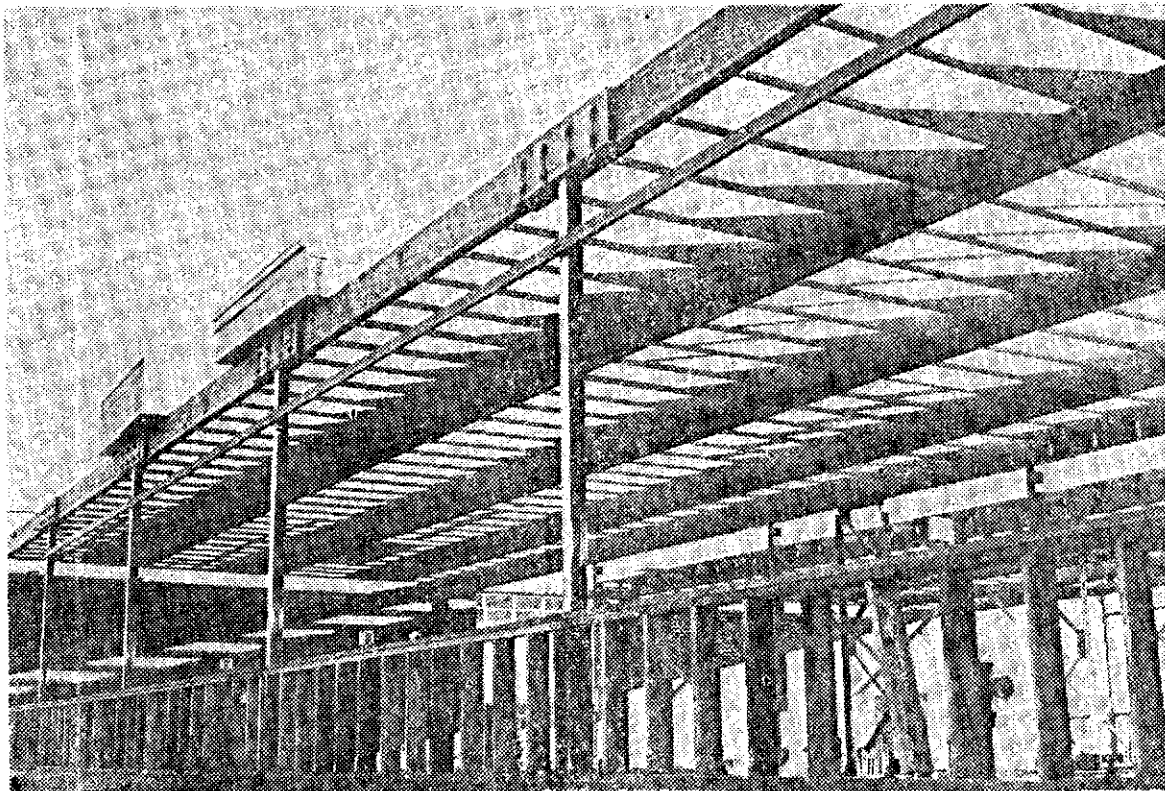

To climax the fun-filled evening, the selection of Mr. Beachcomber will be announced. Contestants for Mr. Beachcomber are required to grow a beard and must have signed up in the Student Personnel Office last week. Voting will be done by popular vote the night of the dance. Students who purchase stag tickets will be allowed to vote once. Couples will be able to vote twice (one each). The winner of the contest will receive a gift certificate from a men's store.

### Tickets On Sale

Admission for stags is 75c; drag, \$1. Tickets are now being sold by Omega Delta Chi members and Mr. Beachcomber candidates.

their respective workshops until noon when they take time out for lunch and a social hour. The workshops will again meet after lunch and the day will be concluded with the second general assembly where there will be workshop reports and recommendations or resolutions for action.

Accompanying the Council will be Dr. Elizabeth Hengsteler and Earl Klapstein, advisors.

**PHYSICAL SCIENCE BUILDING**—Construction of the new Cerritos College Physical Science Building continues and plans call for the unit to be finished sometime around the first of the year. The building is under construction just to the west of Lecture Hall, between the Science Building and the Liberal Arts Building. The Library, soon to be added, will be located just west of the new unit.

—(CCASBPhoto by Highfill)

## Around the U.S.

**Athens, O.—(I.P.)**—Pan-Hellenic Council on the campus of Ohio University recently set up a criteria which could be used as a guide in determining where off-campus, indoor action, the controlling body of all sorority women placed eight standards on the list for evaluating a local establishment.

The places designated by the committee of students and faculty would be able to entertain students at various registered events. According to this governing group, the events would include pre-dance parties, Friday afternoon teas, evening parties and dances. Fraternity parties were not considered.

**Iowa City, Ia.—(I.P.)**—Colleges and universities in 14 states will embark this week on a new admissions, placement, scholarship and guidance testing program for college-bound high school seniors. The new venture, called the American College Testing (ACT) program, was announced here by E.F. Lindquist, director of the Iowa Testing Programs, and Ted McCarrel, registrar and director of admissions at the University of Iowa.

**Durham, N.H.—(I.P.)**—The Special Committee on the Gifted Student at the University of New Hampshire has drawn up a report which has been submitted to the Faculty of the College of Liberal Arts. Opinion is divided at present on some of the proposals. The general plan is as follows: All capable students would be identified in New Hampshire high schools. This would include all those who were doing exception work in high school and all those who had the ability but were not working to capacity.

The first testing would be done in the sophomore year, according to the tentative plan. The top one per cent of these students would then be given either College Boards of their equivalent. This group would probably consist of about forty students with a mean IQ score of 140. Other tests would be given them later on campus.

**Baltimore, Md.—(I.P.)**—Unable to produce workable solutions to the fraternity housing problem, the presidents of the fourteen chapters on the Johns Hopkins University campus recently listened in silence to Dr. Milton Eisenhower's suggestion for a cooperative housing development to alleviate the crowded dormitory situation, and to apply more suitable fraternity quarters.

**Washington, D.C.—(I.P.)**—"The English in this paper is not acceptable." This statement will be appearing on many exam papers very shortly, according to Professor Robert Moore, head of the English Composition department. These warnings will be in the form of large orange stickers which will be placed on exam papers and blue books if the English in them is not acceptable.

Other warnings on the sticker may be checked off by the department professors who don't think the English is adequate on papers turned into them. These other warnings range from "your writing is careless," to "the writing is so poor that it has lowered your grade; take this paper to the College Office," and finally, "take this paper to the English department and return it to me with a note suggesting action within one week."

**Bethlehem, Pa.—(I.P.)**—Dr. Glenn J. Christensen, dean of the College of Arts and Science, Lehigh University, disagrees with the conclusions of the Ruml-Morrison report, Memo to a College Trustee: that the control of the curriculum be taken away from the faculty as a body and that faculty as such are incapable of coping with the problems confronting higher education today.

Dean Christensen based his position on the assumptions that (a) no drastic curriculum changes can succeed without faculty support, (b) efforts to inform will produce larger results from the faculty than from the trustees, and (c) that the proper role of academic deans is to "lead" not "order" the faculty.

## Business Club Students Set For March 8

Business Education students Carol Brubaker, Frances De Marco, Kay Kiel, Linda Fent, Marty Arebalo, Virginia Catron, Stella Recio and Ernest Chadborne, officers of, Business Club, at Cerritos College have received the honor of selection as representatives of the business department to attend a Professional Conference at the Huntington-Sheraton Hotel, Pasadena, 8 a.m. to 5 p.m. on March 8, for the Third Annual "Students and Business Talk It Over Day".

### Jointly Sponsored

This conference, established through Mrs. Dorothy Ford, Consultant in Business and Distributive Education, Los Angeles County Schools, is jointly sponsored by the Sears-Roebuck Foundation and the County Schools, with assistance from local office machines distributors and textbook and magazine publishers.

This conference will be attended by approximately 500 students, coordinators, administrators from Los Angeles County, Fran McCreery, General Chairman for the conference and Supervisor for Distributive Education, Pasadena City Schools, announces.

### Student Conference

Purposes for which this conference was established include the bringing together of students with outstanding representatives of Business and Industry to discuss employment opportunities and training requirements which make for a successful career. Students invited as guests of the Sears-Roebuck Foundation are those who are selecting some type of business as their life's work.

Business displays of machines, merchandise, books, services show the latest ideas and techniques. The public is invited to these displays after 3 p.m.

### Combined Lunch

The high school students and junior college students will have separate meetings at this conference, but they shall have lunch together.

## Artists Elect New Officers

Members of the Cerritos Art Club met last Tuesday evening, for a social-organization meeting in the Home Economics Building.

Major outcome of the meeting was election of Rosalind Bass as the group's president. Clovis Binkley was elected as vice president, while the secretary-treasurer post went to Marcela Overholt.

### Art Display

The social-service organization is currently sponsoring the student art display located in the library on the campus.

The group will meet again next Tuesday, continuing in their plans to formulate a constitution and decide on other club business.

Faculty advisor for the Art Club is Rudy Aguirre.

## Get X-Ray Soon

A Mobile X-Ray unit will be at the Cerritos College campus on March 9, 1960 between the hours of 9 a.m. and 6:30 p.m. and 8 p.m. There will be a charge of \$1.00.

All persons on the campus, including students and faculty and anyone in this area is urged to take advantage of this.

JERRY DEXTER

## Just A Short Note

Don Costa dropped by the show the other night. Don has conducted the orchestra, during recording dates, for Steve Lawrence, Eydie Gorme and many other stars. Don and I talked for about an hour, after the show, about the business of pop records and the "trends" coming into view this year. Don had some good thoughts on the situation and I'd like to pass some of them along, best as I can recall our conversation.

"The future of popular music is beginning to look bright once again. After languishing in the throes of musical primitivism for three or four years, the 11 to 14-years olds record devotee new appears to be demanding more musical substance for his time, interest and after-school dollars. This age group make up the "single" record buying audience. Late teen and adults are the ones buying the albums. To the delight of composers, arrangers, musicians, to gain acceptance on the strength of a pounding beat and the teen-ager is making it increasingly difficult for a record a honking tenor saxophone, accompanying a screaming vocalist.

"A comparison of the arrangements made five years ago and today would reveal the strides toward greater sophistication in musical content. To be sure, we are not returning to the popular music of the '30's and '40's in traditional dance band arrangements of the 'swing' era.

"The 'standards' of yesteryear are certainly far from gone. On the contrary, these great songs are constantly revived for the current market, but with a new twist. More frequently than not, the contemporary arrangements exploit more complex musical ideas than the original versions of the song.

"Pop" music has always been a changing, dynamic music because if its requirements for 'something different.' Some of the devices used to achieve this include a different sound, unusual arrangement, a new vocal style,—in essence, a 'gimmick'. Make no mistake, the 'pop' fan often wants to hear what intrigued his ear during the last year, but he wants it fresh, original and more musically satisfying. This is a difficult and often incompatible task, but it must be done.

"The 'big beat' of rock 'n' roll is not gone. It is, however, being incorporated into the new order of things. The excitement of the beat is being tempered with musical taste, to produce popular music on a more qualitative level. Whether a new 'golden age' of popular music will emerge is a moot point, but it is unquestionably on the upsurge. The worst is over."

Don has some good ideas on the subject, doesn't he?

Randy Sparks has been making the rounds, with me, lately for college assemblies and shows. This young man is going to be one of the hottest acts in the business. Currently making a move with Steve Allen, Randy is becoming a strong on-campus favorite. His songs and guitar style can't miss in the next few years.

Dexter's traffic slogan for this week—WATCH OUT FOR GRAMMAR SCHOOL CHILDREN. ESPECIALLY IF THEY'RE DRIVING!

SCOTT IVERSON

## Glad It's Over...

Despite all the publicity poured out on the Winter Olympics, I have the feeling that the baseball-football-basketball fans just patiently waited in the aisle until this 11-day winter carnival was over.

Skiing, ice skating or what-have-you with snow are sports most generally thought of as being the participating kind. They're fun to do and the small groups or clubs the participating kind. They're run to do and the small groups or clubs the participants belong to are really the only ones who enjoy watching the goings on. Another thing that puzzles me is, "Why isn't basketball included in the Winter Olympics? It is a winter sport, not a summer sport. But instead it will be included in the Olympic program this summer when it is held in Rome.

I also doubt that the average sports fan, who are aware of the exploits of Charlie Neal and Jonny Unitas, ever heard of Penny Pitou or Adrien DuVillard. (They're skiers—I think?), or much less care what they do. A 40.3 record in a 500-meter ice skating race by Eugeni Grishin can hardly be thrilling to the millions of TV viewers who watched Abe Woodson return a kickoff 102 yards against the Rams.

Most sports fan don't understand the complicated Olympic scoring system for those snow frolics anyway. The Olympic Committee does not name a team winner. There is no such thing in its books. Medals are awarded individuals on a first, second and third-place basis. And then there is always the problem of how the results are used. There is danger that they can be misused. Is it the intent of the Russians to show, with athletic victory, their superiority over the United States for political purposes? I believe that is their intent. Olympic athletes should compete for the love of sport and, when it's over, they should shake hands and be friends. I doubt that the love of sport is the Russian purpose.

The only over-all unofficial team winners declared are the result of some point system concocted by the various press organizations. And, here again, there's usually more confusion if you compare what the AP has to say with what's printed in Pravda.

**ACH DU LIEBER!!!**—Cerritos' contribution to European culture is pictured above in all of their Bavarian finery. The group is the polka band that was born this year and has made a number of unscheduled but well-heard performances. The authentic costumes add much to the color . . . but oh those legs.

## Bavarian Pep Band Debut

By Paul D. Petterson

Ach du Lieber! Brand new uniforms and oldtime music will be the order of things now that Cerritos College Pep Band has gone German.

The band made its first appearance three weeks ago, when it toured the coffee shop, the President's counseling, student personnel and admission offices.

## The Falcon's Nest

By Georgia Oakes

Graduation is just around the corner for scores of lucky sophs. But for the frustrated frosh, it's plenty of classes, books, and tests. Never fear, though, fellow freshmen, you can make it yet if you pay heed to these brand new definitions for use in the following classes:

**Physical Education-Golfer:** One who yells "fore," takes six, and puts down five.

**Political Science-Foreign Country:** Where people tell Americans to get out and leave us a loan.

**Anthropology-Modern Man:** One who drives a mortgaged car over a bond-financed freeway on credit-card gas.

**Biology-Rabbit:** A small animal that's hare today and mink tomorrow.

**Economics-Dividend:** A certain percentum per annum, perhaps.

**Sociology-Small Town:** Where the news gets around before the newspaper.

At a fairly recent baseball tilt with Long Beach City College, a number of Viking rooters were spiritedly riding Cerritos pitcher Al Petrushkin at every opportunity. A large group of home rooters were beginning to get enough of the loud-mouths, when Falcon gladiator Nifo Lillii got up from his perch on the bleachers and disappeared. A minute later, he returned with a length of heavy pipe, and demanded, "O.K., where's that guy that was mouthing off?"

## Falcons In Focus

A personality that has been much in the spotlight during the past few weeks is today's Falcon in Focus. Dick Roche is a 6'2" sophomore who has spent his past two winters practicing and playing basketball. He has played both years as first-team center for the varsity hoopsters, and holds several scoring records.

Dick was born in Grand Forks, North Dakota, on April 22, 1951. He attended Downey Union High School, and graduated from that school in June of 1958. While at Downey, he played varsity basketball and served as Associated Student Body Commissioner of Athletics.

### Consistently Active

The big basketballer is active here at Cerritos in Letterman's Club,

Alpha Gamma Sigma (Honor Society), and is a sports reporter for Talon Marks. He has been consistently active in student body and class activities.

A Physical Education Major, Dick is taking a history minor and plans on becoming a coach upon completion of his education. His future educational plans include obtaining his Bachelor of Arts degree from one of the state colleges.

When not studying or playing basketball, Dick likes to watch his favorite sport being played. He also favors reading sports magazines or just plain loafing. He includes fish and roast beef among his favorite foods.

This live-wire aggregation then made an appearance at the Glendale basketball victory, and will be seen in many rallies and musical programs this spring, and next fall, when a Straw Hatters Band will come on the scene to challenge for public appeal.

### Bavarian Uniforms

First to wear the new Bavarian-style costumes were the following: Pat Spisak, clarinet; Tom Moreno, trumpet; Lou Gross, bass drum; John Holst, clarinet and soprano saxophone (fish-horn); Nyals Anderson, Trumpet; Jim Rose, French horn; and Paul Petterson, tuba.

### Authentic Outfits

Authentically Bavarian and imported from Hollywood, the men's uniforms feature blue suspendered corduroy walking shorts, white shirts that lace in front and are trimmed with red and yellow rick-rack, and red Tyrolean hats with white feathers.

The women's costumes consist of blue quilted skirts with tops of black velvet over lack frilled blouses, with a veiled straw hat to top it off. Red bermuda-length stockings will be added to the uniforms in the near future.

### Unique Idea

The unique combo was the idea of Falcon Band Director, Jack Wheaton, and Jim Rose, leader of the group. The group came into existence when the two were casting about for a novel idea regarding a small pep band that was requested to play for pep rallies and basketball games.

Future improvements for the band include the purchase of a (root) beer keg and steins to add authenticity to the Band, even when it takes its breaks. A polka routine is also being worked up by the band.

The new practices on Tuesdays and Thursdays from 12 until 2 with the concert and dance bands.

## Library Exhibits Falcon Artistry

Students in commercial art and free hand drawing classes at Cerritos, are currently displaying some of their work in the college library.

Work includes projects under the direction of Rudy Aguirre and Mrs. Carol Fisher, instructors in the art department.

According to some critics, this is the finest student art display yet.

## Clubsville

### A.W.S.

The annual A.W.S. Fashion Show will be held on May 7 in the Student Center. Models and assistants for the show will be representatives from the campus service clubs. All other women students or interested women in the community are invited to attend, according to Polly Olivas, A.W.S. President.

### Theta Phi

Theta Phi has selected March 11 as the date for their formal installation of officers and pledges. The instillation will be held in the Student Center, and dancing may be an added attraction, according to Jaque Rootlieb, president. I.C.C. representative selected by the organization is Charlene Williamson.

### Newman Club

The Newman Club would like to urge all interested students to come to the next Newman Club meeting, to be held on Tuesday, March 8, according to Angie Magana, corresponding secretary.

### W.A.A.

W.A.A. activities for the month of March will include Trampoline, Co-ed Volleyball, and Modern Dance. Trampoline will be held on Mondays, Co-ed volleyball on Tuesdays and Thursdays, and Modern Dance, will be held on Wednesdays.

**FASHIONABLE FALCON READER**—Sharon Scott has no small problem trying to read her issue of the Talon Marks with Earl Ferguson carrying on his conversation. Sharon is wearing her skirt and sweater combination that is tagged as the fashion of the week. —(CCASBFoto by Sonnenburg)

## Falcons' Fashions

This week, the fashion spotlight swings around to focus on a striking skirt and sweater combination in soft baby blue, that can be worn for class or date.

### Powder Puffy

The sweater is a fluffy creation of powder puff Angora, which is so popular at Cerritos at the present time, with a shirt-type collar. The neck is set off by blue pearlescent buttons.

The straight skirt is of the matching baby blue, a slightly darker blue, and white, with a raised navy blue thread running through it in a checkerboard pattern.

### Accessories

A cultured pearl at the throat and a heavy silver charm bracelet at the wrist serve as accessories.

## Traffic Bulletin

According to Cerritos College officials, a serious safety hazard now exists with students crossing Alondra Blvd. on their way to and from classes. The situation has already resulted in one near-serious accident.

College officials warn students to use the currently marked crosswalks at the intersection of Alondra and Studebaker Road rather than "jaywalk" across the dangerous traffic patterns.

Contemplated plans call for investigation of the possibility of putting additional crosswalks and traffic lights at strategic places along campus routes.

## Top Rush Week Planned By IRC

The Cerritos College International Relations Club has planned a full week of activities for next week, designated as "rush week" by the College.

Monday through Friday, the club will show foreign films at noon in the lecture hall. On Tuesday, an Italian play, "Aria de Corpo," will be presented by the drama class, under the direction of Leonard Korf, in the Transistor Theater, at 1 p.m.

### Choir Sings

The Choir, under the direction of John Freeney, will sing a medley of foreign songs on Wednesday at 12:30, and on Thursday a tea will be held for foreign students and faculty members in the Lounge at the Student Center.

In charge of co-ordinating this ambitious program are the officers of the club.

# What A Wonderful Week In Falcon Sports

## Sports Week For Review

The surprising Cerritos Falcon wrestling team picked up its fifth consecutive win by dowing archrival Los Angeles City College in the Cub gym.

In the first few matches the score was very close, but, as the match progressed Cerritos gradually pulled away and increased their lead; to finally win by the score of 24-15.

Complete scoring results:  
123 pound class, Horita (LACC) won by forfeit; 130 pound class, Andrade (C) pinned Wilson (LACC) in the first round; Mascorro (LACC) pinned Hawley (C) in the 137 pound class 147 pound class, Booth (C) pinned Ramsey (LACC); 157 pound class, Hebert (C) decisioned Scrivens (LACC); 167 pound class, Bell (LACC) pinned Tjaarada (C); Sallinger (C) decisioned Harrison (LACC) in the 177 pound class; 191 pound class, Espinoza (C) decisioned Arnold; heavyweight division, Reed (C) pinned Sances (LACC).  
Final Score: Cerritos 24, LACC 15.

Two Cerritos College athletic teams are in action today, one at home, the other away.

### Wrestlers Travel

The Falcon wrestling team winds up its dual meet schedule tonight at El Camino College. The first match is set for 7:30 p.m. The Cerritos grapplers have won five straight matches and will be gearing themselves now for the State Championship Tournament that follows the dual meet season.

### Tennis Match

Cerritos' winless tennis team will go against a squad they beat twice last year, Compton College. The Falcon players will host the Compton tennis members at Cerritos' campus courts. The match will get underway at 2:30 p.m.

Last week, the tennis team lost to East Los Angeles for the Los Angeles is undefeated this season and according to Earl Ferguson and Stan Loft is the strongest team they have played this season.

An interesting note, Loft who is currently second man on the squad is playing with a cast on his left arm. This shows the desire of the team. The team has three members without any previous experience.

Results:  
Singles play:  
Mooney (ELA) def. Bowen (C) 6-0;  
Mitchell (ELA) def. Riddell (C) 6-1, 6-2; Zapanta (ELA) def. Roberts (C) 6-4, 6-1; Breznik (ELA) def. Saldana (C) 6-4, 6-0; Eshelby (ELA) def. Ferguson (C) 7-5, 6-2; Bartch (ELA) def. Bogdanoff (C) 6-1, 6-3.  
Doubles play:  
Mooney-Breznik (ELA) def. Riddell-Bowen (C) 6-2, 6-0; Mitchell-Zapanta (ELA) def. Dickre-Roberts (C) 6-0, 6-1; Eshelby-Bartch (ELA) def. Loft-Saldana (C) 6-3, 6-3.

**TOP FALCON CAGER**—Scott Iverson, pictured above in a recent Falcon basketball game, was named to the First Team of the All-Western States Conference coaches' team this week. Iverson, a sophomore athlete, becomes the first Falcon player so honored. —(CCASBFoto by Highfill)

## Iverson Named To Coaches' WSC Team

VENTURA—(Special) Cerritos College's Scott Iverson was named to the first team of the Coaches' All-Western States Conference basketball team. The lanky red-headed sophomore who led Cerritos to its best season in history, was one of the first string five that represented as many colleges on the coaches' poll.

The Falcons also nabbed three spots on the honorable mention squad, with Bill Bogdanoff, Tony Rosales and Dick Roache.

All the Cerritos players were sophomores.

In addition to the All-WSC team, Iverson, Dotson and Bogdanoff were named to the WSC All-Star team that will face loop champion Los Angeles City College at Ventura tonight.

### FIRST TEAM ALL-CONFERENCE

Position	Name	Ht.	Wt.	College
Forward	Ed Rowe	6-3	170	Ventura
Forward	Scott Iverson	6-3	160	Cerritos
Center	Tim Vezie	6-4	185	Glendale
Guard	Jim Pughsley	6-0	165	Compton
Guard	Waymond Wiley	6-1	170	Los Angeles

### SECOND TEAM ALL-CONFERENCE

Position	Name	Ht.	Wt.	College
Forward	Roy Finner	6-0	175	Los Angeles
Forward	Clyde Hadley	6-0	165	Glendale
Center	Jerry Dotson	6-4	170	Cerritos
Guard	W. L. Moore	6-2	169	Los Angeles
Guard	John Muller	6-3	188	Pasadena

### HONORABLE MENTION

Anthony Burr (Compton), Bill Bogdanoff (Cerritos), John Daley (Ventura), Zeke Jaquez (Ventura), Milton Rowe (Glendale), John Todd (Pierce), Jeff Starr (Pierce), Bill Saunders (Glendale), Joe Stark (Los Angeles), Mike O'Donnel (Pasadena), Arthur Black (Los Angeles), Jim Porter (Ventura), Tony Rosales (Cerritos), Willie West (Los Angeles), Dick Roche (Cerritos), Theron James (Los Angeles), Jim Wagner (Pierce).

## Baseball And Track Highlight The Week

Cerritos College's baseball team added its third major tournament victory in two years, this time taking the highly rated College of Sequoias Tournament in Visalia. The Falcons turned the trick last weekend, climaxing one of the greatest weeks in the college's sports history.

### Three Straight

The tourney win was decided by three straight triumphs, all of them coming in convincing fashion. Winning pitchers for Cerritos included Dick Sauers, Dick Wantz and Al Petrushkin.

Two Falcon home runs helped spark wins, both of them by catcher Bob Olson. Olson belted a grand slammer in the opening contest, coming back with a three-run blast in the championship contest.

### Modesto First

Cerritos unloaded on Modesto College, kinkin of the Big Eight Conference, 11-4. The Falcons followed that opening performance with straight wins over Mt. San Antonio (13-2) and Los Angeles Valley (5-1).

Cerritos' baseball team will go into action again, next week. The Falcons will host Fullerton College's Hornets on March 8, then will play substitute host to the Pierce Invitational Tournament on March 11-12. Pierce's diamonds have been torn up because of construction and Falcon officials have volunteered local diamonds.

### Game Results

Tournament scores:  
Game One:

	R	H	E
Modesto	011	020	0
Cerritos	025	040	x
Guibor, House (7) and McAdam; Sauers, White (6) and Olson, Carney (6). Winner—Sauers; Loser—Guibor; Home Run—Olson (3rd).	4	5	2
	11	8	1

Game Two:

	R	H	E
Mt. Sac	001	100	0
Cerritos	314	221	x
Teachout, Eichorn (4) and Crawford, Waddingham (4); Wantz, Hughes (6) and Olson, Carney (5). Winner—Wantz; Loser—Teachout.	2	6	3
	13	14	0

Championship Game:

	R	H	E
L.A. Valley	003	010	000
Cerritos	003	002	00x
Meyers, Mann (8) and Garner; Petrushkin, Hughes (5) and Olson, Carney (7). Winner—Petrushkin; Loser—Meyers; Home Run—Olson (3rd).	1	6	1
	5	13	0

Last Friday, Cerritos won what will probably be the most exciting dual track meets of the year against Long Beach City College on their home field. It was a nip and tuck battle all the way with Long Beach ahead going into the relay by two points. With each man running a 440 leg in the mile relay, John Roberts opened the race for Cerritos. Earlier in the meet Talsky finished the first lap about five yards ahead of Roberts. Roberts passed the baton to Darryl Taylor who managed to win back about two yards against the next Long Beach runner. Larry Canova picked up two more yards on his 440 and passed off to Mike Colegrove. Mike was a yard behind Patty of Long Beach as they began the final lay. At first, Patty pulled farther ahead and then Colegrove made his move. The rest is past history, Cerritos won the relay with the time of 3:22.6 and won the meet by the score of 62½-59½.

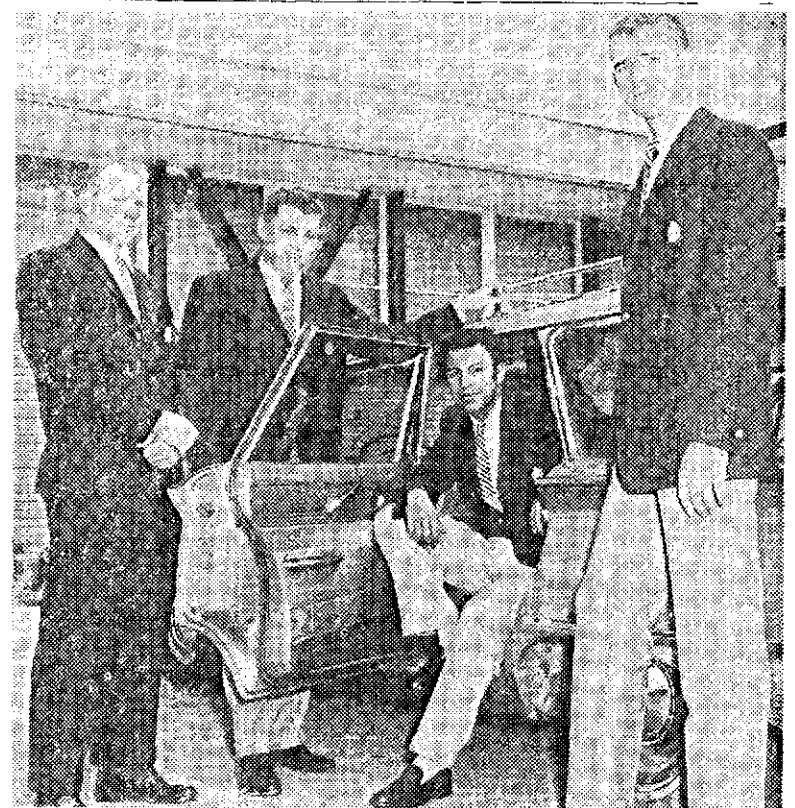

### College Records

There were seven school records set as Cerritos pulled their upset over Long Beach. Included were Paul Stuber's 6-5½ high jump; Larry Canova's 1:58.1 half mile; Chonito Perez' 10:12.0 two mile; Norm McMillan's 13-0 pole vault; Dave Rodda's 21-5½ broad jump; Gary Gaudet's 10.1 100 pard dash; Ken Reed's 47-6¾ shot put; and the tremendous mile relay time of 3:22.6.

### Saturday Meet

This Saturday the Falcons Cindermen travel to East L.A. for the annual SPAAU Relays. It is said that Cerritos will be a threat to a number of records.

The Cerritos-Long Beach track results:  
One Mile Run—Perez (C), Loveloy (LB), Chadbourne (C), 4:38.2; Shot Put—Roebuck (LB), Reed (C), Merritt (LB), 47-11¾; 440 Yard Dash—Talsky (LB), Colegrove (C), Patty (LB), 49.7; 120 Yard High Hurdles—Andrews (LB), Sprague (LB), Berry (C), 14.9; 880 Yard Run—Canova (C), Taylor (C), Mannie (C), 1:58.1; High Jump—Stuber (C), Andrews (LB), Tie between Lee (C) and Huftstader (LB), 6-5¼; 220 Yard Dash—Jones (C), Woodward (LB), McCloud (LB), 22.2; Pole Vault—McMillan (C), Tie between Faith (C) and Bowcutt (C), 13-0 Broad Jump—Andrews (LB), Grant (LB), Crump (C), 23-11¾; Two Mile Run—Perez (C), Chadbourne (C), Clark (LB), 10:12.0; 220 Low Hurdles—Andrews (LB), Sprague (LB), Sparks (C), 24.2; Discus—Roebuck (LB), Merritt (LB), Eddy (C), 131-0¾; Mile Relay—Cerritos (Roberts-Taylor-Canova-Colegrove), 3:22.6.

**SPORT NEW BLAZERS**—Four of Cerritos College's touring baseball players sported the new Falcon blazers in their sweep through Central California. The foursome include Larry Heathershaw, Mike Kettle, Gene Pico and Dick Wantz. The blazers were purchased by the student body for organizations to wear on official jaunts. —(CCASBFoto by Highfill)
