Family Night To Be Hosted By Cosmetologists

Family night in the Cosmetology department is a semi-annual event which will be held March 17, six to ten p.m. in the cosmetology building.

SHOW TALENT

This event will give the students studying this field of education the chance to show their family the work and talent they have accomplished. They will be given the opportunity to work on their guests in the forms of giving permanents, facials, manicures, massages and various other treatments which they have learned to perform.

SLIGHT CHANGE

The only fee charged will be a slight charge to cover the supplies used.

Students taking part in this day upon graduation and completion of this two year cosmetology course will be eligible to take the state examination and if a passing mark is received, will be presented their state license to practice.

SERVICE CLUB

The group of girls which form a service club and are completing the cosmetology major are known as the Cosmetics and are sponsored by Olive Scott.

The cosmetology department features classes in hair styling, manicuring, personal grooming, and all the fields of personal care. These students use each other to experiment with new ideas and creations for hair-dos and colors.

'Blue Hawaii' P.B.L. Theme

"Blue Hawaii" is the theme of the annual Phi Beta Lambda dance, held in the student center from 8 p.m. to midnight. The dance music will be supplied by a fourteen-piece band.

Mr. Beachcomber

The highlights of the evening will be the Mr. Beachcomber and Hula Hoop contest. The Mr. Beachcomber contest will be the selection of one Falcon boy for growing the best beard. Voting will be done by writing the name of the contestant on the back of the ticket. Stag tickets will be counted as one vote, couple tickets will be given two votes. The Hula Hoop contest will take place during the evening to choose the Hula Hoop Champion of the school.

Casual Dress

Dress for the occasion will be strictly Hawaiian, which means anything casual for the Falcons from burmudas and sweatshirts to muu muu or grass skirts.

Tickets may be purchased from any member of the Phi Beta Lambda club and will be \$.75 stag and \$1.00 couples. Decorations of Hawaiian leis will be sold at the dance for twenty-five cents.

The committee members that will be working with president Ernie Chadbourn are Bob Clemens, Bob Vega and Mynom Miller.

Refreshments will be served compliments of the sponsors and will consist of cokes, cookies and donuts.

ROMEO AND JULIET? What looks like a rehearsal for the immortal Shakesperian play is actually a scene taken of the first phases of rehearsal for the Cerritos dramatists' spring play. Shown enacting their parts in the scheduled production are Richard Lorenzen (on platform) and Dave Wortheimer. Directing them is drama coach Leo Korf.

(CCASBFoto by O'Donnell)

Cast Named for Spring Play; Title Told Later

Adrienne Hanson, James Stinson and Richard Lorenzen have been named to head the cast of the Cerritos College spring play.

Names of the players were released by drama instructor Lee Korf who is directing the production.

Name Cast

Publicity director Fred Mongold states that other members of the cast include Dave Wertheimer, G. Page, Larry Larson, Richard Lorenson, Clarence Adis and Nick Tesesca.

Some of these names may be remembered for their notable performances in "Under Milk Wood," the dramatists' presentation of last fall.

Rehearsals Begin

Rehearsals for the current production are now under way for the cast of thirty and will continue until the performance date early in May.

Math Major SEA Winner

The Cerritos College Scholarship Committee announced the recipient of the Cerritos College Chapter, California School Employees Association Scholarship as Daniel Patrick O'Malley, a student majoring in mathematics at Cerritos College.

O'Malley is 21, married, and working part-time at the college. He plans to be a teacher, and will attend Whittier College after graduation from Cerritos.

Some of the rehearsals will be held in the spacious new library.

The two-act drama, written by Archibald MacLeish, was the Pulitzer Prize-winning play of 1959.

Title Released Later

Korf regrets that he cannot release the title at the present time owing to an agreement with the author however, it will be

(Continued on page 2)

Reserve Funds Boost Failing 'Marks Budget

by Bob Pollock

Allocation of \$800 by the student council to the newspaper fund has given a new life to what could have been a dead **Talon Marks**.

The council, in Tuesday's regular meeting, transferred the \$800 from their undistributed reserve, depleting that reserve to nothing.

Money had been available to the newspaper to publish papers up to Easter vacation, but not afterward. The council action added an additional four issues following the vacation.

No Campus Illustrated

It was stipulated by the council that their funds could not be used to publish any further issues of "Campus Illustrated," the magazine supplement that has been printed twice this year.

Talon Marks, published off campus at Approved Printing in Long Beach, has already published 20 issues, as many as were put out during all of last year.

The newspaper budget for the current year was originally \$6723, just enough for 33 issues of **Talon Marks**.

This figure, however, also had to be used for supplies, contest entries, special issues, **Campus Illustrated**, etc. and was cut down considerably by these expenses.

Journalism purchase orders for photography expenses were approved as a part of the \$800 newspaper allocation.

Other Action

Other action of the council this week saw Kirk Dolan take office as freshman class president, making the sixth new council member this semester, and the third at his post.

John LaRoche, former president of the freshman class, has dropped out of school because of serious illness.

The council also voted that clubs who participated in the Midwinter Festival will receive 100 per cent of their total profits.

It had been previously suggested that the Associated Students take 30 per cent for the student body fund.

In view of the depletion of the undistributed reserve, Commissioner of Activities Yvonne Brower moved to dispense with the allocation of \$200 for the spring formal. "The necessary funds can be picked up from other accounts," she said.

Speech Squad Wins Ratings At State Meet

Falcon speechsters returned home last Monday from the state championship rounds in Bakersfield, bringing with them a second place rating in oratory and several superior and excellent ratings.

Members Rate High

Forensic member Dale Harrell was awarded a second place (statewide) for his work in oratory, and Carol Kuwada reached the final rounds of extemporaneous and oratorical speaking to earn superior ratings.

The two debate teams of Carey-Woolery and Folts-Harrell reached the quarter finals, competing against some very strong teams. Unofficially, the Cerritos teams gained fifth place, defeating many of the northern college squads which were considered to be strong competition.

Palomar Takes First

Excellent ratings were awarded the two debate teams, and to Sue Wiseman for oral interpretation.

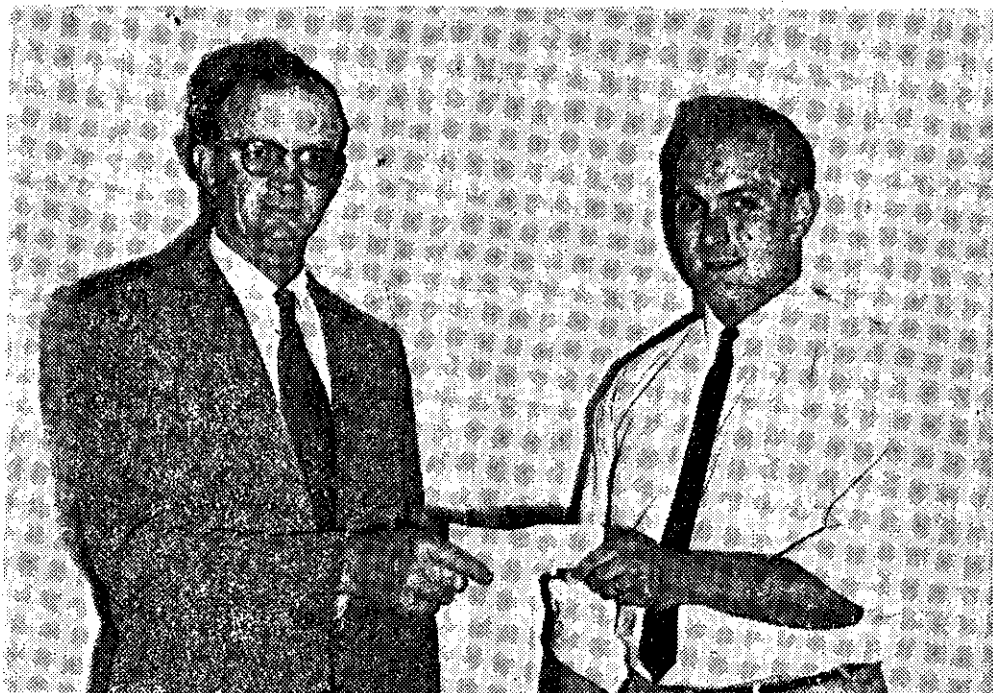

Sweepstakes prize, awarded to the school with the highest total points, went to Palomar College, with Pasadena winning second place. "This proved that the southern section schools are top competition," commented speech advisor Juliette Venitsky. "Though the northern schools were considered stronger."

Plans for the near future include a novice tournament and the extensive national Phi Rho Psi-sponsored championship meet.

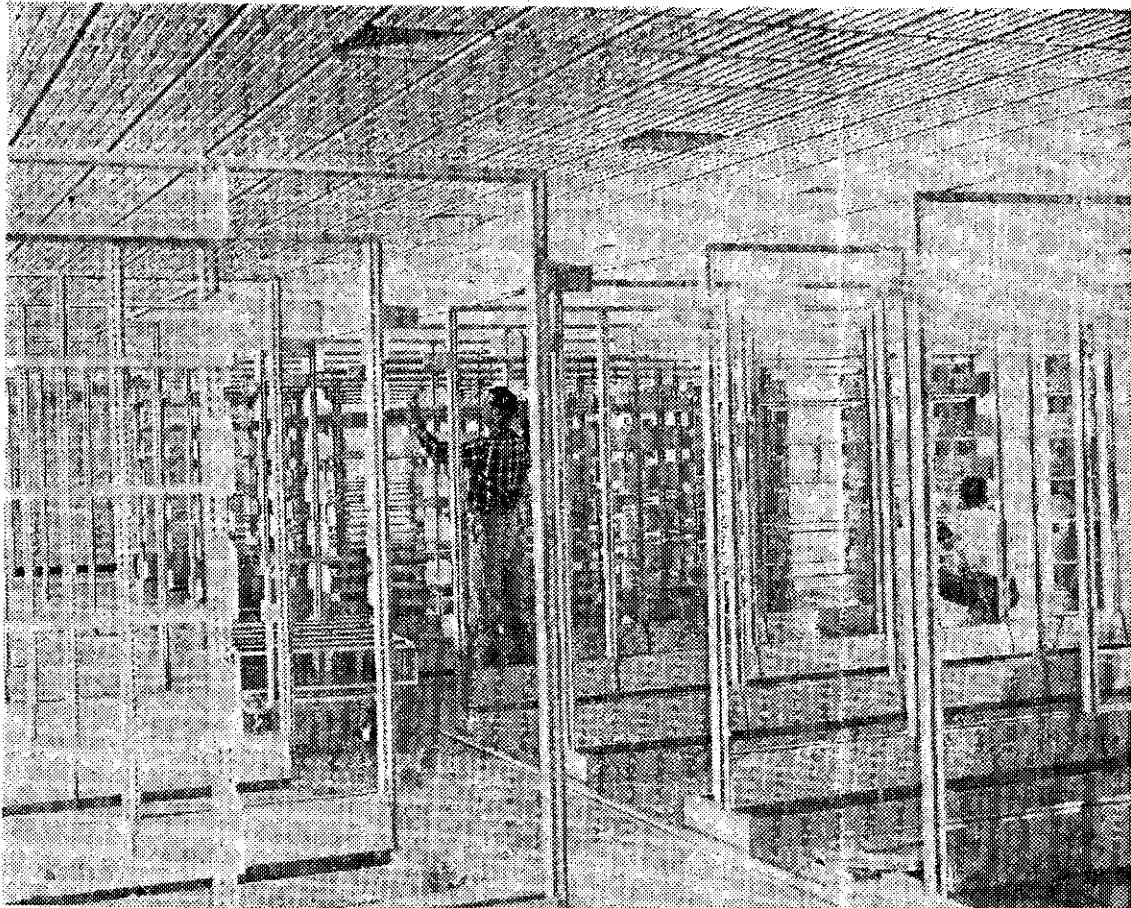

Bakersfield Campus

The state-wide tournament was held on the Bakersfield college campus and hosted by El Camino college. Climaxing the two-day tournament was a banquet for all participants, and awards were given out to winners. Trophies were awarded to all first place winners and certificates were given to participants placing in other ranks.

Falcon representatives to the tourney were Dale Harrell, Carol Kuwada, Sue Wiseman, Terry Folts, Tom Carey, Bob Woolery and Barbara Chester.

CSEA WINNER—Daniel Patrick O'Malley of Cerritos receives the California Schools' Employment Association award from Henry De Bie, treasurer of the association. O'Malley is a math major preparing for the teaching profession. (CCASBFoto by Miller)

LIBRARY SHELVES—Workmen work like supermen as they begin installing book shelves in the newly constructed Cerritos College library. Completion date and opening is set for March 24. Many more of these shelves must be installed to house the expected 60,000 book capacity of the new structure. (CCASBFoto by Willhoff)

Taking the R. A. P.

Not many of the departments on campus get a chance to publicly say a few words to the student council on their actions.

This week the council gave us \$800—which may be the most important \$800 they have ever spent.

Think of Friday morning without a newspaper.

You may yet have a chance to discover the value of a student newspaper—if we don't publish after that money has run out.

Anyway, thanks from the staff and particularly myself, for what the council did in forfeiting all of the reserve for our cause.

Particular thanks to Yvonne Brower, who gave up \$200 from her spring formal dance to finance an issue of Talon Marks.

The action of this single person to me exemplifies the ideals of the council and what kind of people they are.

"We'll just have to make do," she said. It looks like we have some support. If it will do any good is yet to be seen.

Did you hear about the El Camino College editor who was severely beaten this week?

It seems he was fighting Communism or some such thing and ran into some of those from the other side.

Oh well. If you don't say anything against anybody how can you have enemies? You never get anywhere, but you sure get along.

There must be some kind of record for turnover on the student council. President Al Peppers must be going crazy getting these new people to work in smoothly and still do a good job.

Now, by the time a person becomes well enough adjusted to the workings of the council, he (or she) will find himself (herself) at the end of the semester.

All in all, the council has received few complaints, so it must be deduced that they have been doing a good (or at least adequate) job for the students.

Just hoping that all of the new members, including myself, will keep up what has been a fine year of student government.

Never think twice about reading the riddles in childrens books. Note this one that I ran across a few days ago.

Question: If a man is in a runaway balloon with a goose, how does he get down?

Answer: He plucks the goose. Naturally.

If you don't get it, keep your mind functioning and free and work on it instead of your homework this weekend. You may get more out of it.

Honor Club Names Prexy

Ken Vokes has been selected as the new president of Alpha Gamma Sigma, the honor society here at Cerritos College. The club sponsored by Joseph Kleinerman is made up of those students who have achieved a 3.0 grade average carrying a full time course and receiving no "F's."

Serving with Ken as officers will be Vice President, Jim Shadford; Secretary, Marcia Mandel; Treasurer, Anne Gilanders; ICC Representative, Tim Butler; and Director of Activities, Charlene Truman.

This club is one of the many service groups on campus that entered a booth into the Mardi Gras and will help in the moving of the library.

One of the main activities of the society this semester will be the annual Alpha Gamma Sigma Meeting which will be attended by the president, Ken Vokes and one member of the club along with a faculty sponsor.

EDITORIAL

On Parking

There is a time and a place for everything but the school parking lot is just not the place to "park."

That is to say with your girl.

It has been obvious to many students who do not go in for that sort of thing that these students who do indulge make a spectacle of themselves every day.

One non suspecting student was sitting in his car before going to a class and up rolls a car with a boy and girl in it who after a few friendly smooches didn't care whether they went to class or not. He said it was better than a love scene in a movie.

The school parking lot is really no place to take part in nature's way of getting to know the opposite sex a little better. Some of these lovers could make the late Clark Gable or Elizabeth Taylor look sick. Maybe they are going to try out for a movie or something.

Even though you haven't seen her for a day or two it should go without saying that you should wait until you are alone or until you will not embarrass your fellow students with your wild and unscrupulous actions, to tell her your feelings.

The reason you are attending school is so that you will learn something that will be helpful to you in your later life or in the work which you will do. However even though it will be helpful to you it should not be practiced at school.

Good manners and self-respect are important factors to a person in society, so play it cool and wait until it is permissible.

Remember there is a time and place for everything and the parking lot is no place to "park" especially in the yellow zones.

—D.M.

Fun, Frolics Add Zest To Library Opening

Prizes, music, and refreshments will highlight the library's moving day which is slated for next Wednesday from 1:00 'till about 4:00 in the afternoon.

"The entire moving should take onl ya few hours, because of the short distance. The maintenance men will handle the moving of the heavy equipment. This will be a good chance ti have the students to participate in an intellectual and muscular activity," stated Carl Johnson, head librarian.

60,000 Book Capacity

The new library will house an eventual 60,000 books. The present library contains approximately 12,000 books to interest all students. The new facility can boast of 27,000 square feet.

Among the new additons in the library will be conference and typing rooms for the students. It will also contain ten carrells (individual desks) for student usage. The reading and study space will also be increased. Another new feature will be the student browsing circle.

Hours Unchanged

Library hours for the new building will remain the same as in the past; 8:00 a.m. until 4:30 p.m., and 6:00 p.m.-9:00 p.m. on Mondays through Thursdays. On Fridays, the library will not be open in the evening.

Also, the library will feature the Notable Books of 1960. The following selection of Notable Books from among those published during 1960 was made by the Notable Books Council of the ALA Adult Services Division. Edith N. Snow, chairman, assisted by 36 participating libraries from all sections of the United States, made up the list:

Adams, *THIS IS THE AMERICAN EARTH*; Adamson, *BORN FREE*; American Heritage, *THE AMERICAN HERITAGE*; Asimov, *THE INTELLIGENT MAN'S GUIDE TO SCIENCE*; Baruch, *THE PUBLIC YEARS*; Bates, *THE FOREST AND THE SEA*; Berkelaers, *THE SCULPTURE OF THIS CENTURY*; Benson, *THE PASSIONATE SIGHTSEER*; Blake, *THE MASTER BUILDERS*; Brown, *A TIME IN ROME*; Brown and Weigle, *AN AMERICAN DIALOGUE*; Catton, *GRANT MOVES SOUTH*; Copland, *COPLAND ON MUSIC*; Cousins, *DR. SCHWEITZER OF LAMBARENE*; Durrell, *CLEA*; Eiseley, *THE FIRMAMENT OF TIME*; Frankfurter, *FELIX FRANKFURTER REMINISCES*; Gombrich, *ART AND ILLUSION*; Graves, *GOODBYE TO A RIVER*; Groat, *A HISTORY OF WESTERN MUSIC*; Heilbroner, *THE FUTURE AS HISTORY*.

More Notable Books

More of the Notable Books include Hersey, *THE CHILD BUYER*; Kahn, *ON THERMONUCLEAR WAR*; Knowles, *A SEPARATE PEACE*; Kobler, *THE RELUCTANT SURGEON*; Lampadusa, *THE LEOPARD*; Lee, *TO KILL A MOCKINGBIRD*; Lewis, *THE FOUR LOVES*; McGinley, *TIMES THREE*; Mauriac, *THE SON OF MAN*; Morison, *TURMOIL AND*

TRADITION; Nowell, *A BIOGRAPHY*; Pope-Hennessy, *QUEEN MARY*; Priestley, *LITERATURE AND WESTERN MAN*; Read, *LORD BURGHLEY AND QUEEN ELIZABETH*;

Rostow, *STAGES OF ECONOMIC GROWTH*; Schlesinger, *THE AGE OF ROOSEVELT*; Schwarzbart, *THE LAST OF THE JUST*; Sergeant, *ROBERT FROST*; Shapiro, *IN DEFENSE OF IGNORANCE*; Shirer, *THE RISE AND FALL OF THE THIRD REICH*; Snow, *THE AFFAIR*, and *THE TWO CULTURES AND THE SCIENTIFIC REVOLUTION*; Teale, *JOURNEY INTO SUMMER*; Thelen, *EDUCATION AND THE HUMAN QUEST*; and Williams, *WALK EGYPT*.

At the present time, the library has almost all of the above-mentioned books, and the ones that it does not now have, it plans to order in the near future.

Falcon's Nest

PARKING PROBLEM — students have been consistently warned against parking in restricted areas, yet the problem persists. These students who continue to use the Lucky Stores' property as parking space face the danger of being cited or possibly having their car towed away.

* * *

ALPHA GAMMA SIGMA honor society will hold a cake sale in the near future to aid club funds. Time and location of the sale will be announced at a later date.

* * *

LAW SCHOOL admission tests will be given April 15 and August 5. Applications for the tests should be filed no later than two weeks before the test dates. Applications and information are available in the counseling office from Don Nogle.

★ Play Cast

(Continued from Page 1)
made public well in advance of the performance date.

The play will appear on the stage in the student center. Opening night is scheduled for Friday, May 5, at 8:00 p.m. and a second performance will be given on May 6.

The cast was filled after the tryout sessions which were conducted by Korf two weeks ago.

There are still several openings in the technical part of the production and interested students may contact Mr. Korf in Electronics 15.

WHAT'S GOING ON?—A man delivering a fiery lecture in history . . . or how about a man defending himself in a trial . . . or try an orator expressing a new philosophy. Nope . . . none of these. It is Jack Feeney, director of the college choir, photographed during a rehearsal. In a series of pictures with-

out words . . . you can get a pretty good idea of how the whole thing was summed up in the final shot. This isn't how it all goes, however, for Feeney has built the choir into one of the college's finest and most requested groups.

'Tis the Time 'O the Wearing 'O the Green

(Irishmen and sympathizers around the world today take up their shamrocks and their steins of ale and dring a daylong toast to old St. Patrick. Talon Marks, not to be behind the Irish, take this opportunity to salute what has become one of the real celebrities of our time.)

ST. PATRICK WAS A GENTLEMAN

by Henry Bennett

Oh, St. Patrick was a gentleman,
Who came of decent people;
He built a church in Dublin town,
And on it he put a steeple.
His father was a Gallagher;
His mother was a Brady;

His aunt was an O'Shaughnessy;
His uncle an O'Grady.
So, success attend St. Patrick's fist,
For he's a Saint so clever;
Oh, he gave the snakes and toads
a twist,
And bothered them forever!

The Wicklow hills are very high,
And so's the Hill of Howth, sir;
But there's a hill, much bigger still,
Much higher nor them both, sir.
'Twas on the top of this high hill
St. Patrick preached his sermon
That drove the frogs into the bogs,
And banished all the varmint.

There's not a mile in Islands isle
Where dirty varmin musters,
But there he put his dear fore-foot,
And murdered them in cluster.
The toads went pop, the frogs went
hop,
Slap-dash into the water;
And the snakes committed suicide
To save themselves from slaughter.

Nine hundred thousand reptiles blue
He charmed with sweet discourses,
And dined on them at Killaloe
In soups and second courses.
Where blind worms crawling in the
grass

Disgusted all the nation,
He gave them a rise,
which opened their eyes
To a sense of their situation.

Oh, was I but so fortunate
As to be back in Munster,
'Tis I'd be bound that from that
ground

I nevermore would once stir.
For there St. Patrick planted turf,
And plenty of the praties,
With pigs galore, Ma gra, ma'store,
And cabbages—and ladies!

Then my blessing on St. Patrick
list,
For he's the darling Saint, O!
Oh, he gave the snakes and toads
a twist;
He's beauty without paint, O!

Annual Career Day April 7

Phi Beta Lambda will hold its annual High School Career Day on Friday, April 7 from 12:30-7:00.

Linda Joyce is in charge of the registration which starts at 12:30. At 1:00, Dr. Burnlight will give the main address and welcome. Following Dr. Burnlight's welcome, Sandy Benton and Frances Robles will take the students on a tour of Cerritos. Following this, refreshments will be served.

Also slated for the day are various talks to be given by local business people. Mr. Kent Burkhar will talk on retail merchandising, while Miss Lucus will speak on careers for the women. Mr. Frand Kolz-kamker will lecture of industrial management.

Other lectures given will be by Mr. Chuck McGill on government service; Mr. Rio Wills on banking and finance; and Mr. David Menkes who will speak on accounting.

Following the talks, dinner will be served to all guests.

April 14 X Day

Students have returned from a week of relaxation, the result of Easter vacation. The date today is April 7. The week has been an unusual one . . . getting back to studies after the week off, and facing the awesome prospect of knowing that mid-term grades are in the mail.

Friday, April 14, for some 2,000 students and faculty, will be a date long remembered.

What happens on that day? What moment changes the future of all that are there?

Post at Scripts Stewart

Back when I was a junior in high school I used to always have trouble distinguishing between the spelling of the words desert, and dessert. You know, I would always forget if desert, the kind of land, had one "s" or two, like the dessert that you eat. Then a very bright English teacher told me that when wanting to spell dessert, which has two "s's" just think of strawberry shortcake. And it's really worked. What I want to know is, what does all of this have to do with aerodynamic chemistry physionuclality, which is what I'm going to talk about today?

It's over your head? Let's talk about Romeo and Juliet then. Did you know that Juliet was only THIRTEEN years old when she fell for that little sword-wielding Montague, Romeo? This kind of brings up the touchy question, should Mendeavil Italian youths be allowed to carry swords? I understand Jack Paar and smiling Ed Sullivan have recently had a debate on that very subject. The debate ground to an ungainly halt, however, when the sadistic Sullivan forced Jack to burst into tears. That's another story, though.

What du u thnk uv that muv tu popyerliz forensic splng? Myslf, I figur it's prity grayt, bt thn u no that I'm naat 2 bryt. How wud u lik to tell yur grndsun tha store uv Jak and tha beenstac lyk ths? For tht matt'r how wud u lik tu tll hmn Ivanho lik ths? Don't u thnk yur kynd uv old tu b goeng tu Suretos if u hav a grndsun? U shud b hom saporteng yur sun-n-law.

My brother is very sadistic little mongrel. The other day he told me that now that St. Patrick's day was past, I could brush my teeth.

All of you Peyton Place fans will be deliriously happy to know that you can rush right out and buy Grace Metalious' (is that how you spell it?) new hard back edition of, "The Tight White Collar." For you people with terribly sortid minds, it'll just take you about one night reading it, and the rest of us puritans, two nights. This of course, figuring that no day reading is included. It's repped to be more of the same follicking fun.

Restaurant Offers Pizza with Pancho

Anyone looking for a different pizza place might try the Frank Yaconelli's Italian Restaurant on N. Western Ave. Frank Yaconelli, better known to most people as Pancho on the Cisco Kid series, who has gone from vaudeville to T.V. and played theatres all over the world in his 45 years on the entertainment world as a comedian, musician and actor, sings and plays the accordion in his restaurant.

The Weavers, American folk singers and forerunners of groups such as The Kingston Trio will be presented in Philharmonic Auditorium April 4.

Carl Sandburg will be honored at a concert of American music by the UCLA Symphony Orchestra conducted by Lukas Foss in Royce Hall at 8:30 Monday. Sandburg will read his poem "Prairie" and will serve as narrator in Copland's "A Lincoln Portrait."

Marks Welcomes Poetry or Prose

Editor's Note: (The following essays were submitted to the Talon Marks by a student. Any students wishing to have poetry for prose printed in Talon Marks should leave it in the newspaper office.)

Integrity

Being true to yourself, having integrity, means more than just not pretending to be someone else. It means being completely true to what is inside of you, to what you know is right. It means doing what you feel you must do regardless of immediate cost or sacrifice. It means making decisions for yourself and your family based on what is proper not on what is expedient. It means at all times to be honorable and to behave decently.

Maturity

Maturity means thinking of others at the expense of personal pleasure. It means understanding and characterizing consolation, an attitude of justice and generosity, and an outlook of realistic optimism. Maturity of the soul comes not with a strength of body, a growth of beard, or the attainment of age. Its genesis is the sting of experience, the burn of discouragement, the vibrant glow of hope and a knowledge and trust in the Creator. Maturity of body is but an acceptance of the natural, maturity of the mind and soul is a conquest of the patient, struggling heart.

IN EFFORT TO CAPTURE REALISM IN CLASS, TODAY'S GUEST WILL SWEAR AT US FOR FIVE MINUTES.

Falcons Host Conference Foes in Baseball, Track

SEVEN STRONG—That's what Cerritos' mound crop is as they strike a pose at Falcon Field. Left to right the hurlers, all righthanders, are Tim Raines, Spence Noteboom, Jim Jensen, Dick Sauers, Butch Hughes, Dick White and Ed Perry. All but Noteboom and Perry are sophomores. (CCASBFoto by O'Donnell)

Cerritos Matmen Place Sixth in State Matches

Cerritos College's spirited wrestling squad placed sixth in the state tournament at El Camino last Friday and Saturday.

The Falcon team was represented by Ken Skow, Chuck Booth, Dave Young, Jim Harrington and Buddy Cox in the tournament.

Two Eliminated

In the first day of competition Harrington and Cox were eliminated early with Dave Young lasting until later on when he was finally defeated. Skow and Booth were still in the top four at the end of the day.

At the end of the second day defending state champion Chuck Booth came through with a fourth place in what Coach Joe Incorvaia termed the toughest weight class of the tournament. As Incorvaia said "Chuck went down fighting in a rugged match."

Skow Third

In probably the biggest surprise of the day, Ken Skow took a third place in the finals to put Cerritos in sixth place as a team.

Coach Joe Incorvaia thought the competition was extremely good in the state tournament and was well satisfied with the performances by the men that represented the Falcon team, but not too surprised.

Golfers Lose 7th Straight

The Cerritos College golfing squad, under the direction of head coach Don Hall, dropped their seventh straight match of the season Tuesday afternoon to the Ventura College team.

The Falcon golf team is having trouble finding players and is lacking experience in their first season of play.

Any interested golfers should contact Coach Hall, for help is needed on the team.

All home matches are played at Candlewood Country Club in Whittier.

Sportraits

by Jim Ennis

We noted with interest Cerritos' final basketball statistics released last week by head coach John Caine.

On looking at them, one, in particular, caught our eye. This was field goal accuracy, about as important to a basketball player as a pitcher's earned run average. Leading this particular category was Bill Crow, a substitute who, at one time or another this year, managed to play every position for the Falcons.

For the season, Bill, far and away the best substitute in the conference this year, hit an amazing 49 per cent of his shots. This startling figure was achieved on 114 field goals out of 235 attempts.

A First

This statistic no doubt helped sway the people who picked the all conference team as Crow was placed on honorable mention. This action must certainly have set some kind of precedent. Never have we heard of a non-starter making any part of any part of an all-league team.

Crow's position on the Falcon squad reminds us of that of Sam Jones who, along with teammate Frank Ramsey, must be the best second-stringer in basketball. Like Jones, the inserting of Crow in the lineup seemed to give the team a lift that was many times reflected in the final score.

In the Sam Barry Tournament, for instance, Crow came off the bench against San Diego and hit for 21 points which paved the way for, at the time, one of the season's big upsets. You'll recall Cerritos went on to win the tourney.

Back to the statistics. In conference play, Guard Verl Pearce led Cerritos in scoring with almost a 13 point average. Rebounding, where games are won and lost, was dominated by Jerry Atkins with 65 retrieves while Gary Stewart led in defensive rebounds with 47. For the entire year, Pearce led the Falcons in scoring, rebounding, assists and jump balls.

To the sadness of Pierce College and the gladness of Cerritos, a prespective all-league catcher was signed off the Brahma campus last week. He's Jack Hiatt, named Player of the Year in Los Angeles City High School play last year. Signed by the Angles, the 18-year-old will report to their highest farm club, Dallas-Ft. Worth in the American Association.

W.A.A. In Tennis Match

Six women's athletic association tennis players participated in the Pasadena City College tennis tournament recently.

Sherry Noland and Dianne Loft captured their doubles match but the combinations of Tina Wilson and Michele Wal-

lace and Donna Harper and Judy Lockwood came out on the short end.

W.A.A. coed tennis is currently being held as a part of the intramural program. It meets every Tuesday and Thursday at 12 noon.

Vaqs, Brahmas Meet Cerritos

by Dave McFarland

Falcon Field will be the setting for the Cerritos batsmen today as they take on the Glendale nine in the Falcons' first Western States Conference game of the year on their home diamond. Game time is slated for 2:30 p.m. with the Vaqueros.

Tomorrow the Falcons will meet the Fullerton College Hornets in a non-conference contest. The game will be played at Cerritos with starting time set for 1:00 p.m.

Sauers Pitches

Dick Sauers is slated to take the hill for the Falcons. Sauers has established a one win, no loss, record this season. In his freshman year he had a three win, one loss record. The big right hander is a sophomore from Montebello High.

Glendale wound up the 1960 WSC season tied for fourth with the Compton College Tartars. Their WSC record was five wins and seven losses. One of the Falcons four losses last year was the result of the Glendale batsmen. However, Cerritos came back later in the season to pound the Vaqueros, 5-2. During the Western States Tournament, Glendale completely ground the Falcons into pieces, scoring thirteen runs to the Falcons' five.

Cerritos downed the Fullerton Hornets last year, 7-1. The Falcons have an edge over Fullerton in an all-time wins with three wins to the Hornets' one.

Fine pitching on the part of Jim Jensen and Butch Hughes and timely hitting by Len Patinsky, Bob Beckner, Dick Neel, and Bob Olson led the Cerritos diamondmen to their first WSC win over the Ventura College Pirates. The Pirates fell before the Falcons on their home diamond 13-3.

The win brings the Falcons season record to ten wins and only three setbacks. Their WSC record is one win and no losses.

Ventura, incidentally, is the defending WSC baseball champion.

Patinsky collected four hits at six times at bat. Beckner and Neel both hit home runs to further the cause. Olson accounted for four of the Falcons thirteen runs.

Falcons Toppled

Last weekend the Falcons tried to better their 1961 tournament record for the year as they took part in the third annual Pierce Invitational Tournament on the Cerritos diamond. However, the Falcons couldn't even come up with the Consolation Trophy as they were knocked out in the final round by the Pasadena City Lancers, 4-0.

Last year in the same event Cerritos managed to win the Consolation Championship by whipping the USC Frosh, 7-0, in the final game of the classic.

Pierce Wins

Oddly enough, the Pierce College Brahmas won their own tournament as they came on strong to win three games in a row.

The Falcons dropped the first round of the contest to Los Angeles City College, 5-1, but came back in the third contest to take the UCLA Frosh by an impressive 6-3 score. However, even with ace pitcher Dick White on the mound for the Falcons, Pasadena cooled down the hot Falcons.

Cerritos	012	100	810	13	13	3
Ventura	110	001	000	3	5	1

Cerritos: Jensen (6), Hughes (3); Ventura: Winbury (7), West (2); Jensen winning pitcher, Winbury loser.

by Bill Kelley

Cerritos College's track and field team will play host to teams from Ventura and Occidental's frosh squad in their first tri-meet of the season. The meet is scheduled for 3:00 p.m. this afternoon in the Falcon Stadium.

The Oxy team should be loaded with talent after a fine performance last week in which they knocked off such teams as UCLA and SC in a University, Freshman Relay Meet.

Ventura could do no better than sixth in the Western States Conference Relays last Friday. However, the Pirates are equipped with an outstanding broad jumper, discus man and a hard running relay team that clipped the Falcon foursome last week.

The meet, held at Ventura, went down to the last events and found Cerritos coming in a close second to Pierce. Final results were Pierce 61, Cerritos 58, Los Angeles 53, Glendale 50, Phoenix 37, Pasadena and Ventura 34, and Compton 11.

The Falcons opened the meet by taking first place in the shuttle hurdles relay. Gary Gaudet, Art Galluci, John Groeling and Tom Berry clocked in at 58.3 to establish a new Cerritos record.

The Falcons closed the meet by winning the three man accumulative pole vault event with a new meet record of 40' 10". LACC held the old mark at 39 feet even.

Norm McMillan increased his school record by vaulting 13'-10 1/4" to lead the high flying threesome. Mike Johnson and Jim Harris cleared 13' 6" which was the second highest vault recorded at the meet.

In between the Cerritos victories, the Falcon foursome relay team of Rick Alvarado, Bob Melton, Larry Jones and Gary Gaudet, came across the finish line in second place with a good early season time of 43.2.

Gene Gurule turned in one of the top individual performances of the afternoon by running a 3:07.7 1320 leg of the distance medley relay. Darryl Taylor anchored the third place team with 4:29.0 mile time.

According to Coach Dave Kamanski, Cerritos could have won the meet with the same performances turned in at the SPAAU meet.

The Western States Conference looks like one of the stronger track leagues in the state. Going by the results of the meet, it will be interesting to see who will capture top spot in the talented aggregation. Along with Cerritos, Pierce, Los Angeles City and Glendale could easily take it. A lot should depend on where the breaks fall and when.

Netters Drop Compton Match

A fast improving, but outclassed Falcon tennis team was defeated by Compton College last Tuesday. The Compton squad is regarded as one of the finest in Southern California.

The final score was 9-0 as Compton swept the six single matches, but Cerritos fought gamely in the doubles before losing to the mighty Tartars.

The next match for the Falcon netmen will be against Pierce College on the Falcon courts. The match is set for a starting time of 2:30 next Tuesday.
