Pushing aside the last remnants of a very delightfu Christmas season, we find one last holiday. "chore". left to perform.

Filled to the gills with rum-saturated fruitcake, divinity fudge, eggnog, turkey dressing and what have you, appetites are at a jaded standstill. Fresh from a whirl of Yuletide parties minds are in a pleasant, dizzy haze.

About this time, two weeks later, we take a sheet of paper and ink, pen, and atone for the preceding year by preparing our 'NEW YEAR'S RESOLUTIONS.

This final act of the holiday season gives us the confidence, the assurance, that the coming year can be the best one of our lives.

The sentimental value behind our resolutions is well and good. It's only too bad that resolutions are a big joke when it comes to putting them into actual use.

Instead of drawing up a list of personal goals, the Talon Marks has projected a set of resolutions for Cerritos in the coming year which are guaranteed to be sincere.

Be it hereby resolved that:
Dr. Burnight enjoy his final semester as Cerritos' number one Falcon, and may his retirement serve as a welldeserved reward for his many years of service

Coach Don Hall find himself a 275 -pound tackle.
Journalism advisor John Dowden find himself a competent copy-reader.

Theatre arts instructor Lee Korf will get his theatre ASB prexy John Groeling keep up his fine leadership as head of Falcon students.

Activity corodinator Clive Grafton continue his most helpful assistance in the activity program.

Commisioner of Athletics Mike Johnson predict a triplecown in basketball, baseball, and track as a fitting enid for Falcon WSC competition.

Administrative assistant to the president Don Desfor continue in his able capacity to serve the public with news from Cerritos.

Pushing aside the last remnants of a very delightfu Christmas season, we find one last holiday. "chore". left to perform.

Filled to the gills with rum-saturated fruitcake, divinity fudge, eggnog, turkey dressing and what have you, appetites are at a jaded standstill. Fresh from a whirl of Yuletide parties minds are in a pleasant, dizzy haze.

About this time, two weeks later, we take a sheet of paper and ink, pen, and atone for the preceding year by preparing our 'NEW YEAR'S RESOLUTIONS.

This final act of the holiday season gives us the confidence, the assurance, that the coming year can be the best one of our lives.

The sentimental value behind our resolutions is well and good. It's only too bad that resolutions are a big joke when it comes to putting them into actual use.

Instead of drawing up a list of personal goals, the Talon Marks has projected a set of resolutions for Cerritos in the coming year which are guaranteed to be sincere.

Be it hereby resolved that:
Dr. Burnight enjoy his final semester as Cerritos' number one Falcon, and may his retirement serve as a welldeserved reward for his many years of service

Coach Don Hall find himself a 275 -pound tackle.
Journalism advisor John Dowden find himself a competent copy-reader.

Theatre arts instructor Lee Korf will get his theatre ASB prexy John Groeling keep up his fine leadership as head of Falcon students.

Activity corodinator Clive Grafton continue his most helpful assistance in the activity program.

Commisioner of Athletics Mike Johnson predict a triplecown in basketball, baseball, and track as a fitting enid for Falcon WSC competition.

Administrative assistant to the president Don Desfor continue in his able capacity to serve the public with news from Cerritos.
