

'Tale of Three Cities' Geary Lecture Topic

Philip Geary will be the guest speaker at Cerritos College's second free international lecture Monday, November 20 at 8 p.m. in the Cerritos Student Center.

PHILIP GEARY

The subject of his lecture will be "Tale of Three Cities."

Geary, global traveler and television personality, has just returned from Japan where he visited Hiroshima. The speaker feels that since America ushered in the nuclear bomb it is our responsibility to help usher it out. Hiroshima will be one city in Geary's three tales.

During another trip in Africa, Geary formed a safari and traveled to the Holy City of Lalibela in Ethiopia. While there he made tape recordings of the music of the Bagilelli pigmies of the French Cameroons. Lalibella will be the second city in the tale.

On a recent trip to India, Geary received an audience with the exiled Dalai Lama of Tibet. He taped this interview in which the Dalai Lama sent the first official greetings to the people of America. Geary will play this short recording for the audience Monday night. Lhasa, India, will be the third city in Geary's tale.

Student Governm't Confab at Fresno

Five students and two advisers will attend the California Junior College Student Government Association Confab, November 16-18, in Fresno.

Orators Return With Top Ratings

Cerritos College's forensic squad, Phi Rho Pi, returned to the Falcon campus with third place trophies and ratings of superior as a result of the recent Santa Barbara Debate Tournament.

Third Place

The team of Bob Woolery and Tom Carey took third place trophies for the lower division.

Steve Altig and Patti Roberts teamed up to participate and received superior certificates for their superior record.

Best Record

Cerritos had the best record of the junior colleges at the tournament. First place honors went to the University of Redlands and second place went to San Fernando State College.

Cerritos teams defeated competitors from University of California at Santa Barbara, Los Angeles State College, Claremont Men's College, Pepperdine College, and Palomar College.

Advisors to the squad are Juliette Venitsky and Herb Booth.

AWS Opens Community Chest Drive Next Week

The Campus Community Chest Drive will be held next week in conjunction with Freddie Falcon Service Week, November 20, 21, and 22. This drive is sponsored by AWS.

On Tuesday, November 21, a Fabulous Fall Jazz Festival has been planned under the direction of Jack Wheaton, band director, as a special Community Chest attraction.

Clubs will be doing various activities around the campus to encourage the students to donate to the drive.

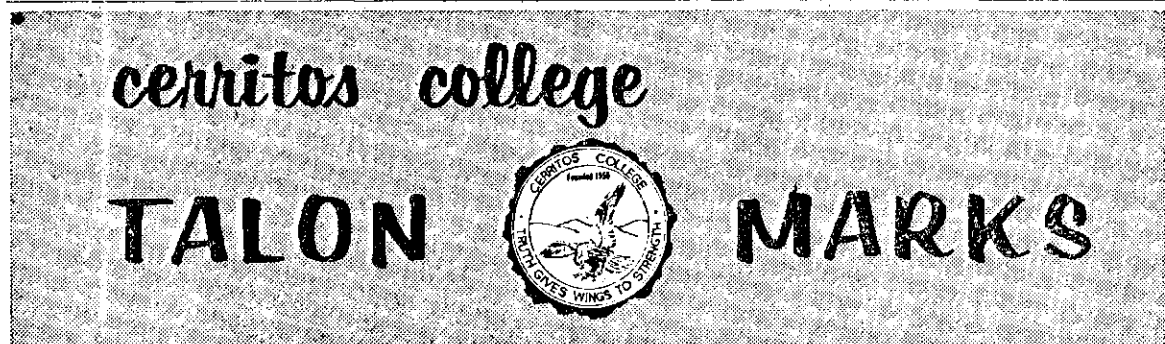

This year, the College Polka Band, in uniform, will entertain Monday evening, November 20, between 8:15 and 8:45 p.m. on various parts of the campus. Students with containers will solicit at this time.

Freshman Dave Wilson is going to play the piano at 11 a.m. in the Student Center on Monday and Tuesday, while members of Beta Tau encourage students to listen and contribute to the drive.

Last year, Cerritos College contributed \$97.31 to the Community Chest. The goal this year has been set for \$200.

REPRESENTING CERRITOS at the California Student Government Conference held at Fresno today through November 18 will be student body officers John Groeling, Kirk Dolan, Sandy Benton, Carolyn Totta and Mike Johnson. Accompanying the students will be Dean of Women Amy Dozier and Dean of Men Earl Klapstein. (CCASBFoto by Frank King)

ANNOUNCES DECISION

Burnight to Retire in June; Trustees to Name Successor

A forty-two year career in education will come to a close next June when Dr. Ralph F. Burnight, president of Cerritos College and superintendent of the Cerritos Junior College District, retires.

Dr. Burnight submitted his resignation to the Board of Trustees Tuesday. The trustees accepted the resignation with regret and expressed their gratitude to the 65-year-old president for his role in establishing the college.

Speculation as to Dr. Burnight's successor began last week when a local newspaper reported that the trustees have asked the Los Angeles County Superintendent of Schools to submit a list of eligible candidates to be screened for the vacancy.

Among those already mentioned for the office are Dr. Robert Rockwell, director of the college. A statement endorsing Dr. Rockwell for the position

and signed by 104 faculty members was presented to the board at the Tuesday meeting.

Selection of the new president and superintendent will take approximately three months, and begins with the county superintendent's eligible list. Specific educational and professional criteria have been established by Dr. Burnight under the Board of Trustees' direction. Announcement of his successor is expected after the first of the year.

In resigning, Dr. Burnight thanked the trustees for their many courtesies and considerations. "I am deeply grateful for the opportunities I have had of serving the young people and adults of the area for 38 years," he said.

"Mr. Cerritos," he is known to many in the area, also indicated his interest in the college would not cease with his retirement.

"I will always be interested in Cerritos College," he told the

board, "and will always be ready to serve the college and the district in any way I can."

A native Californian, Dr. Burnight was graduated from Red-

DR. BURNIGHT

lands High School in 1914 and in 1918 was a cum laude graduate of the University of Southern California. Following a year as a Second Lieutenant in the Army Medical Corps in France, he returned to USC for a master's degree in sociology. He began his teaching career in Peking, China, as an instructor at Yenching University.

His 33-year association with the Excelsior Union High School District began in 1923. In 1930 he was named principal and district superintendent of the Excelsior district, and in 1956 became the first president of Cerritos College.

An active educator and civic leader, he holds membership in Phi Beta Kappa, Phi Delta Kappa, Alpha Delta Kappa, the California Teachers Association, the Bellflower Rotary Club, and the Community Presbyterian Church of Bellflower.

His contribution to education was recognized in 1957 when the College of Osteopathic Physicians and Surgeons in Los Angeles awarded him an honorary LL.D.

Falcon's Nest

SOPHOMORE CLASS OFFICERS elected recently are vice-president, Leon Dodge; secretary, Dana Mason; and treasurer, Carol Ryan. Previously elected president is Carol Thompson.

ANIMAL KINGDOM display is on exhibit in the breezeway of the Physical Science Dept. Such specimens as a mastiff bat and a human tapeworm are included in the display.

LIBRARY HOURS have been changed for a two-week trial period. The 6-9 p.m. session is currently changed to 5:30-9:30 p.m. Monday through Thursday. Daytime hours are 8 a.m.-4:30 p.m. Monday through Friday.

Cerritos Music Department Presents Varied Programs

The Cerritos College Music Department will present their Fall Dance Band Festival in the Student Center on Tuesday, November 21, at 8 p.m.

The festival will feature over six different musical organizations in a panorama of American Jazz and dance music. Included in the program will be a Dixieland organization, a polka band, the Cerritos Stage Dance Band, a modern jazz quartette, and the "Serenaders" and their seven piece crew.

The program is open to all students and people in the community. Representatives from local clubs and high schools are welcome to attend. Chairs and tables will be set up informally, so people may dance or listen.

Mr. Jack Wheaton, band director, will also discuss briefly popular music, jazz, and current trends in American music. Also on the agenda is a professional group of musicians.

Cerritos College will be host to an evening devoted to "Accent on Strings," on November 16, 1961. The event will be held in the West wing of the new gymnasium. It is scheduled to start at 7:15 p.m.

J. Frederick Muller, nationally known composer and clinician, will present films, instrumental displays and literature in his discussion of standards and values considered in choosing quality stringed instruments.

EDITORIAL . . .

'Center' Misuse
May Raise Prices

Students of Cerritos seem to have some pretty mixed up ideas about the functions of some of the objects in the Student Center.

Contrary to popular thought, ashtrays are placed to hold ashes, not coke. The floor is to give a firm support to the building . . . not squished french fries, malts cigarette butts, and shredded kleenex. When a sign asks you to bus your dishes, it means to take your empty dishes to the places provided, not leave them all over the table for the next poor slob to clean up.

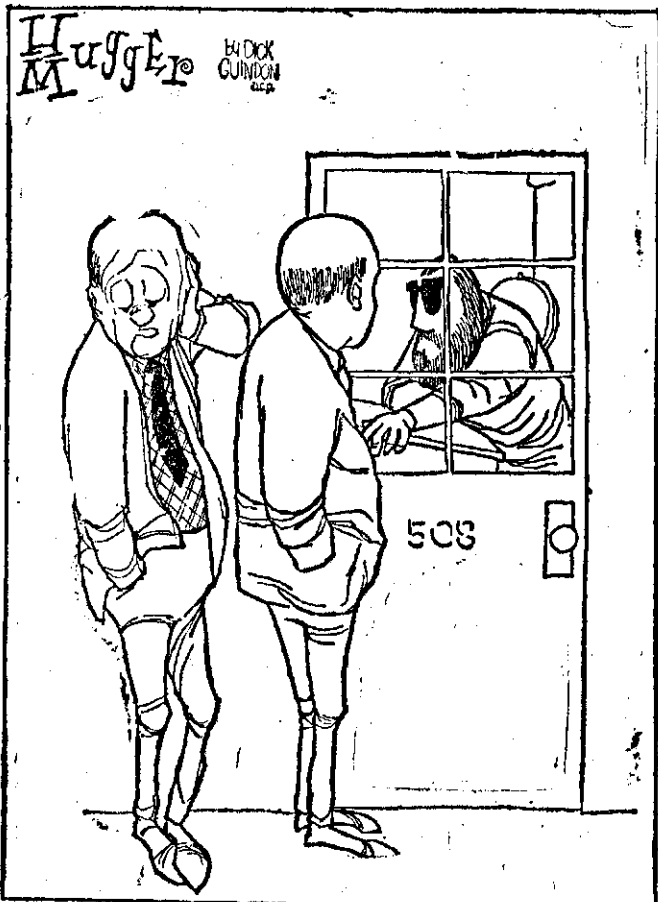

Try a new use for tables. Some seem to think that they are for feet, a morbid mixture of coke and ashes, and straws that have been conscientiously torn up into strips measuring exactly one-twelfth of an inch.

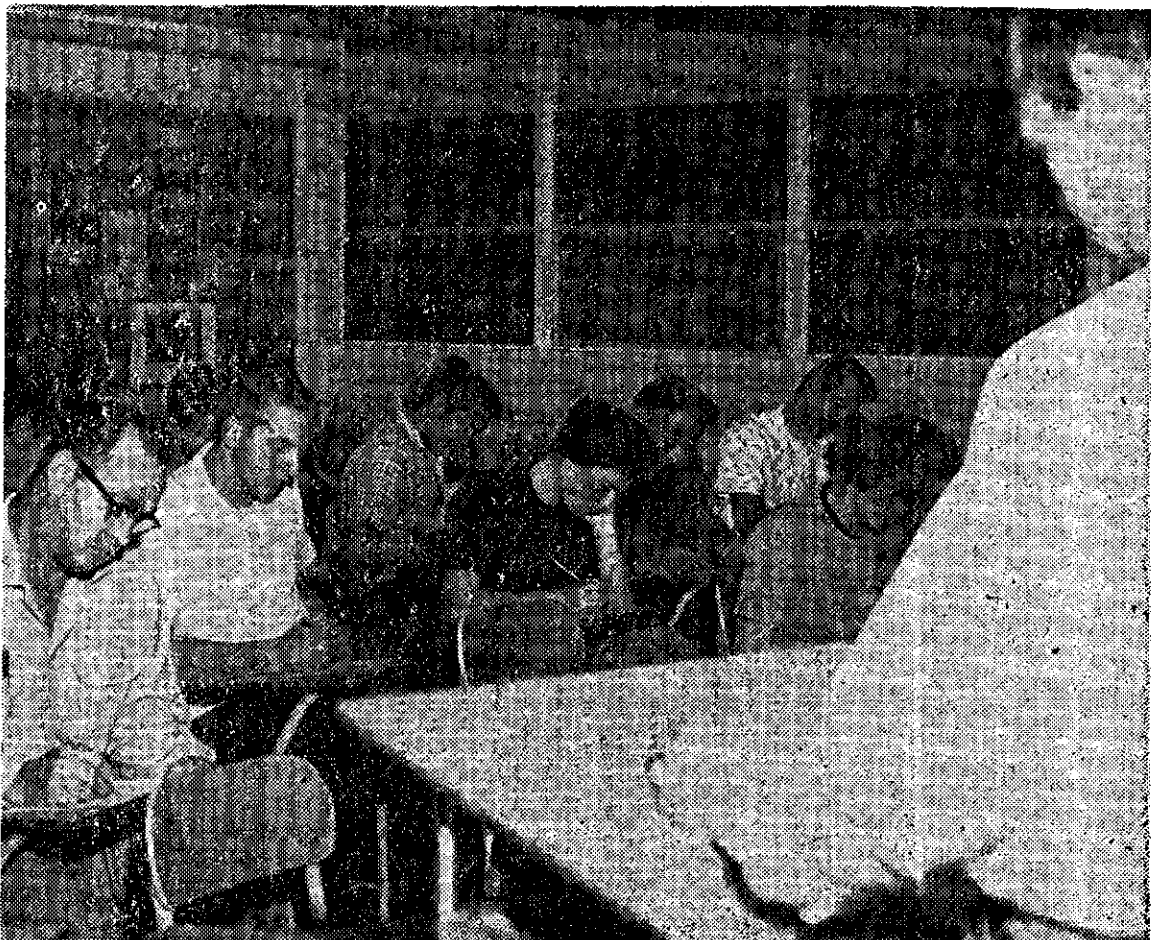

It seems strange that students who are presumably above average still don't know what to do with objects that are placed in the Student Center for a specific purpose.

Amy Dozier, Dean of Women warned students that if they did not start paying attention to bussing their dishes, not spilling coke, ashes, and the like, that "people" would have to be hired to pick up after them, thus raising the price of food.

This can be avoided so easily, if students would just get these slightly confused ideas of the Student Center's function out of their mind and think of the other guy for a second.

—DOROTHY CRANSTON

ACADEMIC CLASSES are also offered through the extended day program. One such class is English Grammar and Composition under the direction of James Dighera. Other classes provide an opportunity for college experience and cultural enrichment for citizens of surrounding communities.

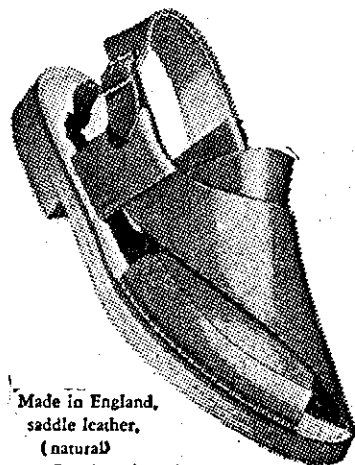

PAINTING FUNDAMENTALS taught by Rudy Aquirre on Thursday evenings, is only one of the many enrichment classes offered through the extended day program. Elwanada Farris enjoys the benefits of this class during a recent session as the students work on portraits using Flora Rambisson as a model.

Approximately 4200 students are enrolled in the Cerritos day program according to Elwyn Saferite, dean of technical arts.

Within the program there are three types of courses: transfer, up-grading, and pre-employment training. The transfer program offers the full range of lower division courses for those who wish to meet the transfer requirements of most four year colleges. Students who are already employed in a technical, professional, or skilled field and wish to gain a more specified knowledge or brush up on skills are enrolled in the up-grading courses.

The pre-employment program is for students who want to learn a new trade. The course takes approximately three years.

Instructors are mostly day instructors, but for more technical classes, they draw on industry for highly skilled instructors in that field. At the present time there are 68 classes offered.

"In view of rapid technological advances taking place in science and industry, many unskilled and semi-skilled jobs are becoming obsolete," said Mr. Saferite. "At the same time there has been a much greater demand for those who are trained in the skilled, technical, professional, and service areas," he continued. "Our aim is to provide educational opportunities."

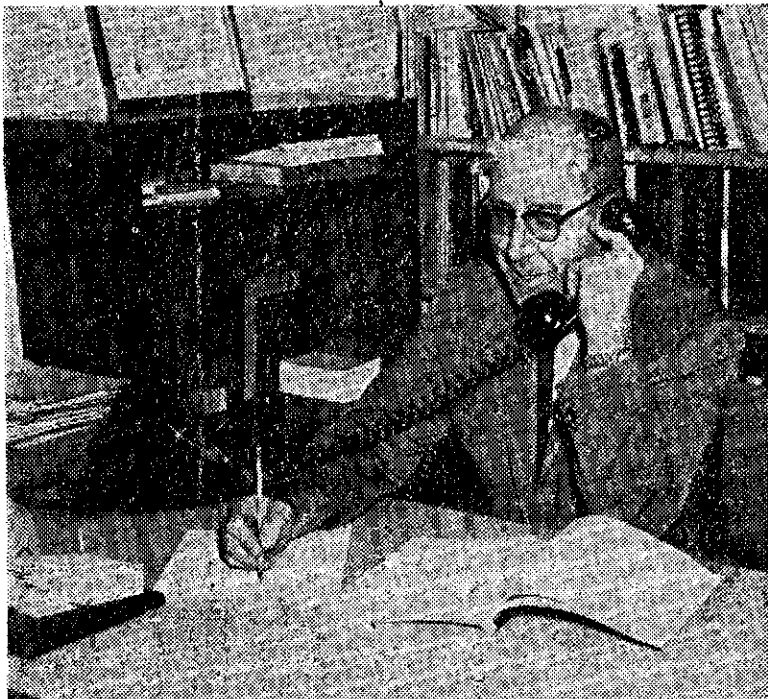

AUTO ENGINES are repaired by Tony Olvera and Eldon Helsley, members of the Auto Mechanics class. This class, which offers vocational training, is under the direction of John Jackson. Auto mechanics classes are offered four nights a week in the newly-completed shop building.

VENTURA QUARTERBACK Bill West suffers just one of his many setbacks last Saturday night as Falcon end Louis Vellone throws him back. (CCASBfoto by Ray Storie)

FALCON OF THE WEEK

Meissner, Mendez Coaches' Choice

Gary Meissner and Eddie Mendez were selected by the Cerritos coaches as the outstanding Falcon gridders in the Ventura tilt. Cerritos soundly beat Ventura 45-0.

Meissner, transfer letterman from Los Angeles State, plays right guard on the offensive team. Head Coach Don Hall stated that Meissner is a "good blocker" and a "team leader."

Mendez, brother of the Falcon star Mario "Santa Fe Chief" Mendez, has lived up to the family name. Mendez lettered four years at Santa Fe and was all-league in baseball.

Mendez plays at left end and has proven himself a capable receiver. Against Ventura he kicked three extra points and punted for an average of 42 yards.

Besides the outstanding player of the game being chosen the squad elected Dick Degen as their captain. Degen lined up at end after playing fullback at the first of year. Degen caught three passes for 68 yards against Ventura.

KELLOGG

"A Must" is the title of Friday night's drama. The setting is the plush green grass of Glendale's football stadium. Principle actors are the football players from Cerritos and Glendale.

Directing the play is Head Coach of the Falcon squad, Don Hall. Coach Hall is looking for a fine performance by the Cerritos squad but expects the Glendale actors to give rough competition.

(Continued on page 5)

Cerritos in First Place; Glendale Falls to Compton

By BILL HAMPTON

Cerritos College moved into first place in the Western States Conference last Saturday night, downing visiting Ventura 45-0, while Glendale was losing to an inspired Compton eleven, 12-6.

Compton's win over the Vaqueros was the first defeat for the Glendale crew, who had compiled a 7-0 record prior to the contest.

Leading the Falcon attack was right halfback Joe Badillo, who scored three touchdowns, two coming on passes from the Western States Conference's leading passer, Jerry Otterson.

Otterson completed 10 of 15 passes for 206 yards, even though he didn't see any action in the fourth quarter.

After a scoreless first quarter which saw Ventura march down to the Falcon 28, the defending Conference Champions scored on their first scrimmage play in the second period.

The tally came when Otterson clicked to Badillo, who was 10 yards behind the nearest Pirate defender. The play covered 53 yards.

This was the fourth straight game that the Falcon defense has held their opponents scoreless, and it was the first time this season that the Pirates have been shut out.

The local crew scored again in the second period, when Badillo raced 43 yards off left tackle.

Hard running by halfback Ronnie Hales and fullback Joe Ducote set up the touchdown, as the drive started on the Falcon 17 yard line.

After Will Creaney had kicked to the Pirates, the Falcon defense again proved tough, as they forced the visitors to punt after only five plays.

Not satisfied with a 12-0 halftime lead, the Falcons put on another drive with only 1:32 left in the first half.

With Otterson passing at will, the Falcons pushed across their third touchdown with only seven seconds remaining in the half, when the left-handed slinger again connected with Badillo, this time for 38 yards.

Eddie Mendez then added his first conversion, and before the Pirates could run off another play the Falcons were off the field with a 19-0 halftime lead.

The Falcons received the second half kickoff, and from their own 20 yard line they put on an 80 yard sustained drive for a touchdown, with the key play being a 37 yard pass from Otterson to right end Dick Degen.

Halfback Vernon Brock, who has mainly been used on defense this year, scored the Falcon's fourth touchdown when he plunged over from the one yard line. Mendez then kicked his second conversion.

The Falcon's next two touchdowns came on passes of 14 and 15 yards, with Art Delvaux gathering in both tosses. The first was from Otterson, and the second was from Wayne Reid.

Mendez' kick was good on the

first tally, but the attempt was wide on the second score.

For the first time this season Coach Hall was able to use his reserves to a great extent, as the second and third teams played the entire fourth quarter.

With Reid quarterbacking the third unit, the Falcon reserves threatened to score twice in the fourth period, before right halfback Al Spoolstra scored from the three yard line with 1:29 left in the game.

Mike Stroud accounted for 43 of the 52 yards on the drive,

with Mick O'Malley gaining six of the total.

Standouts on offense for the Falcons were tackles John Faris and Ken Grant, guards Alan Asam and Gary Meissner and center Creaney.

This game was the first start of the season for Grant, who was the key man on two touchdown runs by the Falcons, one of which was the 43 yard off tackle scamper by Badillo.

Delvaux picked up 61 yards in 10 carries for the Falcons, while Badillo picked up 60 yards in six carries.

Championship Tilt Tomorrow Night

By BILL HAMPTON

The Western States Conference football Championship will be decided tomorrow night, when the ever-improving Falcons travel to Glendale.

The Falcons have a 5-2-1 seasonal record, while the Vaqueros have an impressive 7-1 mark, but their lone defeat (to Compton 12-6) last week, could prove fatal.

With the winner having a possible bowl bid awaiting them, these two teams will go into tomorrow night's encounter with the game being rated as a tossup.

Leading the Falcon's powerful air attack will be quarterback Jerry Otterson, who last week threw for 206 yards against Ventura, as he completed 10 of 15 passes.

The left-handed great has now raised his seasonal passing yardage total to 1205 yards, second only to Pearl River's (Mississippi) Don Castleman, who is leading the nation with 1347 yards.

Santa Monica's Rand Carter is third with 1154 yards and he and Otterson have one game remaining, while Castleman has two games left, as in the Middle West they play a 10 game schedule.

Otterson's favorite targets have been ends Eddie Mendez and Dick Degen, although half-

back Joe Badillo tallied twice on passes of 59 and 38 yards last week.

The Falcon ground attack is headed by halfback Ronnie Hales and fullback Joe Ducote. Hales has gained better than 400 yards in his last four games.

Ducote, who took over for Degen when the latter was injured and later switched to end, has been improving every game.

Freshman halfbacks Al Spoolstra and Mike Stroud, have also been improving with every game, as the pair gained 122 yards last game while only playing in the fourth quarter.

The last time a team scored against the Falcons, was four weeks ago when the local crew managed only a tie against Pierce (12-12).

Leading the defensive crew in tackles is middle linebacker Eldon Taylor, followed closely behind by tackle Sheldon Moomaw, end Dick Degen, and outside linebacker Jack Milks.

Hampton Tops Gazers; Upsets Mar Weekend

Bill Hampton regained his lead in the grid predictions last week, even though there were 15 major upsets in the college divisions.

Hampton's total to date is 52-27, which is one game better than runnerup Bill Kelley. Kelley's record last week was 11-9, while Hampton's was 12-8.

John Dowden and Hampton were the only ones who picked the Rams over the 49ers, while Hampton was the only one to pick Compton over Glendale.

Co-sports editor Dave Kellogg is in third place with a 47-32, while Dowden and Don Hall are tied for fourth place with Dowden having a 43-36 record and Hall having a 43-26 mark. Don Desfor is all alone in sixth place with a 39-26 slate.

WSC Standings

Team	W	L	T
Cerritos	5	0	1
Glendale	5	1	0
Compton	4	2	0
Los Angeles	3	2	1
Phoenix	3	2	1

Harrier Team Tilts Three League Foes

Having successfully met and conquered all conference foes, the Cerritos cross country squad will meet the entire league again tomorrow in the Western States Conference Finals. The meet held at Pierce, will determine the conference champ.

The Falcons defeated their strongest league opponent last Friday while also disposing of Pasadena and Los Angeles City. The meet was scored Cerritos 21, Glendale 35, Pasadena 109, and Los Angeles 118.

Gene Gurule took first place by running the fastest conference time ever recorded for the Glendale course with a time of 15:17.

Cerritos captured six of the top 10 places and the Vaqueros took the other four. Frank Muller finished in second place, eleven seconds behind Gurule to head the Glendale attack.

Art Pitman and Jim Mason gained third and fourth with times of 15:35 and 15:46 respectively. Sterling St. Clair was sixth at 16:18, Jim Miller seventh in 16:27 and Lyn Taylor was tenth with a time of 16:48.

Next Friday, Pierce will once again host the Southern California Finals. All the teams of the area will compete for the top

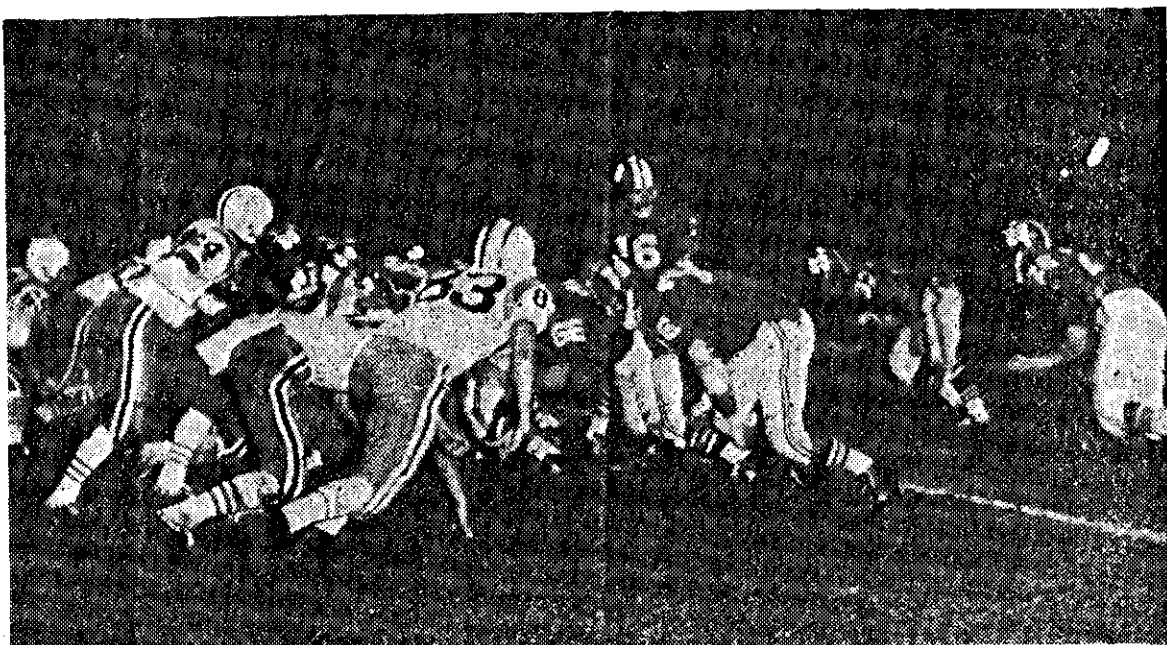

marbles which are currently held by the Cerritos team. The Falcons have defeated most of the teams at least once this year but can expect plenty of trouble from Santa Ana, El Camino, San Diego and Glendale.

Glendale Game Directions Given

Tomorrow night's game with Glendale College will be played at the Glendale High School football stadium, 1440 East Broadway at Verdugo Road.

Take the Santa Ana Freeway to Los Angeles and take the Bakersfield Freeway exit, which become San Fernando Road after one leaves the freeway.

Turn right on Verdugo, crossing Colorado Boulevard, continuing to Broadway. The stadium is at the intersection of Broadway and Verdugo.

DRIVING FOR ANOTHER Western States Conference Championship, the Cerritos offensive team, led by quarterback Jerry Otterson (16), moved at will against the Ventura unit. The Falcon defensive squad also proved their worth with an impressive 45-0 shutout.

(CCASBPhoto by Frank King)

Water Polo Squad Clinches Western States Conference

By Dave Kellogg

Western States Championship Falcon water polo team travels to Pierce College for their final league clash. The splashers clinched the conference title last week as they smashed title contender Glendale, 19-1.

Next week Cerritos hosts the 30th Annual Southern California Junior Water Polo Tournament. Each conference, Metropolitan, Eastern, Western States will be represented by their two top teams.

The dates for this tournament will be November 21 and 22. Cerritos faces El Camino on Tuesday, November 21 at 3 p.m. Head Coach Ed Horn stated that El Camino could beat Cerritos, having placed second in the Metropolitan Conference.

Fullerton, Eastern Conference champs, faces Glendale, runner-up to the Falcons, at 4 p.m. They are followed by Long Beach City College and Orange Coast at 5 p.m. Long Beach, winners of the Metro League, is the top-seeded team.

Coach Horn mentioned that the final placings of the teams in the tournament will be nation-wide. The tournament is rated as the top junior college water polo tournament featuring the strongest teams in the nation.

Jay-Seeing Sports

By BILL HAMPTON

Junior College football draws to a close this week-end, with the key games being the Cerritos-Glendale contest and the Bakersfield-Santa Monica affair.

Since Long Beach City College lost their second straight game last week, they have just about eliminated themselves from any bowl encounter with the exception of possibly the Milk Bowl in San Diego.

Although the Falcons have a 5-2-1 record compared to the Viking's 6-2 mark, they have blanked their last four opponents, while scoring 128 points themselves.

The Glendale game will pit hard running Bill Renison of the Vaqueros, against the bullseye passing of Falcon quarterback Jerry Otterson, the nation's second best passer with 1205 yards.

The nation's number three passer Rand Carter, will have to throw everything he can find at the Bakersfield Renegades Saturday night, as the valley crew has walked over every opponent to date, including a 20-0 blanking of Long Beach.

Although Santa Monica also defeated the Vikes by three touchdowns (34-14), they let the once powerful beach city crew score twice, both on sustained drives.

Bakersfield's starting line will average 228 pounds, while their third crew averages nearly 240 pounds, but most of the Gades' line are sophomores and that will be one of their weakest points next season.

It looks to this reporter that Bakersfield will dump Santa Monica, which will leave the Corsairs with a 8-1 seasonal mark and second in the torrid Metro Conference, while the Falcons, if they get by Glendale, will have a 6-2-1 record.

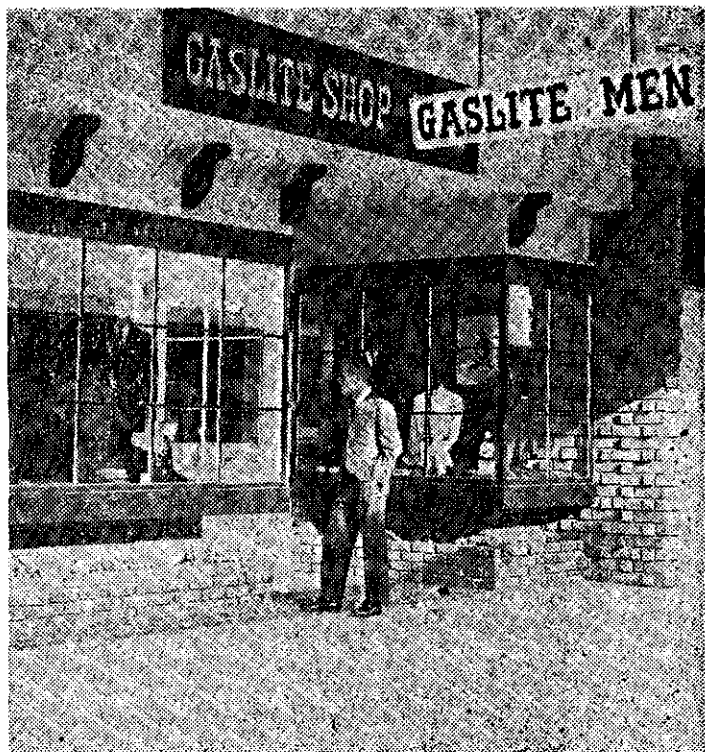

These two teams, along with Riverside, are the probable teams in contention for the bid to the Potato Bowl.

On the other hand, should the Corsairs down the Renegades, it could put Cerritos against Bakersfield in the Potato Bowl for the second straight year.

At this time the Gades are a solid 10 point favorite, and chances for a upset in the Bakersfield Stadium are very slim for the Corsairs.

Kellog to Kelly

(Continued from page 4)

The outcome of the play will provide a thrilling impact. The audience to be sure will enjoy the drama and as the curtain is drawn on the last act, some will be very pleased—others disappointed.

Be sure to see this exciting drama, for it is considered to be, by the critics, the top play of the week.

Getting away from football, the roundball made the scene last week as Head Coach John Caine's squad scrimmaged a well balanced Orange County State team.

Orange County dominated the scrimmage and my predictions on State will put them as one of the top basketball teams in California for small colleges.

Orange County has two all-round players in the names of Edgar Clarke and John Quinn. Clarke and Quinn played for the junior college state champions, Fullerton, last year.

All though Cerritos was outclassed they showed promising hopes in fielding a top team for this season. In the scrimmage, returnee and top scorer from last year's team, Jerry Atkins, played well.

This Friday the hoopsters face San Fernando Valley State in a scrimmage on Cerritos homecourt. Monday the Falcons traveled to Chapman and scrimmaged the tough Chapman five.

DeMarco, Apodaca Capture First Places in Contest

Frances De Marco and Joan Apodaca captured first places in the senior and junior divisions of the recent hairstyling contest sponsored by the Cerritos College Cosmetology Department. Frances, the winner in the junior division last year, used Opal Montgomery as her model; while Joan asked Emily Pemper to be her model.

...Other Winners...

Other winners in the senior division besides Frances, were Janice Lichty and model Joanne Sveisen, and third place winner, Evetta Morales. Elinore Olvey served as model for Evetta.

In the junior division, Concha Savedra took second place with the hairstyle modeled by Peggy Young. Jay Barrios showed her hair which was fixed by Phyllis Simms who placed third in the junior division.

First place winners in each division received trophies, while the second and third place winners were awarded certificates of merit.

"Oriental Garden," theme of the contest held last Thursday at 2:30 p.m. in the student center was the second annual hairstyling contest.

Acting as judges for the annual affair were Joyce White of the Los Alamitos Beauty Salon, Bill Hart of Long Beach, and Beverly Woods who is employed in Norwalk.

In last year's contest, LaHoma Smith placed first in the senior division; and Frances De Marco took the first place honors in the junior classification.

HAIRSTYLING WINNERS—Cosmetologists Frances De Marco and Joan Apodaca display their prize-winning hairstyles at the annual hairstyling contest held recently. Opal Montgomery and Emil Pemper acted as models.

DISPLAY SHOWN

Dr. Henry Childs, Life Science Department Head, announces that a display entitled "Parade of the Animal Kingdom" may be seen in the breezeway in the Physical Science Building. Organized as part of the curriculum for the life science and zoology courses, the exhibit shows examples of the major animal types that inhabit the earth today. Unusual specimens include the Venus Flower Basket Sponge, a Human Tapeworm, a Praying Mantis, and a Mastiff Bat. These present-day forms are arranged from the simplest to the complex and imply the stages which have occurred in the evolution of animals in the past.

Less noise and more books were the two most frequent requests indicated on a recent survey conducted by the college library staff.

Library evaluation questionnaires were distributed to 150 daytime students and 75 night school students. In addition to answering several questions regarding library service, participants in the survey were asked to list their recommendations for additions to or changes in the library.

According to Carl Johnson, college librarian, all of the 142 questionnaires returned showed that the services and librarians were satisfactory.

Regarding the request of less noise, Johnson said, "We are putting in more individual study desks and some of these desks will be used in the student conference room. Students should remember that the library is a place to study, not to meet and talk to friends."

Books are being added at an average rate of 578 per month, according to Johnson.

Jack Wheaton, music instructor, announced this week the formation of three new instrumental groups on campus. "We have formed a dixieland band, and also a fast jumping group of polka players, formed to provide entertainment for Cerritos. The group will wear traditional polka outfits all the way down to red knee socks and garters."

Wheaton also said that a number of smaller instrumental groups are forming. Brass choir, woodwind groups, and many more will be playing for Cerritos students with concerts every other week at the student center.

With the conclusion of half-time shows last week, the band will now go into concert season, preparing for the first jazz concert, scheduled for January 5, 1962, from 2-4 p.m. in the student center.

The fifth annual Cerritos College Athletic award banquet will be held December 13, at the Georgian Room, in the Disneyland Hotel at 8 p.m.

Chairman of the banquet, Bill Vierra, who is a member of the community.

Cerritos Bench, announced that the guest speaker will be Marv Levy, the head football coach at the University of California at Berkeley.

Tickets will go on sale soon and they can be purchased from any member of the bench, or from Don Desfor in the Publications Department on Alondra Blvd.

Students whose legal address is within the confines of other junior college districts may not attend, according to the admissions office, unless they have a legal permit from their Junior College District to do so.

Communities in the Cerritos district include Norwalk, Artesia, Bellflower, Lakewood, La Mirada, and east Whittier.

Students in the Compton and Long Beach City Junior College Districts may attend Cerritos on a nine-hour basis, however, without an individual permit.

Cerritos art students won a majority of the prizes in the recent Artesia art festival. Winning entries from Cerritos were in the adult-college-community division.

Susan Plantt, Beverly Eckles, and Rosalind Bass were 1st, 2nd, and 3rd prize winners for oil paintings. Honorable mention went to Roberta Rebrovich.

Prizes for pencil drawings were won by Marilee Hyier, Rosalind Bass, and Roberta Rebrovich. Norma Galletly and Raul Rodriguez won honorable mention.

In the commercial art division, Raul Rodriguez and Dennis Curtis were awarded ribbons.

Susan Plantt, Marilee Hyier, and Barbara Hurd took top honors for their water color entries.

Art instructors Rudy Aguirre and Mel Wood said they were very proud of their students and pleased with the results of the exhibit.

"Our art students are improving every year," Mr. Aguirre said, "enthusiasm and quality is increasing rapidly. Art can and should be an asset to the community."

Graff turns his world-famous talents to the "Sissy" tailored blouse for fall and with such notable results. This long-sleeved beauty is simply frothed with lace and pin tucked to perfection. The perfect blouse for your fall suit wear.
