CERRITOS COLLEGE

Board Names Appointments

Coach Don Hall was named athletic director by the Board of Trustees Tuesday. Hall succeeds Eugene Martin who resigned last month.

The trustees also appointed division chairmen in the newly reorganized instructional areas. John Black, Business Division; Don Desfor, Communications; Paul Henry, Technology; William Klein, Fine Arts; and Blaze Bonazza, Humanities, were approved Tuesday.

Also included in the list of new appointments are Dr. Henry Childs, Life Sciences; Marshall "Bud" Treat, Physical Sciences, Engineering, and Mathematics; Joan Schutz, Physical Education; and Stanley Jennings, Social Sciences.

In other personnel action by the trustees, Pierre Yperman, language instructor, was granted leave of absence for the school year 1963-64.

VARIED PROGRAM

Summer Programs Offers Recreational Activity

The summer recreation program, under the direction of Joan Schutz, offers a variety of vacation activities for children and adults beginning July 1. Registration for any of the five major recreation sections begins Saturday, June 1, in the physical education office. Cerritos instructors will supervise all classes and activities.

Dave Kamanski and John Caine will share the responsibility of the recreational activities program. Included in these activities are instruction in archery, baseball, basketball, figure control, tennis, track and field, trampoline, rhythms, weight training and miscellaneous open play.

Handicapped Learn To Swim Swimming instruction for

IT'S A SONG

Musicians Share Final Exam Day With All Students

"Wouldn't It Be Lovely" to finish final exam week by listening to Jack Wheaton's voice class singing its final exam?

"One Fine Day," June 12 to be exact, in room H-2 of the Lecture Hall at 10 a.m. students and faculty reeling from final exam pressure are invited to hear these songs and "Much More," according to Wheaton.

"Rest in the Lord," Wheaton invited, and hear Terutaka Hasegawa, Sam Baron, Betty Watt, Melynda Woodson, Joan Armatage, Marie Fitzpatrick and Lorena Hohengarten perform for "My Lord and Master" Wheaton.

"Song of the Beach" will occupy their minds while also thinking of "Some Enchanted Evening" and a "Rosebud," Wheaton said.

"One Day When We Were Young," Wheaton began wistfully, oh well—there is always "Grenada" or "Finlandia" to take their thoughts away from "Bambino Caro."

"On the Street Where You Live" final exams were never like this, according to Wheaton.

Students Graduate June 9 in Stadium

A colorful academic procession, augmented by a musical prelude, will begin commencement ceremonies for more than 300 graduates June 9 at 2 p.m. in Falcon Stadium.

Dr. Robert Browning, dean of academic affairs, will present the graduating class to Cerritos President Dr. Jack W. Mears who will confer degrees and certificates of completion.

Traditional Ceremonies

This year's commencement will be patterned after traditional ceremonies of other institutions such as USC and

UCLA. Graduates will meet at the field house at 1:30 p.m. for pre-commencement briefing. Rehearsal will be held at 3:15 p.m. June 7.

More than 500 participants will hear Dr. Irving R. Melbo, dean of the University of Southern California School of Education, speak on "The Finest Person."

Dr. Melbo is highly regarded for his direction of educational surveys throughout California and other states. Unusual foresight of educational developments has characterized his major addresses. Several have been recorded for national distribution.

Wide Experience In Education

More recently, in cooperation with a small group of American educational administrators, Dr. Melbo performed a month-long study of education in Israel for the U.S. Department of State.

He is currently chairman of the California State Board of Education Committee for the accreditation of Teacher Education.

Dean's Dinner Honors Women

Approximately 60 Cerritos women were honored for outstanding contributions to the college at the first annual "Dinner With the Dean" last Monday evening.

Dean of Women Amy Dozier spoke briefly to the group giving a "lady's analysis of woman." She encouraged the women to take advantage of their educational opportunities and to keep up their fine record of service.

Following her speech, Miss Dozier presented the women with a single red rose bud as she explained why each was being honored. The dean then presented Adviser of the Year Plaques to Joan Schutz and Frankie Gough for their outstanding work with Falconettes and CRA respectively.

Guests of honor at the dinner included Frances Siegel, prof of the year; Patti Roberts, sophomore woman of the year; Mrs. Roberts; Cecilia Navarro, freshman woman of the year; and Mrs. Navarro.

DR. IRVING R. MELBO
Graduation Speaker

In the past, Dr. Melbo has served as consultant to many state and national professional associations, legislative committees and government bodies.

'TM' Continues During Summer

Cerritos' award-winning "Talon Marks" will continue publication through summer session, adviser John Dowden announced recently.

The newspaper will be published on a bi-weekly basis, and will stress features on the college's summer program. Opportunities for staff positions as editors, reporters and photographers are unlimited, Dowden said. No pre-requisite is required.

"We have been able to develop newspaper talent during the summer session," he said, "and the courses are useful to anyone interested in improving his writing skills."

The class will meet from 6 to 8 p.m. Monday through Thursday, beginning July 1. Labeled Journalism 52, the class carries two units of credit.

Golfers To Compete In Faculty Meet

Prizes for low net, high gross, low gross and the highest gross on one hole will be given at the faculty golf tournament at Recreation Park tonight. Also to be awarded are a "liar's prize" for the most unusual shot and team prizes for high and low net.

Team captains for the faculty sportsfest include John Dowden, business and communications; Dallas Smith, technology; William Bonnycastle, humanities and social science; Bud Treat, science and engineering; Bob Horn, physical education; Bob Bos, counseling; and Al Sommers, administration. Dinner will be held following the tournament.

Senators Witness Presidential Oath

AS President Al Mercer and AS Vice-president Jim Logan took the official oath of office last Tuesday. Patti Roberts, outgoing AS president, officiated during the ceremony. Logan took the oath from Miss Roberts. Logan then administered the same oath to Mercer.

Dean of Men Clive Grafton outlined the duties of the senate before Logan banged the gavel to open the legislative session. Grafton said that the senate will create its own power. "You can do what you want with the senate. . . . It will only be as good as you want to make it."

Grafton Names Do's and Don'ts

Grafton further enumerated what the legislature can and cannot do. He said that the senate cannot take on duties that are not delegated to the body specifically. It can, however, approve the presidential appointments of chief justice, eight associate justices and cabinet members.

The senate cannot make appointments except within the body itself. It must review resignations and appoint committee members. The senate must also initiate legislation, according to Grafton.

Senate Turned Powerful

The senate will have considerable power, Grafton said. It can

block legislation or push it through. This depends on how the senate divides itself. There will be two parties — pro-administration and anti-administration — which will force the president sell his program, added Grafton.

The president can discuss his program, but any presidential legislation must be introduced by a senate member, according to the Dean.

All the major issues will be voted on by roll call vote. "You must account for the way you vote," Grafton warned senators. He stressed that voting will be made a matter of public record.

Jim Lytell resigned as senator to accept the AMS presidency, and Mel Dody was named Lytell's successor, by Mercer. Ray Rosenbarne was accepted by the senate as Chief Justice. Gail Andrews, proposed convocations and programs commissioner, and Pat Hughes, possible activities commissioner, will appear before the senate next Tuesday to state their qualifications.

Grafton concluded by stressing the importance of being informed. "The only thing worse than a poorly informed public is a poorly informed student government."

Changes Could Bring Student Body Live 'Falcon' Mascot for Events

By DOROTHY CRANSTON

At the beginning of the year, one of the questions confronting the students of Cerritos was whether or not to have a live mascot for the games—a real bird.

The time, effort, wind and emotion wasted on that project was found to be in vain. The students found that the procurement and care of a live falcon for a mascot would be next to impossible.

THE FUTURE MASCOT OF THE STUDENTS waits patiently for the arrival of her young. If adopted, the 'lonely' bird will most likely bring her family to the athletic events. Catching her will be a problem, however, it is warned. —Talon Marks photo by Tak Yamamoto

Cerritos could have a live mascot! An unofficial one, but nevertheless a live one.

Falcon Given The Bird

Our new mascot, however, is not a falcon. In fact no one is quite sure what its family heritage is or from where she originates.

Our mascot does have most of the features that we need. It has feathers, claws, a beak and, at the moment, sits on eggs. When our new unofficial mascot has her little ones, the athletic games might initiate another Cerritos first: instead of one mascot in attendance, mom will have to bring her brood. It could prove most interesting.

The adoption of the feathered creature to be Cerritos' live mascot would be a wonderful thing. But, alas, could it only be true? You see, there's one catch: the bird is a hermit. All she does is sit on her eggs.

Not Always A Loner

She's a loner. It is obvious that for a few brief moments in her life she wasn't, but today she is. All she does now is sit on her eggs behind the Arts and Crafts Building. She has a field to herself and she's happy.

It is only obvious that trying to induce Mrs. Cerritos out of her field to take office as our mascot would be a chore. But with perseverance and luck, the student body could have a live mascot at the games. All we need is a can of blue paint to color her feathers and a net with which to catch her. Then we would have ourselves a real live mascot!

Nursing Head Writes Text

"The Patient-Centered Approach to Nursing," a text book by Inice Chirco, chairman of the Cerritos vocational nursing program, went on sale in the book store Wednesday.

This text, published by the Brewster Publishing Company, was developed after a pilot program was run at Cerritos in 1959. This method has proved so successful that colleges from all over California and other states have ordered the text.

The new program differs from the older methods of teaching nursing in that subjects are now studied in relation to specific diseases.

Previously, anatomy, physiology, diet therapy, nursing care, rehabilitation and medications were all studied as separate subjects. In this new program these subjects are studied as they relate to the illnesses most common to the nine body systems.

According to Miss Chirco, student nurses have practical nursing classes every morning at Studebaker Hospital from 8 a.m. to noon and classes in theory on campus from 1 to 3 p.m.

Campus News Briefs

"GUN HO" a new color motion picture on surfing, will be shown tomorrow and Sunday evenings at 8 p.m. at Excelsior High School according to Falcon swim coach Bob Horn. The film is sponsored by the Inland - Nu-Pike Water Polo Club which Horn advises. Tickets may be purchased at the door for \$1.50.

ALBUMS of the Bud Brisbois-Cerritos Dance Band jazz concert will be available in the Student Store if a minimum of 200 students show interest. Recordings of last year's musical production featuring clarinetist Ralph Gari with the Downey-Cerritos Wind Ensemble are available for 99 cents at the Student Store.

THE 1963 SPRING SPORTS BANQUET will host six athletic teams and their coaches Monday at 7 p.m. in the Student Center. Awards for most inspirational player, most valuable player, team captain and most improved player will be presented by the coaches of the respective teams.

EDITORIAL

A Prosperous Year for All...

Last week, Cerritos took time out to honor outstanding students in academics, athletics and student government. Next week, over 300 sophomores will be honored as Cerritos' sixth graduating class receives Associated Arts degrees.

"Talon Marks" takes this opportunity to commend all of the students at Cerritos for the fine job they have done to promote the spirit and image of the college this year.

This has been a year of firsts that will surely set the college on the road to becoming one of the top junior colleges in the state.

The first heated election in the college's history brought many qualified students into the government. A new governmental system has been set up to provide a more democratic situation in this area. The interest shown in the recent election is definitely a sign that Cerritos is on the way to bigger and better things.

Academically, Cerritos has grown considerably. Many students will graduate with honors on Sunday. Many remain to carry on the tradition and more will enter in the fall to fill the vacancies left by the graduates.

The first year in Metropolitan League, the Falcon athletic teams have placed high against seasoned schools. Eight baseball players were named to the all-league first team, Falcon swimmers and trackmen broke several national JC records and the football team beat the rugged Renegades on their home field.

Special activities groups have added numerous trophies to the college's credit. The debate squad walked away with state and national firsts, the newspaper placed high in several state and local competitions and business students took honors in every field at their convention in Berkeley.

It is now up to all new and returning students to preserve the atmosphere of progress and leadership and not let the achievements of this year's student body go to waste.

'Odyssey' Life Tour A 'Delightful Trip'

By WILLIAM REED

"Odyssey—A Journey Through the Life of Man" was a delightful trip for the nearly 1,000 persons who saw the dance production last Thursday and Friday.

Despite the unsuitability of the gymnasium for any production except basketball, Edith Abercrombie's dance production class closed the Fine Arts Festival with a truly outstanding show.

Nearly every segment of the "Journey" was cleverly conceived and expertly performed. From the eerie pre-creation darkness through the post-life brilliance the dancers interpreted many facets of man's emotions and philosophies.

Combining music, dance and poetry with lighting and sound effects, the dancers pondered

"The Creation," and "A Time to Love - Kill - Laugh - Prophecy - Live - Reflect - and Seek Truth."

Plant Highlights Show

"A Time to Kill," with Susan Plant as Lady MacBeth, alone was worth sitting on the hard benches for almost three hours.

Miss Plant's performance was powerful and moving. Clearly the highlight of the show, the audience responded to her outstanding performance with an enthusiastic burst of applause. Conspicuous throughout the program was the dancing talent of Muffi Buia. Adding the sparkle of quality to the entire show, she was the standout performer in every scene in which she danced.

But to list the better dancers in "Odyssey" would be to list almost everyone in the production. However, Aaron Anderson and Jeanne Buchner were particularly impressive in "Dialogue with Death."

Crew Receives Applause

Even the oft-forgotten, but highly important stage crew was applauded by the receptive audiences for excellent work under very trying conditions.

Mrs. Abercrombie presented a dance program that in a more likely theatre would rival many professional productions. But even the unbelievably poor gymnasium conditions could not dampen the enthusiasm of an audience exposed to this high quality show.

From beginning to end "Odyssey" was a fine program. It was an example of the kind of quality which if continued will make Cerritos truly the community cultural center.

Vigil, St. Clair Cop Trophies In Intramurals

After three weeks of intramural track competition coach Dutch Triebwasser awarded the first place trophy to Dick Vigil and second place trophy to Sterling St. Clair.

Vigil who is better known for his fighting skills (National light-heavyweight semi-finalist in the golden gloves tournament) proved to be just as versatile with spikes on. He placed in all 16 events and scored 44 points in winning the extended meet.

Second place went to Sterling St. Clair who did most of his scoring in the running events, winning the 880 and the mile.

Past climbing Don Foy finished third to round out the top three. Foy scored in the majority of the events by placing either second or third.

ENACTING OUTMODED student attitudes toward scholarships, Ken Gomez (left) and Durwood Fowler refuse to accept a financial offering for fear of being termed, "Eggheads." Actually, many scholarships are available to students with less than a 3.0 grade point average. —Talon Marks photo by Merlin Vakoe

COUNCIL NOTES

Column Title Changes; Senate Delays Appts.

By DOROTHY CRANSTON

POST SCRIPTS: For three days, nineteen hours and twenty-two minutes, Patti Roberts, outgoing AS president, was a "woman without a country." Dean of Men Clive Graiton told the senate last Tuesday.

Her council officially ended its duties at 4:30 p.m. last Friday, but Miss Roberts was still AS president until her successor, Al Mercer, took the oath of office at 11:30 a.m. Tuesday.

The old council will soon be forgotten, most likely, The Hollywood saying "But what have you done lately?" comes to mind. Although this AS Council was the most effective and controversial even until the end, it will probably be forgotten along with last year's hem lengths and dance crazes.

"Council Notes," it seems, is outdated, too. There is no council any longer. There are no council notes. However, there is still student government. The senate and executive, although not yet complete, will look after the AS. And "Council Notes" will be remodeled. It is "Government Glimpses" now.

Senate Splits So'n
 The senate witnessed the inauguration of AS President Al Mercer and AS Vice-president Jim Logan this week. The second spring meeting of the senate was underway.

Mercer soon discovered the grim fact that his policies might not go through too easily when a divided senate pondered his projected appointments and put off most approvals until next Tuesday. The only appointment approved was the chief justice recommendation of Ray Rosenbauer. He was unanimously accepted by the legislative group.

Other presidential appointments, however, did not enjoy such success. A motion to make bulk approval of the appointments was denied. A demand that appointees be present at the next session to voice their

qualifications received unanimous support.

Honeymoon Is Over

Now the honeymoon is over for Mercer and the moments of bliss lasted only three minutes: from the time of the inauguration to the calling to order of the first session of the senate.

Scholarships Available To Qualified Students

By Ross Tamblin

Many will remember the day when the student on a scholarship was looked upon nearly as suspiciously as a Russian spy.

He was a real odd bird. His superior intelligence repelled his classmates. He was avoided like a hari kari instructor. Today, this is not the case.

Scholarships are no longer reserved for the mentally elite.

Scholarships Available

According to Joseph Kleiner, man of the Counseling Office, many state scholarships are available to students under 25 with a 2.5 or better grade point average.

"I wish more students would apply for the scholarships offered by the Norwalk Kiwanis, the Norwalk-La Mirada Education Association or Alpha Gamma Sigma," Kleiner says.

Kiwanis offers a \$1000 scholarship to a Cerritos graduate living in Norwalk who will attend a four-year college. Graduation from either Excelsior, Norwalk or John Glenn high school is a further stipulation.

Kleiner can rattle off a list of available scholarships, ranging from \$1000 to \$50, that makes you wonder how private schools stay in business.

Local Awards

Many local service and civic organizations offer \$50 awards to students attending Cerritos. Among them are The Grand Old Army of the Republic, Norwalk Rotary, Jewish Women's Club of Norwalk and Cerritos Faculty Wives.

Applications are available at Kleiner's office in the Administration Building. Applicants are screened and notified in the mail, usually within a month.

Trackmen End Season With Sports Banquet

The Falcon track team will finish its final lap at the annual spring sports banquet Monday at 7 p.m.

Coach Kamanski will head the special awards presentation. He will announce the team's selections for captain and most improved, most valuable and most inspirational players.

Wright Lauded In 440

Kerry Wright became Cerritos' second state track champion in the last four years when he ran 48.1 to win the 440 at Modesto in the junior college state track meet last week.

Meanwhile Gary Ordway set a new school record, throwing the discus 172'5 1/2" to place second behind Lester Mills of New Zealand. Ordway's toss was the third-best all-time discus mark registered in junior college competition. Ordway noted that the New Zealander competed in the 1960 Olympics in Australia.

Peece Qualifies In Mile
 The Falcons' only state qualifying freshman, Jim Peece, placed fifth in the mile, running 4:20.3. Cerritos' relay team of Bob Frey, Lynn Taylor, Ted Wray and Kerry Wright placed third behind College of Sequoias and San Mateo with a clocking of 3:17.5.

This showing has earned the relay team an invitation to compete in the Compton Invitational next week.

The four Falcons will be running against Pepperdine, Los Angeles State, Long Beach State, Glendale and Mt. San Antonio.

Kamanski's cindermen wound up the season second in Metropolitan dual competition, third in the Metropolitan Conference meet, tied for fifth in Southern California and seventh in the state.

Baseball Stats Reveal Strong Falcon Pitching

Going into the 1963 baseball season, coach Wally Kincaid was a little pessimistic about his pitching staff. However, the pitching staff won 28 games while losing only six.

One of the biggest surprises was performance of freshman Gary Johnson. Johnson pitched his way to six victories without a defeat. The two work horses for coach Kincaid's squad were Jack Mills and Phil Rankin.

FINAL EXAMINATION SCHEDULE (SPRING SEMESTER, 1962-1963)

Day Classes—Final examinations for all day classes, including laboratories (8 a.m.-5 p.m.) will be held according to this schedule. Examinations, except for physical education activity classes (see supplementary room schedule for physical education activity sections) will be held in the rooms used for regular class meetings.

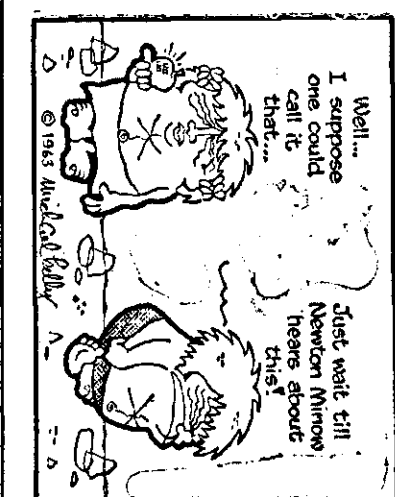

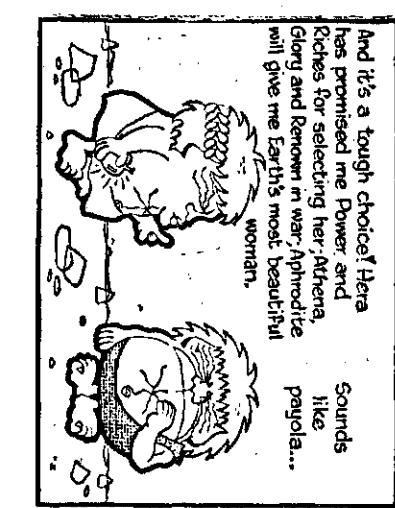

Classes which regularly meet for a double period one day and a single period another day -- e.g., 8-10T; 9 Th -- will take the final examination schedule for that hour on which the class meets both days—for above example, 9 TTh.

Police Science classes will meet for final examinations on the last class meeting of the regular semester.

Students who are unable, because of personal illness, to take examinations as scheduled must take individual arrangements with instructors involved. Notification of such illness should be made promptly to the Counseling Office in order to avoid receiving a failing grade.

Extended Day Classes (6 p.m. and after) will meet as regularly scheduled through June 12. Final examinations will be held during the last class session.

CERRITOS COLLEGE

Board Names Appointments

Coach Don Hall was named athletic director by the Board of Trustees Tuesday. Hall succeeds Eugene Martin who resigned last month.

The trustees also appointed division chairmen in the newly reorganized instructional areas. John Black, Business Division; Don Desfor, Communications; Paul Henry, Technology; William Keim, Fine Arts; and Blaze Bonazza, Humanities, were approved Tuesday.

Also included in the list of new appointees are Dr. Henry Childs, Life Sciences; Marshall "Bud" Treat, Physical Sciences, Engineering, and Mathematics; Joan Schutz, Physical Education; and Stanley Jennings, Social Sciences.

In other personnel action by the trustees, Pierre Yperman, language instructor, was granted leave of absence for the school year 1963-64.

VARIED PROGRAM

Summer Programs Offers Recreational Activity

The summer recreation program, under the direction of Joan Schutz, offers a variety of vacation activities for children and adults beginning July 1.

Registration for any of the five major recreation sections begins Saturday, June 1, in the physical education office. Cerritos instructors will supervise all classes and activities.

Dave Kamanski and John Caine will share the responsibility of the recreational activities program. Included in these activities are instruction in archery, baseball, basketball, figure control, tennis, track and field, trampoline, rhythms, weight training and miscellaneous open play.

IT'S A SONG

Musicians Share Final Exam Day With All Students

"Wouldn't It Be Lovely" to finish final exam week by listening to Jack Wheaton's voice class singing its final exam?

"One Fine Day," June 12 to be exact, in room H-2 of the Lecture Hall at 10 a.m. students and faculty reeling from final exam pressure are invited to hear these songs and "Much More," according to Wheaton.

"Rest in the Lord," Wheaton invited, and hear Terutaka Hasegawa, Sam Baron, Betty Watt, Melynda Woodson, Joan Armatage, Marie Fitzpatrick and Lorena Hohengarten perform for "My Lord and Master" Wheaton.

"Song of the Beach" will occupy their minds while also thinking of "Some Enchanted Evening" and a "Rosebud," Wheaton said.

"One Day When We Were Young," Wheaton began wistfully, oh well—there is always "Grenada" or "Finlandia" to take their thoughts away from "Bambino Caro."

"On the Street Where You Live" final exams were never like this, according to Wheaton.

Students Graduate June 9 in Stadium

A colorful academic procession, augmented by a musical prelude, will begin commencement ceremonies for more than 300 graduates June 9 at 2 p.m. in Falcon Stadium.

Dr. Robert Browning, dean of academic affairs, will present the graduating class to Cerritos President Dr. Jack W. Mears who will confer degrees and certificates of completion.

Trustee Arthur Kulzen will accept the class on behalf of the Board of Trustees.

Traditional Ceremonies
This year's commencement will be patterned after traditional ceremonies of other institutions such as USC and

UCLA. Graduates will meet at the field house at 1:30 p.m. for pre-commencement briefing. Rehearsal will be held at 3:15 p.m. June 7.

More than 500 participants will hear Dr. Irving R. Melbo, dean of the University of Southern California School of Education, speak on "The Finest Person."

Dr. Melbo is highly regarded for his direction of educational surveys throughout California and other states. Unusual foresight of educational developments has characterized his major addresses. Several have been recorded for national distribution.

Wide Experience In Education
More recently, in cooperation with a small group of American educational administrators, Dr. Melbo performed a month-long study of education in Israel for the U.S. Department of State.

He is currently chairman of the California State Board of Education Committee for the accreditation of Teacher Education.

Dean's Dinner Honors Women

Approximately 60 Cerritos women were honored for outstanding contributions to the college at the first annual "Dinner With the Dean" last Monday evening.

Dean of Women Amy Dozier spoke briefly to the group giving a "lady's analysis of woman." She encouraged the women to take advantage of their educational opportunities and to keep up their fine record of service.

Following her speech, Miss Dozier presented the women with a single red rose bud as she explained why each was being honored. The dean then presented Adviser of the Year Plaques to Joan Schutz and Frankie Gough for their outstanding work with Falconettes and CRA respectively.

Guests of honor at the dinner included Frances Siegel, prof of the year; Patti Roberts, sophomore woman of the year; Mrs. Roberts; Cecelia Navarro, freshman woman of the year; and Mrs. Navarro.

DR. IRVING R. MELBO
Graduation Speaker

In the past, Dr. Melbo has served as consultant to many state and national professional associations, legislative committees and government bodies.

'TM' Continues During Summer

Cerritos' award-winning "Talon Marks" will continue publication through summer session, adviser John Dowden announced recently.

The newspaper will be published on a bi-weekly basis, and will stress features on the college's summer program. Opportunities for staff positions as editors, reporters and photographers are unlimited, Dowden said. No pre-requisite is required.

"We have been able to develop newspaper talent during the summer session," he said, "and the courses is useful to anyone interested in improving his writing skills."

The class will meet from 6 to 8 p.m. Monday through Thursday, beginning July 1. Labeled Journalism 52, the class carries two units of credit.

Golfers To Compete In Faculty Meet

Prizes for low net, high gross, low gross and the highest gross on one hole will be given at the faculty golf tournament at Recreation Park tonight. Also to be awarded are a "lar's prize" for the most unusual shot and team prizes for high and low net.

Team captains for the faculty sportsfest include John Dowden, business and communications; Dallas Smith, technology; William Bonnycastle, humanities and social science; Bud Treat, science and engineering; Bob Horn, physical education; Bob Bos, counseling; and Al Sommers, administration. Dinner will be held following the tournament.

Campus News Briefs

"GUN HO" a new color motion picture on surfing, will be shown tomorrow and Sunday evenings at 8 p.m. at Excelsior High School according to Falcon swim coach Bob Horn. The film is sponsored by the Inland - Nu-Pike Water Polo Club which Horn advises. Tickets may be purchased at the door for \$1.50.

ALBUMS of the Bud Brisbois-Cerritos Dance Band jazz concert will be available in the Student Store if a minimum of 200 students show interest. Recordings of last year's musical production featuring clarinetist Ralph Gari with the Downey-Cerritos Wind Ensemble are available for 99 cents at the Student Store.

THE 1963 SPRING SPORTS BANQUET will host six athletic teams and their coaches Monday at 7 p.m. in the Student Center. Awards for most inspirational player, most valuable player, team captain and most improved player will be presented by the coaches of the respective teams.

Nursing Head Writes Text

"The Patient-Centered Approach to Nursing," a text book by Inice Chirco, chairman of the Cerritos vocational nursing program, went on sale in the book store Wednesday.

This text, published by the Brewster Publishing Company, was developed after a pilot program was run at Cerritos in 1959. This method has proved so successful that colleges from all over California and other states have ordered the text.

The new program differs from the older methods of teaching nursing in that subjects are now studied in relation to specific diseases.

Previously, anatomy, physiology, diet therapy, nursing care, rehabilitation and medications were all studied as separate subjects. In this new program these subjects are studied as they relate to the illnesses most common to the nine body systems.

According to Miss Chirco, student nurses have practical nursing classes every morning at Studebaker Hospital from 8 a.m. to noon and classes in theory on campus from 1 to 3 p.m.

EDITORIAL

A Prosperous Year for All...

Last week, Cerritos took time out to honor outstanding students in academics, activities, athletics and student government. Next week, over 300 sophomores will be honored as Cerritos' sixth graduating class receives Associated Arts degrees.

"Talon Marks" takes this opportunity to commend all of the students at Cerritos for the fine job they have done to promote the spirit and image of the college this year.

This has been a year of firsts that will surely set the college on the road to becoming one of the top junior colleges in the state.

The first heated election in the college's history brought many qualified students into the government. A new governmental system has been set up to provide a more democratic situation in this area. The interest shown in the recent election is definitely a sign that Cerritos is on the way to bigger and better things.

Academically, Cerritos has grown considerably. Many students will graduate with honors on Sunday. Many remain to carry on the tradition and more will enter in the fall to fill the vacancies left by the graduates.

The first year in Metropolitan League, the Falcon athletic teams have placed high against seasoned schools. Eight baseball players were named to the all-league first team. Falcon swimmers and trackmen broke several national JC records and the football team beat the rugged Renegades on their home field.

Special activities groups have added numerous trophies to the college's credit. The debate squad walked away with state and national firsts, the newspaper placed high in several state and local competitions and business students took honors in every field at their convention in Berkeley.

It is now up to all new and returning students to preserve the atmosphere of progress and leadership and not let the achievements of this year's student body go to waste.

'Odyssey' Life Tour A 'Delightful Trip'

By WILLIAM REED

"Odyssey—A Journey Through the Life of Man" was a delightful trip for the nearly 1,000 persons who saw the dance production last Thursday and Friday.

Despite the unsuitability of the gymnasium for any production except basketball, Edith Abercrombie's dance production class closed the Fine Arts Festival with a truly outstanding show.

Nearly every segment of the "Journey" was cleverly conceived and expertly performed. From the eerie pre-creation darkness through the post-life brilliance the dancers interpreted many facets of man's emotions and philosophies.

Combining music, dance and poetry with lighting and sound effects, the dancers pondered

"The Creation," and "A Time to Love - Kill - Laugh - Prophecy - Live - Reflect - and Seek Truth."

Plant Highlights Show

"A Time to Kill," with Susan Plant as Lady MacBeth, alone was worth sitting on the hard benches for almost three hours.

Miss Plant's performance was powerful and moving. Clearly the highlight of the show, the audience responded to her outstanding performance with an enthusiastic burst of applause.

Conspicuous throughout the program was the dancing talent of Muffi Bula. Adding the sparkle of quality to the entire show, she was the standout performer in every scene in which she danced.

But to list the better dancers in "Odyssey" would be to list almost everyone in the production. However, Aaron Anderson and Jeanne Buchner were particularly impressive in "Dialogue with Death."

Crew Receives Applause

Even the oft-forgotten, but highly important stage crew was applauded by the receptive audiences for excellent work under very trying conditions.

Mrs. Abercrombie presented a dance program that in a more likely theatre would rival many professional productions. But even the unbelievably poor gymnasium conditions could not dampen the enthusiasm of an audience exposed to this high quality show.

From beginning to end "Odyssey" was a fine program. It was an example of the kind of quality which if continued will make Cerritos truly the community cultural center.

ENACTING OUTMODED student attitudes toward scholarships, Ken Gomez (left) and Durwood Fowler refuse to accept a financial offering for fear of being termed, "Eggheads." Actually, many scholarships are available to students with less than a 3.0 grade point average. —Talon Marks photo by Merlin Vakoe

COUNCIL NOTES

Column Title Changes; Senate Delays Appts.

By DOROTHY CRANSTON

POST SCRIPTS: For three days, nineteen hours and twenty-two minutes, Pat Roberts, outgoing AS president, was a "woman without a country," Dean of Men Clive Grafton told the senate last Tuesday.

Her council officially ended its duties at 4:30 p.m. last Friday, but Miss Roberts was still AS president until her successor, Al Mercer, took the oath of office at 11:30 a.m. Tuesday.

The old council will soon be forgotten, most likely, The Hollywood saying "But what have you done lately?" comes to mind. Although this AS Council was the most effective and controversial even until the end, it will probably be forgotten along with last year's hem lengths and dance crazes.

"Council Notes," it seems, is outdated, too. There is no council any longer. There are no council notes. However, there is still student government. The senate and executive, although not yet complete, will look after the AS. And "Council Notes" will be remodeled. It is "Government Glimpses" now.

Senate Splits Soon

The senate witnessed the inauguration of AS President Al Mercer and AS Vice-president Jim Logan this week. The second spring meeting of the senate was underway.

Mercer soon discovered the grim fact that his policies might not go through too easily when a divided senate pondered his projected appointments and put off most approvals until next Tuesday. The only appointment approved was the chief justice recommendation of Ray Rosenbauer. He was unanimously accepted by the legislative group.

Other presidential appointments, however, did not enjoy such success. A motion to make bulk approval of the appointments was denied. A demand that appointees be present at the next session to voice their

qualifications received unanimous support.

Honeymoon Is Over

Now the honeymoon is over for Mercer and the moments of bliss lasted only three minutes: from the time of the inauguration to the calling to order of the first session of the senate.

Baseball Stats Reveal Strong Falcon Pitching

Going into the 1963 baseball season, coach Wally Kincaid was a little pessimistic about his pitching staff. However, the pitching staff won 28 games while losing only six.

One of the biggest surprises was performance of freshman Gary Johnson. Johnson pitched his way to six victories without a defeat. The two work horses for coach Kincaid's squad were Jack Mills and Phil Rankin.

FINAL EXAMINATION SCHEDULE

(SPRING SEMESTER, 1962-1963)

Day Classes—Final examinations for all day classes, including laboratories (8 a.m.-5 p.m.) will be held according to this schedule. Examinations, except for physical education activity classes (see supplementary room schedule for physical education activity sections) will be held in the rooms used for regular class meetings.

Classes which regularly meet for a double period one day and a single period another day -- e.g., 8-10T; 9 Th -- will take the final examination schedule for that hour on which the class meets both days--for above example, 9 TTh.

Police Science classes will meet for final examinations on the last class meeting of the regular semester.

Students who are unable, because of personal illness, to take examinations as scheduled must take individual arrangements with instructors involved. Notification of such illness should be made promptly to the Counseling Office in order to avoid receiving a failing grade.

Extended Day Classes (6 p.m. and after) will meet as regularly scheduled through June 12. Final examinations will be held during the last class session.

Scholarships Available To Qualified Students

By Ross Tamblin

Many will remember the day when the student on a scholarship was looked upon nearly as suspiciously as a Russian spy.

He was a real odd bird. His superior intelligence repelled his classmates. He was avoided like a hari kari instructor. Today, this is not the case.

Scholarships are no longer reserved for the mentally elite.

Scholarships Available

According to Joseph Kleiner, man of the Counseling Office, many state scholarships are available to students under 25 with a 2.5 or better grade point average.

"I wish more students would apply for the scholarships offered by the Norwalk Kiwanis, the Norwalk-La Mirada Education Association or Alpha Gamma Sigma," Kleiner says.

Kiwanis offers a \$1000 scholarship to a Cerritos graduate living in Norwalk who will attend a four-year college. Graduation from either Excelsior, Norwalk or John Glenn high school is a further stipulation.

Kleiner can rattle off a list of available scholarships, ranging from \$1000 to \$50, that makes you wonder how private schools stay in business.

Local Awards

Many local service and civic organizations offer \$50 awards to students attending Cerritos. Among them are The Grand Old Army of the Republic, Norwalk Rotary, Jewish Women's Club of Norwalk and Cerritos Faculty Wives.

Applications are available at Kleiner's office in the Administration Building. Applicants are screened and notified in the mail, usually within a month.

Trackmen End Season With Sports Banquet

The Falcon track team will finish its final lap at the annual spring sports banquet Monday at 7 p.m.

Coach Kamanski will head the special awards presentation. He will announce the team's selections for captain and most improved, most valuable and most inspirational players.

Wright Lauded in 440

Kerry Wright became Cerri-

tos' second state track champion in the last four years when he ran 48.1 to win the 440 at Modesto in the junior college state track meet last week.

Meanwhile Gary Ordway set a new school record, throwing the discus 172'3/4" to place second behind Lester Mills of New Zealand. Ordway's toss was the third-best all-time discus mark registered in junior college competition. Ordway noted that the New Zealander competed in the 1960 Olympics in Australia.

Peezo Qualifies In Mile

The Falcons' only state qualifying freshman, Jim Peezo, placed fifth in the mile, running 4:20.3. Cerritos' relay team of Bob Frey, Lynn Taylor, Ted Wray and Kerry Wright placed third behind College of Sequoias and San Mateo with a clocking of 3:17.5.

This showing has earned the relay team an invitation to compete in the Compton Invitational next week.

The four Falcons will be running against Pepperdine, Los Angeles State, Long Beach State, Glendale and Mt. San Antonio.

Kamanski's cindermen wound up the season second in Metropolitan dual competition, third in the Metropolitan Conference meet, tied for fifth in Southern California and seventh in the state.
