Norwalk, California

March 26, 1965

Baxter Leads Thurber Play In B.C. Debut

Ken Baxter and Carol Frascella were cast in leading roles in "Thurber Carnival," the spring production of the Cerritos Theatre Arts Dept.

The play, featuring "The Secret Life of Walter Mitty" and other works by James Thurber, is under the direction of Theater Arts Chairman Lee Korf. The material for the play is taken from cartoons, short stories, fables and jokes by Thurber.

The male cast includes Baxter, Larry Harper, Dean MacDonald, Mike McGowan, Dennis Graham, Jim Horn, Jim Asolas, Tim Hill, Dave Bortin, Butch Llewellyn, Jack Turner and Rey Franco.

Female roles went to Frascella, Marilyn Herman, Terry Ross, Jan Bresnahan, Rosemary Mallet, Mary Lou Frazier, Dolly Ritschel, Judy Williamson, Lorrene Dickey, Judi Farrow and Jan Kerr.

FASHIONING A LYRIC for the upcoming AWS-Faculty Wives Fashion Show are Ken Baxter and Janis Bresnahan. Mary Lou Frazier checks the script for the show, which is built around the theme of "Anna and the King of Siam." It will be presented April 2 and 3 in the Student Center.

Dale Donnell Rites Today

Funeral services will be held at 1:30 today at the Artesia Methodist Church, 18308 Pioneer Blvd., for Cerritos College Trustee Dale Donnell.

Donnell, 52, suffered a heart attack at the college Tuesday night.

Burial services will be held at the Forest Lawn Memorial Park in Cypress for the veteran trustee who is survived by his wife Margaret and three children.

Donnell was born in Waverly, Kan., and has resided in the Bloomfield and Artesia area since 1943.

A charter member of the Board, Donnell died in the Burnight Center parking lot of an apparent heart attack.

He had been visiting the campus library gathering information about a European trip he had been planning with his wife for April 2.

Donnell was taken to Studebaker Hospital by Asst. Dean of Instruction Harlan Stamm, where he was pronounced dead on arrival. He had suffered a heart attack last December and, according to doctors, was recovering rapidly.

Donnell was a candidate for re-election April 20. According

DALE DONNELL Trustee Passes

to college president Jack Mears his name will be on that ballot. Dr. Mears said that the ballots had already been printed and that they could not be reprinted at this late date.

Dr. Mears said that Donnell's untimely death was a "true tragedy." He said, "His long time contribution to public education in Southern California will be greatly missed."

Donald Desfor, Fine Arts-Communications Division chairman and personal friend of Donnell's, eulogized him as follows:

"He worked hard and openly for what he believed — beliefs that were in the interest of students, faculty, the community and society as a whole.

"As a board member he was a great friend of the teacher. Perhaps it was appropriate that Dale died on the Cerritos campus to which so much of his life was dedicated.

"We have suffered a horrible loss."

Cabinet Plans Investigation For 'Credit by Examination'

The AS Executive Cabinet passed a bill last Monday calling for the investigation of "credit by examination."

The bill, presented by Harry Polgar, proposed that a committee composed of students and Faculty members be established to investigate this possibility.

If credit by examination is brought to Cerritos a student would be able to take a comprehensive examination for a

subject, and if he passed he would receive the units normally granted for the completion of the course.

The committee for investigation would be a temporary one, and would make recommendations for further action.

The cabinet also passed a bill proposing the establishment of an academic speakers program for the "education of the Cerritos students." The bill calls for a board composed of three faculty members and three students to choose the speakers and the dates on which they will appear.

Cabinet Adviser Clive Graf-ton said that although the program does not involve controversial speakers, it does not necessarily have to be separated completely from the controversial speakers program.

Another bill presented by Polgar recommended that the picture of each candidate running for an elected office be put on the ballot. This was defeated.

Jerry Young was against this bill because:

- (1) The college would have to get rid of all of the IBM sheets that are presently being used for ballots, and,
- (2) People might be inclined to vote on "looks" only.

Quest Begins For US Hero

By RANDY GRATER "Talon Marks" is searching for the greatest living American. This quest is being made to stimulate interest in higher ideals and to call attention to Americans who have contributed greatly to America and mankind.

"Talon Marks" will accept nominations for this honor from both individual students and from the various campus organizations. The nominations must include a succinct (250-300 words) statement explaining why the nominee should be considered the "greatest living American."

Criteria Listed Factors which might be considered in selecting the "greatest living American" may include the following: 1) contribution to society, 2) rapport with American ideals, 3) sacrifices for America and mankind and 4) effect on American thought and ideals.

In endorsing their selections, students and clubs should point out the efforts, achievements and ideals of their nominee which are worthy of emulation by all Americans and which would help to create a more perfect society.

Nominations will be published by "Talon Marks" during April and May. Those seeking further information or wishing to make nominations may contact the newspaper in AC 34 between 1 and 3 p.m. daily except Thursday.

Balloting To Decide On June 4 the newspaper will publish ballot for the student body to vote on who the "greatest living American is. The results will be published June 11.

Events of this decade have shown that Americans need to evaluate and reassess their ideals. America was once a nation of idealism. Today to many it seems a nation of "I don't want to get involved," a nation of impersonality, a nation with one segment of the population pitted against the other, a nation where one American may suspect another because of his political or religious beliefs.

"Talon Marks" hopes, through this program, to help define Americanism, to find a set of ideals for Americans to follow and to rally interest in these ideals and in being an asset to society.

Debate Pair Tangi, Young Get Together

Jerry Young announced that he will be Gene Tangi's running mate in the spring presidential elections.

Young, a senator for two semesters, is the present Party Whip and vice-president of Phi Rho Pi. Tangi and Young are debate partners.

Young demands that food service be improved. It has been a problem on the Cerritos campus for three years, according to Young. He will demand another boycott if food service is not improved.

Tangi and Young say that they like the programs of the other candidates, but they don't believe those candidates can carry out their programs.

On this subject Tangi said, "We've had fine ideas in the last two years with only an image to carry them out." As a clarification, he pointed out that the controversial speakers program was a part of last year's campaign, but action on the program is only just now being considered.

Tangi concluded, "By standing up for our rights we will make the Student Government of the students, by the students and for the students."

Press Gathers At Palm Springs

A squad of nine journalists from Cerritos will join students from approximately 60 other junior colleges at the Riviera Hotel in Palm Springs. They will be there to participate in the eighth annual conference of the Journalism Association of Junior Colleges this weekend.

Fall and spring "Talon Marks" editors Cathy Longauer and Richard Price will lead the Cerritos delegation.

Journalism students will attend workshops with such professionals as Joe Bentli of KNXT's "The Big News" and Stan Progar, feature editor of the "Los Angeles Herald-Examiner."

"Talon Marks" adviser John Dowden is president of the southern section of the JAJC. Dowden and Campus Illustrated Adviser Don Desfor are mail-in contest chairman for the conference.

An overall award will be made at the conference for the best junior college newspaper in California. The judging will be based both on performances of the students in contests at the conference and on the fall and spring issues of the college newspapers.

Professional newsmen have been judging the papers in the areas of news, sports, editorials, photos and cartoons.

Other representatives are Dave Brockmann, Ralph Donald, Randy Grater, Pat Byrd and Johnny C. Snyder, "Talon Marks," and Jim Martin and Arden Alger, "Campus Illustrated."

AWS Hosts Calif. Coeds

Cerritos welcomed 350 coed delegates yesterday for the annual Associated Women Students Conference.

The women came from 32 colleges throughout the Southland for the conference which is the 40th of its kind.

AWS President Renata Cirri and Pat Tisa were co-chairmen for the conference entitled "The Many Faces of Eve." Other students assisting in the conference were Charlene Schaafsma, art coordinator; Rose Marie Melano, Jody Carroll, Judy Campbell, Sonja Beecher and Terry Jackson.

Police science fraternity Lambda Alpha Epsilon assisted in parking and greeting the delegates while Circle K assisted with the buffet dinner. Gamma Delta Phi served as workshop guides.

Platform guests for the opening session included Miss Cirri; AS President Jim Logan and Dr. Jack Mears, Cerritos president.

Workshops were held throughout the afternoon with various guest speakers. Speaking on "Eve at the Plow" were Phillis Basile; "Eve and Her Purse Strings," Marie Pound; "Eve and the Arts," Agnes Todd Miller; "Eve Looks in the Mirror," Ann Endall; and "Eve Does Her Bit," Charlene Moore.

Other topics were "Adam's Little Woman," by Dr. Dorothy Wenck; "Eve Ponders," Dr. Guy Davis; and "Eve Gets the Vote," by Frances Siegel.

AWS, Staff Wives Model at Luncheon

"Anna and the King" will be the theme of the musical fashion luncheon presented by the Cerritos College Associated Women Students and Faculty Wives. The annual fashion luncheon will be held at 12 noon Saturday, April 3, in the Student Center.

A special Associated Student preview will be held April 2. Tickets are available for either show through the Student Affairs office.

Musical scores from the Broadway musical "The King and I" will provide the background for the fashion show which will follow the buffet.

An appropriate setting of a Siam Royal Palace will be adapted by Richard Frazier and Nancy Ciacca.

Students and faculty wives will model fashions for Cele's of Norwalk, Bobbie Lynn's of Bellflower, Zella Brumley's of Downey, John and Grodan's of Artesia and Aggy's of Lake-wood.

Students who will be modeling are Nikki Corcoran, Pat Tisa, Janie Plains, Marilyn Miller, Doreen Campbell, Kathy Sparrow, Nancy Ciacca, Nancy

Christopherson, Jaynie Rice and Cec Garfield.

Faculty wives participating are Mona Kincaid, Anna Mary Mears, Gloria Powers, Rica Jennings, Linda Betz, Roberta Reece, Mary Ann Triebwasser, Anna Blaszkak and Barbara Randall.

The fashion production is under the direction of Dean of Women, Amy Dozier. Student chairmen are Pat Tisa, tickets and reservations; Janie Plains, hostesses; Charon Brandel and Mona Siegler, tickets; Dann O'Yama, waiter; Suzie Umeda, posters; Linda Lofchie, door prizes; Marcia Ruiz, wardrobe mistress; Connie Weinheimer, costumes, and Nikki Corcoran, publicity.

The faculty wives chairmen are Cathy Moses, Mary Childs, Rica Jennings, Barbara Randall, Helne Smith, Nan Aguirre, Anna Marie Blaszkak and Roberta Reece.

Renata Cirri, AWS president, will be in charge of all campus coordination for the event.

Tickets and table reservations can be made by calling extension 246. The \$4 donation will cover the buffet luncheon and a donation to the Scholarship Fund.

'Controversial' Forum Series? Logan Says 'Uncontroversial'

The proposed Cerritos College Speakers Program is still at the talking stage. The proposed program is "under discussion" in the Administrative Council, reports Henry Kormseler, member of the council and business superintendent.

The popularly styled "controversial speakers" program was passed at the Arrowhead Conference last semester. Since then it has been approved by both the AS Executive Cabinet and the Senate.

It is now under consideration in the Administrative Council. However, even if this group approves the proposal, it must still be approved by the college's Board of Trustees before the program can be instituted next year.

This program has received wide-spread support among the students. A poll taken two weeks ago indicated that students favor the program 6-1. It has also received the endorsement of various candidates in the upcoming Associated Student elections.

But there are students who are apprehensive about the proposed forum. Said one freshman, "As far as I'm concerned, they're an enemy to me and my country, and they don't have any right to be up there advocating their ideas."

This calls attention to the most controversial aspect of the proposal to date, namely, is it a program for "controversial speakers?"

Many people originally believed, as does this freshman, that the program would merely be a platform from which Nazis, Communists and other radicals could foment their peculiar dogma.

But Fred Sica, assistant to President Jim Logan, claims to be the contrary that, "There never has and ever will be a controversial speakers program."

If the proposal is approved by both the Administrative Council and the Board, there will be one program next fall and two programs the following spring. Proposed topic for the three forums will be religion, politics and race relations.

An ad hoc committee will select four speakers representing divergent viewpoints for

each program. Each speaker will be allotted 15 minutes to present his ideas. The remaining hour of the program will be spent in directing questions from the audience to the speakers.

DIANE ROSENBLUM New 'Miss Shamrock'

Miss Shamrock Crowned Here

Diane Rosenblum was crowned "Miss Shamrock" last Friday at the Saint Patrick's Day Dance in the Student Center.

Miss Rosenblum, who was sponsored by Sigma Phi Fraternity, was presented with long-stem roses and given the Chair of Honor by Dann O'Yama, president of Sigma Phi.

The dance, which was also sponsored by Sigma Phi, attracted approximately 400 students and featured the music of the "Vibrants."

Miss Shamrock's court consisted of Sharon Boyer, Karen Harlow, Marilyn Brune, Laura Herrera, Sandy Brunette, Doreen Campbell, Pat Tisa and Peggy Insley.

Miss Rosenblum, a member of Delta Phi Omega sorority, said, "I had a lot of fun and I love Sigma Phi."

Miss Shamrock was determined by the balloting of all who attended the dance.

News Briefs

SONG AND YELL LEADER practice will begin March 30 from 6 to 9 p.m. in the gym, according to Adviser Joan Schutz. Tryouts will be held April 21, she reports.

USC BUSINESS SCHOOL representative William Himstreet will be on campus March 29 to interview interested students. Appointments should be made with the Counseling Office.

WEIGHT TRAINING WILL BE OFFERED through the college's recreation program, Director Don Hall reports. The program will be offered Tuesdays and Thursdays from 6 to 9 p.m. Additional information is available through the Community Services office.

Can 'TM' Editor Express Opinion?

By RALPH DONALD
"Don't shoot the piano player, he's doing the best he can." So it is with an editor, especially the editor of this newspaper.

"TM" Editor Richard Price received vehement opposition to his editorial criticizing Coach Smokey Cates' comments to the Board of Trustees regarding his recruiting problems.

Did Price deserve such criticism?

The job of an editor is to coordinate his staff in the painstaking job of producing a newspaper. It is a difficult job, with little satisfaction but seeing the paper in print to reward his efforts.

The editor also has, in part, the job of setting the policy that the paper will follow. In this capacity, he has the privilege of commenting on the news and "calling them as he sees them." As the umpire, calling them as he sees them can lead to conflict.

Lincoln once said, "You can never please all of the people all of the time," so understandable differences of opinion are sure to arise.

"Talon Marks," in foreseeing these differences of opinion, provides a space for letters to the editor every week. In this space, one may give his opinion on the news or of comment made in the paper.

In his March 19 editorial Price stated his views regarding Coach Cates' assertions that "Talon Marks" was relying on "bad and scandalous happenings on campus." Price did not agree with Cates' comments and

stated his views in print.

However, the coach did not sit down and write a letter to the editor, rather, he accosted Price in his office and verbally tore him apart.

We can appreciate the coach's viewpoint. Yet, in addition to the letters to the editor column, if that is not pleasing to him, he could appeal the editorial to the Publications Board. The Publications Board approves the editorial policy that "Talon Marks" uses. If there is a complaint, the board will hear it.

The Publications Board was formed with this point in mind: anyone who is dissatisfied because of news coverage or the lack of it—or who feels the paper or any other campus publications has exceeded its bounds may request a hearing.

Price's right to comment has been questioned. His right to comment on the subject of football recruiting has been challenged. When the founders of our country sat down to write the first ten amendments to the Constitution of the United States, they said that "Congress should make no laws restricting freedom of the press."

Yet here on campus an editor's right to fair comment on a coach's denunciation of news coverage has been brought into question.

Not only myself but the adviser of "Talon Marks" and the editorial staff firmly backs Price's right to fair comment on the news, and if anyone disputes this right, we would appreciate a letter to the editor on this point.

• We Express Disdain

Dear Editor:
On behalf of the mature men who pledged Gamma Delta Phi, a men's social organization in good standing on the Cerritos Campus, we wish to express our complete disdain for the editorial printed in the March 19th issue of "Talon Marks."

We believe that the primary purpose of a fraternity or society is to provide the student with a well rounded social and academic college career.

We would like to state further that we have more mature men who believe this whole heartedly than any other campus organization.

We would also like to say that if you sincerely believe that these people in our student government are "mentally retarded five-year-olds" then the "Talon Marks" is in very reasonable hands.

Members of Gamma Delta Phi, Jim Logan, AS President; Jerry Smith, Sen. member and fraternity president; Rich Prater, AS President; past president, vice president, Ralph De Velle, Chairman of Activities; John Love, Fledge Class President. We could go on but there is no need. How can you possibly say that these people are irresponsible.

JERRY SMITH
President

JOHN F. LOVE
Fledge Class President
Gamma Delta Phi

• Donald a Journalist?

Dear Editor,
This letter is in regard to the editorial written by the so-called "reporter," Ralph Donald, entitled, "They Pledge."

First let me say that I do not take issue with the fact that some "greeks" do go to extremes in their pledging activities. However, not all fraternities and societies pledge in the same manner.

It seems that Mr. Donald has once again lived up to his reputation for writing on subjects about which he knows very little. In fact only three of the seven social clubs pledged openly on campus.

I must also take issue when anyone calls our campus social clubs "worthless." If this journalist (he would have learned of the many services for Cerritos and the community by Greek letter organizations.)

And, finally I must object violently when the members of said organizations are referred to as "social outcasts" and/or "imbeciles." This is such a ridiculous statement that I won't spend much time with it, except to say that I do not consider 80% of your ASCC Cabinet and many other active people on campus in either of these categories—and they are members of various social clubs.

May I ask that in the future Mr. Donald investigate and report the truth, or rebuff his space to someone who will.

LYNNE SEDEJ
Pan-Hellenic Co-Chair
Member of D. Phi O

• Encourage Exceptional, Downplay Ridicule

Dear Editor:
I would like to comment on the recent editorial in your paper to remarks credited to Mr. Cates in regards to problems in recruiting caused by controversy at Cerritos College.

We in the music area are also trying to recruit outstanding music students in our district for Cerritos College. These students are usually sought after by other schools as well because of the nature of their skills. It is extremely difficult to convince them and their parents that Cerritos is the best place for them to attend when there are rumors and innuendos about problems at Cerritos. This type of student is usually a little more concerned about his or her future and does not wish to have any taint of mediocrity or controversy surrounding their future Alma Mater.

No, controversy and editorial license will not hamper the enrollment of the type of student who cannot go anywhere else, but it will prevent the recruitment of the outstanding student to our campus.

One of the problems in Junior college is the fact that the percentage of talented and gifted students and leaders is usually below that of a four year college or university. This means that recruiting programs designed to increase the percentage of exceptional students should be given as much encouragement as possible, not subjected to childish ridicule.

I usually take back issues of the Talon Marks with me when I recruit as an example of pride in our school paper and as an objective picture of campus life and issues. I'm sorry to say that I cannot include the last issue of Talon Marks in my recruiting material for this year. JACK WHEATON
Chairman Music Department

• Fraternally Yours

Mr. Donald:
I want to congratulate you on your fine criticism of pledging, fraternities and societies. It is kind of funny about these organizations. People do join these "worthless" social clubs every semester. I don't know why, but they do. Can you tell me? I don't even know what these organizations stand for, but I know you do, don't you?

I heard that they stay in the coffee shop all day. Is that true MR. STUDENT CENTER MAJOR? They stress a 2.0 and 10 units, but that doesn't mean anything; if they fall behind in one of these categories, they can't be a member anymore, but that doesn't put any emphasis on bettering their education, does it? Or how about all the student body leaders of Cerritos College that are in fraternities and societies. Our President, our Senators, our Supreme Court Justices are all social outcasts, imbeciles, and fools, aren't they? You wouldn't want to be like them for the world, would you?

You know, I was just talking to one of those fraternity characters, and he mentioned a funny word to me, it's called brotherhood. Boy is that a laugh. Just because it's mentioned in the Bible, and the constitutions of all democratic countries, doesn't mean it's at the JUNIOR COLLEGE LEVEL, does it?

And finally, I don't like rolling eggs or peanuts with your nose either; it is just ridiculous. I would much rather go to a picnic with adults and be in a sack race, or wheel barrel race, or tug-of-war, or pie eating contest, or play checkers, or go cruising Harvey's. That is something a five year old imbecile wouldn't be ashamed of, would he? Fraternally Yours, JOHN JONES
Delta Chi Omega

• CCD's Congratulated

Dear Editor:
May I take this moment to express my gratitude and immense thanks to the Right Honourable J. Taylor Smith, the president of the California College Democrats, the Adviser to the C.C.D., and official and non-official members of the club for their stand on Dr. Martin Luther King's movement in Selma, Alabama.

By the same token, this club and its members, are to be congratulated for being diametrically and vehemently against the pitiless and indigestive treatments of the minority group in Selma, Alabama by Governor Wallace.

Realistically, my respect for the members of the C.C.D. and interest in that club has increased in dimension drastically because of their broadmindedness and thoughtfulness toward a peaceful society.

As a foreigner, I am not commenting exclusively for the fact that I have dark skin. However, I am commenting strictly as a sympathizer and as an unofficial, impartial observer if you please.

You and I are going to be the leaders of "non-race" and what significant sense would it make to hate your own fellow American citizen simply because his hair is red, brown, blue, dark, yellow, white.

In what way can you and I, supposedly the modern generation, differentiate our line of thoughts from the domestic ideology of the out-dated era? Would it be greatly profane to live in a hateful society?

In order to make this great country, America, a better place to live in, may I humbly and earnestly urge those of you concerned, "the future hope of America," to modernize your basic philosophy on the racial issue without hypocrisy.

May I again extend my deep appreciation to the members of the Democratic club on Cerritos Campus for not only showing a desire of Democracy and a mark of good leadership, but also for their intelligible concern to make America a peace loving country in the world.

H. O. OKONKO

• Player Standards Cited

Dear Editor:
Not being versed in the intricacies of newspaper and editorial policies and methods, I don't feel qualified to criticize your work. I also don't know if the remarks of Talon Marks completely reflect your views. But as a student involved in A.S.C.C. problems and many areas of Cerritos activities, perhaps my opinions would be of some value.

I would like to occasionally read something about the team along these lines:

1. Cerritos has higher eligibility requirements than other J.C.s of this area. For example:

a. M.S.A.C. requires only a 1.5 overall G.P.A. of its athletes.

b. Santa Ana requires only a 1.7 overall of its athletes. Cerritos requires a 2.0 G.P.A. overall of its athletes. The same requirements which are made of members of the A.S.C.C. SENATE. The Talon Marks editors must not meet any such requirements.

2. There are a number of Cerritos football players who manage to not only play football but to also obtain these G.P.A. in these majors.

a. Bob Muriello, 3.12 G.P.A., Social Science.

b. Bob Biggs, 2.9 G.P.A., Art.

c. Curt Hansen, 3.4 G.P.A., Social Science.

d. Gary Davis, 2.69 G.P.A., Engineering.

e. Gary Bernstein, 2.8 G.P.A., Social Science.

3. Although Cerritos wasn't a League Champ in football this year we came closer than might have been expected. For example:

a. Cerritos had a higher ratio of freshmen on the football team than anytime in her history.

b. Two of the three games lost this year were lost in the last quarter by 1 point. One was lost in the last minute.

I mention these facts not necessarily to praise the team, or to criticize Talon Marks. I mentioned them only to show that football, just as every other part of the college community has a majority of good aspects.

JERRY SMITH

ACES WILD

Hey, Sweetheart! Oh, Pardon Me Sir

By D. J. LACEY
Since the days of Adam and Eve men and women have had their differences, which until the present were grave enough so that you could tell them apart.

Days of Yore
But today with the new hair styles, for both boys and girls, the dress and the overall habits it is getting harder and harder to tell them apart.

The middle ages paced the most drastic split between the sexes. The maidens were of the frailest type and the men were brave, chivalrous and gallant.

Times have changed since the days when men were men and women were women, but what caused this change?

It began in the late 1950's when boys slacks changed to the long lean look. It was advertised that this was the masculine look, but if one looked in other store windows he would have discovered that the girls had peddlepushers, as they were called then, which were similar and supposed to show the feminine look—surely both couldn't have been right.

Slacks Tighten
The girls' slacks became tighter and sexier and the boys became tighter and more masculine but in reality they were quite similar.

So from the waist to the ankles male and female appearances began to look alike.

Then, due to a foreign import, came long hair for boys. At first it was just the floppy kind which looked like barber shops were taboo, but then the fad, went out of hand and the greasy look changed to girls' hair spray. The vanity once reserved for girls to show on their hair became common place for boys.

Some of the men's hair styles were radical allowing the hair on the neck to flip up and the hair on the side to go over the ears and hang down to the shoulders.

Footwear a Clue
Boys and girls began looking more and more alike but a good way of telling them apart was footwear. Women wore high heeled, pointed toed, patent leather shoes which added a dainty look to them while adding several inches to their height. Surely the boys would not go to this extreme, but they did!

Thousands of shoe manufacturers came out with boots with

high heels for boys with features copying the girls footwear.

The saying used to be "let's separate the men from the boys" but now it's trouble separating the boys from the girls.

We girl watchers have one hope and that is dresses. Let's hope kilts don't come in style.

My biology book tells me that a physiological difference in the male and female is blood temperature, but if it is impossible to get their blood and you are confused as to the sex of an individual, watch and see what rest room they go into.

Senate OK's Policy of Free Expression

Senator Gerald Young's policy recommendation for student academic freedom and speakers passed Wednesday at the weekly senate meeting.

Trustee Race To Be Profiled

"Talon Marks" is planning to run profiles in its next two editions designed to better acquaint its readers with the eight candidates for the Board of Trustees.

Questionnaires have been sent to each of the candidates making information which is pertinent to those who will be asked to vote April 20.

Candidates have been asked to submit a short biographical sketch, a statement of why each is running and what contributions they might make and the issues they feel are important in the campaign.

Student Awarded \$100 Scholarship

Richard Bonneau, an industrial arts teaching major at Cerritos, has recently been selected by the LA County chapter of the Calif. Industrial Education Association as a recipient of a \$100 scholarship award.

Bonneau was picked on the basis of his academic record here and a 45 minute personal interview.

He is now eligible to compete for the Southern Section scholarship award, and will be interviewed for this soon. Bonneau, a sophomore, plans to attend L.B. State College next year, majoring in industrial arts education. He would like to teach woodworking and drafting at the high school level.

The policy was approved after 90 minutes of discussion, dispute and amending procedures by a vote of 22-2.

Adviser to the student senate and Dean of Men Clive Grafton told the group, "To my knowledge, I know of no other time on any junior college campus, where an administrative body has asked a student government to study and recommend a final policy to be directed to a board of trustees. You should be proud."

The policy reads "We, the Associated Students of Cerritos College believe the following: The right to listen; the right to decide; the right to choose; the right to reject; the right to express and defend one's individual beliefs. We believe that Cerritos College exists for the purpose of education."

Young indicated that the policy was a recommendation to the Cerritos Board of Trustees showing the actual mechanics and philosophy. He further noted that the policy must be approved by the Administrative Council before it goes before the Board.

The senate also unanimously passed a bill to send a letter of condolence to the wife of Dale Donnell, the Cerritos Board of Trustees member who passed away Tuesday night.

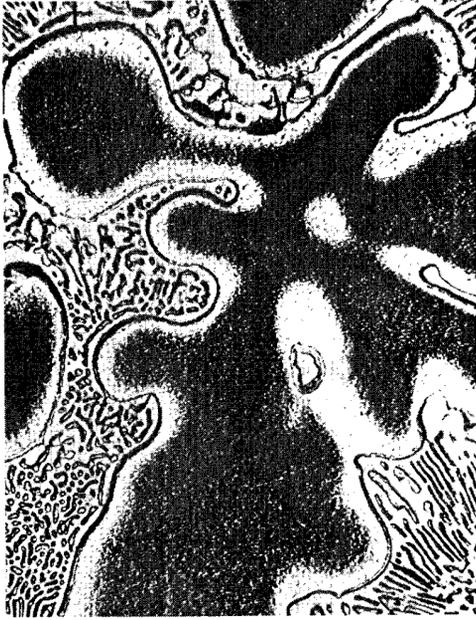

Forum Explains Cerritos Goals

The Office of Community Services and Dean of Women Amy Dozier will present "Cerritos as a Community College" in the student center Monday evening at 7:30.

The meeting is designed to better acquaint the citizens surrounding the college of its advantages and what it holds for them. Also sponsoring the meeting will be the Altrusa Club of Downey and the Soroptimist Clubs of Norwalk, Bellflower and Downey.

Featured talk of the evening will be given by Dean of Community Services, Bill Kiem. Also in the program will be four members of the award-winning debate squad who will perform a debate for the audience.

Combatants will be Nancy Weisenberg, J. Taylor Smith, Gay Little and Greg Pritchard.

NOT EXACTLY MODERN ART, but worth a lot more. The above photo, a 600X magnification of a phosphorus-copper alloy, won second place and \$125 for Cerritos metallurgy student Leroy Hackett. Other local winners in the American Society of Metals competition were Tony Ortiz, first, and Louie Hernandez, third. Students of instructor Lee Eytcheson swept the first three places in the Southern California competition, which included four-year colleges.

Sports, Contest, Crusade To Vary Week's Activities

By CATHY LONGAUER

CRA Linksters Play at Norwalk Golf Course
A co-ed tournament will be held on Monday at the Norwalk Golf Course (Rosecrans and Shoemaker). Sponsored by the College Recreation Association, all AS members are invited to participate.

Additional tournaments will be held on April 5 and 12. Interested persons may contact Rhea Gram in Office N of the Physical Education Building.

For AS members favoring the indoor sports, CRA has a co-ed bowling league which meets at Clark Center (Clark and Alondra) on Wednesday. For only \$1, students may roll 3 games from 3 to 5 p.m. This price includes ball and shoes.

A tournament is being planned in this sport.

Business Winners Travel to State Convention

Thirteen Phi Beta Lambda members will compete in the state convention being held next week-end in Anaheim. The students won four first-place, five second-place, four fourth-place and three fifth-place awards at a recent pre-state contest in Sacramento.

Entered in the tournament are Bonnie Mulder, Laura Herrera, Fran Davis, Aletha Jones, Laura Burton, Anne Peters, Ken Welch, Pat Baldrige, Fran Ciaccio, Lyle Morris, Gary Cowan, Elenor Orocco, and Lynn Mendenhall.

The club is also running candidates for state offices for next year. Students competing are Welch for president, Morris for college section president and state vice-president and Miss Herrera for recording secretary.

Students will enter nine events of parliamentary procedure, extemporaneous speaking, Mr. and Miss Future Business Teacher, Mr. and Mrs. Future Business Executive, vocabulary relay, typing and shorthand.

Plans Continue for 'Operation on the Beach'
Preparations for "Operation on the Beach" are in full swing as Josh McDowell, campus coordinator for Campus Crusade, invites all students to participate in this Easter Week event.

The purpose is to find reality in life through Jesus Christ. Beginning on April 11 and ending on the 16, meetings will be held on the Newport area beach in the daytime and at the Balboa Beach during the evening.

For further information, students may contact McDowell at 944-3820 or LA 1-6029. In addition, they may leave a note in the club box in the Student Affairs Office.

Does 13 Signify Bad Luck? Not to Falcon Speech Squad

Does "13" mean bad luck and woe? Speech members, 13 that is, are wagering that the number does not connote ill fortune as they stake weeks of preparation at the Palomar College Tournament.

Held today and tomorrow, the individual events championship is divided into five areas. Cerritos students are competing in interpretation, extemporaneous, impromptu and persuasive.

Speech Coach Juliette Venitsky will direct the Lincoln-Douglas Debates.

Casting their lots are Greg Pritchard, Gene Tangl, Richard LoCicero, Gloria Hartmann and Claire Jolley.

Also J. Taylor Smith, Bill Burgess, Jerry Young, Bob Wyman, Nancy Weisenberg, Gay Little, Jodie Milhouse and Diane Riave are competing.

In the interpretation division, the wheels of fortune are geared to the students' use of speaking and reading skills for "optimum communication of idea and feeling."

A maximum of eight minutes is allowed for the delivery of two prose or poetry selections based around a central theme.

At the extemporaneous table, squad members will work for 45 minutes on a posted topic pertaining to "Civil Rights and the Negro." Afterwards, they will give a maximum six minute speech and answer a judge's question.

Students in the impromptu, however, must make immediate wagers as they receive an editorial dealing with "International Arms Control." Only seven minutes will be allotted for two readings and a speech.

Meanwhile, in the category of persuasive, persons can cast their fate from memory, manuscript, notes or extemporaneous as they talk from a prepared manuscript which may not be more than ten percent quotations.

A grand sweepstakes award will be awarded to the top two schools. Also, students winning the first three places will be given awards.

Certificates of superior and excellent will also be presented.

A.S. Leaders Consider Plans At Area Confab

Eighteen Cerritos student government leaders considered last Saturday resolutions and recommendations made at the student government conference at Long Beach City College.

Jim Logan, president of the Associated Students of Cerritos, headed the Cerritos delegation.

The conference was divided into workshops for Presidents, Athletics; Orientation and School Spirit; Systems of Student Government; Assemblies, Lectures and Concerts; Intermural and Intercollegiate Athletics; Student Leadership and Development; Campus Organizations; Publications; and Public Relations.

The workshop on athletics voted in favor of adopting intercollegiate volleyball into Junior College athletics programs. It was also learned at this workshop that Cerritos has one of the stiffest eligibility requirements for athletics in the state.

For instance, Mt. Sac requires only a 1.5 grade point average to compete in sports, while Cerritos requires a 2.0 average. Santa Ana requires that the athlete have but a 1.7 average.

In other action, the workshop for campus organizations recommended that social service organizations be allowed on all Junior college campuses, and the publications workshop suggested that student publications such as year books be included in the Student Body fees.

Forum to Study Student Woes

"The Competitive Grading System and Student Neurosis" will be the topic of discussion during the second session of the Long Beach Unitarian Church's Spring Forum Series scheduled for tonight at 8.

Dr. Isidore Ziferstein, M.D., a noted Los Angeles psychiatrist, will be featured on a panel of three experts who will debate the question of the failure of capable students.

Dr. George Demos, associate dean of counseling and testing at Long Beach State College, will be the panel moderator.

According to Darwin Thorpe, chairman of the forum committee, audience participation will be a scheduled part of the forum. The public is invited to attend free of charge.

Location of the event is the Unitarian Church Social Hall, 5450 Atherton St. in Long Beach.

Winners Named In Art Exhibit

The winners of the second annual Invitational High Schools Art Exhibit were announced earlier this week by Art Gallery Director Rudolph Aguirre.

Awards were given in five categories as well as a special award, a Grand Sweepstakes award and Honorable Mention awards.

Head of the Art Dept., Melvin Wood was the sole judge for the contest. Wood picked first, second and third in each category and 11 honorable mention winners.

Sweepstakes went to Marsha Moore of Norwalk High, who also won the "Crafts" division. Other first-place winners were: Connie Gullart of Artesia High, "Painting"; Wally Merrill, of Norwalk High, "Sculpture"; Sharon Woolley, of Norwalk High, "Commercial"; Jeff Blankenbeckler, of La Mirada High, "Graphics."

The exhibit will conclude tonight at 9 p.m.

Horsehidiers Away For Metro Crucials

By PAT LEVENS
With his pitching rotation somewhat in an uproar, Coach Wally Kincaid will send his diamondmen into a weekend of work that will make or break them. The Falcons will again face Long Beach City at Blair Field today and on Saturday face Bakersfield. On Tuesday Cerritos will entertain Valley in their third Metro contest in a row.

Already conquering Long Beach, 5-1, and Valley, 16-5 the Falcons shouldn't have too much trouble in planning another defeat on both of the squads, but Bakersfield will be a horse of another color.

The Renegades are reputed to have their finest team in years and with Larry McDowell, their fight handed mound ace, could spell trouble for Cerritos pennant hopes. McDowell now stands at 4-0 with a brace two-hitters to his credit.

Kincaid's pitching rotation, however, is every questionable. Mike Paul has already faced Long Beach three times in the past two years and Bobby Vaughn has faced Valley twice this season and won both times. More than likely Kincaid will throw Paul on Friday against the Vikes Tuesday and use Vaughn for Bakersfield.

Last week Cerritos stretched their second win streak to six games before Whittier College knocked them off, 8-3 on Saturday. On Friday the local nine traveled to El Camino and hand-

ed the Warriors a 13-3 pasting to move into undisputed position of first place.

Big innings for the first place club were the 4th and 5th which saw the Metropolitan Conference bridesmaids score 5 runs both times.

In the 4th on back-to-back singles by Dick Butler, followed by Bill Ralston, Craig Scoggins, John Treece and Serian Stepanian followed by a round tripper by Lou Ortega produced a 8-3 margin. A bunt single by Chuck Ramshaw and three singles by Ralston, Paul and Scoggins gave the Falcons enough runs to be undisputed conference leaders.

After winning their opening Conference decision over Long Beach City, Coach Pat Tyne's tankmen lost a close 50-45 verdict to Santa Monica.

For the second week in a row Cerritos was led by the performances of Mike Bryant. Bryant churned to win the 200-yard freestyle and the 500-yard freestyle in times of 1:53.2 and 5:22.6.

Falcon Jon Van Cleave swam the 50-yard freestyle in a time of 22.5. Van Cleave, down with the flu during the week, only placed fourth in the 500-yard freestyle which in part resulted in Cerritos being nosed out for the victory.

Today the aquamen will battle Bakersfield College at 3 p.m. in the Falcon pool.

The Renegades, resting in third place along with Cerritos, will be boasting a squad of three All-Americans. The three are lettermen Bob Boyer, Bart Alford, and Gary Gallon.

Boyer is the holder of the national record in the 50-yard freestyle and placed a close second to Olympic Medal winner Gary Ilman in the 100-yard freestyle.

Alford and Gallon earned All-American honors in swimming on the Gade relay team which finished second in the state last year. Both swim the freestyle distances.

AMOS ALONZO STAGG, the "Grand Old Man" of football seen with Athletic Director Don Hall when the football giant helped Hall at Stockton College in 1958. Stagg was 102 when he passed away last week.

AMOS ALONZO STAGG

Hall Recalls Years With Grid Great

By DEAN GROSE
Community Service Office
Everytime the pigskin is snapped to the quarterback, the spirit of the "Grand Old Man" of football will be right at the scrimmage line coaching for the decency and honesty of football.

Cerritos College Athletic Director Don Hall is one who will also live with the memories of Amos Alonzo Stagg each time he sees a football in action.

Stagg, who died at the age of 102 last week in Stockton, served as an assistant coach to Hall from 1954 to '59 when Hall was the head coach at Stockton College.

"Although he was getting along in years," Hall remembers, "he did an excellent job. He used to talk to the team before the game and during the halftime. He would always tell them to be intense."

"The Grand Old Man," as he has come to be known, worked for Hall as a "dollar-a-year" man. He donated his time to the sport

and was paid one dollar per year because of legal technicalities on insurance for the coaching staff.

Stagg wanted to become a minister, according to Hall, however he felt he was not a good enough speaker. He felt he could still teach Christianity by developing kids and coaching. Stagg used to say that "whenever I pray the hardest, I play the hardest."

Stagg was constantly answering questionnaires on football and supplying information about the sport. He contributed such things as knee pads, the tackling dummy, onside kick, short punt formation, the huddle, wind sprints, fake punt and place kick, practice field lights, the charging sled, the numbering of players and cross blocking.

"He was probably the most inventive man in football," Hall said. In 1898 Stagg was the first to pull his center back to help with the linebacking chores, thus establishing the six-man line."

Stagg never drank nor smoked and he refused to speak at a function where alcoholic beverages were present. He never believed in professional athletics, Hall concluded.

IN THE WIND

Paul Leads Falcon Chuckers

By DAVE BROCKMANN
It won't be rough!
It is not going to be too big of a task to choose the leading hurler on this season's baseball squad. It looks as sophomore Mike Paul will run away with all honors.

In his senior year at Pius X High School in Downey, he was selected as the "Most Valuable Player" in the Catholic league. This was just the beginning.

Last year as a freshman Paul entered the Cerritos record books with four individual efforts.

At the beginning of the Metro campaign in 1964 the Falcon ace held a 0.52 earned run average, far below many of the Falcons veteran moundmen.

Against Santa Monica and East Los Angeles the lefty whiffed 12 batters which was good as third best for most strikeouts in one game. The two chuckers ahead of Paul were Phil Rankin and Jack Milks. Rankin had 13 in 1963 as Milks provided 16 in the same year.

The following week against Bakersfield Paul threw a four-hitter and won the game, 14-1. After the last out had been made to conclude the 1964 season he was selected to the second team All-Metro with an 8-2 overall record.

In conference statistics, things look bright. Paul pitched to four conference victories, which tied Gary Johnson in 1963, Dick

Wantz in 1960, and Bill Bailly in 1959. Johnson wiped out his record by winning five last term.

The biggest feat which Paul established was that of most strikeouts. The southpaw obtained 66 and was followed by Jack Milks with 64. For a freshman this was outstanding.

MIKE PAUL
Pitching WHIZ

One of the lesser achievements was that he chucked a total of 50 2/3 inning only to be topped by Gary Johnson with 60.

At the Santa Maria journey this year Paul pitched 18 2/3 innings striking out 24 batters and gave up but one earned run for a 0.57 ERA.

Linkmen Host Santa Monica

The Cerritos linksters teed off the second round of their Metro Conference schedule today playing host to Santa Monica at Los Coyotes Country Club.

Cerritos' fairwaymen last week putted their way to a 27-27 conference tie against LBCC on the Falcon's home course.

Buzz Knyal captured scoring honors for Cerritos with an 80.

In earlier action, the linksmen dropped a close match to El Camino at the Palos Verdes Country Club. The six-man squad came out on the short end of a 32-22 tally.

Trackmen Duel Monarchs; Storm by Huskies, 100-36

Hoping to stretch its win streak to three meets in a row the Falcon track club travels to L.A. Valley today to battle the always strong Monarchs.

With a Metro dual meet record of 2-1, the Falcon cindermen were warned by Coach Dave Kamanski that a maximum effort would be needed to contend with the Monarchs.

Last Friday, the East L.A. track squad, plagued by injuries and ineligibilities, fell to Cerritos, 100-36.

Leading the way for the local cindermen was Bill Massey who won two events and was the anchorman for the two winning relay teams.

Massey set a new school and meet mark in the 220 as he toured the distance in 22.2 and set a new meet record in the 100 in 10 flat. The 440 relay team also set a new meet mark in 42.7. The other members of the foursome were Mike Volgt, Butch Linn and Ron Nordchow. Massey also anchored the mile relay team which won in 3:25.4.

Linn also mashed a col-

lege mark in the 330 intermediate hurdles as he nosed out old record-holder John Hertzberg in a fast 39.3.

Another meet record went to Tom Budds in the high jump as the Falcon ace leaped 6'4 1/2" and Larry Thomas won the 440 in meet record time of 50.2.

Dennis Born won his events with fine marks of 49'5" in the shot put and spinning the platter 139'3" in the discus.

Other winning performance came in the long jump as Mike Payne leaped 21'10 1/2" to garner the five points offered for first place.

The Valley-Cerritos dual meet records are as follows:

100—Harville (V)	9.7	1963
220—Davis (V)	21.9	1964
440—Wright (C)	49.4	1963
880—Fendia (C)	104.2	1964
1 Mile—Murray (V)	4:20.1	1964
2 Mile—Peezo (C)	9:48.9	1964
1500 M—Irons (V)	14.6	1963
320 LH—Irons (V)	38.6	1964
Mile Relay—(Valley)	3:20.2	1964
410 Relay—CERRITOS	42.8	1964
Pole Vault—Sherman (C)	13'6"	1964
High Jump—Burrell (V)	6'6"	1963
Shot Put—Rose, P. (C)	51'8 1/2"	1964
Discus—Ordway (C)	137'7 1/2"	1963
Long Jump—Harville (V)	22'2"	1962
Triple Jump—Zotter (V)	44'7"	1964

Fast Scores: Cerritos 62, Valley 14
1964 Cerritos 66, Valley 56
1963 Cerritos 1-1 against Valley

WHAT'S NEW IN THE BOOKSTORE

By GLADYS BALZER

A fabulous collection of ART POSTERS has arrived and is on display in the Bookstore. We have seldom seen such a wide variety of subjects, ranging from TRAVEL posters (the Portofino picture makes you want to be there) to Nursery - Fairy tale themes. There are beautiful Chinese panels and exciting Bullfight scenes. Old cars, old sailing ships, old cities - they are all included in this collection. We're pretty proud of the PRICE, too - just \$1.00! If you've shopped for Art Prints at all, you know this is a real find.

Ever seen a really good FIFTY-CENT PAPERBACK book? Not too often in these days of spiraling prices. We have found some fine ones from International Pocket Li-

brary; the range is wide and the size is small to correspond with the tiny price. Here are a few titles noted at random: IBANEZ; The Last Lion (and other tales); TAGORE: Gitanjali; deMAUPASSANT: Mile, Fifi (and others); WILDE: The Importance of Being Earnest; FIVE MODERN PLAYS - O'Neil, Maeterlinck, Lord Dunsany and others.

COME ON IN AND BROWSE!
8-4 Daily; 5:30-9 Mon.-Thurs.

"Special of the Month"
3 CARROT RING

Great anxiety for business, brought about by the profit motive, has caused us at DANIEL'S JEWELERS to offer to students and staff of Cerritos a special discount on all of our jewelry items. While we won't give things away at cost, we will cut our profit considerably by allowing a 20 per cent discount on any diamond merchandise or ring in our store and a 15 per cent discount on watches. Such scrupulous tactics will increase our volume to a point where we will have increased volume. Economists tell us this can be important.

When entering through the charming facade of our store, please have some student or staff I.D. card with you. We don't indulge in such price shaving for everyone. For those on a college budget we have an extra special program. Come on in and our friendly salesmen will cry for you. If you don't want any jewelry, come on in anyway. Salesmen cannot live on tears alone. We will extend credit to students and staff. If you want a \$500 ring for your girl, we will happily sell you a \$150 ring and allow you your entire purchase price back when you have reached the pinnacle of success.
