MORE THAN \$400 IN MERCHANDISE was stolen Wednesday morning from the College Bookstore. Above, manager Gladys Balzer demonstrates how her office door was opened once the vandals gained entry by smashing glass in the side entryway. —Talon Marks Photo

Burglars Rob Book Store

By RALPH DONALD
Talon Marks News Editor

The Cerritos Book Store and Coffee Shop were burglarized early Wednesday morning. An estimated \$400 was taken from the Book Store, said Gladys Balzer, Book Store manager.

The glass emergency door of the store was smashed to gain entrance.

"All of our jewelry, including one diamond ring were taken," said Mrs. Balzer. Also taken were two drafting sets, valued at \$30. "It was obviously done by a group of young people because they didn't touch our large safe and they broke into the candy and cigarette ma-

chines," Mrs. Balzer declared.

In addition, socks and sweat-shirts were taken from the Book Store. "A security safe in my office was tampered with but not opened," the manager said. The Book Store office containing the safe was entered by smashing the glass wall enclosing the office. Mrs. Balzer's desk was rifled, but nothing was taken.

"The burglary is a great loss to the Associated Students, because we have no insurance to cover the losses. It will take a great deal of sales to make up the deficit," concluded Mrs. Balzer.

"The two front doors to the

Coffee Shop and Cafeteria complex were smashed and the vending machines were broken into," said Nelson Brown, manager of Nationwide Food Service, the company that staffs and supplies the Student Center.

Brown said that it was probably the work of juvenile vandals. "An older group would have taken the vending machines instead of stealing the small amount of money inside," said Brown.

One of the coffee shop waitresses was the first to discover the damage. However, Nationwide baker John Wright said, "I heard noises about four in the morning, but I thought it was

one of the custodians."

Wright said he was used to hearing noises at night, but that custodians are present and he "didn't think a thing of it."

Regarding the Book Store, Mrs. Balzer said, "I don't know how much it would cost to install a burglar alarm in the store, but this has happened before and it should not be allowed to happen again."

Mrs. Balzer said that four years before vandals broke into the store and "They did just about the same thing as this time."

Police are investigating Wednesday's incident.

Tangi Quits Justice Post

Chief Justice of the Supreme Court Gene Tangi has resigned. Tangi has also withdrawn from the upcoming AS presidential race and will terminate his stay at Cerritos in June.

According to student government sources, Tangi has scholarship offers from the University of Southern California and Los Angeles State College.

The official quoted Tangi as saying that these were the type of offers a person does not turn down when thinking of his future.

Tangi refused comment until later today when he will issue a statement.

Cerritos Forensic Squad Wins Sweepstakes... Again

"The Falcon Forensic squad proved once and for all that it could lead the pack of all colleges in a championship caliber tournament," declared speech coach Juliette Venitsky.

Speech Coach William Lewis added that this was the first time students won the sweepstakes in this type of contest against four year colleges.

Speech members captured a total of 62 points and brought back 10 trophies from Spring Individual Events Tournament at Palomar College.

Additional sweepstakes points were contributed by Gloria Hartmann, fourth place and excellent in both impromptu and extemporaneous and Claire Jolley who won fifth place and excellent in these divisions.

Bob Wyman captured a superior certificate in impromptu. Greg Pritchard won excellent in impromptu and extemporaneous and Jodie Milhouse netted an excellent in persuasion.

Colleges coming in behind Cerritos were University of Calif. at Santa Barbara with 37 points, Cal State at San Diego with 35 points, UCLA with 31 points and followed by some 20 other colleges (13 of which were junior colleges).

The squad is now preparing to retain the state title of junior college champs at next week-end's tournament to be held at Stockton College. There will be separate men's and women's division as there was at Palomar.

Individual events will be held in addition to debate. The squad of 14 will leave on Wednesday with advisers Mrs. Venitsky, Lewis and Dean of Women Amy Dozier.

Grafton Vows Cutback In '65-66 A.S. Spending

"We're going to do some serious cutting back," reported Dean of Men Clive Grafton while discussing the 1965-66 Associated Student Budget.

A committee of five is presently formulating a budget for the next school year. The committee is composed of Grafton, Chief Accountant and Controller Donald K. Young, AS President Jim Logan, AS Treasurer Kathy Denessen and Senator Les Woodson.

that any new program or any program not bringing in revenue will have to be given careful scrutiny.

NEW CANDIDATE

Smith States Office Hopes

The latest candidate in the campaign for ASCC president is Jerry Smith. Sandy Brunett will run as Smith's running mate.

Already announced for president are Bob Hobdy and Rich Frazier.

Smith, a senator, is the senate sergeant at arms and a member of the senate rules committee. He is also a member of the Faculty-Administration-Student Committee for increased faculty participation in student activities.

Chairman of the Pan Hellenic Council, Smith founded the Gamma Delta Phi fraternity. He has been its president for two semesters. He is on the ICC Executive Board.

In listing certain tenets which they plan to use as guide lines for action, if elected, the duo asserted that "the best communicative agent on the college campus is the student himself."

They said, "Student government is not an activity. It's work, and nothing less."

"We believe . . . that the college student should be brought into contact with as many good aspects of the total college program as possible," they added.

Smith is considering the creation of a communications system in the Student Center to supplement "Talon Marks" in disseminating information to the student body.

JUSTICE GENE TANGI
Resigns Post, Quits Race

Office Seekers Must File Soon

Elections will be held to fill 34 senate seats and the posts of president and vice-president on May 21.

Jerry Smith, Bob Hobdy and Rich Frazier have announced plans to run for AS President. However, no one has yet filed to have their names placed on the ballot, reports Dean of Men Clive Grafton.

Candidates for president and vice-president of the Associated Students run as a ticket, as do candidates for national and state political offices.

Students running for a senate seat must have at least a 2.0 average. Presidential and vice-presidential candidates must have at least a 2.25 average.

Students who want to run for these offices must fill out and return a petition before their names can be placed on the ballot. Petitions may be obtained in the Student Affairs Office. Potential candidates need ten student signatures to file for office.

The last student elections indicated strong apathy towards elections and students government. Out of almost 3400 students eligible to vote only 270 students voted.

The executive cabinet is appointed by the new president. Seats on the supreme court are appointed for a maximum of six semesters as they are vacated.

Trustees Fill Board Post; Offer Mears 4-Yr. Contract

By RICHARD PRICE
"Talon Marks" Editor

Cerritos College President Jack W. Mears was given a new four year contract at Tuesday night's Board of Trustees meeting.

Trustee Arthur Kulzer moved that Dr. Mears present contract be cancelled as of June 30 and that he be rehired at an annual salary of not less than \$25,500 for a four-year period.

The new contract came with a year yet to run on Dr. Mears' present contract. Board President, Curtis Paxman, commended the work which Dr. Mears has accomplished during the past three years.

Trustee Les Nottingham requested an executive session to discuss the new contract. Following a 30-minute closed meeting, Nottingham cast the only dissenting vote.

When questioned after the meeting, Nottingham would only say, "I thought it was a little bit premature."

In other business Leon Richards, 60, was appointed by the board to fill the vacancy created by the death of Dale Donnell March 23.

Richards, from the same Artesia-Bloomfield area as Donnell, is a retired pharmacist. He owned and operated a drug store in Artesia. He received his degree in pharmacy from the University of Washington and later taught at the University of Montana. He later served as Dean of Howard Baptist College in Birmingham, Ala.

Dr. Richards is a past president of the Bloomfield Elementary District school board, Artesia Rotary Club and the Hawaiian Garden Chamber of Commerce.

After being nominated by Nottingham and approved unanimously, Dr. Richards was sworn in by Henry F. Korsmeier, college business manager.

In other action the board also passed a resolution which makes available \$2675 to study the practicability and need for a class in prosthetic-orthotics.

A class of this kind would teach students how to build artificial limbs and braces for

polio victims, amputees and others.

According to Korsmeier there is a great need for this program, as there is at present only one other junior college offering such a program.

"If we can get the people interested in taking this class and if we can get some financial help from the federal government this program will be a great benefit," Korsmeier said.

polio victims, amputees and others.

According to Korsmeier there is a great need for this program, as there is at present only one other junior college offering such a program.

"If we can get the people interested in taking this class and if we can get some financial help from the federal government this program will be a great benefit," Korsmeier said.

SIGNING THE OATH OF OFFICE is new Cerritos College trustee Leon Richards, appointed Tuesday to the vacancy created by the death of Dale Donnell. At right is Asst. Superintendent Henry F. Korsmeier. —Cerritos College Photo

News Briefs

STUDENTS PLANNING TO ENROLL for the fall semester of 1965-66 should see their counselor immediately and obtain a pre-plan. May registration will be open only to those students who have obtained a pre-plan.

TODAY IS THE DEADLINE for all petitions for graduation. Petitions may be found in the Admissions Office. ALL students wishing an AA degree in June must apply.

A PUBLIC HEARING on increasing the Cerritos Board of Trustees from five to seven members will be held April 6 at 8 p.m. in the Student Center. Voters will ballot on this issue April 20.

FASHION SHOW TICKETS are still available in the Student Affairs office for tonight's "Fashion Dessert" preview and tomorrow's luncheon. The AWS and Faculty Wives are sponsoring the show, based on "The King And I".

EDITORIAL

Time for Vietnam Showdown Is Here

The time has come! No longer can the United States remain aloof in Vietnam. At the time of this writing there are 20 people dead, two Americans, as the result of a Communist Terrorist's bomb.

For too long have we been taking abuses such as Tuesday's bombing of our embassy in Saigon, with no more reprisal than a diplomatic hand slapping.

In recent times in Vietnam, US planes have been bombing the North on a regular basis. This is indeed commendable action, but it is now clear such attacks are not enough.

The time has come for further action against the Vietminh in the form of more direct American action.

We must now begin bombing Hanoi and the rest of North Vietnam until such a date that the Vietminh cease hostilities and show a willingness to live in harmony with the South.

If this is not done not only will the United States lose what respect we have left, but we will lose many more casualties and eventually the war itself.

If this action is taken many of us could find ourselves dodging Communist bullets in the rice paddies of Haiphong, Hue and Tourane. Many will not come back... alive.

Is the decision ours? Unfortunately, this is not the case. We made our decision in the last election and we can only pray that the President will act in America's best interests.

Only a full scale attack seems to be the solution to the conflict we are now engaged in. Johnson should send the bombers in now.

—RICHARD PRICE

The Greatest Living American

Billy Graham

EDITOR'S NOTE: The following article begins a "Talon Marks" series to find the "Greatest Living American." Many citizens may be deservng of this title. In the coming weeks, the campus newspaper will publish nominations submitted by individuals or campus organizations in this space. See Page 1 for details.

I nominate Billy Graham as the greatest living American. This man truly knows the meaning of dedication. If ever God gave a man insight into man's immortal soul and a feeling of goodness to all man, Billy Graham is endowed as no other.

His Christian beliefs encompass the entire scope of human awareness. The basic American ideals of the importance of the individual, equality of man and the rights of all men are cornerstones of his creed.

This life is a beautiful meaningful offering to the Christian belief. He treats every man like a brother and equal. Graham's brilliance and devotion as a teacher and minister have made him welcome everywhere.

Besides speaking to countless Americans, Graham has traveled to three mote districts of Africa and India, suffering many hardships, none of which dissuaded him from his purpose.

He is often ill, but his matchless faith sustains him when the pain is greatest. As long as there are ignorant souls who need to be enlightened, Graham will continue his crusade.

This one man has swayed more people than any other in modern times. His contribution to society is a betterment of the foundation on which our society rests. He betters man and man's relations with his peers. It is overwhelming to think of the great number of lives he has touched.

People flock to hear him: some because they are curious, other because they wish to learn and still other because they are in need of help. Each of them leaves through a different door than the one he entered, having profited by this indefatigable man's deep understanding of man's needs.

Billy Graham is, in my mind, the greatest living American, and, like the greatest man that ever lived, Jesus Christ, is dedicated to raising the dead of sin and healing the sickness that plagues man's soul today.

RUSTLINGS

'Investigate Recruiting,' Says Prof

Dear Editor: I was shocked and dismayed to hear, first from an athletic representative, and then one from music, that Cerritos engages in the "recruitment" of students. Somehow or other I was under the impression that our prime duty was to serve the needs of those students that voluntarily come to us and not beat the bushes for "reluctant dragons." It might be interesting to find just exactly what the inducements are that are made in this recruiting activity.

I come from a big midwestern university where certain recruitment practices break out periodically in such scandals as to overwhelm the campus with their odor. Perhaps it would be wise for such a body as the Academic Senate to investigate the issue of recruitment, with particular concern to find if as much effort is made to attract the academically talented as for those that primarily contribute to public entertainment.

WHAT PRICE GLORY

James Bond Heroine Leads To Editor Exit

By RICHARD PRICE

The ouster of the editor of the Delta State College (Cleveland, Miss.) newspaper for what the president of the college called a "sordid headline" on a review of a James Bond movie has brought responses from other Southern newspapers and one Norwalk College paper.

Jack Steele, executive editor of "Miss Delta," was fired by Dr. James W. Ewing for a headline appearing in the Jan. 12 issue.

Ewing said in a statement that Steele had "assumed complete responsibility" for the headline which he said was "uncalled for, sordid and beneath the dignity of college or professional journalism."

Eric Smith, columnist for the "Technique," Georgia Institute of Technology, said:

"The actual headline under question was over a review of movies in the area. 'Goldfinger' was one of the movies reviewed and the headline stated, 'Pussy Galore Typical of James Bond's Girls.' For this, an editor was removed from his post.

The Supreme Court and the U.S. Postal Service have ruled on the areas encompassed by pornography, and apparently 'Pussy Galore' passed the test because the film and tone of literature dealing with it has passed through the mail.

"Some of the more 'sordid' publications in which it appeared were 'Time,' 'Newsweek' and the 'Technique.'"

The "Auburn Plainsman," Auburn University, Auburn, Alabama, said:

"Although a reprimand is possible in order, this is absurd grounds for dismissal of an editor. The reasons obviously go much deeper.

"Barnes Carr, the new editor, put things in a better perspective. The 'Miss Delta,' Carr reports, has 'on occasion attacked the administration and some of its policies,' and has 'pushed for more public and open discussion on campus of controversial topics.'"

"I believe freedom of expression to be essential to the academic community," Carr said, "but attempts at open-mindedness and moderation only resulted in the newspaper being branded as negative and anti-conservative."

"There may be some hidden legitimate reasons for the action of Delta State, but we are familiar with many other cases on dismissal or extreme pressure in which the newspaper's only crime was not going along with the 'established order.'"

Richard Price, editor of Talon Marks says: "In this action against the editor, Dr. Ewing has only added importance to the incident. Unfortunately some college administrations attempt to manage the news and buy more unfavorable notoriety as a result.

"This is one problem we have not had with our administration at Cerritos. We are indeed fortunate that 'Talon Marks' writers have the freedom that we will enjoy in working as professional journalists."

THE GRATER SOCIETY

Speakers Program Informs Collegian

By RANDY GRATER

Last semester it was it was charged that Cerritos is just a "glorified high school with ash trays." The charge was debated and adjudged false. Yet it is still not certain whether the Cerritos Board of Trustees want the college to be more than just a "high school with ash trays," for it is still not known if they will approve the student proposed speakers programs.

Colleges and universities have been, through the ages, centers of cosmopolitanism. The collegian is supposed to be much more concerned with the problems and issues confronting society than are other segments of society. They are supposed to be mature and intelligent enough not to need the intellectual codding of a high school student.

The collegian should be shaping his ideas and formulating his philosophy. He is to be tomorrow's leader. But a cosmopolitan atmosphere, not a provincial one, is needed for this.

Last fall Cerritos was a part of this tradition of concern for more than the immediate problems of college life.

In conjunction with the election campaign, a series was presented which brought speakers to the campus to debate and discuss partisan politics.

According to popular tradition, public interest in politics is limited largely to election time. However, student inter-

est in the issues confronting society did not wane after the election was over.

On the contrary, a speakers program was proposed by students. The program, which would deal with certain perennially controversial topics, is the natural continuation of the fall political series.

The student body endorsed the program 6-1 in a recent poll.

The ASCC cabinet and senate have approved this measure.

However, despite strong student interest, despite cabinet and senate approval and despite the fact that it is a student financed program, there is no certainty that the program will be allowed.

Both the Administrative Council and the Board of Trustees must approve of the program first. If they fail to approve the proposed program, there will be no speakers series.

The student body and community will be deprived of a beneficial, cosmopolitanizing influence.

Therefore, if Cerritos seems like a "high school with ash trays" next year, it will not be because the students are not ambitious. It will be because those who control Cerritos either underestimate the intellectual capacities of the students or want the college to be just a "high school with ash trays."

IS EUROPE?

College life is such a busy one, what with learning the Maxixe, attending public executions, and walking our cheetahs, that perhaps we find ourselves sometimes neglecting our studies. Therefore this column, normally a vehicle for innocent tomfoolery, will occasionally forego levity to offer a quick survey course in one of the learned disciplines. Today, for an opener, we will discuss Modern European History.

Strictly defined, Modern European History covers the history of Europe from January 1, 1904, to the present. However, in order to provide employment for more teachers, the course has been moved back to the Age of Pericles, or the Renaissance, as it is better known as.

The single most important fact to remember about Modern European History is the emergence of Prussia. As we all know, Prussia was originally called Russia. The "P" was purchased from Persia in 1874 for \$24 and Manhattan Island. This later became known as Guy Fawkes Day.

Persia without a "P" was of course called Ersia. This so embarrassed the natives that they changed the name of the country to Iran. This led to a rash of name changing. Mesopotamia became Iraq, Schleswig-Holstein became Saxe-Coburg, Bosnia-Herzegovina became Cleveland. There was even talk about changing the name of stable old England, but it was forgotten when the little princes escaped from the Tower and invented James Watt. This later became known as the Missouri Compromise.

Only last week he invented the German short-haired pointer.

Meanwhile Johann Gutenberg was quietly inventing the printing press, for which we may all be grateful, believe you me. Why grateful? I'll tell you why: Because without Gutenberg's invention you would not have this newspaper to read and you might never learn that Personna Stainless Steel Razor Blades are now available in two varieties—the regular double-edge blade we have all come to know and love, and the new Personna Injector Blade. Users of injector razors have grown morose in recent years, even sullen, and who can blame them? How would you feel if you were denied the speed and comfort and durability and truth and beauty of Personna Stainless Steel shaving? Not very jolly, I'll wager! But injector shavers may now rejoice—indeed all shavers may—for whether you remove your whiskers regularly or injectively, there is a Personna blade for you—a Personna Stainless Steel Blade which will give you more luxury shaves than Beep-Beep or any other brand you might name. If by chance you don't agree, the makers of Personna will gladly buy you a pack of any brand you think is better.

Yes, friends, we may all be grateful to Johann Gutenberg for inventing the means to spread this great news about Personna. The next time you're in Frankfurt-am-Main, why don't you drop in and say thanks to Mr. Gutenberg? He is elderly—403 years last birthday—but still quite active in his laboratory. Only last week he invented the German short-haired pointer.

But I digress. Returning to Modern European History, let us now examine that ever-popular favorite, France.

France, as we all know, is divided into several Departments. There is the Police Department, the Fire Department, the Gas and Water Department, and the Bureau of Weights and Measures. There is also Madame Pompadour, but that is a dirty story and is taught only to graduate students.

Finally we take up Italy—the newest European nation. Italy did not become a unified state until 1848 when Garibaldi, Cavour, and Victor Emmanuel threw three coins in the Trevi Fountain. This lovely gesture so enchanted all of Europe that Metternich traded Parma to Talleyrand for Mad Ludwig of Bavaria. Then everybody waitzied till dawn and then, tired but happy, they started the Thirty Years War. This later became known as Pitt the Younger.

Space does not permit me to tell you any more about Modern European History. Aren't you glad?

© 1965, Max Schulman

And aren't you glad you tried Personna® Blades? You'll be even gladder when you try the perfect companion to Personna: new Burma Shave®. It soaks rings around any other lather!

"Special of the Month" 3 CARROT RING. Great anxiety for business, brought about by the profit motive, has caused us at DANIEL'S JEWELERS to offer to students and staff of Cerritos a special discount on all of our jewelry items. While we won't give things away at cost, we will cut our profit considerably by allowing a 20 per cent discount on any diamond merchandise or ring in our store and a 15 per cent discount on watches. Such scrupulous tactics will increase our volume to a point where we will have increased volume. Economists tell us this can be important.

ALONDRA SPEED SHOP. 11819 E. Alondra Blvd. NORWALK, CALIFORNIA. Image of a person riding a horse.

TELETRAINER TIME—Business student Scarkino controls the console of the Business Dept.'s "teletrainer," a device developed by Pacific Telephone to teach secretarial students good telephone practice. "Skits" demonstrating common business conversations are produced by these students, audited by the class and critiqued by the instructor. Talon Marks Photo

'Teletrainer' Is New Aid in Business Classes

Miss Jones: "Hello."
Mr. Smith: "Yeah, gimme Brown."
Miss Jones: "What department is he in?"
Mr. Smith: "I dunno."
How does a secretary handle such a caller? Learning to use the telephone effectively is the purpose of the teletrainer, which is used in the legal and technical secretary classes.

III students and persons in the MDTA program utilize this equipment which is provided by the telephone company.
Speaking over the two phones, students place a call through the "operator" who uses a pseudo-switchboard.
A typical lesson includes a "bad" text dialogue, the correct method and class discussions. Since the calls are recorded through a console, aspiring secretaries are also able to hear themselves.

According to Instructor Mary Lou Weidman, "Your voice is your personality over the telephone." She points out that a secretary should identify her company, state her name and above all be courteous.
Other rules include speaking directly into the phone, being organized and never attempting to talk while there is food in the mouth.

Tone of voice and pronunciation is also important, added Mrs. Weidman.
During the class, students may gain experience in handling complaints, taking an order or a message and even how to obtain a job interview.
Since the average secretary utilizes a telephone at least once an hour, lessons in such communication are essential, concluded Mrs. Weidman.

Executive Cabinet Studies Vote of Confidence for 'TM'

The AS Executive Cabinet tabled for further discussion Monday a bill which would have the cabinet go on record as supporting the editorial policy of "Talon Marks."
The bill, introduced by AS President Jim Logan, states, "Talon Marks' has proved itself to be an outstanding publication of statewide and national stature, and . . . in a series of controversies the newspaper printed those things which were true and a matter of public record."
The bill would have supported, through the cabinet and senate, the right of "Talon Marks" to print those things which are news and those things which are facts, and support fully the right of the editor to stand above the pressures of any force.

necessity of having it now. I'm not sure I fully understand the bill, and I would like to give it more thought and study." The bill will be brought up again at the next Cabinet meeting.
Another bill, passed by the Cabinet, stated that the Executive Cabinet and the Senate go on record as being in complete support of (state) Senate bill 778. If this bill passes the state senate, it will be mandatory for all students to buy a student card if 2/3 of the voting students at an election approve of it.
The bill will go to the Senate for approval.

Lynne Sedej, AS vice president, voiced her opposition to the bill. "I just don't see any need for it," she said. "Future problems may come up if for instance, the student government tried to get a student government column in the paper. Since the student government supports the paper, it should have the right to do this. However, if the editor objected there would be little we could do, if we passed the bill as it now is."
The motion to table the bill was made by Ralph Te Velde, who said, "I can't see any ne-

'Saggitarian' Out In April

"The Saggitarian," the Cerritos "magazine of ideas," will be on sale the latter part of April, announced Allan Siegel, "Saggitarian" adviser. The magazine will cost 25 cents along with the appropriate ticket from the student AS ticket book.
In explaining the purpose of the magazine, Siegel said, "We are a literary magazine only insofar as we are a magazine of ideas. We want the job of stimulating interest in ideas and discussion, but you (the student) must supply us with the materials."
"We will publish anything the students write, as long as the idea of the article overshadows the way it is written," said Siegel.
"We have the job of presenting the ideas which are currently animating the larger society," he concluded.
"We should learn to know our enemy, so we let the Communists and Nazis speak and be answered."

MUSIC REVIEW

Piano Duo Awes Crowd

By Bill Brittain
"This was a wonderful audience to perform before," said Ferrante of Ferrante and Teicher after their captivating performance last week in the Cerritos gymnasium.
"We are very pleased that we were asked to play at Cerritos," Teicher added.
The huge audience of 1500 left standing room only in the Falcon gym and sat and listened in awe at the pair of master pianists. The audience was astonished as Ferrante would play the background music and Teicher would play the lead, and then smoothly switch to Ferrante playing the foreground and Teicher playing the back.
The pair opened the show with several selections from the opera "Carmen." They went on to play other Broadway hits including "My Fair Lady."
They also played several of their own hits such as "Exodus" and their new hit from the movie "The Greatest Story Ever Told."
The first million seller album was also played by the duo, "Theme from the Apartment."
Hits of Henry Mancini were also selected by Ferrante and Teicher as they played "Moon River" and the "Theme from Peter Gunn."
One of the highlights of the evening was the South American sequence where the artists attached devices to their piano strings to invoke the sounds of bongo drums and a bass fiddle.
Selections from "Bolero" were also played.
Dean Grose of the College's Community Services office said the show was "great."

ARDON ALGER
New 'CI' Editor

Alger To Head '65 Magazine

Ardon Alger, a photography major, has been appointed editor of "Campus Illustrated," according to Don Desfor, Fine Arts and Communications chairman.
Published by the Publications Photography class, the pictorial magazine will feature the illustrated story of Cerritos campus life.
Desfor said, "Alger has demonstrated an ability and interest in photography, and has shown a talent in working with his peers. I am sure that he will do a good job."
Alger was selected from several students of the photography class who applied for the post.
The members of the staff are Jim Martin, Tom Polley, Bill Bristol, Jerry Tucker, Gary Shinnfield and John Snyder.
The semi-annual magazine, which will appear in June, will be enlarged this year and will feature more pictures and less written material.
Any students who have interesting photos of the Cerritos scene are welcome to submit them to the magazine for publication.

Band To Play Music Clinic

The Cerritos Stage Band will present a stage band clinic at the Music Educators National Conference in April at Long Beach.
The Cerritos group was the only stage band organization invited to present this type of clinic.
Most of the music that will be performed by the band was arranged by Director Jack Wheaton and members of the Stage Band.

ROTC Set For JC Sophs

ROTC programs are being established on a two-year basis for the benefit of junior college students continuing their education at a four-year institution.
A "retainer pay" of \$40 per month can be earned in Navy, Marine and Air Force programs. The NROTC leads to a commission as an Ensign in the U.S. Naval Reserve or a second lieutenant in the U.S. Marine Corps.
The AFROTC program also culminates in a commission and offers flight training for those interested.
The military obligation is satisfied by both programs.
Sophomores interested in the Navy-Marine program should contact the Navy Recruiter at 13915 Pioneer Boulevard, Norwalk. The telephone number is UN 3-3616.

A special six-week training program will be held at UCLA this summer for NROTC. The AFROTC summer training program will be held Saturdays at USC this summer.

Those interested in the AFROTC must take an exam on April 10 or May 1. Further information and application forms can be obtained from Don Sirlani in the Counseling Office.

Four Harvest JAJC Awards

Five awards were won by journalism students at the two-day Journalism Association of Junior Colleges convention held in Palm Springs last weekend. Sixty junior colleges attended.
Four of the awards were won in the "write-in" portion of the contest. "Talon Marks" won first place in "Continuing Campaign" for its support of the Space, Science and Technology Show. This category involves a series of related stories and pictures focusing on a single problem.

Joe Segura, "Talon Marks" news editor last semester, placed second in "Front Page Make-up." Dean Grose, photo editor last semester, placed third in both "Campus Life Photography" and "Photographic Series."

In "On the Spot Photography," held at the convention, photo editor Johnny C. Snyder placed third.

The Sweepstakes trophy was won by L.A. Valley with six first places.

CLUB NOTES

Counter Spies Talk, AGS Tutors As Other Clubs Trek to Confabs

By CATHY LONGAUER

Phi Beta Lambda members are traveling to the state convention which begins in Anaheim today.
At this week-end event, an oral examination will be administered and winners will be eligible to compete at the national tournament in Chicago.
The business club students entering are Bonnie Mulder, Laura Herrera, Fran Davis, Aletha Jones, Laura Burton, Anne Peters, Ken Welch, Pat Baldrige, Fran Ciaccio, Lyle Morris, Gary Cowan, Elenor Orozco and Lynn Mendenhall.
They will enter nine events. The club is also running candidates for state offices next year. Students competing are Welch for president, Morris for college section president and state vice-president and Miss Herrera for recording secretary.
Nello Di Corpo is club adviser.

AGS MEMBERS WILL TUTOR

Students who belong to Alpha Gamma Sigma and would like to tutor should contact Mage Coto in the Student Affairs Office.
During up-coming meetings, members of this honorary scholastic society will plan activities.

HOME ECS TRAVEL TO SPRINGS

At a special Home Economics meeting Tuesday, members discussed next week-end's convention at Palm Springs.
Attending are Kathy Ulrich, Vaughna Doyle, Linda Du-Lac, Sandy Stewart, Barbara Gulich, Marie Hackett, Vicki Kain and club adviser Ruth Laidlaw. The workshops will cover such topics as nutrition and family and child care.
During Tuesday's meeting, Marsha Burwell was named as telephone chairman. The constitution was also discussed.
The next scheduled meeting is Tuesday at which time students will plan an exhibit for the Space, Science and Technology Show.

WOULD YOU JOIN THE COMMUNIST PARTY?

Could you live for five years as a Communist while secretly cooperating with the Federal Bureau of Investigation? Marion and Paul Miller will relate their experiences as counter spies on April 16 in the Student Center.
Tickets are now on sale in the Student Activities Office for \$1 per person and 50 cents for AS members. Tickets will also be available at the door.
Sponsored by the Young Republicans, the program will feature the couple's descriptions of the emotional and physical hardships during the time they worked for the FBI.
The Communist organization they infiltrated was the red front organization called, "The Los Angeles Committee for the Protection of the Foreign Born."

FACULTY NOTES

Cerritos Faculty Active In Extra-Curricular Affairs

By PAT LEVENS

Class has ended and the prof leaves and the students think, "Well, I guess he's going back to his office until his next class."
Not so at Cerritos for the Falcon faculty has been more than active in their off-campus endeavors.
This week Dean of Admissions and Records Ed Wagner added the title of 1965-66 President of the Bellflower Rotary to his growing list of achievements. Wagner, however, isn't the only Rotary President on the faculty as Math, Science and Engineering Division Chairman Marshall Treat serves as 1964-65 President of the Artesia Rotary.
"Talon Marks" adviser John Dowden was notified this week that he is a nominee for the Western District's "Outstanding Newspaper Adviser" award of the National Council of College Publications Advisers. He also serves as president of the Southern Section of the Journalism Association of Junior Colleges and state vice-president of the JAJC.

"TIMES" BORROWS INSTRUCTORS

The Los Angeles "Times" borrowed two members of the fine arts division to help them with last Sunday's edition. Drama instructor Lee Korf reviewed Arthur Miller's new play, "Incident at Vichy," for the "Calendar" section, while commercial art instructor Roland Shutt made a ceramic bottle which appears in a photograph on p. 57 of the "Home" section.

FACULTY HITS CONVENTION TRAIL

Football mentor Smokey Cates leaves for Tulsa University in Oklahoma, to observe the Missouri Valley Champs in spring practice April 12. Most active conventioner is Dean of Men Clive Grafton, who attends three conferences in the next two months, including a trip to Palm Springs to advise student government members at the California Junior College Student Government Association convention. Dean of Women Amy Dozier is also leaving campus in April, going to Stockton for the junior college speech championships.

TEACHERS TAKING SABATICALS

Receiving sabbatical leaves for the fall semester are Dorris Boardman, department chairman of chemistry; John Caine, counselor; Lee Korf, drama department chairman and Oscar Littleton, English instructor. Mrs. Boardman will study at Cal State, Long Beach for an administrative credential, while Caine is going to Colorado State College to work on a doctorate in education. Working on a doctorate in the field of Theatre Arts at UCLA is Korf. Littleton will study in the field of linguistics and grammar at Cal State, Long Beach.
Math instructor and part-time softball star Jack Randall will be on a leave of absence for next year to study on a National Science Foundation faculty fellowship. Science Instructor William Stanley received an extension of his leave to continue as science adviser at Cameroon College of Arts and Sciences at West Cameroon, Africa.
History instructor Dick James Scott, currently on a sabbatical himself, presented the school with \$716.15 worth of history volumes for the library. Scott is studying at Cal State, Fullerton, on the graduate level in art to prepare to teach art history here in the fall.

IN THE WIND

A Need For Women's Track

By DAVE BROCKMANN

The need for the advancement in women's track and field in the United States is at its greatest.

From the records produced by the Yanks at the last Olympics games in Tokyo, at which American women only won three individual events, something should be done immediately to improve American participation in this sport.

At the last Russian-American meeting, the Soviet Union edged the American women 59-48.

What is wrong with the distaff side in U.S. track and field?

At the present time many individual track clubs are in existence to fulfill the need for the athletically minded girl. But is this really enough? What is needed for the advancement of women's track and field is on the junior college and college levels.

Cerritos is fortunate to be one step ahead of the pack. Instructor Diana Gallardo is working with Cerritos coeds and others to develop women's track and field.

Track and field is not new for the experienced Gallardo. In 1959-60 she was the AAU Southern Pacific 880-meter champion.

In the 1960 Olympics, she competed with a broken foot for the Los Angeles Spartan Track Club. At the time she held the national title.

Through the work of Miss Gallardo and others, the worlds of women's track and field was growing in importance, but participation was limited to track clubs and not colleges.

The reasons for this is simple. Girls are not motivated to work for a physical goal. The few who do show any interest or drive seldom show any promise of being successful.

"Track clubs and college organizations should be community recreation facilities. Not only track should be stressed but all physical activities, such as softball, volleyball, tennis and badminton. These would produce a well rounded athlete," Miss Gallardo said.

Another major problem is the mental block women possess on the track, she reported. "They do not feel competent as competitors. But this could be overcome with sufficient training and building of the mind," she added.

In most track clubs, men acquire the job of coaching the women, which does not always work out as the best means of teaching.

Miss Gallardo said, "The United States will do no better in the next Olympics, excluding the sprint events. Women's track tends to be ranked low when actually it is a first class activity."

This attitude towards women's track and field will be hard to overcome. Many schools do not offer any program and the outlook seems to be bleak for greater emphasis.

"Women should not be afraid to participate in track. It emphasizes the same fundamentals of running, jumping, and throwing that made women fit in ancient times. A girl can participate and still retain her femininity," she concluded.

UP, UP AND AWAY—A CRA sponsored women's track and field team will compete tomorrow in a Southern Pacific AAU meet here beginning at 12:30 p.m. Above, a coed practices her broad-jumping technique.

Women Tracksters Prime For Opener

By DAVE BROCKMANN
"TM" Sports Editor

For the past three years on the Cerritos Campus many new interesting athletic activities have been added for student participation. One beginning its fourth year is women's track and field.

First Program
The Cerritos program was initiated by Frances Wakefield in 1961. The interest of the program grew to be one of the highest in any sport on the Norwalk campus.

By the time the track and field season had reached the half way mark, Cerritos sponsored a first. Under the direction of Wakefield the Falcons held the first junior college women's track meet in the State.

The meet drew 10 schools from the area with 10 to 15 athletes on a team.

"The outcome was so successful that the program was given a second date the next year. Since that opening date three years ago junior college track and field for women has grown each year," said Wakefield.

Great Things
This year great things are expected from the girls at Cerritos. The only difference from the opening date and this season is a new coach. Handling the squad will be Diana Gallardo. Many individuals feel the sport should be left to the men and the girls should participate in other athletic activities. Gallardo has other intentions.

Under Gallardo's leadership the CRA sponsored squad has been preparing for tomorrow's AAU Southern Pacific meet at Cerritos and the Junior College-University of Southern California meet on May 21 at Mount San Antonio College.

Better Times
"The girls should do a lot better than last year in the meets we will enter. But as of yet we have not begun to work as a team," remarked Gallardo.

The girls participate in the same events as the men except

for the differences in the field events. In the field events women use just half the amount of weight the men use. Thus for the discus the weight is 2.3 as to the shot puts eight pounds.

"The times in practice have not really come around as of yet but meet conditions should give the girls something added to bring down the marks," stated Gallardo.

Standouts so far in the young season have been Emily Powell, Pam Porter, Ann Tipton, Romney Ruiz, and Elenor Yanez. Powell has sprinted the 100 in 13.0 with Porter and Tipton pushing the shot put and discus in the 40 and 140 foot areas.

Ruiz and Yanez have gone over the hurdles in times of 18.5.

Gallardo added, "The girls have been improving weekly and should produce to be the top JC teams in the State. We still have one major problem in that we need more girls to participate."

Tyne's Swimmers Breeze To Second Place Metro Tie

With over 100 spectators looking on, the Cerritos tankmen swam to an impressive 54-37 victory over visiting Bakersfield last Friday. Today Coach Pat Tyne's swimmers will try to upset conference leaders LA Valley at 3 p.m.

For LA Valley things look bright for a Metropolitan title. The Monarchs have an undefeated mark of 4-0 and soundly defeated Santa Monica last week,

36-39. The Corsairs were undefeated until that time.

Valley Tough

"Valley will be strong in the specialty events and we should be able to win the crawl and the freestyle events, but they will probably top us," said Tyne.

The Falcon swimmers will be the last Metro team to try and stop the Monarchs. "We'll plan to make it real interesting," added Tyne.

Bakersfield, a better team than the score actually produced, fell down in most areas which lead to their trouncing by the Cerritos aquamen.

"It was a most outstanding meet. There wasn't one man who didn't do his fastest time of the year," commented Tyne.

Van Cleave Soars

The high point of the day was the performances of Jon Van Cleave in the 50 and 100-yard freestyle. Van Cleave won both races on the judges decisions in times of 22.3 and 49.2. The victories came over Renegade Bob Boyer, one of the top men in the state.

Falcon Mike Bryant swam to dual victories in the 200-yard freestyle and the 500-yard freestyle in times of 1:54.0 and 5:28.3. Diver Larry Andreason won both the 1 meter and 3 meter events on the final dive of the day.

Tourneys Open CRA Activities

Are you a person who wants to participate in some sort of athletic activity and don't want to be on a team, then the Cerritos College Recreation Association is for you.

The CRA opened a full slate of activities this past week with the first round of golf on the Norwalk course being completed.

Over 23 entries have participated with the second and third rounds slated for the next two Mondays. The best two out of three scores will be accumulated for the tournament championship.

Badminton Tourney

Today will mark the closing of the Southern California Junior College Women's Badminton Tournament in the Falcon Gym.

The tourney opened yesterday with 32 JC's entered. The schools sent their best players in singles and doubles play.

Matches will begin at 1:00 and run until 5:00 p.m.

Rolling Along

For the bowlers on campus the CRA is featuring a bowling tournament schedule for the month of April and concluding in the later part of May.

Action will take place at Clark Center in Bellflower with teams of three bowlers. Bowling will be done from 3-5 p.m. with only a \$1 charge.

The Bowling center will furnish the balls and shoes and provide instructions.

Last weekend the CRA cabinet journeyed to Asilomar, near Monterey, for a conference to discuss with other junior colleges in the state their programs in recreational activities.

Night Training

Cerritos is now offering an evening recreation weight training program each Tuesday and Thursday from 6 to 9 p.m.

According to Athletic Director, Don Hall, the facilities will be located in the concession building located north of the baseball field.

All interested persons are invited to participate in the program with shower and locker facilities available.

Horsehiders Remain Unbeaten in Metro Play

Netmen Roll To Cellar; Eye Huskies

BY DAVE RAUSCH

The Falcon netters will host a weak East L.A. squad today in a match on the Cerritos home courts.

In last Friday's action, a true to form Cerritos tennis team dropped a smearing 7 1/2-1 1/2 Metropolitan Conference match to second place LA Valley on the winners home courts.

Frant All Alone

No. 5 man Frank Frant, grabbed the only point earned by the Falcon netmen. He battled Fred Imhoff of the Monarchs for a hard-to-come by 14-12 singles set victory. Frant had split the first two sets with his foe, 5-7 8-6.

The half-point which figured in the final tally came as a result of a cancelled doubles match.

Jelusic Falls

Gary Jelusic, No. 1 man on the Cerritos squad came close to victory but the game wasn't horsehoes and he lost two sets out of three to Monarch ace Bill Rombeau.

The team's loss was the seventh of the aging season in as many contests and dropped the Falcons deeper into the Metro Conference cellar.

Since the beginning of the season, coach Ray Pascoe has cited the failure of Jelusic, Cleghorn, Macias and Hobbs to win as the major reason for the teams dismal showing.

"We also lack depth," Pascoe said. "If the league cellar isn't depth, nothing is!"

The Good Ship Falcon is sinking rapidly; perhaps they deserve a berth in the Davey Jones League!

ADDING ONE MORE RUN to the long end of a 7-2 score over L.A. Valley Tuesday is Dick Butler. The Kincaid-coached nine faces East Los Angeles here at 2:30 this afternoon.

—Talon Marks Photo

Tracksters Outlung Valley; Face El Camino Here Today

Running past L.A. Valley 84-51 last Friday the Falcon tracksters play host to El Camino's Warriors today at 2:30.

The meet will mark the Falcon's fifth Metro dual meet of the season. The Dave Kamanski coached Falcons boast a conference record of 3-1 with the only setback going to the hands of Bakersfield in the Metro opener.

Lack Strength

The Warriors, who lack overall strength and depth, have depended upon their conference standouts as key pointmakers. Warrior pole vaulter Greg Miguel heads the list with an early season leap of 15 ft. Doug Hall, the El Camino 880 ace, will give the Falcon's Les Fendia a run for his money in the half and Kevin Sherlock of the Indian squad will vie for top honors in the hurdle events and the long jump.

Two events that might be interesting will be the mile and two mile runs as the visitors will pit distance man Steve Dunlap against the Falcon's fine gasper Mike Seamans.

Eight Firsts

In the runaway last Friday the Falcons plainly overpowered the Monarchs as the third-clads split the victories down the middle with eight apiece, but the Falcons depth paid off as the Kamanskimen garnered 21 second and third places.

Fendia and Seamans were the only double winners of the meet. Fendia won the 880 in 1:59.3 and tied with Seamans in the mile run at 4:32. Seamans came back to win the two mile in 10:81.1.

Foursome Romp

The Falcons 440 foursome win

of Mike Voigt, Butch Linn, Ron Nordschow and Bill Massey blasted through in 42.4. The Falcons still await the return of Rod Ferguson today who has been out with a muscle pull. This will be Ferguson's first meet since the Bakersfield encounter.

High jumper Tom Budds and high hurdler Paul Pargen won their events handsly. Budds leaped 6'4 1/2" and Pargen topped the ten timbers in 15.1.

The Falcon mile relay team won in a fair time of 3:25.4. Paul Molnar won the pole vault with an effort of 11'9".

The Cerritos-El Camino dual meet records are as follows:

Event	Team	Time
100-Jett	EC	9.7
200-Hale	CC	22.8
400-Wright	CC	48.9
800-Pendia	CC	1:57.2
1600-Rizzor	EC	4:21.6
Two Mile-Fernandes	CC	9:41.0
1200 HH-Brittain	CC	15.1
330 Im H-Sherlock	EC	39.6
440 Relay-Hale, McDonald, Nordschow, Herold	CC	43.0
Mile Relay	EC	3:23.3
P.V.-Parson	CC	14'4"
HJ-Curtis	CC	6'9"
SP-Rose, P.	CC	53' 1/2"
Discus-Ordway	CC	104' 5/8"
LJ-Ascoleas	EC	21' 9"
Triple Jump	EC	42' 2"
Rodderow	CC	43' 2"

A SOLID DOUBLE ADDS to the conference average of Falcon catcher Serian Stephanian, shown above rounding first base. Stephanian is hitting .500 in conference play.

—Talon Marks Photo

Vaughn, Stephanian Lead Falcon Sackers

They say you need a formula to win any game in modern athletics and baseball mentor Wally Kincaid has done just that. Molding backstop Serian Stephanian and flyhawk Lon Ortega into a two man wrecking crew with the bat, the Falcons have cropped eight straight conference wins.

Also the maturing of hurlers Bobby Vaughn and all-star southpaw Mike Paul have helped considerably along the road.

Paul Shines

Friday against Long Beach, the building All-American Paul pitched perhaps his finest game of the season cutting the plate with major-league accuracy. Besides pitching the Falcons to the 6-2 victory the former Plus X star went two for three at the plate with a pair of rbis.

This week the Falcons will be at home for two encounters facing East L.A. this afternoon at 2:30 and then hosting Santa Ana on Monday again at 2:30. Santa Ana is one of three teams which has defeated the Falcons this season pinning two on them at the Santa Maria tournament in late February.

Little Threat

The Huskies pose little threat with the exception of overconfidence for Cerritos. In their last meeting the Falcons easily popped off an 8-3 win with freshman ace Bobby Vaughn turning the trick.

A round tripper by Craig Scoggins and a booming triple by Ortega put the Huskies 1-0 lead to shame in the top of the fifth and the Falcon coasted from then on. More than likely it will again be Vaughn on the mound against East L.A. with perhaps Steve Wright earning the call against Santa Ana splitting the chores with Paul.

East L.A. used Jim Trenary in last month's meetings, but Coach Bob Hertel is expected to use his ace Larry Jernegan, a tough right-hander with a lot of speed.

Strike-Outs

In their other week-end game the Falcons thumped Bakers-

field 11-1 behind a record breaking 17 strike-outs by righthander Bobby Vaughn. "He threw the ball as fast as I have ever seen him," said Kincaid of his right-handed stalwart.

With a 4-0 lead after the first inning by virtue of a grand-slammer by Ortega the Falcons coasted until the fourth inning when they struck for six runs. No less than five batters had two or more hits for Cerritos in the contest. Vaughn with 137 pitches thrown by the eighth inning was relieved by Mike Mery in the ninth.

"Armenian Arm"

Little heard-of from backstop Serian Stephanian has been the backbone of the squad this season. Stepping into All-American Marshall Adair's shoes the "Armenian Arm" has done more than fill them; he enlarged them to about a size 20.

Hitting exactly .500 in conference play Stephanian has been the man with the timely hits, walks, stolen bases which have started the ball rolling for the Falcons. His most impressive statistic however is a little known one, The diminutive ex-Montebello star has an on-base average of .629 which is phenomenal. The statistic is computed from the number of times at bat and this is divided into the number of times the batter appears on base by hits, walks, etc.

Also stroking the ball well are center-fielder Craig Scoggins (.309), John Treece (.361) and shortstop Dick Butler (.344). In the pitching department Paul leads the Earned Run department with a 1.08 stat, while Vaughn sports a 7-0 record and 53 strike-outs. Vaughn also leads in innings pitched with 54, while iceman reliever Louie Bratcher leads with two saves.

With 10 more games to go in conference action the Falcons look like they may take all of the marbles, but they will have to fight over confidence because most of the wins have come with relative ease over their opponents.

REVIEWING AWS CONVENTION HIGHLIGHTS are Cerritos AWS President Renata Cirri, left, Glendale College's Cheryl Sutton, and AWS Adviser Amy Dozler. More than 350 coeds from 32 colleges attended sessions on "The Many Faces of Eve," held here last Thursday. —Cerritos College Photo

Cerritos '70' Holds H.S. Choir Program

The Cerritos College Concert Choir of 70 voices will host a festival of inspirational music which will bring together choirs from nine local high schools.

Over 600 singers will be involved, each choir performing alone, then featuring a finale of three combined numbers in which all choirs combine voices.

Frank Pooler, director of the California State College — Long Beach Choir, will conduct the massed numbers, "Lead Thou Me" by Gustav Schreck, "Trust Thou in God," by Felix Mendelssohn and one of Pooler's compositions, "Thou Art Worthy."

Stan Porter, director of the Cerritos College Choir, has announced that the following high school choirs will participate:

Artesia High School, Joan Jelum, director; Bellflower High School, Del Carver, director; Downey High School, Jan Walta, director; Excelsior High School, John Herbst, director.

Also John Glenn High School, Velma Horvath, director; La Mirada High School, John Brock, Jr., director; Mayfair High School, Jean Staudigal, director; William Neff High School, William Kirk, director and Norwalk High School, James Weidmann, director.

The program next Thursday

night at 8 p.m. in the gym is open to the public without charge.

Arts Assn. Hosts Meet

The Cerritos Fine Arts Association held its second annual workshop here last Saturday. The meeting was held in the Student Center.

"The purpose of the workshop," says Rudolph Aguirre, Cerritos Gallery director, "is to affiliate local citizens with fine arts projects and programs."

The five-hour program included art displays, drama presentations and musical features.

Commenting on the small-size crowd on hand for the conclave, Aguirre said, "The size of the crowd is irrelevant. The fact that all those present were deeply interested in the program and benefitted from it was of sole importance."

Aguirre added, "The Cerritos College community is deeply concerned with bringing events of culture of this type to their own area. I am sure that the workshop will be a success in many years to come as it was this year."

"WHENEVER I'M AFRAID" sings Mary Lou Frazier as she rehearses her role for "Anna and the King," the AWS-Faculty Wives Fashion Show. A "fashion dessert" preview for students will be presented tonight in the Student Center, and will be followed by a fashion luncheon tomorrow. Tickets are available in the Student Affairs office. —Talon Marks Photo by Johnny C. Snyder

College Forum

A debate between a college president and a student will highlight the third in a series of forums sponsored by the Long Beach Unitarian Church. The forum, to be held at 8 this evening at 5450 Atherton St. in Long Beach. President of the Young Democrats at Cal State Long Beach Anthony Profumo and Compton College President Foster Davidoff will debate "Who Should Govern Our Colleges?"

B of A Honors Students

Two Cerritos College students were honored on March 19 at a banquet sponsored by the Bank of America.

Mike Torres, accounting major, and Ann Tack, secretary major, were each awarded \$200 cash awards for excellence in their fields.

The awards were given by Robert Rasmussen, Bank of America public relations director.

"The awards are given each year to students in southern junior colleges who excel in business education," said John

Black, Business Chairman.

The two students were chosen by business department faculty members. Requirements include, maintaining a "B" or better average, 30 completed units and major in business.

Thirty-seven junior colleges from San Diego to Santa Maria were represented at the banquet, which was held at the Beverly Hilton Hotel.

Cerritos representatives included Dr. and Mrs. Jack Mears, Black and his mother, Miss Tack and her mother and Torres and his wife.

YR's, CCD's Taught Parents Too, Siegel

"We are educating the kids to educate the parents" said Frances Siegel, adviser to the Cerritos Collegiate Democrats, in a recent interview on the significance of political organizations on campus.

Miss Siegel feels that joint meetings of the political groups on campus should be held to discuss important political issues.

"To get more students interested in politics is the goal of the Young Republicans of Cerritos College," said club adviser George Sealey.

Sealey feels that working for freedom whether the Democrats or Republicans win is an idea to be installed in the Cerritos student body.

Both organizations feel that the place of political clubs on campus is to promote interest in politics and to get more students active in political functions and professions. "To arouse and channel the interest of the student is a very important thing," said Miss Siegel.

The CCD's are trying to bring together like-minded people and

to provide background for those interested in politics from an educational angle. Siegel also feels that more impromptu and coffee shop type discussions should be conducted for the good of all interested students. They would also like to see clubs tackle pressing issues which confront them and everyone in general.

The YR's are striving to get everyone to work harder in the next election as the scars of the previous election begin to heal. They are presently engaged in an all out membership drive to maintain a substantial membership during the slack political period, said Sealey.

Both clubs plan to bring in outside speakers, show films and take field trips to points of political interest during this semester. They will also discuss important political issues vital to their respective parties.

The YR's meet on the second and fourth Tuesday of the month at 11 a.m. in LH 6, while the CCD's meet on the same days, and time in AC 33.

A message of importance to sophomore men

If you've got what it takes to be an Army Officer, you may qualify for this new on-campus training program

A new Army ROTC program starts this coming Summer for sophomore men who apply prior to May 1—only 3,000 applicants to be accepted

If you're a sophomore now attending one of the 247 colleges and universities that offer Army Officer training—or you plan to transfer to one of these schools next Fall—you may qualify for the new two-year Army ROTC program.

This new program—designed especially for college men who have not taken Army ROTC during their first two years—will commence with six weeks of field training this coming Summer, beginning June 14. Then you'll have on-campus training during your junior year . . . six additional weeks at camp during the following Summer . . . and more on-campus training during your senior year. Even flight training is offered at some schools.

ROTC training is really a process of learning to organize and direct others—to be a leader. Consider how important this ability can be to you throughout life; yet, to acquire it you will spend relatively little time in the ROTC classroom. You'll obtain valuable junior management experience . . . a fuller and richer campus life . . . extra spending money (\$40 per month during your junior and senior school years, and even more during Summer training) . . . and, when you graduate, an Army Officer's commission as Second Lieutenant. Then you'll normally spend two interesting years on active duty, often abroad with opportunities for travel.

Talk to the Professor of Military Science on your campus about this opportunity. Ask him to describe this new short program in detail.

Or send in the coupon below for complete information. There's no obligation involved, and you'll not be subjected to any "hard sell" recruiting effort. The kind of men the Army wants can decide for themselves if this new opportunity is right for them.

If you're good enough to be an Army Officer, don't settle for less. Sign up now for Army ROTC.

Send in this coupon for more information on this new two-year on-campus Army Officer training program.
U.S. Army ROTC, Post Office Box 1040, Westbury, New York 11591
 Please send me complete information on the new two-year Army ROTC program. I understand there is no obligation involved.

Name _____ Campus Address _____
 College or University _____ City _____ State _____
 Zip Code _____

I expect to complete my sophomore year on _____ 196_____.
 While I am not now attending a school that offers Army ROTC training, I am planning to attend the following school that does next Fall: College or University: _____

ARMY ROTC

What's New in the Book Store

BY GLADYS BALZER

The Cerritos Faculty (bless 'em!) is interested in the variety of books appearing on our shelves. We have invited any faculty member who will take the time and trouble to review any book, to do so. Our first review is done by Mr. Howard Taslitz of the Social Science division. Here it is:

In the past one-hundred years since his death on April 15, 1865 much has been said and written about Abraham Lincoln, 16th President of the United States. Although this flood of words constitutes a living memorial to this extraordinary man, the busy and bothered student in contemporary America does not have the time that is necessary for a detailed study of Lincoln as man and citizen, husband and father, lawyer and statesman.

Professor David Donald's LINCOLN RECONSIDERED (Vintage Books) in eleven perceptive, witty and often times, profound short essays presents a portrait of Lincoln that the student can read and digest at a leisurely pace. And, yet, Professor Donald has not sacrificed quality for brevity or complexity for the obvious. He does not engage in myth-making but portrays a Lincoln struggling up the politician's ladder of success, trying to overcome the doubts others had concerning his ability, and leading the nation not toward unattainable goals but toward what was possible of accomplishment.

Professor Donald is also concerned with other aspects of the Lincoln saga and American life during the Civil War period. His essay on the relationship of Lincoln's law partner and early biographer Herndon with Mary Todd Lincoln is a prime example of destroying legend in order to discover truth. The final selection, "An Excess of Democracy: The American Civil War and the Social Process," provides not only a valuable insight into pre-Civil War America, but also contains valuable clues as to the cause of many of our present domestic discontents.

No student, whether of literature or history, physics or math, business or economics, should ignore the lessons to be learned from an honest appraisal of Lincoln. Professor Donald's volume not only describes but, with honesty and clarity, seeks to understand a giant figure from the past.
