

Promises, Posters Gone: Choice of Senators Remain

time again to elect senators. This semester 25 students' names will appear on the ballot, with 22 senatorial spaces to be filled.

The first person to return his petition was awarded first position on the ballot, and so on. Linda DuLac, an incumbent, has two semesters of experience in the Senate to her credit.

"I have a record," she said, "of many legislative endeavors, a number of which are now law. I also have plans for next semester. I intend to help finish the by-laws and codes that are not yet completed and keep on top of the food service situation, always with the best interests of the AS in mind." Miss DuLac is 18 years old, a freshman and a graduate of St. Paul High. She is a law major. Kathy Ulrich is second on the ballot. A veteran of two semesters in the Senate, Miss Ulrich is president of the Home Economics Club. A graduate of La Mirada High, she is also secretary of Alpha Gamma Sigma, the Cerritos honor society. The 19-year-old freshman says, "Next year I will fight for a remedy to the flood situation

in the quad when it rains," Richard Price, a senator last fall, is this semester's "Talon Marks" editor. Price is 19 and a sophomore, a graduate of Seoul American High, Korea, and a journalism major. "I am

The signs and banners have a candidate for senate not be been up all over campus: it's cause I can create school spirit or because there is any moral decay that needs cleaning out. I am running because I want to do my part in keeping Cerritos College first," he stated. Donna, Benton, a 21 year old

sophomore, is a graduate of South Gate High School. Miss Benton is a business education major.

In fifth position is Brian Isles. Freshman Isles is a 19year-old graduate of Santa Fe High and a two-semester veteran in the Senate. Majoring in elementary education, Isles is also a member of Circle K, the Cerritos service organization.

Sandy Stewart plans to legislate for capris for women on rainy and cold days. Sixth, Miss Stewart, 18 and a freshman, is a Downey High alumna and a home economics major. Miss Stewart is also treasurer of the Home Ec. Club. "I want to make the Senate less talk and more action," she said.

Ken Baxter, running in the seventh position, is $\overline{26}$ years old and a sophomore. He is a graduate of Morris High, N.Y., and a theatre arts major. Baxter has served one semester on the Senate. "I have been involved in every major activity on campus . . . I understand the students' needs, likes and dislikes. I am chairman of the Senate Activities Commitee," he said.

As voters go to the polls to select their new AS president and senators, they will also receive ballots listing the names of the past nominations for the Greatest Living American,

From this list, which includes nominations from todays paper, one choice must be made. The winner will be announced in next week's pa-

MARK BENTON JERRY SMITH Presidential Hopeful

VP Candidate

Students Go to Polls To Choose Leaders Today

By RALPH DONALD "TM" News Editor

The cries of "Elect me president and I promise" have faded. Today the soapboxes are abandoned and the Associated Students of Cerritos go to the polls to elect their President and Vice-President for next year.

Students are asked to vote for one of two tickets for the office ____ Rich Frazier and Mark Benton verses Jerry Smith and Sandy Brunette. The Frazier-Benton team offer

VP Candidate

"an experienced program by experienced leaders," as their platform.

Qualifications Frazier lists as qualifications Associated Men's Students' President, Community Services Board, Food Services Board, Mardi Gras Feasibility, Men's and Women's Honorary Service Committee, Chairman of Bookstore Committee, Chairman of Arrowillead Workshop, Silver L con Award winner, Homecoming decorations chairman, Space Queen Show set designer and co-worker on the speakers program.

In addition, he cites his work with academic policies that effect them. "We will put the views of the AS," said Frazier, on the Student Center Revision Committee, Vice-President of Gamma Delta Phi and Downey "more in the light of the Ad-YMCA Sports Director ministration and present our **Benton's Pluses** needs to them."

heartedly support the speakers program for 1965-66, "This program was originally introduced in the Cabinet by Frazier and it came out of his workshop in the Arrowhead Student Conference," Benton said.

Need Spirit Frazier commented on the need for school spirit. "We are promoting many programs that will increase school spirit and strengthen the colleges backing of athletic teams."

Benton said that the duo would promote and plan a better recreational program. "We will also work for a stronger I.C.C." he commented.

Enlighten Administration Frazier said that the students should become more involved

Chairman of the Pan Hel-

tion in student activities.

Miss Brunette is attending her first semester at Cerritos, but has been involved in government elsewhere. She was the equivalent of our AS president at the University of the Seven Seas. She helped formulate their present form of student government, presided over their legislative body and helped write the USS constitution.

Much Experience Involved in high school forensics, Miss Brunette presided over the Excelsior High senate. Ten points comprise the Smith Brunette platform:

The establishment of a distribution center to be regulated through the busines department, the introduction of police science students in a school patrol program, expansion of available automotive service and the enhancement of cosmetology services.

were defrocked Wednesday by the AS Senate.

The group will perform tonight in the Cerritos A Go-Go Show minus their clerical collars. The senate voted 19-8-1 to require the Preachers to shed their unique attire in favor of garb that would not offend any religious groups. The alternative was to not appear at all. The agent of the group at Universal Productions in Hollywood accepted the senate's condition. The controversy occurred when J. Taylor Smith, a Cer-

ritos student, took exception to the posters around campus advertising the show. The group was pictured wearing their clerical collars. Smith took the problem to

Senator Jerry Young, who prepared a special resolution to present before the senate Wednesday.

a fine thing that a student at this college is so well represented that he may bring a per. problem before the student gov-

ernment. He said he took great pride in listening to the debate and in the fact that the senate set aside the monetary issue and maintained their principles. The move could have lost the ASCC 1500 - the cost of the show if Universal had not gone along with the demand. Breach of contract could have resulted.

But the "Cerritos A Go-Go" gig will go on as scheduled. The event will feature recording star Jackie De Shannon along with Pat and Lolly Vegas an dthe Preachers. The show will be emceed by KRLA radio station's Dave Hull.

Advanced tickets are on sale in the Student Affairs Office at \$2 per person.

The American the students feel is the Greatest Living American will be profiled in next week's paper.

Highlights of the evening will include announcements of the athlete of the year and freshman and sophomole man and woman of the year.

Admission will be by invitation to those who are to be awarded: others must obtain a ticket through the Student Affairs Office.

"Miss Dozier (Dean of Women) is trying very hard to make this the greatest banquet ever," Miss Hensley concluded.

Benton lists as qualifications his chairmanship of the Senate by laws committee and that he was instrumental in writing the Government Organizations Code in the fall. This semester Benton is President Pro Tem and Chairman of the Rules Committee of the Senate.

Benton has been a participant twice in California Junior College Student Government Orexperience, Smith says, "I have much experience in student ganization conferences, recipient of both silver and golden falgovernment, and my seasoning has encompassed a great deal con awards, Circle K vice-Presiof the campus." dent and Commissioner of Public Relations of the Inter-Club -at-Arms and a member of the

Council. Frazier Pledges Frazier says, "We pledge that if elected we will govern with firm leadership at all times when in office."

Benton said that they whole-

ation of discontinued activities, Finally, Benton and Frazier organization of local junior feel that a campus improvement colleges into a conference of committee would be set up enfine arts and concert series, compassing both students and student representation on adfaculty that would meet any ministrative committees, and problems that arise during the formulation of a student adminyear and recommend improveistrative committee for improvments to the appropriate body. ed communications and improved public relations. Smith Speaks Out

Total Use

Smith and Miss Brunette say, "We intend to work for the total utilization of available resources. Also, we will institute a people-to-people program."

Programs, Not Promises

"We stand for programs, not promises," said Smith. "We won't stop if we are defeated today," they say. "No matter which way today's election goes, we work on our proposed changes." They added that their main aim is the betterment of Cerritos over all.

But the campaigning is over today. The victors and the losers will be decided by the vote of the Associated Students they seek to represent.

Police Students 'Cop' National Championship

ference at Oakland last weekend.

For the first time since its founding, the police science fraternity held competition at the conference for the delegates who attended. Cerritos took the sweepstakes award,

Competition in three divisions included criminal law, accident investigation and criminal investigation.

Cerritos students won first place honors in the criminal law and criminal investigation categories. The investigation team was made up of Janet Lavik. Gail Borup, Jim Allen and Chuck Schliskey.

Kit Milbert placed first in the individual competition in criminal law out of a field of forty while Don Henderson placed fourth in the same event.

The conference was attended by over 250 delegates from Florida, Washington and California. Kal Martensen, a lieutenant with the Oakland Police Department, hosted the event. Elections of new officers high-

lighted the conference. Richard

Lambda Alpha Epsilon copped McGrath, police science chairthe national championship at the man here, and Carl Specht, also 28 annual National LAE Con- of the police science department, were elected to offices in the fraternity's national chapter.

McGrath was elected vicepresident of the Grand Chapter while Specht was named as the Southern California delegate to the L.A.E. National Executive Eoard.

Cerritos was represented at the conference by McGrath, Specht and 12 student police science majors. Some 20 schools from Southern California were represented at the meet.

Asked about the success of the conference, McGrath said, "This is the first time we have had any sort of competition at the conference. It was overwhelmingly accepted by all of the at-

tending delegates. I feel that this helped to make the conference the best we have ever had." According to Miss Milbert

each delegate had to pay his own way to this convention. "Now that we are national champs the Associated Students should pick up the tab if they want us to go again next year and repeat," she said.

A GENERAL MEETING for all foreign students will

be held Tuesday, in AC 51, announced Maurice Smith, foreign student adviser. Plans for organizing a foreign students club will be one of the items discussed. * * * * *

EDITOR'S NOTE: "Talon Marks" is publishing personal endorsements of AS Presidential candidates by members of its staff. This marks the first time in the newspaper's eight-year history it has done so, These endorsements are to be considered as the considered judgement of the writers, and not the opinions of the newspaper staff as a whole.

Editor Endorses Irazier

We feel that the ticket of Richard Frazier and Mark Benton is the superior choice for AS President and Vice President.

Frazier and Benton answer the question, "Why should you be elected instead of your opposition?" with the best possible answer — "Experience."

Of course some will say "experience is nothing," but then some people are ignorant.

The office of AS President is an administrative post responsible for the management of over \$100,000 in student funds.

Deciding which student activities need the money most does require an experienced man, a man familiar with campus affairs

Jerry Smith's supporters admit his lack of experience, but praise his ideas. These visionary plans are unworkable and will be forgotten in the student apathy that follows the elections.

We are supporting Frazier and Benton because we believe that they will do the best possible job. We have studied each of the candidate's platforms in depth, we have watched how each side conducted their campaigns and the only possible choice we can make is Richard Frazier and Mark **RICHARD PRICE, RANDY GRATER** Benton.

News Editor for Smith

Who does the student vote for today? He has two choices. He can vote for Rich Frazier or Jerry Smith. Which is better? Some say Frazier because he has experience, more experience than Smith, But experience isn't everything.

Our present chief executive, Jim Logan, had very little experience in government before he ascended the "throne." At this point Smith has a world of background and seasoning that greatly surpasses what Logan started with.

But although Smith has plans and programs and the drive to institute them, his opponents have centered their campaign on trying to prove that Smith's lack of experience (which, in itself is erroneous because Smith is very active in student government) and Frazier's knowledge of Cerritos is the only thing at stake.

Smith has shown students facts, figures, programs and improvement that were not only farsighted and progressive but feasable and practicable.

Usually a person with progressive ideas and ideals is ostracized from society because no one wants to "rock the boat." Finally, someone has rocked the boat and, to the surprise of the skeptics, the boat didn't sink.

. If Jerry Smith is elected AS President, things will change . . . for the better. VOTE FOR JERRY SMITH!

Dear Editor: . Today the Associated Students are faced with the decision of electing the Student Body President for next year. It is a very important decision that will effect the coming year to a great deeree Dear Editor:

desree. I feel that the team of Rich Frazier I feel that the team of 24ch Frazier and Mark Benion will give Cerritos the type of leadership necessary for this institution's future success. They present a dynamic program that is based on experience. Rich Frazier has spent the year on the Cabinet. He has made many contributions and has a great knowledge of the overall student program and problems. Mark Benton, in my opinion, is one of the outstanding members to occme out of the Student Government program. His energetic leadership in the Senate has given a new strength to the Senate has given a new strength to the

Schale has given a new strength to the overall program. This is a dedicated team whose only interest is the weifare of the Associated Students. I urge all students to vote for them today!

Jim Logan ASCC President

More Should Vote Dear Editor:

Dear Editor: With the upcoming presidential elec-tion, I hope that there will be more student particloation in this important election than has been taken in the past. In the last senatorial election, only 270 students voted out of a possible 3400. Student government is an important part of Cerritos College depends on who the voters elect and what these candidates stand for. Elections are not just the business of a few students who happen fo re-member to bring their ASCC Activities Cards election day. It is he business of every ASCC member and there should be some inquiry into the candidates before a choice is made. Many important issues and new ideas have been brought out in both plat-forms and are in the interest of each ASCC student. The inteligent voter should look into each side byfore making a choice.

a choice. I feel that once the issues are checked, the side having the best platform and most qualifications will be

So on election day, be sure your vote makes a Rich Mark on the ballot. Jody Carroli AS Senaior

Leadership Key Word

Editor: I have been involved with student government both inside and out since I have come to Cerritos—Tirst as an editor on the Taion Marks, and then this semester as Associated Students Commissioner of Publications. In these two capacities I have come in contact with many students, and in the roming election I have absolutely no doubts that the best ticket for the offices of President and Vice-president of Cerritos College is SMITH-BRUNETTE. The opposition yells and sureams EX-

College is SMITH-BRUNETTE. The opposition relis and screams EX-PERIENCE! However, there is one trait that a President must have above and beyond all others, including experience, and that trait is LEADERSHIP ABIL-ITY. Jerry Smith does have that ability! What is experience in scudent res-What is experience in s'udent gov-ernment? Student government is a con-

ernment? Student government is a con-stantly altered, ever changing facet of college life, and although I myself have had as much "experience" as the oppo-sition, I would not make a gurl AS areasdeptry, greet, street The case in point is that experience is not the Issue. The issue is the pro-grams and philosophies for which each candidate' stands, and Jerry Smith stands for forward, outreaching pro-grams backed by strong, just philoso-phies. And he has that all too neces-sary quality-LEADERSHIP! I will cast my vote for Jerry Smith. Harry Folgar

Today, Friday, May 21, is student body election day. During this day many people will go to the polls to vote for presidential and vice presidential candidates, as well as the 22 sophomore senate seats.

Dear Editor:

The ticket of Jerry Smith and Sandy

Bruncte is the most logical choice. Let's look at the basic reasons why these two student leaders must be elected.

with only adequate growth behind a mere image,

What we need is a dynamic person-

If the voter wants to belong to a

Gerald C. Young

ASCC Senae Party Whip

Dear Editor: The time of election is upon us. The students of Cerritos are going to the polls today to elect a new Associated Students President. The issues have been araued in face to face debates and presumably the stu-dents know their preference. The capabilities of each ticket have been expressed and those who know will vote for Richard Frazier and Mark Benton. When voting, everyone should vote in-telligently, knowing who is running and who is the better candidate. In loday's election only one licket is worthy of the majority of the student vote. Benton. Richard Frazier is at present the As-

Sociate Men's Students President. In that capacity he has done outstanding work and in turn was honored by being nominated for Freshman Man of the Year. Rich has presented more than his

Rich has presented more than his share of the outstanding legislation that has passed through cabinet. Mark Benton has shown his abilities as a leader (and a well respected one at that) already in senate. He was by far the choice of the senators to lead them as President Pro Tem. Mark has worked for the students of Cerritos Collese and for his efforts he is a nomine for Sophomore Man of the Year. Responsible students will look at the platforms, the way the campaiens have been run, and most important of all the qualifications of the candidates of both tickets and then cast their ballot During the school year '64-'65 Presi-dent Jim Logan has been at the reigns, Because he has a good basic image and has a little drive, Cerritos has prog-ressed. But why should the Student body of Cerritos College be satisfied

President Logan is supporting Rich Frazier for president. Mr. Frazier is an echo of the present leader. To put it in simple terms-with Rich Frazier as president our college will expand at a mere adequate rate. both tickets and then cast their ballot for RICHARD FRAZIER and MARK BENTON. What we need is a dynamic person-ality with dynamic ideas. We need more ACTION and less talk. This is what we will receive from Jerry Smith. Mr. Smith will lead and direct this school as it should be done. All the problems will be confronted and solutions to the prob-lems will be demanded.

Fred Sica JCC Chairman

Vote Smith & Co.

Ucar Editor: The time has come to make a deci-sion. Who to vole for? SMITH and BRUNETTE or FRAZIER and BENTON. I my self ain voting for SMITH & CO. I think JERRY and SANDY have many fine idea; and there on the truly upper class junior college, if the voter wants a No. 1 college, then he must vote for Jerry Smith and Sandy Brunetie, Even if in the voter's heart he knows Frazier-Benton are right, when he uses his head he will vote the ONLY way-Jerry Smith-Sandy Brunette,

think JERRY and SANDY have many fine ideas and future plans for the school and its students. Twe been at Cerritos long enough to see changes take place. I think JERRY and SANDY will be able to instigate and fulfill the needed changes, and meet the challenges of the coming year. Through their combined efforts and am-bitions they will be able to fulfill these bitions they will be able to fulfill these

new ideas and changes. Jerry Farmer

Segura in Check?

Dear Editor: May I present the FACTS in answer to the letter directed at me, by Mr. Joe Secura. First, it is obvious that Mr. Segura hasn't bothered to investigate the facts before making statements. The Student Cabinet did consider a student govern-ment magazine, for the benefit of all the students - however, this plan, as many others, was scrapped because of minad

the students -- however, this plan, as many others, was scrapped because of growing demands upon our limited budget. I'm sorry if it appears to Mr. Segura that your senate is not representative, because it looks out for the weifare of the entire student body -- and does not merely follow the every whim of the Chess Club. If Mr. Segura either knew anything

does not never to the very which of the Chess Club. If Mr. Segura either knew anything about the operation of our government (which he so rudely condemns), or took the time to attend a senate meet-ing — he would realize that as Chair-man. I cannot voice my opinion con-cerning lesislation. Therefore, the de-rision to approve or disapprove any lexislation is left up to the senate body. The vole on the bill in question was as view. As chairman, T. have the right to abstain from voting, which I did. (As as 'ife, the bill was defeated. Some of the reasons for its defeat are as the reasons for its defeats are as

Need More Action

Dear Editor:

I look forward to reading "Talon Marks" each Friday morning with a certain amount of pleasure, mainly be-cause I never know quite what to ex-pect. However, lately this has not been true. I can always count on Ralph Donald's column "Student Center Ma-for," to be one of the worst in each issue. He never fails to treat a really interesting topic with the least amount of research and insight that is neces-sary. sary.

"TM" a Laugh

May 21, 1965

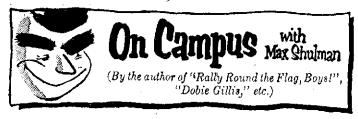

His May 7 column about "Campus

His May 7 column about "Campus His May 7 column about "Campus Hiustrated" was such a poor attempt at explaining the problem that I was truly shocked. The real reasons "Campus Illustrated" was cut is because we are found next year with a smaller budget than we had and it was necessary to cut many programs back and in many cases to climinate some. This was the case of "Campus Illustrated." Mr. Donaid also said that Student Government had a budget for their own magazine for next year. This is true but, if he had done any research at all he would have found that bis was one of the very first items cut! I have always felt that it was the responsibility of a newspaper man to report the facts as they really are. If this is true, then Mr. Donaid is not doing his job.

James Logan ASCC PRESIDENT

Dear Editor. This is in relation to Mr. Donald's column, as an art critic. I see no rea-son to defend or explain my painting to the blind. All I have to say is I've decided to give up art and replace him in journalism!

Char Schaafsma Application accepted!

TESTS, AND HOW THEY GREW

Just the other night I was saying to the little woman, "Do you think the importance of tests in American colleges is being overemphasized?". (Incidentally, the little woman is not, as you might think, my wife. My wife is far from a little woman. She is, in fact, nearly seven feet high and mantled with rippling muscles. She is a full-blooded Ogallala Sioux and holds the world's shot put record. The little woman I referred to is someone we found crouching under the sofa when we moved into our apartment back in 1928, and there she has remained ever since. She never speaks except to make a kind of guttural clicking sound when she is hungry. To tell you the truth, she's not too much fun to have around the house, but with my wife away at track meets most of the time, at least it gives me someone to talk to.)

But I digress. "Do you think the importance of tests in American colleges is being overemphasized?" I said the to the little woman, and then I said, "Yes, Max, I do think the importance of tests in American colleges is being overemphasized." (As I explained, the little woman does not speak, so when we have conversations, I am forced to do both parts.) But I digress. To get back to tests-sure, they're important, but let's not allow them to get too important. There are, after all, many talents which simply can't be measured by quizzes. Is it right to penalize a gifted student whose gifts don't happen to fall into an academic category? Like, for instance, Finster Sigafoos?

Char Raps Back

EDITOR

Donald No Art Critic

Mr. Donald's atlack on Miss Shaafs-ma's painting is not only absurd but also stupid,

As Mr. Donald states in his column "he knows nothing about art," then how can he evaluate one painting from another.

If the critic was an art instructor or noted collector the constructive criticism, would have been welcomed by Char - but it is quite obvious Mr. Donald's art knowledge is quite limited. Unfortunately he has placed his head on the chopping block. I suppose all modern painting should be burned and the artists banned from the country.

One credit that I give him is his originality of adjectives. The judgment on Char's work shines light on his "art stupidity" who's to say a Goya is inferior to a Picasso. This same judgment could be applied to his column undoubtedly.

Tony Brancaio

Smith Organized

Smith Organized Dear Editor: Working closely with Jerry Smith and Sandy Brunette on their campaign for todoy's election, I have learned much about both of them. Besides having an excellent platform and philosophy, they are well organized, intelligent, outstanding college material. They are two people that Cerritos would be proud to have represented anywhere as President and Vice President of the Associated Students. Their proposed program for Police Cadets is unique in its thoroughness. The organization by Jerry and Sandy that went behind this program demon-strates their ability to communicate with the administration. The proposed Conference of Fine Arts and Concert Series is a fine program providing the local colleges with the opportunity to incorporate funds and accuter top fillent entertainers at a much smaller cost by contracting the entertainer for a long-term engagement depending on the number of colleges in the organization.

These are just a few of the many outstanding ideas for future programs that the platform of Smith and Bru-nette are proposing. Pat Tisa AWS V.P.

Why purchase more sets for the same people to misuse? 3—The finances of the ASCC are 3—The finances of the ASCC are under very close scruliny—and every. expenditure, whether \$10 or \$1,000 must be shown to be necessary and or beneficial. The debate by the proponents of the bill failed to show this.
4—If the chess club desires more sets, why can't they earn their own money as other clubs do?
5—The sonale feit that by purchasing more chess sets and not allowing games such as cards — is to be hypocritical.
Aitheugh it appears that Mr. Segura can see not farther than the end of his nose — many intellectual people prefer card games, such as Bridge, to Chess.

his nose — nany intellectual people pre-fer card games, such as Bridge, to Chess. If I may paraphrase the late Presi-dent Kennedy — Mr. Segura and the Chess Club should ask not what Cer-ritos can do for them, but what they can do for our college. In closing, may I give my continued support and praise to the ASCC Scnate. Although I do not always agree with their actions, they are a REPRESENTA-TIVE and RESPONSIBLE group. LYNNE SEDEJ ASCC Vice President

Segura Taiks Out

Dear Editor: Lynn Sedej's lip service, excusing stu-dent senators from the responsibilities of interpreting and fulfilling the wishes

of interpreting and fulfilling the wishes of their constituents because budget spending is being cut, does not excuse the senate from the blame of its blund-ering mistake of appropriating money for the now vanished student govern-ment booklet. "Talen Marks" and its supplement. "Campus Illustrated," aptly reports the academic, social, athletic and student government activities. The senate, when it appropriated the money for the above mentioned booklet, indirectly, insulted the outstanding service done by these publications of reporting these events. Furthermore, it should be asked why

these events. Furthermore, it should be asked why there is a need to cut the budget for the 65-66 academic year. The answer, of course, is that there is less money to spend because students are not buy-ing ASCC Coupon Booklets—thanks to the Jim Logan-Sedel administration— for they are not getting their money's worth from the booklets. AS Presidential Candidate Rich Fra-zier noted this problem, to a certain degree, when he proposed that the cost of attending social functions by married couples be lessened. His opponent—another Logan in dis-

His opponent—another Logan in dis-guise!—may complain that students do not attend enough of the campus func-tions, but he offers no solution to the problem—or any other problem! In fact, aside from his personal attacks on Fra-zier, his whole campaign platform is as hard to swallow as peant butter!

It would do us well to note "Sagit-tarian"—the literary magazine—Adviser Allen Siegel's awareness that students are "elected to student offices which have no power."

If the senate truly represents the students, and if the senate truly is sup-posed to interpret these wishes into tangible action—though I disagreed with that vote on Nationwide, but this could have been any issue Grafton "frowned "on"—then the decisions that the senate makes should be upheld by the AS presi-dent

Rich Frazier, I believe, has the cour-age to refuse to surrender any of the powers of the president's office, and Mark Benton will lead the senate through a sensible path. Joe Segura

Finster, a freshman at the Wyoming College of Belles Lettres and Fingerprint Identification, has never passed a single test; yet all who know him agree he is studded with talent like a ham with cloves. He can, for example, sleep standing up. He can do a perfect imitation of a scarlet tanager. (I don't mean just the bird calls; I mean he can fly south in the winter.) He can pick up BB's with his toes. He can say "toy boat" three times fast. He can build a rude telephone out of 100 yards of string and two empty Personna Stainless Steel Razor Blade packages. (This last accom-plishment is the one Finster is proudest of — not building the telephone but emptying the Personna packs. To empty a Personna pack is not easily accomplished, believe you me, not if you're a person who likes to get full value out of his recore bliddes. And full value is just what Personnas deliver razor blades. And full value is just what Personnas deliver. They last and last and keep on lasting; luxury shave follows luxury shave in numbers that make the mind boggle. Why don't you see for yourself? Personnas are now available in two varieties: a brand-new stainless steel injector blade for users of injector razors - and the familiar double-edge stainless steel blade so dear to the hearts and kind to the kissers of so many happy Americans, blades so smooth-shaving, so long-lasting that the Personna Co. makes the following guarantee: If you don't agree Personna gives you more luxury shaves than Beep-Beep or any other brand you might name, Personna will buy you a pack of whatever kind you think is better.)

But I digress. Back to Finster Sigafoos—artist, humanist, philosopher, and freshman since 1939. Will the world ever benefit from Finster's great gifts? Alas, no. He is in college to stay.

But even more tragic for mankind is the case of Clare de Loon. Clare, a classmate of Finster's, had no talent, no gifts, no brains, no personality. All she had was a knack for taking tests. She would cram like mad before a test, always get a perfect score, and then promptly forget everything she had learned. Naturally, she graduated with highest honors and degrees by the dozen, but the sad fact is that she left college no more educated and no more prepared to cope with the world than she was when she entered. Today, a broken woman, she crouches under my sofa. © 1965, Max Sbulman

Speaking of tests, we, the makers of Personna[®], put our blades through an impressive number before we send them to market. We also make—and thoroughly test—an aerosol shave that soaks rings around any other lather: Burma Shave®, regular and menthol.

Lyndon B. Johnson (Eighth in a Series)

"Let us continue."

With these words, one man marshalled a nation to the task of building a society in which the tragedy of Nov. 22, 1963, could not happen again.

All that Lyndon Baines Johnson had learned in the 55year life that began on the banks of the Pernandales River and had carried him to the United States Senate would be applied to the tasks before him as the new President.

Cuba and civil rights; South Viet Nam and the space program; Berlin and the budget; Peking and poverty - all these required the praise, but never have I clariimmediate attention of a man, and a nation, benumbed by grief.

"Let us continue," the the new President said. And taking up the reins of the world's most difficult job — "The Spendid Misery" one predecessor had called it he dealt with the crises effectively and forcefully.

Only a Lyndon Johnson could have accomplished the results: effectively contain- the handsome young singers ing the threat posed by were still making the girls Castro's communism; the swoon. passing of the most sweeping civil rights legislation in 100 years; the commitment to

halt a takeover in Southeast Asia; additional impetus to the Man-in-Space program; measured and appropriate response to Soviet probes in Europe; a balanced budget with a reduction in taxes; firmness with Red China; and the most sweeping social welfare in a generation to inaugurate the Great Society.

In his first statement to Congress, LBJ firmly established the course of his administration:

"No words are strong enough to express our determination to continue the forward thrust of America that he (John F. Kennedy) began," he said. "Now the ideas and the ideals which he so nobly represented must and will be translated into action.

"This nation will keep its commitments from South Viet Nam to West Berlin . . . In this age where there can be no losers in peace and no victors in war, we must recognize our obligation to match national strength with national restraint. We must be prepared for both the confrontation of power and the limitation of power. We must be ready to defend the national interest and negotiate the common interest.'

The worth of this man as the spokesman for America was instantly recognized. Twelve months later its people would re-elect him to the Presidency by the greatest popular vote ever recorded.

By accomplishment and by example Lyndon Baines Johnson is our Greatest Living American. Compiled from several nominations,

(Tenth in a Series)

"First in war, first in peace and first in the hearts of his countrymen." This is what millions of American children are taught as they learn of America's first great American, George Washington.

Dwight David Eisenhower is similar to our first President. Both were the leading military figure when the nation was confronted by a dangerous, beligerent enemy. Both be-

came President after popular sentiment and many personal requests from friends made them feel obligated to again serve their country in a^s position of leadership.

Page 3

During World War II, Eisenhower first rose to national prominence, first in North Africa and then in Europe. In Europe he was made commander of not only the American troops, but of all Allied forces. He was the chief military commander directing the highly successful D - Day invasion.

Within five years after the war, both the Republican and the Democratic partles were seeking him for their Presidential candidate. Ike finally accepted the call to duty and run in 1952 under the Republican banner.

Public confidence in Eisenhower enabled the General to defeat another great American, Adlai Stevenson, in the election. Ike then fulfilled his pledge to end the unpopular Korean War

Unlike the generals elected after Washington, Ike was a good President, a President who knew which courses of action were wisest. In fact, both President Kennedy and Johnson sought his advice frequently.

Like Washington, Eisenhower led America's forces in war and the nation in peace. Like a modern day Washington, he has the confidence of the people, which he has never abused, and he has the confidence of the nation's active leaders, who seek his advice when problems arise.

Just as Washington, because of his constant service to the country, was considered the GREATEST LIVING AMERICAN at a time when there were many outstanding Americans, so Eisenhower must be considered, because of his life-long service to America, a modern day Washington, the GREATEST LIVING AMERICAN.

Compiled from several nominations

Robert 7. Kennedy

(Eleventh in a Series)

Robert Kennedy is a man of integrity and a man of action. In a time when compromise becomes the password to success, and ideals are considered a luxury only available to the foolish, Kennedy stands as a man. He stands head and shoulders above those who would smirk at ideals, those who would laugh at dreams, and those whose only purpose is to criticize the efforts of others.

The choice of Senator Kennedy as the "Greatest Living American" comes after much thought. It is 'at best pretentious for me to attempt to eliminate the great minds of the 20th century until one remains.

One might ask what field are we referring to-art,

(minum in a series)

Jacqueline Kennedy

The Cerritos College Home Economics Club nominates a great young living American, Mrs. Jacqueline B. Kennedy. Hers is a fantastic story in which an inquiring photographer for the Washington Times-Herald became the lovely wife of a young and enthusiastic Senator from Massachusetts, mother of two children, and then First Lady of the land.

This gracious First Lady entertained heads of state, artists, musicians and writers and honored Nobel Prize winners. Her fluency in Spanish, French, and Italian enher to become a true ambassador of democracy.

Unintentionally, this young American became a trend setter in fashions and hair styles, both at home and abroad. Thus, she put forth a radiant and charming picture of the American woman for the whole world to see, as opposed

to the often distasteful American image sent abroad from Hollywood.

As an active sportswoman, Jacqueline, with her healthy and glowing complexion, enjoved horseback-riding, sailing, water-skiing and swimming.

Mrs. Kennedy proved to be a devoted mother who tried to let her children live as normal a life as possible, and a loyal wife who helped and encouraged her husband during his most trying moments. In them we saw the strong and closely-knit family upon which great nations and democracy thrive.

In early days, the White House was neglected as a

monument and symbol of the nation's continuity under all administrations. However, Jacqueline Kennedy envisioned what it should be. She was determined to assemble a permanent collection of high-quality art and antiques that were relevant to the White House and would be preserved and added to in future years. Thus, Jacqueline has given all Americans a new pride in the White House and the nation's artistic heritage, providing a link between past and present.

In recognition of her service to Americans, good taste in fashions and projects to preserve American art, heritage and ideals, Mrs. Kennedy has received many awards. Among them are the Distinguished Service Award from the National Art Education Association, the Prix de Paris from Vogue Magazine, and the T.V. Emmy Award for public service in 1962.

Then when lighting struck the hearts of Americans, we beheld a proud and courageous widow, another "profile in courage," paying homage to her dead husband, who had been the leader of the nation. Mrs. Kennedy set an example of courage and devotion for all Americans to follow. She taught us the majesty that so well fits the greatness of this country.

sports, politics, religion? Taking this into consideration. I looked for an individual who leads not only the mind but also the spirit,

As youth, we are standing at the beginning of our life of responsibility to the society in which we live. Admittedly, we are confused and almost alone. The leaders overlook us as unimportant, the clergy believe we are something to be analyzed ad the phrofessors tolerate us as a means to a pay check. But Senator Robert Kennedy has faith in us, and in return, we have faith in him.

Though he is not the "Washington backslapper," he has attained the respect of even his most ardent foe. Why? Because he believes in the American ideal, and is not afraid to offend someone to defend our beliefs.

Kennedy in his efforts as Attorney General has demonstrated that the power of action can not be matched by the eloquence of words. He did not hesitate to crush the

segregationists who were obstructing the law. He used the same swift action, the same cool deliberation for which he had become so famous in his fight against racketeering in labor.

While President Kennedy was alive, he relied on the judgement of his brother. The reason seems obvious. In Robert Kennedy we have a man of truth and compassion. He seems to know and understand the pulse of America. He is not looking for excuses, only solutions. He is not looking for glory, only a greater America. President Kennedy once said that there are two types of people who

seek office. One is the man who wants the job to see what he can do, the other is the man who wants the job to see what he can be. Kennedy wants to see what he can do,

Here is a man who exemplifies the American spirit. He is aggressive, he makes mistakes, he is youth, he is wisdom, but above all, he is honest. Richard Nixon once said that Robert Kennedy would make a great Secretary of State.

He made this remark about a political foe referring to Kennedy's handling of a heckling mob in Japan. Kennedy didn't back down and kiss boots and beg the people to understand. He told them facts and stayed to answer those who would condemn our system. The world took note. Kennedy hardly noticed, it merely seemed the natural thing to do. If Americans are dying for their country, the least our politicians can do is stand up and be counted when the bullets are only words.

This man so hated by some, but respected by all, is the man to watch of the 20th century. He won't pull us back from the edge of depression, for there appears to be little chance of that disaster; he won't lead us through a world war, for even that seems remote; but he will guide us back to the path of pride and integrity which has made this country great. For these reasons, I believe that Robert Kennedy is the Greatest Living American.

IN THE WIND Jormer Jalcon Ace Sick Wantz Dies By DAVE BROCKMANN

Page 4

When I first heard the news of the death of the Los Angeles Angel relief pitcher Dick Wantz, it struck me as just another tragic loss in the world of sports.

But after reading on and learning more of the athlete I found he once attended Cerritos College.

The former Falcon star began his pitching career at Artesia High School. At the time he had a good arm which Coach Wally Kincaid developed as his number one starter during the 1959-60 season.

"Dick was a tall, skinny righthander with good stuff. He played on the same team with Butch Huges and Barnie Sims," related Kincaid. Sims and Huges were behind Wantz. Sims was on All-American as Huges is now the pitching coach for Kineaid.

When the '59 season had been completed Wantz entered the record books with six individual and conference standards. "He was a fine natural sinker ball pitcher but at times lacked control," said Kincaid. He was chosen on the Western States Conference

second team and rated first in 1960. Besides many other honors, he cropped the Cerritos Most Valuable Player award in 1960.

After leaving Cerritos, Wantz went to California State College at Los Angeles where he pitched himself to the All-Conference squad.

Kincaid added, "He was truly a great all-around athlete. Wantz once said he would go into pro-golf if he could not make it in baseball."

After playing four years in the minor leagues he was brought up to be relief pitcher only this season. His best year in the Angel organization came in 1962 when he posted a 7-7 record with a 2.72 earned run average.

He had been hospitalized in Detroit a couple of weeks ago after complaning of serious headaches. When headaches became so severe he was admitted to Daniel-Freeman Hospital for a brain surgery last Thursday.

Without regaining consciousness he died the same day of a brain tumor Friday,

"It was a truly shocking tragedy for me. Dick was the first boy I coached out of many to make it to the big leagues and remain," concluded Kincaid,

lately, because of inactivity of played on Mondays and Wednesyour muscular body this past day also from 3-5 p.m. semester? Well, if so start looking forward to a full slate of athletic activities from the Cerritos College Recreation Association next fall.

True, many of the events scheduled for this semester may have conflicted with other activities, that were more im-

base. Then Johnny Treece walked and 408 hitter Serian Stepanian pop fouled the first pitch to the Lancer catcher for out

Something new will be added in the fall as a co-ed recreation hour has been tentatively planned for Tuesdays and Thursdays at 11 a.m. Here students will have the opportunity to participate in table tennis, handball, volleyball, başspeed of the Canelli and also ketball and badminton.

Final Run

and Fendia (47.8).

1:52 flat.

Wally's Leadership

One of the primary reasons for the outstanding success of the Falcon baseball squad is due to the inspiration and leadership provided by Coach Wally

ing career with a 13-2 victory over Santa Ana (the first victory in the history of the college) Kincaid has piloted the "Yankees" of the Metro Conference to 231 wins and only 67 losses. Though he has never won a state championship, Kincaid is recognized as the finest coach of baseball in junior college in the western United States.

Downey High

Starting his athletic career, at Trackmen Set Sights on So Cal Meet; Downey High in 1940, "the toothpick," as he is called, ganered letters in four sports, including all-league honors in baseball and basketball. After a three year stint in the Navy, in 1946 Kincaid entered Whiltier College.

> At Whittier Kincaid lettered in football, basketball, track and baseball at graduation had received 14 "W's." Captain of the baseball squad in his senior season, he hit over .300 from his second base position.

"He was a real student of the game," said former Whittier Coach Wallace "Chief" Newman of his prize pupil, "I remember one game when we played Pepperdine and Wally came to bat against a real string-bean left-hander. He got ahold of a low pitch and he golfed it right between that poor kid's eyes.'

First Job

Annexing his first coaching job at his alma mater, Downey High, Kincaid soon brought the Vikings into athletic prominence. Winning 120 games in baseball and 104 basketball he presented outstanding credentials to Cerritos when he applied for an opening on the staff.

It was here that an example

First Team

His first team broke even

with a 14-14 record and then in the next four seasons the Falcons won three Western State Championships including two straight in 1961-52. Then in the past two seasons only inches have separated Kincaid from copping a couple of Metro Championships and this season the frustrations ended. And end they did, with the first perfect record in the history of the Conference.

Page 5

Over 30 of his players have been signed by major league scouts, including three from last year's squad. The late Dick Wantz was the first Kincaid product to make it to the big

All of these statistics are impressive and many coaches have such records, but the difference between them and Kincaid is the word dedication. During the rain selge that interrupted baseball in the southland this season, Kincaid arrived at school everyday at 7 a.m. to prepare the soggy field for play.

Inside Basebail

If you were to ask him who in 1959 in the second inter-squad game of the thirtieth wek of the season received a walk in the top-half of the third inning, Kincaid could tell you who it was faster than Horace Wink went Mustang. "I'll tell you, if I tried for a million years I could never be half the coach that Wally 'is," said colleage Jim Killingsworth of Kincaid.

Another important factor in Kincaid's coaching methods besides keeping close records of players is inside baseball knowledge. He is a millionaire in this field. Former Downey Mayor Ed Giddings said at the Football Banquet this season, "I just don't understand how you keep the man at this school. He knows far more baseball than even most major league managers will know in a lifetime of work."

Credit To Players Kincaid, however, gives the entire credit for his fantastic success strictly to the players. Before signing on at Cerritos he asked to see the specifica-And this is the trade mark of tion of Falcon Field and said the man.

"He never talks too much about the game at home unless one of the children ask him," says Miss Mona Kincaid of her successful husband. "I guess you could say that though that he does think baseball most of the time!" The seriousness of Kincaid bears out if you happened to see him last year after the Falcons dropped three straight to lose the Metro champlonship.

Normally the most meticulous and best dressed man on campus, Kincaid acquired a haggard look because of the extreme feeling he felt for the loses.

Woman Player

So much ingrained is baseball in the Kincaid's family life, that Wendy, the oldest child announced that she wanted to became the first major league woman player. The other four Kincaid's, Kim (12), Chris (10), Dan (7) and Mike (4) are also avid Falcon fans and the three boys are rarely seen by residents of Gainford Ave. in Downey without a bat and glove and ball in hand.

This is the inspiration that makes the Falcons so great a baseball squad. The players see a coach that works as much as 20 hours a day to win for them and they feel, "If he's willing to work this hard for me then. I should work that much harder to win for him!"

to go places...on campus or off! Carries two people easily. So simple to handle you can park it almost anywhere. Gives you up to 200 miles on a gallon of regular gas! So go to LONG BEACH HONDA... and it's off you go-go on your Honda!

vice president of the Western Region of the Foundation. The

Cerritos president was honored for the patriotic address, "We

the People," in February and was presented with the award at

the youth speaks out program here. ---Cerritos College Photo

Jerome Hagerty presented the award to Dr. Mears for his "We The People," address last year. The speech was given to the Bellflower Rotary Club.

In "Youth Speaks Out" program, students from 11 high schools spoke on problems facing youth within the Cerritos district.

Janet Holman, Downey, and Florine Van Dam, Valley Chris-Mary Casey, Mabel Enlsoji, tian, discussed "Pressure-How Richard Papalleo and Carol Much is Too Much?"

Speaking on the improved recreational and cultural facilities were Darlaine Sipes, Excelsior, and John Hammond Artesia. La Mirada High and Neff

High were represented by Marvy in Wiebe and Jill Clarke, who spoke on "Closer Coordination Between Youth and Authority.'

CLUB NOTES

May 21, 1965

By CATHY LONGAUER

"Mother died today. Or, maybe, yesterday; I can't be sure," writes Albert Camus at the beginning of his novel "The Stranger." The Literary Discussion Club will comment on this work Tuesday at 11 a.m. in LA-3.

The public is invited to attend this free program.

Camus' work is a study of a man who is a stranger to society because of his apparent lack of emotion and his philosophy of "One can become accustomed to everything." As a contemporary of Jean-Paul Sartre, Camus infuses an existentialist philosophy into "The Stranger."

Next month the club will discuss three plays of Lorca, Spanish Instructor Dale Carter will speak on these works.

Circle K Washes Windows

Circle K, the college service club, will hold a window wash on Saturday at the Metropolitan Hospital in Norwalk.

The purpose of this work, according to Vice-President Mark Benton, is service to the community.

The club elected officers on Tuesday. President is Charlie Kidd while vice-president is Benton. Other electees are Jim Love, secretary and Greg Pritchard, treasurer.

Noted Scientist to Narrate Fossil Film

"Vertebrate Fossils from the Anza-Borrego Desert" will be presented by the biology club, Gamma Gamma Sigma, on Tuesday in NS-11. All students are invited to attend this free film which will begin at 11 a.m.

The movie will be narrated by Dr. John White who is president of the Southern Calif. Academy of Sciences and professor of vertebrate paleontology at L.B. State College. In addition, Dr. White is associated with the L.A.

County Museum in the paleontology dept.

Future Homemakers to Hostess Fashion Show

Members of the Home Economics Club will serve as hostesses at a Fashion Show to be held next Tuesday in the board room.

According to Vice-President Linda DuLac, a special meeting may be called on Tuesday in which a committee will be elected to draw-up the club's by-laws. Members will also discuss money - raising projects and field trips.

Miss DuLac added that students may still join the organization, which meets the first and third Tuesday of the month.

Three members are now running for senate. They are Kathy Ulrich, Sandy Stewart and Miss DuLac,

Beta Phi Gamma Initiates Members

Beta Phi Gamma held an initiation ceremony last Thursday in AC-33. Students accepted into this honorary journalism fraternity were "TM" Editor Richard Price, Ad Manager Pat Byrd, News Editor Ralph Donald, former Staff Member Pepper Iller and "Campus Illustrated" Editor Ardon Alger.

In order to belong, members must have a "B" average in journalism, have an over-all "C" average and hold an editorial post for one semester.

After the event, members and guests attended a picnic at Hillcrest Park.

Show Closes Today Student Art

Termed an outstanding exhibition by all concerned, the Annual Student Art Show will end today. Over 300 persons attended the auction segment of the show held last Friday in the Gallery.

Dr. Rugene Wallen of Cal State Long Beach's Art Department served as the sole judge of the show. According to Gallery Director Rudolph Aguirre, Wallen was favorably im-

works in quality that first and Lars Kierulff. Dan Nelson, second places were not awarded Top Award and Honorable Mentions were given.

> In the oil paints medium, Audrey Waring and John Johns art, Robert Alderette, David were given Top Awards, while Rudderow, Bob Knox, Nick Char Schaafsma and O. G. Dykes received Honorable Mention. Juror's Special Commendation went to Astrid Johnson in David Nelson latched on to Honwater colors. John Richey and Donna Sever won Top Awards.

Feeney.

Cerritos College President Dr. Jack W. Mears was presented Region Freedom Foundation, his George Washington Honor Medal Award last Monday night at the Community Service's presentation of "Youth Speaks

In the field of commercial
