CERRITOS MAY EXPAND

By Cathy Longauer "Talon Marks" Editor

The Cerritos campus may lose its shape if the considerations by the Board of Trustees are enacted.

At their Monday meeting, trustees discussed acquiring a 38.43 acres which would give the college an "L" form. At present, it is rectangular in shape.

Room for Facilities The reasons behind the dis-

cussions on the land acquisition were an increase in enrollment and the anticipated need for more campus facilities. Approximately \$1.25 million has been budgeted for this purpose by the college.

The new ground is located directly behind the school on the south side, and is part of the Dairy Valley agriculture zone. The board approved a request to be sent to Dairy Valley for consideration of variance with the land ordinance which would allow college facilities to be built there.

Contact Owner The board also agreed to have trustee Al Sommer contact the five property owners about the college's need and to talk with them on a possible land condemnation.

The proprietors are Joe and Palmira Santana, 6.76 acres; George W. and Rebecca E. Neese, 50 acre; Albert and Helen Veldhuizen, 12.25 acres; Charlie Vanderkooi, 8.93 acres; and Andrian and Alice Bulk,

9.99 acres. L.A. Approves Letters will be sent to various appraisers for fee quotations. In addition, a notice will be given to the State Department of Education of the profor its recommendations.

The board also received notification that the Los Angeles County Board of Supervisors has approved the annexation of the Downey Unified School

Downey to Join District For all purposes, Downey will become a part of the Cerritos Junior College District on July 1.

# To Feature

Tonight is the night for the fifth annual "Blue Hawaii" dance, sponsored by the Phi Beta Lambda, college business fraternity. Music will be provided by he "Sierras," and dress for the evening will be either casual or Hawaiian,

There will be a door prize for the most authentic and original costume, to be judged by a Polynesian couple.

The fee is \$1.50 per couple, or if stag, \$1 will be charged. Leis will also be sold at the

Tickets will be sold by the fraternity members, or in the Book Store. There is also a booth in front of the Student Center where tickets may be purchased,

The decorations for the event will be handled by chairman Frances Ciaccio, aided by assistants Mike Suess, Cloria Scott, Bob Acosta, and Larry

ALOHA - Wahines (girls) Joyce Carson, Francis Ciacio and Pat Baldridge, and companion Ken Welch typify the setting of tonight's Blue Hawail dance, sponsored by Phi Beta Lambda fraternity. The dance is in the Student Center at 8.

### YoungRepublicans Accept Challenge

"We will accept at any time and at any place, a challenge from the Cerrritos Collegiate Democrats to debate the national or state issues as embraced by the respective parties," said John De Weerd, a student justice and newly elected president of the Young

Republicans. The YR club installed new officers last Tuesday. Also elected to a YR post was Jean Irizarry, vice president. The treasure post is still up in the air, with three candidates

involved in a three-way tie. The YR's intend to bring as many speakers as they can to campus. Plans are also underway to get the vice-presidential candidate here for a speaking engagement,

### GAME DIRECTIONS

Take the Santa Ana Freeway north to the Hollywood Freeway. Continue north on the Hollywood Freeway to the Ventura Freeway. From the Venture Freeway continue north until you reach the Coldwater Canyon Blvd. turn-off. Take this turn-off north until reaching the end of the Blvd. Then turn left and proceed west until you reach Ethel Ave. At Ethel Ave. turn right and proceeed north, Monarch Field is at the corner of Ethel and Burbank Blyd.

According to Dean of Men Clive Grafton their are only 1500 seats alloted for Cerritos student rooters.

ASCC members entering with a guest must sit in the general admission section. Rooting section seats will be on a first-come, first serve basis. All ASCC book holders are asked to use the Ethel Ave. Gate for entrance into the stadium.

### **Busy Demo** Weekend

### Reinier, Wade---Guilty Say Court Justices

"Guilty" said John Wade and Dwight Reinier to the Supreme Court Justices Tuesday. The charge, as explained to

the defenders by Chief Justice Gene Tangi, was transferring a non-transferrable AS Membership Coupon booklet.

This act is punishable by not as a knowlegable act." less than one week suspension. Reinier and Wade received of AS membership and priviage**s,** and no more than indefinate expulsion of same.

An explanation, as offered to the court by Wade, was that he went to the Howdy Hop where he met Reinier as he was returning home from the dance.

Greetings were exchanged, and Reinier carried on to say that he had forgotten his booklet and was returning to his home to retrieve it.

Wade in return offered his booklet, mentioning that he had additional plans for later that same evening.

Reinier's entrance, with the automatically voided booklet was halted by the admission attendant who asked for further identification.

The result of this act was a 30 minute trial in which the verdict of guilty was rendered. Speaking for the supreme court, Tangi ended the session with a warning to any future

### For Less Ear Aches

Within the confines of this campus, Cerritos has one of the best stage bands in the nation—as was aptly proven at the Kansas City Jazz Festival last year.

And, yet, with all this talent available, where do we reach when seeking good music—with a reasonable tag on rates—for a weekend dance? How long will we be content with "music" being drummed out of electric guitars by "artists" straight out of some small bar?

"Talon Marks" believes we should stop looking for a rainbow when we have our own pot of gold—the Cerritos

Let's hire the services of the Cerritos Stage Band for some of our dances. Surely, we shall hear better music, receive more reasonable rates and suffer less ear aches.

### Crane Discovers Fish Glow While They Make Love

What is the most interesting uniform of a naval cadet in thing to be witnessed from full uniform. Mother Nature? Is it the viewing of newly hatched eggs or the killing of prey for food?

No matter what it is, not many persons have seen a fish that lights its body when making Love,

The fish, commonly known as the Midshipman, has 700 light organs but biologists did not know what their purpose

Biology instructor Jules Crane discovered that the purpose of their light organs was making love.

Crane first began his experiments on the fish some three years ago. He studied the midshipman during the summer sessions at the University of California at Santa Barbara. From there he went to Monterey, California to further his experiments last year. At the present time, Crane is waiting for his article on the midshipman to be published in a scientific journal.

The name "Midshipman" came from the Naval meaning, Crane explained. As the animal lights up, the beams of

Crane said, 'It is not a type of eel but a fish which resembles a perch and it is one foot

A question which Crane studwas which fish lights first - male or female? According to Crane, when the fish are in total darkness it is very hard to tell. But with the help of adrenalin to the female, it is fairly safe to say the female glows first.

During the time he is grunting and viewing her as one of the most beautiful fish in the world, his light organs operate at a constant pace.

After the female lays her eggs (the size of salmon eggs)

she leaves the nest. Most animals rely on the female to guard the nest while the eggs mature for hatching, but in the case of the Midshipman the male protects the eggs. eggs (the size of salmon eggs),

"The fish also has great possilibilities for internal experiments as well as external," Crane added. We can now

# Tallom Marks Dropouts Plague Counseling Office; Siriani Offers Reason for Wash Outs

the fall semester, a total of school, think that college is 400 students have withdrawn just a glorified high school, from Cerritos College

Why? What reasons could prompt so many students to tertainment. drop out of college? According to Dean of Counseling Don Siriani, there are seven main

#### Unprepared [

Some drop out because of inability to do the work required in the course, They are either unprepared to keep up with the demands of the course because of poor selection of sub-

In the first four weeks of jects. Some, fresh out of high ticular fields, find themselves founded for the sole purpose of providing recreation and en-

> Another reason students withdraw is that they are dissatified with the instruction. 'However, this is not a major factor," Siriani said.

#### Students Misled

Others leave because they have either had a similar course and were misled by the course title. Often tradesmen, re-educating themselves in their parstudying subjects they have learned already on their jobs. Then too some are either moving from the area, or have

had transfer problems. Many men taking part time courses, or otherwise do not qualify for a military deferment are drafted. And many women drop out because of marriage.

#### Main Reason

The main reason for withdrawal seems to be work," Siriani noted. He indicated that some students found it impos-

load and work more than 15

hours per week. "To succeed in one's studies," Siriani said, "a student must be mature enough to accept the responsibility of college work." He advised seeting a class and work schedule that leaves ample time for both

study and recreation. "If the student approaches his work with the proper prospective and values, and with the determination to succeed, he will succeed," Siriani con-

#### COLUMN RIGHT

### Proposition 14 — Yes Is Responsible View

by Harry Polgar

Editor's Note: Recently, "Talon Marks" published a column in which Joe Segura advocated a "No" vote on Proposition 14. Copy editor Harry Polgar has written a rebuttal.

I am holding in my hand a "No on Proposition 14" pamphlet. In big blue letters beneath an ultra-solemn picture of Presidents Kennedy and Lincoln are printed the words, "Don't legalize hate." Just what does this highly emotional phrase below that sickeningly sentimental picture mean?

#### Hate or Emotions?

Does it mean that the California Real Estate Association, who proposed the proposition, hates everybody? Or does it mean that the people backing "No on 14" have printed a pamphlet that anyone with freshman psychology can see through?

Proposition 14 was created because people were dissatisfied with the Rumford Act. The Rumford act says, "It shall be unlawful: 1. For the owner of any publicly assisted housing accommodation which is in, or to be used for, a multiple dwelling, with knowledge of such assistance, to refuse to sell, rent or lease or otherwise deny to or withhold from any person such housing accommodation because of the race, color, religion, national origin, or ancestry of such person or persons."

### Controversy

This is the controversial part of the Rumford act which (for example) demands that you rent to a minority group whether or not the rest of your tenants move out. And this is what Proposition 14 is against.

Proposition 14 is not against the entire Rumford Act. In sim-

ple terms, Proposition 14 would nullify-in effect repeal-that part of the Rumford Act that applies to private homeowners and other residential property owners. It would also make it impossible for the state legislature to pass future laws that would restrict home owners in the same way.

#### Your Discretion

It says, "Neither the state nor any subdivision or agency thereof shall deny, limit or abridge, directly or indirectly, the right of any person, who is willing or desires to sell, lease or rent any part or all of his real property, to decline to sell, lease or rent such property to such person or persons as he, in his absolute discretion, chooses."

In other words, Proposition 14 is a solid stand for property rights. It does not say that people have to discriminate, however it does let them do whatever they want to with their property.

#### Economic Rights First!

It is my contention that before there can be civil rights there must be economic rights. When the 13 original colonies were formed, the settlers were certainly more interested in their rights to buy and keep their property and the price of tea, than they were in trying not to discriminate against the Indians.

If the settlers had spent all their time worrying about whether or not they had hurt the Indians feelings, nothing would have been done to improve their economic structure and they would have perished.

Today, it is much the same. If the Rumford act is left as it is, it would be TAKING AWAY AN ECONOMIC RIGHT to keep the "Indians" happy. And the result-well we won't die off all at once, but keep taking away this country's economic rights, and you'll have the next best thing to dieing - communism, VOTE YES ON 14.

RUSTLINGS ...

## Readers View YR's, CCD, Goldwater, Mop Tops

### **Smith Berates**

It was with great pleasure that I read the comments by Young Republican spokesman Robert Hobdy concerning the "extremism" of the John Birch Society. It is unfortunate that the Republican presidential candidate did not see fit to agree with Mr. Hobdy that the Birchers were extreme.

I would suggest that Mr. Hobdy earnestly read Mr. Goldwater's books and compare the statements made on income tax, the U.N., the farm program, and foreign affairs with his present speeches around the United States. The on-again, off-again attitude of Barry Goldwater should be of deep concern to the nation.

The California Collegiate Democrats will examine all the issues of all the candidates. We invite all Republicans who are interested in fact to attend our meeting**s.** 

Incidentally, President Johnson is not between the center and the communists; he is rather an American president, leading the United States and the free world away from communism, and toward democracy.

J. Taylor Smith Collegiate Democrats

### YR's Organize In answer to the Oct 2 Re-

porter at Large Column. The Young Republicans is set up on democratic principals.

Our members nominate and elect their own leaders. They also have a voice in what their club say, and does. With this in mind, I can say only that News Editor Joe Se-

gura has made another biting attack at our organization. Speaking for the members of our club, we are and have always been for debates and discussions of the current issues, both at the national and at the state level between our club and the California Collegiate Dem-

ocrats. Our club is the only political organization on campus which allows its members to nomiante and elect its own officers, J. T.

Smith has publicity stated to me that this system will not work and that he will not use this system which is patterned

after our national government, Smith advocates and stated that he will use the policy of having a nominating committee of his own chosing. The only voice the members of the CCD will have is whether they want the candidates which were cho-

sen for them or not. This is strikingly similar to the method which the Russians use. Any changes of his policy will be for the good.

Editor:

I've surmised that Ralph Donald is not a Beatle fan what a pity! Having seen the group in person twice and having witnessed "A Hard Day's Night" besides reading John's book, I somewhat consider myself a Beatle fan and feel I know a little about the group.

PHone 868-2141

and I enjoyed every minute of joined by the majority of the their performance. (And, I hope they enjoyed mine!)

ROMANTIC FISH? - A fish that lights up when it mates is being

I would also like to know from what source Donald got his information. I have yet to read where Paul McCartney flunked out — he excelled in English, even though his major was art. Donald should also know that John Lennon is not the leader of the group. The Beatles feel that there is no official leader, ("It's all for one and one for all.")

It is obvious that Donald is too blind to recognize talent. It's his loss and our gain. What he says about Ringo is an absolute riot! Beauty is skin deep, but talent comes from within Ringo is a good looking boy! Sandy Carr

### BMG Again

## Monarchs Test Falcons in Metro Debut THE RED DOG IS ON

### Tankmen Play Host To Fullerton

squads out of the way, Cal State, UCLA, and SC, Coach Tyne's tankers begin JC competition today against Fuller-

"We have played the best and got our knocks early," mentioned Tyne. "It gave the boys competition. We hope not to lose another game."

Fullerton so far this year has met and defeated Occidental Fullerton didn't schedule any tough non-league, such as SC and LB State, until later in the season. Type feels this will be an advantage because they haven't met anyone to give them any competition.

"The squad still lacks teamwork. I think in another week or so the boys will get together and put on a better show," commented Tyne, Tyne feels the team will improved rapidly now that the year is under way. "Jon Costelow from Lakewood, Steve Campbell from Downey, and Bill Crist from Anaheim are going to be helpful," Tyne pointed out. "They are improving and should be an addition to the team this year."

#### Cal State Victims

Last Friday the team traveled to LB State but lost 12-4. The 49ers scored three quick goals to put the Falcons in the red before the smoke from the starters gun had cleared the air:

Cerritos' Doug Arthur threw the first point to put the Falcons back in the game.

After thinking over a 5-3 deficit Cerritos watched the 49ers control the second half scoring seven goals to the Falcons one.

Saturday the Trojans of SC were met by an experienced Cerritos squad. "If the boys would have looked as good against UCLA as they did against SC we would have taken the Bruins," said Tyne. "Of course a 91 beating by SC isn't bad, SC is great. It's good experience for the feam to play good schools. It is kind of sad, though, to think that eight of the nine goals scored by SC were made by boys from Downey High that I coached,"

DON QUARTERBACK JEFF MATLOCK hurries a pass as red dogging linebacker Lou Diaz (64) and tackle Fred Morasky (75) put pressure on the Santa Anan. The pressure caused Matlock to throw wild and allow Bob Biggs to intercept and ice the game.

# QB Schusterick Threat to Gridders

Ker's Valley Monarchs poses the biggest problem yet this season to Smokey Cates' Falcons. The undefeated Cerritos eleven travels to Monarch Stadium for their opening Metro contest tomorrow night at 8. In sellacking the Vaqueros, the Monarchs displayed their most potent offense in nearly five years. Not only did they display a fine running attack,

### Oh So Close; Locals Eke Out 6-0 Win

ally ranked II squeaked out a, 6-0, victory over an inspired Santa Ana squad Saturday night to remain on the unbeaten list.

The Falcons huffed and puffed and nearly ran out of gas before sending fullback Bob Mauriello one yard to victory on a jackknife plunge.

A scoreless game for 57:23, Cerritos began it's drive for victory with 10:56 gone in the final quarter and moved 84 yards in 15 plays. During the drive Cates played musical chairs with his quarterbacks, getting mileage out of all of them. On the sixth play of the drive Doug Magness was thrown for a 14 yard loss and then Gary Davis came in, and heaved a 36 yard toss to Dick Bergenthal moving the ball to the Don 32.

Then a couple of plays later Leroy Perkins suprised the near capacity crowd by throwing a tackle eligible pass to 235 lb. Dave Duran that netted 15 yards to the Santa Ana 7, where on a third and one situation Mauriello did the job. Dennis Born's PAT attempt was low.

Threatened Twice During the first half of play ie Falcons threatened going to the one yard line and the Dons held on fourth down. The other was Perkins pass that was intended for Ron Benadom but Santa Ana linebacker Bill Coston intercepted the ball inflight to stilfull the try.

After the Falcons tallied their lone effort, the Dons received the kickoff and ran it back to their 31 yard stripe. From there Matlock drove them to the Cerritos 16 in 2:25, but freshman Bob Biggs of La Serna played Sir Galahad and stole a Matlock pass in the end zone and touched the ball down, for a touch back bringing the ball out to the twenty with 10 seconds to go, for the ball game.

STATISTICS Cerritos Santa Ana First Downs 190 Yards Gained Rushing 165 Passes Attempted 16 Passes Completed 144 Yards Gained Passing 69 Passes Had Intercepted 1

Fresh off of a 35-22 win ing game that is a certain over Glendale, Coach George threat from anywhere on the

field. "Deadly" Dudley

Monarch passing is spear-headed by "Deadly" Dudley Schusterick, a transfer sophomore from University of Miaml (Fla.). Against the Vaqs, Schusterick tossed 35 passes and hit on 20 of them, including a 92-yarder to wingback Terrel Ray.

Three other Schusterick passes also found their way to pay dirt last Saturday. So Cates is definitely going to have to bolster his so-so pass defense that has allowed 212 yards in two games through the air, Neither Phoenix nor Santa Ana were blessed with passers of the caliber of the Monarch meteor.

Schusterick's favorite target appears to be former All-City star, 6'7" 235-lb, Bill Hayhoe. Last week Hayhoe latched on to eight of Schusterick's tosses, including a 52-yard touchdown effort.

Not only a threat passing, Schusterick is also a roll out artist. "We like Dudley to run

#### Grids Earn Bench Honors

Gene Kurai, the smallest man on the Cerritos squad at 5'5" 160 lbs., proved that he was one of the biggest last week at Santa Ana, when he outgained the entire Don team.

On the strength of his 16 carries for 72 yards the diminutive tailback was named "Back of the Week" by the Bench club Tuesday night.

All-American Jim Ferguson got back on the beam against the Dons, repeatly stopping them from his middle-linebacker post. For this performance Ferguson walked off with his first "Lineman of the Week" honors this season.

as much as possible to keep the defense honest, and also to take advantage of his great running ability and says Ker of his star field general.

Protecting "Deadly" Dudley tomorrow evening will be the biggest line in Valley's history. Leading the group is 6'2" 240lb. tackle Mike Scarpace, who made All-City and All-American last year at Birmingham High. The other tackle, 6'2" 235-lb. Ron Heiman, also hails from Birmingham. Handling the guard spots are 230-lb. Jim Glavey and 202-lb. Paul Sweigart. Anchoring the forward wall at center is another All-City player, 220-lb. Mike Haben. In the past two years the Falcons have easily won over the then doormat Monarch, 44-6 and 27-6, but this year's meeting should be different.

"Cerritos has always presented us with what we feel is the most varied attack in the Metropolitan Conference and from the looks of this year's scouting reports, things haven't changed," added the Valley 134 mentor.

### Total Offense Harriers Open Metro Race With Bakersfield, Valley

Still looking for their initial win of the season, the Cerritos the Cerritos superstar Kamanharriers open the Metro Conference race this afternoon at 3, when they face L.A. Valley and Bakersfield on the 3.5 mile course at Long Beach State.

According to Coach Dave Kamanski, thinks will be looking good for the first time this season. The Falcons met Valley at the Long Beach Invitational Meet two weeks ago and finished some 20 ahead of the lowly Monarchs. Renegade Coach Bob Covey rates his thinelads as "mighty green," but feels they should improve with experience.

### Fendia May Return

This week, Sophomore Les Fendia might return to action. Out with a sore foot, which has been plaguing him for nearly three weeks, Fendia's return would greatly enhance the Falcon's chance this after-

But even with the return of ski's hopes appear somewhat

Dim because last week at a quadrangle outing with Santa Ana, Orange Coast and San Diego, the leather lungs were able to only take a third, and the competitions wasn't that

The Dons, hosting the meet at Irvine Park, easily took a first with the low score of 17, 2 away from a perfect 15. The Orange Coast Pirates came in second with a score of 63, followed by the Falcons at 73. San Diego took the cellar spot with a poor 86.

First place on the 3 mile hill course went to Santa Anan Sal Mendoza with a time of 14:55. Freshman Mike Seaman, after a fine performance in the Long Beach Invitational, was counted on heavily last week, but dropped out of the race

after about two miles.
