Journalists Eye Contest At LA Valley

Beta Phi Gamma, the campus' journalism fraternity, will travel to Los Angeles Valley College for the annual National Beta Phi Gamma Convention next Friday and Saturday.

Five members of Beta Phi Gamma, Cathy Longauer, editor of "Talon Marks"; Joe Segura, news editor; Harry Polgar, feature editor; and Dean Grose, photo editor, will represent Cerritos at the convention.

Competition will be divided into five categories: news reporting, sports, editorial and feature. Each college may enter two contestants in each category. During a banquet on next Saturday the victors will be awarded their prizes.

Awards will also be given to past journalistic work published before Oct. 1. The categories are investigative reporting, depth reporting, feature, editorial campaigns and photos.

In investigative reporting, Miss Longauer's story on the 46 youths nabbed in a post-game victory party in Seal Beach was chosen along with one on stealing in the cafeteria.

In depth reporting, Segura's story on the campus' Young Republican split was selected. And stories by Richard Cattaneo and Bill Reed, both editors of "TM," and Miss Longauer on the annexation of Cerritos were entered into competition.

Features picked were Larry Gahr's reporting on Stanley Jennings, history instructor, gun collection, and Miss Longauer's story on the Marine assault during the annual Space, Science and Technology Show.

A summer campaign against jay-walkers was chosen as the best editorial campaign for the competition. Cattaneo's editorials on the stage band's trouble of getting funds for the Kansas City Jazz Festival were also picked.

Belles Sought for Queen Spot in Technology Show

"The Space Science and Technology Show is looking for a Queen," said Harlan Stamm, assistant dean of academic affairs.

This show is a yearly exhibit of the latest progress in the fields of space, science and military advances.

Any girl over 17 years of age and under 23 is eligible. She must also be a paid member of the ASCC. She must carry at least 12 units, have at least a 2.0 grade point average and never have been married.

There will be no club nominations as in the case of the Homecoming Queen. Any girl who wishes to run may pick up an application from Amy Dozier, dean of women, in the Student Activities office. The final date for registration is Dec. 7.

There will be an orientation class and a rehearsal here on campus, at a place to be disclosed later. The press, both campus and local, will be at at-

HANDSHAKE WITH VICE PRESIDENT-ELECT Hubert H. Humphrey was awarded to three campus California Collegiate Democrats, J. Taylor Smith, Cahr Schaafsma and Francis Siegel (advisor to the club) during a Los Angeles rally last weekend. All three CCD members explained to Humphrey the work they had gone through to get him for the election eve special national broadcast with President Lyndon Johnson. Humphrey answered that if he had known, he would have had the rally in the Cerritos Football Stadium.

CHIEF JUSTICE SOUNDS-OFF

'Tangi Cleans Up,' Seeks Court Power

By RALPH DONALD
"There has got to be a change," said Gene Tangi, chief justice of the AS Supreme Court. "There is a serious wrong being done the students of this college. As of now the court has no authority or bearing whatsoever. The students think it is merely a decoration on the walls of student government," he added.

Tangi went on to say that the AS Constitution states that the court has the power to review and interpret legislation. He stated that to be a functioning body the court must have the power to declare laws unconstitutional, and therefore null and void, and have the power to back up these decisions.

Associate Justice John DeWeerd, who resigned Tuesday for personal reasons, said, "At times the Senate moves entirely too quickly, and in their haste they make grave errors. The court, on the other hand, moves slowly and surely."

Tangi's plans for a better court include a meeting with Dean Clive Grafton and Administrative Dean of Student Personnel John Blakemore to discuss a new judicial code, naming the judicial powers and a general "re-vamping of the whole judicial system with regard to legislative procedures."

This new code would then be sent to the Senate for approval. Tangi also points out a lack of coordination between the senate, the court, and the cabinet. "I think that if the chief justice of the court was a non-voting member of the executive cabinet, the tie-in between the groups would be close, and all would benefit," he concluded.

"The reason," said Stamm, "we are not making this a general election by the Student Body is that this is not going to be merely a popularity contest. Many beautiful girls are not active in clubs, either because they are too shy, or they don't have time."

News Briefs

SIGN-UPS FOR CHESS CLUB are now being accepted in the Student Affairs office. The new club, being formed by Joe Segura, will meet Thursdays at 11 a.m. The adviser will be Chuck Lawson.

ROOSTER BUS TICKETS for the Bakersfield game are now being sold at the Student Center. They will be sold until Tuesday afternoon. The price is \$4 with Coupon 22. The bus will leave Saturday at 3:30, and will return the same night.

THE PUBLICATIONS BOARD holding its first meeting of the year, discussed their roles which are to set policies to review and to investigate problems and complaints of campus publications.

FROM WASHINGTON

Pearson To Review Landslide Election

Drew Pearson, one of the nation's foremost Washington correspondents, will give a detailed report on the "Why, How and Effect" of the Tuesday's 1964 Presidential election next Friday night at 8:30 in the Student Center.

Tickets are now available in the Student Affairs office on a first come, first served basis. General admission is \$1, full and part-time students may use coupon 23.

Following Pearson's address a reception, sponsored by the college's associated students organization, will give community members and students an opportunity to meet the noted journalist and ask questions.

Pearson has been involved in both praise and criticism of the highest offices in the nation. In his reporting lifetime he has fought government officials, members of Congress, important business leaders and others not acting in "the best interests of the public."

"Washington Merry-Go-Round," printed daily in the

"Los Angeles Times" is Pearson well recognized column. It won Pearson a Sigma Delta Chi Distinguished Service Award in journalism in 1942, which is one of the most revered accomplishments among the journalistic fraternity.

The "Saturday Review of Literature" selected Pearson in a

DREW PEARSON

poll as being the columnist whose writing "exert the greatest influence on the nation."

Pearson also has a long list of humanitarian achievements. Included on the list are the 1947 "Friendship Train" that brought food for war-torn France and Italy; the Freedom Balloon campaign dropped airborne messages of liberty and encouragement behind the Iron Curtain; and the "Democracy Letters to Italy," given credit for defeating the rapid spread of communism in Italy in the election of 1948.

AS Insurance Needed

All students participating in organizations utilizing AS funds are required to be either full or part-time ASCC members with insurance coverage.

The Executive cabinet passed this resolution to protect both the college and the student in the event an accident occur on a field trip.

Fulltime membership is for any student carrying 12 or more units and costs \$7. Insurance is covered in the fee.

Parttime membership is for any student carrying less than 12 units and cost \$3. Insurance coverage costs an additional \$1.00.

DeWeerd Resigns Post; Two Court Justices Out

Ron Trejo and Pete Tackett, Cerritos Supreme Court justices, were dropped from the roster of the court. The decision was made by Chief Justice Gene Tangi last Tuesday in an executive meeting attended by Tangi, Student Body President Jim Logan, resigned justice John DeWeerd and the press.

The reason given for the justices' ouster was that Trejo and Tackett were not attending the court sessions. "According to the law," said Tangi, "Two disciplinary actions could be taken: we could impeach them, or ask them to resign. However, accord-

ing to a previous ruling, justices can be dropped if they do not attend the meetings.

Tangi further stated that justices, to be effective, must attend the sessions. "With the limited power of the court as it stands, the least we can do is review and interpret legislation, but even this is impossible if no one shows up."

John DeWeerd, associate justice, resigned also last Tuesday for personal reasons. "I deeply regret the loss of DeWeerd," said Tangi. "He was a great justice and a hard worker. It's a shame his other commitments force him to resign."

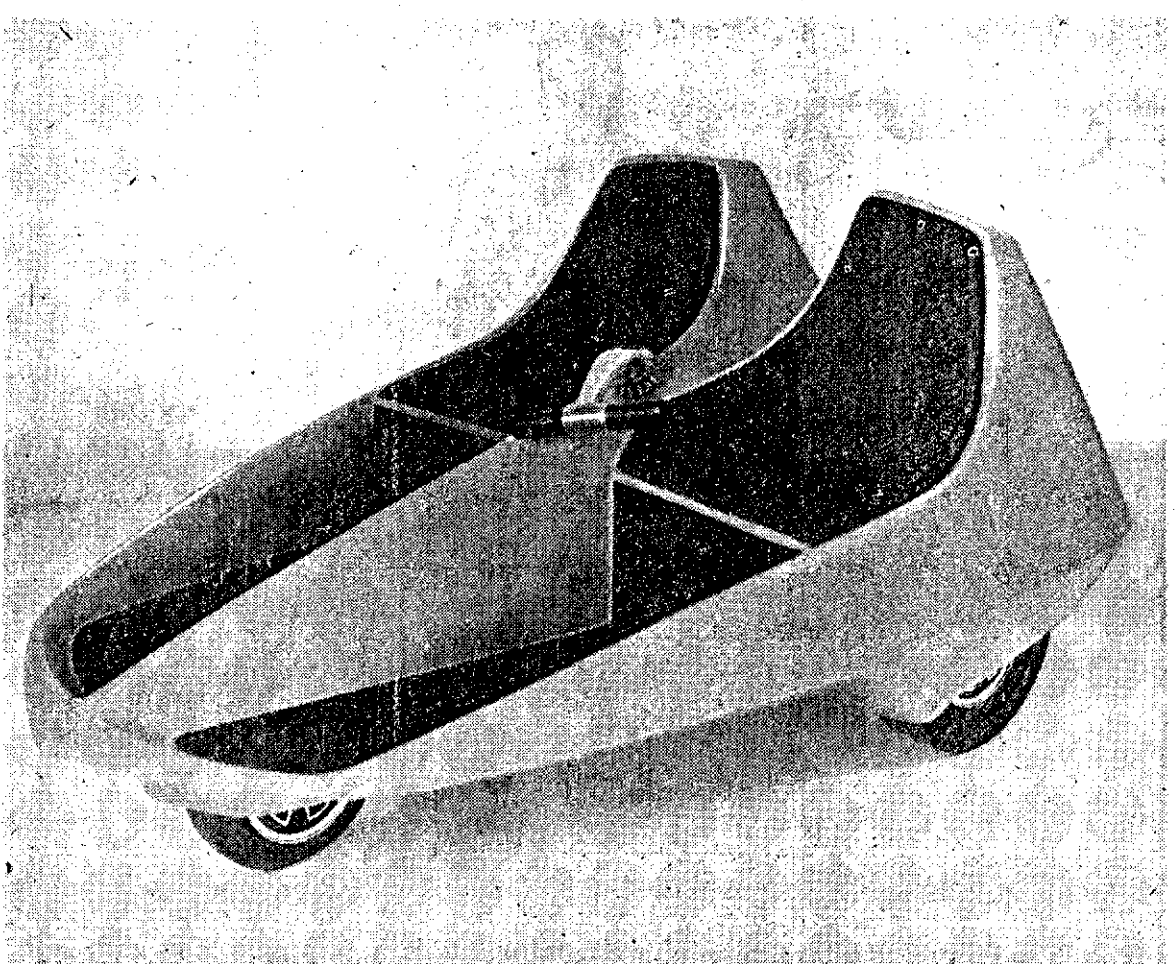

Registration Set for New Weld Class

Registration by continuing students for the second nine-week course in the welding certification series began last Monday. The series offers an opportunity for any citizen in the community to become a certified welder.

On Monday new students may register. Instruction begins every nine weeks and includes work in gas and arc welding, as well as experience with welding inert gases.

"No experience is needed to enroll in the class," stated Oscar Hart, welding instructor. "It is a program in which a student can take up to 10 units and get credit," he added. The class is two units.

The day classes will start Tuesday, Nov. 17 at 8 a.m. and go to 12 in the afternoon. Evening classes will begin Nov. 16, from 6 to 10.

1984 GOLD CART, now being displayed in the graduate art work exhibit, is only one of many works in the fields of advertising design, editorial illustration, automotive design and photography. The exhibition will be shown until Nov. 20 in the campus Art Gallery.

CERRITOS COLLEGE

EDITORIAL

America First!!

The world's most important presidential election in the year 1964 is over and President Lyndon B. Johnson now has a mandate to regain the reins of the world's most powerful nation. It is up to him to lead this nation during the next four years through whatever perils await it and to whatever glories it shall achieve.

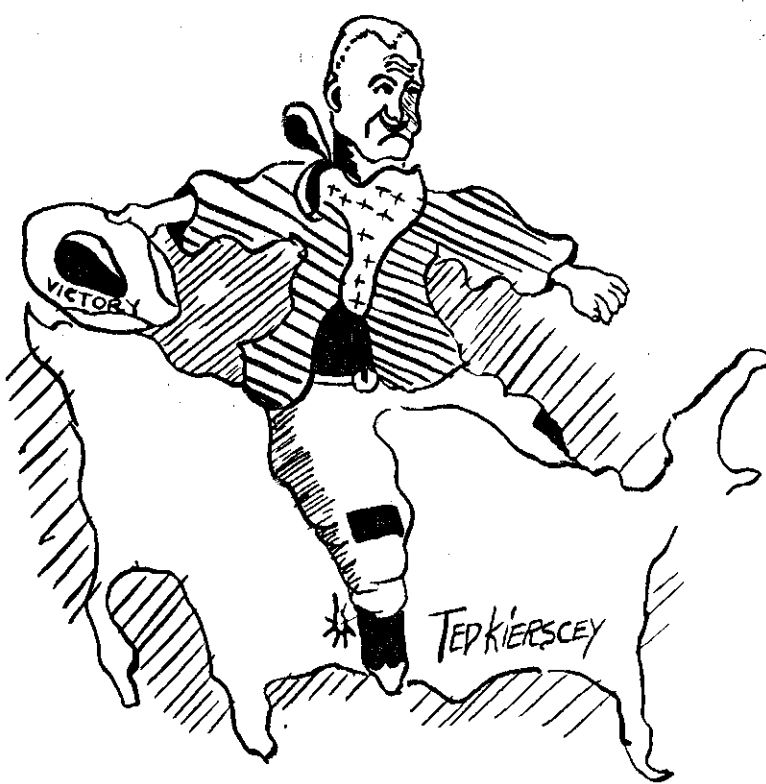

PRESIDENT JOHNSON

President Johnson is a man to be respected and supported — respected for the campaign he fought and won, and supported in for the job that he faces during these times when "making the world safe for democracy" seems such a long way off.

Now is the time for unity. Democrats must now join together with Republicans to face the future as ONE NATION; Negroes must now join together with whites to face the future as ONE NATION: There must be one strong secure nation, The United States of America. An America not living in the past, but learning from it — with the understanding that if America were to remain divided it would be unable to cope with the major threat to the principles of our great country. That threat is Communism.

But we can help the President. And we must. We must lay aside our prejudices and our partisanship and remember only one thing: We are all AMERICANS. And as Americans living by the principles of Americans, we will be the ones who will overcome!

—Harry Polgar

LBJ RIDES AGAIN

REPORTER AT LARGE

Why Not Play Chess in Style?

By JOE SEGURA

A small group hunches over a table, the tension is high, the ash trays are filled and from the preoccupied assemblage comes the victorious cry, "Checkmate."

Yes, it's that All-American indoor sport — chess — which requires a little more muscle work than checkers. And, it seems — judging from the two worn out chess sets that can be borrowed here that the game isn't lagging at Cerritos College.

To get to the point, I feel that if the campus can have two political clubs — founded to deepen the students' interest in politics — chess-lovers should be able to have a club to deepen the students' understanding of the game.

All that is needed are 10 or

more students to sign for a petition to get campus recognition, write a constitution of the aims of the club and to obtain the Inter Club Council's okay.

What would the club do? Well, how many times have you heard the line, "I'm not a very good player. I don't know why, but I'm just not catching on." There is no need for such despairing complaints of a bad game. The newly proposed club would give the player a opportunity to go over different strategies, to introduce new games, and even compete with other college teams.

HAM ON WRY

Election Over — Neutralists Unite

By AL BONNER

Now that the election is a thing of the past and either Barry Goldwater or Lyndon Johnson is safely whitehoused (as this was being written I did not know which) I have been allowed to write a political column about the party to which I was loyal.

This party was, of course, the Neutralists and I couldn't defend it until after the election because they were afraid too many voters would be irrevocably swayed by my outlandish opinions.

QUAD BILLBOARD

Sagittarian Arouses Ire, Comment Here

In the center of the Cerritos College campus is a billboard on which "Sagittarian" letters are posted.

Presently the topics on the billboard are discussions on the morals of college students and the inferiority of women.

"The main purpose of the 'Sagittarian' Magazine is to put in print persons' expressions, whether artistically or vocally, said Advisor Allan Siegel.

"We will publish anything written by anyone," commented Siegel, "provided that it is of literary merit and produced by someone in the Cerritos College District."

Siegel stressed that he will post on the billboard anything anyone wants to say, no matter "what the topic, provided it has merit."

"Students often get aggravated at the questions or ideas on the billboard," added Siegel. "The purpose though is to provoke thought," Siegel stated.

"Sagittarian" is an accumulation of the articles posted and other significant work turned in. It is published once a year, but Siegel is trying to get it printed once a semester.

We of the Neutralists can trace our ancestry back to the "Know Nothings" of the 1800's and we proudly point to our combined slogan and platform. "Let George do it!"

The fact that our group does not care who won may seem un-American to some. Not so. We merely could not decide on a candidate in time so we figured we would let it slide until 1968.

We intend to back a machine in the next election. We just hope the rest of the people are advanced enough by then to realize our government could be safe only in the hands of some nice wholesome uncorruptible machine.

You can't tell me that our scientists wouldn't be able to come up with a superior machine that could out-think, out-smart or out-yell that new Russian Harpie, that potato-nosed Frenchman or that Mad Dog Mao? So, wouldn't an IBM look great in '68?

At least if we had machines running we wouldn't have to put up with all these pictures of LBJ and BG that were plastered over every Town, Dock and Ferry that came along.

I'll be hornswoggled (and gladly, too) if old LBJ wasn't beginning to remind me of Big Brother (1984) towards the end.

And if Barry, without his glasses, isn't a deadringer for Bat Masterson (before he went straight) I'll put in with you.

There were a few good things that came out of the campaign, however. For instance, there was a brief flurry of defecting Democrats when they started serving Goldwater and Rum at Republican rallies, but everything evened out again with the advent of the "Double Johnsons".

In closing, I'd just like to warn against reading everything the candidates said about each other or you will wind up in our camp during the next election. Why, they both came out looking like a combination of Mad Anthony Wayne, Blinky Palermo and Herman Goering.

New arrival: seeks long-term lease

This new-born fawn and all his kind will prosper. Thanks to the Federal Wilderness Law, millions of beautiful acres will be set aside as a perpetual wilderness and home for wildlife.

Standard Oil welcomes it. Our drilling crews work in close cooperation with fish and game and wildlife officials. Our helicopter crews cooperate in forest fire patrol. Standard men have even gone out of their way to enlarge a breeding pound, or truck water to drought-stricken animals.

If oil is found, operations are planned with a minimum of disturbance. Working areas are fenced to protect the animals . . . wildlife returns, often increases.

Standard Oil men are good neighbors to the wilderness.

When you go to enjoy the great outdoors and its wildlife, rely on the man at the Sign of the Chevron. He'll help you get there, with free touring information, and highest quality S.O. products for your car and boat.

Belles View Past And Future

By HARRY POLGAR

The coronation of the Homecoming Queen of Cerritos College is but a few short hours away and the seven finalists for the honor are certainly not enjoying the suspense and apprehension that they are experiencing.

Each girl hoping for the crown has one major thing in common—beauty. But also each is different inasmuch as they all have different interest and vocational aims. It is these differences—the simple fact that no girl is exactly like another—that makes life more exciting for boys. Here are Cerritos' Homecoming Princesses:

Carol Kauffman

Carol Kauffman, an 18 year old freshman from Pius X High School in Downey, has a pony tail that is 26" long.

Carol is of German and French ancestry, is 5'4" tall and weighs 115 pounds.

Brown eyed and brown haired Carol wants to be a legal secretary and later study law. Her favorite subject is typing.

She is a member of Phi Beta Lambda and a Delta Phi Omega pledge.

Leslie Ward

Leslie Ward, a sophomore English major, stands 5'7 1/2" and weighs 122 pounds. She came to Cerritos from Warren High School in Downey, and wants to be a writer.

Hazel eyed, brown haired Leslie says, "I'm a real gold digger—money is my first qualification for a boy."

She is sponsored by Delta Gamma Phi.

Nancy Ciaccia

Nancy Ciaccia is a petite girl of 5'3" weighing 109 pounds. She is a freshman history major whose favorite subject is "Western Civilization."

Born in Brooklyn, New York, and now residing in Lakewood, Nancy enjoys water skiing, modeling, cooking, horse-back riding, and traveling.

Active in many areas, Nancy is a song leader, the Asso-

ciated Women Students Freshman Representative and a Delta Phi Omega pledge.

Sandy Hickey

Sandy Hickey is the tiniest contender for the honor of being queen. She's 5' tall and 96 pounds of real "fightin' Irish".

When Sandy finishes college, she plans to teach elementary school because, "I love little kids, 'cause they're the only ones I'm bigger than." She is an English major who says she has no favorite subject — "I like them all."

Sandy is a song leader and a member of Delta Phi Omega sorority.

Cheryl LeJeune

Cheryl LeJeune is a native Californian, having been born in Long Beach and raised in Lakewood where she attended Mayfair High School.

Cheryl is 5'7" tall, weighs 126 pounds.

Besides being a song leader, Cheryl is the Student Government Inter Club Council Commissioner and an "active" in the Delta Phi Omega sorority.

Pam Townsend

Pam Townsend was born in Long Beach 19 years ago. Pam is part Swedish, Welsh, German and Irish, stands 5'5" and weighs 120 pounds.

Pam is a sophomore who attended Magnolia High School in Anaheim. She is a nursing major and wants to work as a registered nurse.

At one time Pam was crowned "Miss Luring Pines" in a beauty contest. She is an active song leader and is also an active in the Delta Phi Omega sorority.

Kathy Denessen

Kathy Denessen, a sophomore from Mayfair High school.

Nineteen year old Kathy stands 5'5", weighs 121 pounds and wants to teach high school. She has green eyes and light brown hair.

Kathy is active in Student Government and presently she is the AS treasurer. She is also an "active" in the Delta Phi Omega sorority, and is its pledge mistress this semester.

GOGI GRANT ENTERTAINS

To Crown Queen At Tonight's Dance

High on a hill in Burbank overlooking the Los Angeles basin is the site of the Castaways, where tonight's 1964 Cerritos Homecoming Dinner Dance will begin carrying on the "Cerritos Circus" homecoming theme.

Entertaining guests will be Gogi Grant, whose million-record sellers "The Wayward Wind," and "Suddenly There's a Valley," have made her one of the nation's top vocal and night club stars.

Also appearing to provide music for the event is Carroll Wax and his 12 piece orchestra, who are well known for playing at many collegiate activities in the Southern California area.

AS President Jim Logan will emcee the dance with Bill Burgess, AS senator and nationally ranked debator, to announce the coronation ceremonies while Logan presents flowers to the lovely ladies.

Everyone will receive a free coke who attends. Colored pictures will be taken. One may purchase two-three by five and four-wallet sized colored prints for two dollars.

The agenda for the evening will be:

- 6:30 p.m. Guests arrive and the dinner begins.
- 8:45 p.m. The 1964 Homecoming Queen is crowned.
- 10:30 p.m. Miss Gogi Grant appears.
- 12:30 p.m. The evening comes to a close.

The dress for the evening is

formal-semiformal, and according to Dance Chairman Ralph TeVelde, "That means that formal is preferred. However, if you can't get a tux, a dark suit is all right to wear. But no sport coats," he warned.

The "Cerritos Circus" theme will be carried out in the decor

GOGI GRANT

of the evening, as each table will have a decorated centerpiece which will be given away to a couple at that table.

According to the Student Affairs office, there are already more than 300 couples who will be attending. The college's alumni have also been invited.

TeVelde said, "With the beautiful view provided by the Castaways and with outstanding entertainment and the cooperation of all persons involved, tonight's dinner-dance will certainly be an outstanding success."

Clowns Frolic, Band Plays During Halftime Circus Acts

"Cerritos Circus" will be the theme of the Homecoming game's halftime entertainment.

The program will begin with the grand entrance of the local "Straw Hatters" Band, followed by the 17 club floats. The last float will carry the Homecoming Queen and her court.

According to Cerritos' custom, there will be a salute to the college's alumni.

Carrying out the Homecoming theme, students will present a series of circus acts in three rings on the playing field. The show will begin in the center ring with the "Falconettes" dancing team, hoofing to the tune of "St. Louis Blues March," by the "Straw Hatters."

Following the dancers on the

left ring will be a clown act, a tumbling act, and the gymnastic squad's acrobatic animal act. While these acts are in progress, the Band will play "Comedian's Gallop" by Kaba-Levsky.

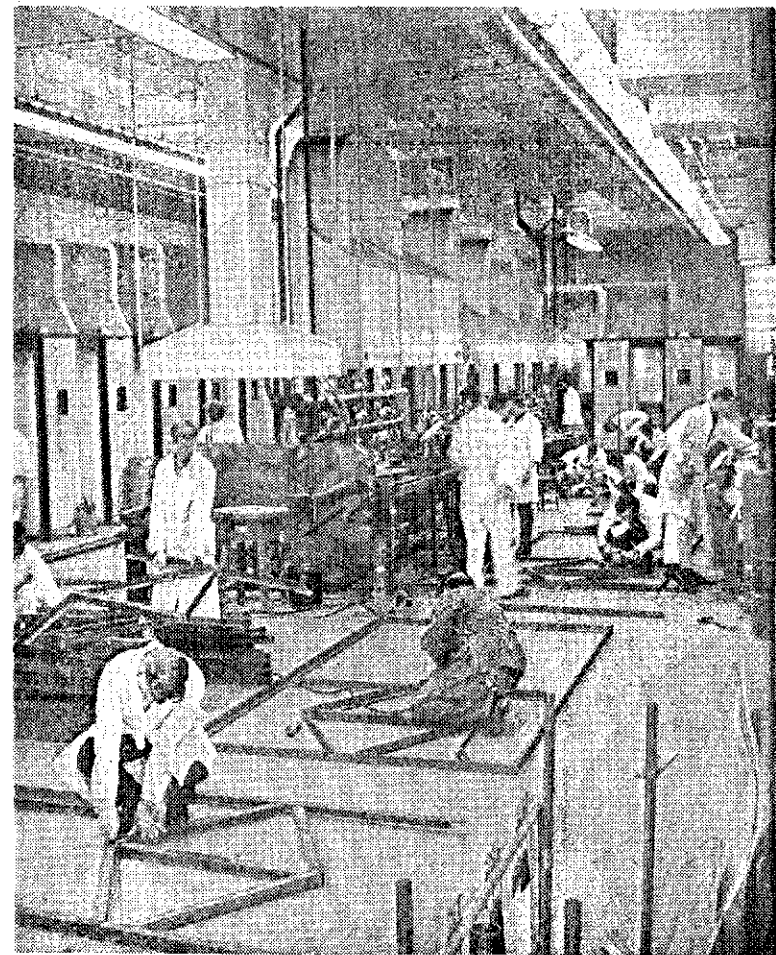

Then the spotlights will switch to the right ring, and promptly fade out. Fire batons will wave in the darkened stadium as the Band plays "Ritual Fire Dance" by De Falla. The baton twirlers for the evening will be Bob Gregg, Pats Schrier, and Marshall Chappell.

Then the Band will strike up the tune of "Ringling Bros. Barnum and Bailey Grand Entry March" by Fillmore and all the acts will perform together in the spotlight.

TWO FRIGHTENED LIONESSES, (Theresa Ross, top; Patti Higgins, bottom), cover away from the whip of lion tamer Dennis Graham. These students from modern dancing class will take part in the halftime "Cerritos Circus" of the Homecoming game.

* Detroit or Cerritos? *

CONSTRUCTING PERMANENT FLOAT FRAMES—auto shop and welding students work in a production line fashion. Students of John Jackson and Oscar Hart, they have spent many hours during these past weeks to ready the frames for decoration. Floats will be on parade at tomorrow's night's Homecoming Game with East L.A. during halftime.

Jackson And Hart Crews Construct Float Platforms

Uniform homecoming floats will highlight tomorrow evening's parade at the football game with East Los Angeles Junior College in the Falcon stadium.

For the first time, floats are being constructed on permanent frames which were designed by John Jackson, auto-mechanics instructor.

Combined classes under the direction of Oscar Hart, welding instructor, worked for several days in production line fashion constructing 17 skeleton frames.

These frames have been issued to participating clubs by the Student Affairs office, for decoration in the theme of "Cerritos Circus."

Varying the uniformity will be the Queen's float, which will be the largest in the history of Cerritos. Construction, under the chairmanship of Harry Polgar, began last Tuesday.

The float, which is 26 feet long and nearly 14 feet wide, will be decorated with 65,000 pieces of 10 inch square tissue paper.

Bright colors of red, white, blue, orange and pink will surround the oval shaped float. A large "fire" ring at the rear will provide the setting for this

year's Queen.

Red foil and colored tissue will surround the eight foot "fire" ring bringing the total float height to over 12 feet.

Based on the theme, the Queen and her court will ride atop circus stools. The float will be motivated by hand or vehicle.

Participating on the construction of the Queen's float are ASCC President Jim Logan, Jerry Young, JoAnn Carroll, Linda Carroll, Terry Jackson, Rose Marie Mellano and Nancy Weisenberg.

Also Kit Milbert, Jim Lytell, Jerry Farmer, Donna Haselroth, Diane Rosenblum, Bonnie Schlocker, Loretta Ruveshaw, Sharon Stubbs and Dee Phares, have been working.

The individual floats are being constructed today and tomorrow under the stadium bleachers by various fraternities, sororities and campus organizations.

Judging will take place late Saturday afternoon and winners will be announced during the halftime parade. Trophies will be awarded to winning floats. The Phi Beta Lambda business fraternity was sweepstakes winner last year with their entry, "The Land of Moo."

ON THE LEVEL

JRB Needs a Metro Team

By PAT LEVENS

Six exciting weeks of J.C. football have now passed under the bridge and only five teams remain undefeated and in the running for the forthcoming bids to the Junior Rose Bowl.

From the west powerhouse Long Beach and novice L.A. Harbor hold unblemished records, while in the east perennial toughie Cameron, Okla. and East Mississippi and Coffeyville, Kan. have yet to taste defeat.

Just last week, for the first time, Coach Jim Strangleland's Vikings climbed a top the J.C. Grid-Wire Rating as the top two year college team in the nation, a rating which they should have had from the beginning.

Harbor apparently is running as an unknown as did Orange Coast last year. And don't bet that Harbor won't be playing in the JRB come December 12. Only Compton and Glendale remain to be played and neither present a formidable opponent.

Long Beach on the other hand will take an easy win from Grossmont, but then must face two Metropolitan Conference powerhouses, El Camino and Cerritos which are running in the top ten. If the Vikings do taste defeat from either of these squads it will be curtains for their JRB hopes from the second time in three years.

This is the sore point of many Metropolitan Conference fans: One loss and you're out of the running for a JRB bid. It sounds ridiculous and it is. Last year either Bakersfield or Long Beach or Cerritos would have easily defeated Orange Coast, but the Pirates cake-walked through the high school like Eastern Conference without a defeat.

Playing in the Metro Conference, a coach must count on one defeat because any seven of the teams are capable of beating each other, but in the Eastern Conference you have squads like Santa Ana that lose to Long Beach, 45-0. Also in the Western States Conference El Camino drubbed Compton (17-0) and Pierce (33-6), while Harbor was able to whip Pierce (15-13).

"On The Level" hopes that the JRBs election committee will for once chose wisely and pick a representative team: **A TEAM FROM THE METROPOLITAN CONFERENCE.**

LEVELINGS . . . Congrats to tight end Cliff Hancock for his spectacular TD reception against San Diego after spending three weeks on the disabled list for blood poisoning of the foot . . . Also an award to Craig Scoggins for having the most guts of any punt returner in J.C. football . . . It looks like Hal Simonek is going to get that championship wrestling squad he has been looking for . . . New Cage Coach Jim Killingsworth also looks as if he will turn out a squad representative of his 329-34 win-loss record over the years.

CRUSH STATE, 15-9

Wrestlers Show Power In Scrum

It looks like the Cerritos matmen will be favorites for the Metro championship this season as the tremendous start last Friday against California State College at Long Beach.

The Falcons went against the 49ers in a non-scoring scrimmage. Unofficially, Cerritos came home with 15 wins and two draws while Cal State finished with 9 wins.

Real Pleased

"I'm real pleased with the team as a whole. They did a real outstanding job against some real tough opposition," commented Wrestling Coach Hal Simonek.

The starting first team for the Falcons all won except two. Of the fifteen victories, 10 were by pins.

Bill Rose, 123 lbs., lost a narrow decision 1-0 in the opening match of the day. With a reverse in the second period Rose should have tied the score but was not awarded any points. Mighty Joe Moore, 130 lbs., controlled his opponent for the three period bout and won 5-0. He defeated State's No. 1 man.

Cal State's Bob Harris, Pacific Coast Champion was uprooted in the first period by Falcon Bob Prindell, 137 lbs. "Bob went right at the man for the pin and got it," explained Simonek.

Falcons Steve Johnson, 147 lbs. and Ken Bos, 167 lbs. both won their matches by decisions. Johnson won 5-2 while Bos overpowered his man 8-1.

Dunn Pins

Al Dunn 157 lbs., pinned his man in the second period. "Dunn is different. He wrestles with a so-so attitude during practice sessions but turns into an animal during meets," said Simonek.

Freshman Wayne Partee, 177 lbs., went against two top opponents and won. He decided his first man and by overriding had a draw on his second. "Wayne is really going to boost the team this year," added Simonek.

Metro champ Dennis Downing, 147 lbs., lost by one point but gave a fine showing for himself. He was defeated by a man from Iowa University who placed fifth

in the NCAA championships last year.

Dennis Snell, 167 lbs., won by a decision over State's man who finished second in the State Jr. College championships.

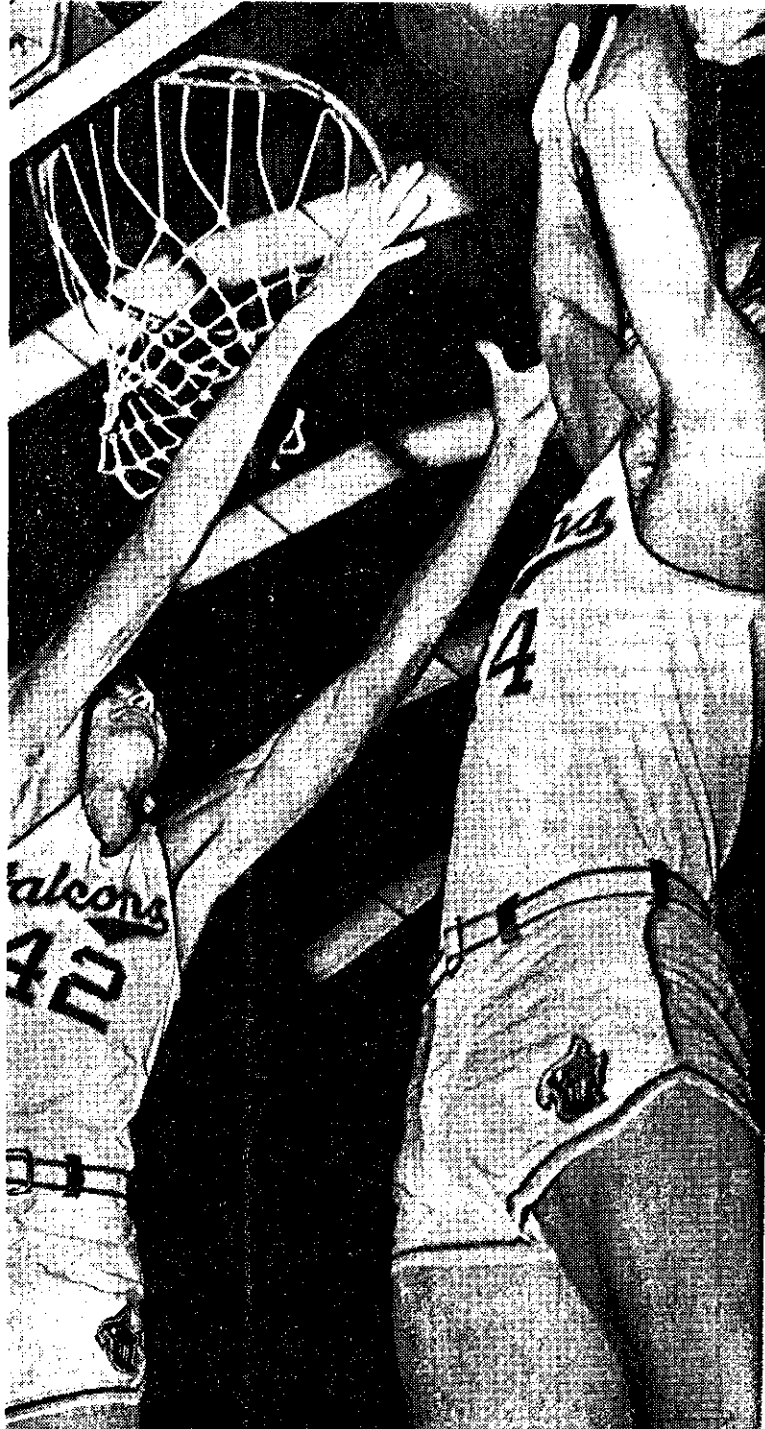

"I hope the team can pull together even more before opening against Cal State at Long Beach here next Friday. We have a lot of strength which we can use to our advantage against our opponents," concluded Simonek.

With Downing, Snell, Partee, and Dunn to lead a team Cerritos should not have too much trouble running over this year's opponents.

After next Friday's meet, Cerritos will face UCLA at UCLA Tues., Nov. 25 and go against the Alumni Nov. 26 here at Cerritos.

Hoopmen Prepare for Harbor Debut; Powell Heads List of Returning Vets

By PAT LEVENS

BIG GUNS FOR COACH JIM KILLINGSWORTH Falcon cagers this season will be Les Powell (42) and Bob Johnson (44) shown here peeling for a rebound in a recent practice session. Powell is Cerritos' only returning starter and will be counted upon heavily for his outside scoring abilities.

—Talon Marks Photo by Pepper Miller

Three weeks from today, Coach Jim Killingsworth will send his first Cerritos basketball offering before home fans in a non-conference match against Coach Norm Kettering's L.A. Harbor Seahawks. On the line will be a string of 10 consecutive victories over the Western States Conference doormats, including last year's 100-68 pasting delivered by Gary McCoy & Co.

This season could become either one of the best or one of the worst for Falcon cage "aficionados".

New coach Jim Killingsworth steps into a spot that not many coaches envy. Hired toward the end of the spring semester to replace the popular John Caine, who left coaching for full time counseling, Killingsworth admits to knowing little at this point about the majority of his players, for he didn't even have a hand in recruiting them.

To top it off he greets only

Gridsters Take Wild One 32-22

It was Halloween night for sure last Saturday at Corsair Field when Santa Monica quarterback Joe Reilly displayed more tricks and treats than your next door neighbor.

Despite Reilly's aerial tricks Coach Smokey Cates' nationally ranked Falcon prevailed, 32-22, before some 4,000 fans.

In one of the wildest games seen yet this season, the Corsairs once scored four times in a row, three discounted because of penalties. Reilly threw an amazing 50 passes completing 21 for 330 yards and two TDs.

Waste Little Time

The Falcons wasted little time in putting their first six points on the scoreboard, taking over the ball when Santa Monica tried to run on a fourth and four situation and failed. Getting the ball on the 27 yard line a pass interference play brought the ball to the 16 where Craig Scoggins shook off a tackler and moved 16 yards to score. Pat Couzins' PAT attempt was no good.

Coach Jim Powers' Corsairs came right back driving 73 yards in 6 plays with Reilly plunging one yard for the tally. Big play of the drive was a Reilly to Jim Knybel pass good for 49 yards. Another Reilly aerial to Bob Conrad went for the two point PAT.

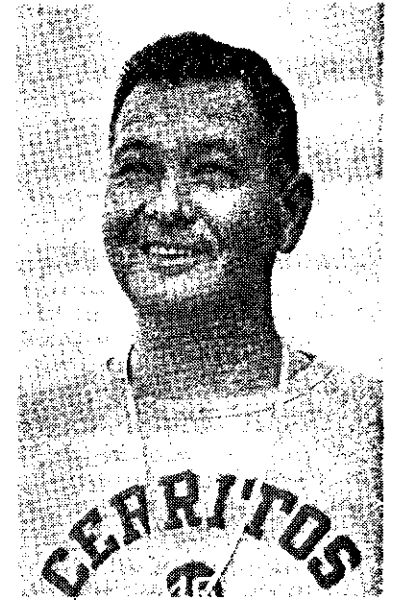

Getting the ball with 14:57 in the second period left, Santa Monica kept the ball for 22 straight plays, but gave it up on downs. Then five plays later and exchange of punts Gary Davis caught Dick Bergenthal in his sights for a 75 yard score, again giving the Falcons the lead, 12-7.

At the end of the half the Falcons score two eleventh hour TDs, a spectacular 97 yard interception return by Ken Poststra. The other came on a 19 yard run around left end by full-back Bob Mauriello, after Jerry Baloga recovered a Pete Vassel fumble.

Two TD's

Reilly continued to fill the air with more passes during the second half, heaving two TD strikes, both of them going to Bob Conrad for 36 and 30 yards. Conrad latched on to 10 passes for 187 yards, while Knybel had 8 receptions for 176 yards for the game.

The Falcons scored their only second half TD on a one yard plunge by Davis. A Davis to Mike Voigt pass for 39 yards brought the ball to the one yard line.

JIM KILLINGSWORTH
New Cage Mentor

four returning lettermen. Only Les Powell saw enough action to really be experienced. The other three, Bob Johnson, Phil Boersma and Ron Allison, spent most of the year warming the bench.

Powell though was the only freshman to crack the starting line-up last year. In his first game Les peppered the nets for 19 points against Harbor, playing three-fourths of the game. But although Powell is a tremendous outside shooter, at 6'3", 160 pounds, he is no tiger on the offensive or defensive boards.

No Rebounding

"A tiger on the board is where the main weakness of this year's cage edition lies. Last year 6'4" 208 lb. Harvey Shephard and 6'3" 195 lb. Joe Jennum controlled the boards at will, but this year Killingsworth is without a bona fide rebounder.

The answer may come in 6'7" Bob Rader, a transfer from Long Beach State. Though still awkward, Rader could develop into a fine post man if time will permit. If Rader doesn't develop, Killingsworth will have to rely on either letterman Bob Johnson or newcomer Bill Plank from Mayfair.

The best of the incoming freshmen appear to be Dan Dwyer and Mike Lora of Sierra. Dwyer at 6'3" could be versatile enough to operate from both the guard and forward spots.

As a junior Lora hit an average of 19 points per game and was well above that in his senior season before he left the squad.

Other newcomers are Rick Brown, Warren; Roger See and Jerry Early, Magnolia; Manuel Terrazas, Western; Ernie Garcia, Excelsior; Mike Maag, Calhi and Steve Castro from St. Paul's.

Tankers Trek to EC For Crucial Meet

Falcon tanksters are faced with their toughest game of the Metro League today as they meet second place El Camino. The Warriors this season have lost only one game in league play, that being to Cerritos in the first round of Metro League competition.

"The worst El Camino can do is take second in the league so they will throw everything they've got at us," commented Coach Tyne. "The remaining games confronted to El Camino are easy wins for them. Even if they take second in the league they will still get to go to the Southern Cal Championships with us so they can't lose anything. We are playing in their pool and last time we met them they played poor ball which means they will give us a run our money," continued Tyne.

Concluding the first round of Metro League play Tyne's tank-

ers defeated Bakersfield and Santa Monica.

Bakersfield fell first 16-4. Of the 16 goals Tom Grimm, high point man so far this year, scored four. Three of his goals were scored in the first period.

WATER POLO STANDINGS

	W	L	Pct.
Cerritos	5	0	1.000
Long Beach	3	2	.800
Santa Monica	2	3	.400
Bakersfield	1	4	.200
Valley	0	5	.000

and the other in the third. Bakersfield failed to keep up with the Falcon pace scoring two goals in the second period and one in the third and fourth quarters.

Santa Monica was next on the list of Falcon foes, falling 12-2. Grimm was again high scorer with three goals. Santa Monica remained scoreless until the third quarter where they scored their only two tallies.

Winless Huskies Present Real Problem

Arzate, Asam Only Offensive Threats

"SMOKEY" UNLEASHES FALCONS ON 'E.L.A. 1-5' HUSKIES!!

Can Coach Smokey Cates' Cerritos gridsters break their winless pattern of this season? Tomorrow night at 8, in the seventh annual Homecoming Game, Falcon grid fans will find out the answer if the nationally ranked eleven can break their up and down style of play, when they entertain the East Los Angeles Huskies at Falcon Stadium.

All season long the Falcons have never been able to put two outstanding wins in successive weeks, but with the near winless (15) Huskies they have better than a 98% chance of points, while allowing 116 points accomplishing the feat.

116 Points Scored About all that anyone can say for Coach Bill Thompson's Huskies is that they will appear on the field. In three Metropolitan Conference contests East L.A. has amassed the total of six

to cross their goal. In spite of all this the Huskies aren't really that bad. If they were ever to put together any type of a game in which all of their offensive and defensive maneuvers came anywhere near perfect, they could be real trouble.

Offensively so goes quarterback Art Arzate, so goes the Huskies. "We think Art is a real fine passer, and if we could get some blocking for him, I'm sure

CRAIG SCOGGINS "Back Of The Week"

Harriers Face Stiff Competition

Coach Dave Kamanski will send his harriers into the rugged San Diego State Invitational today in hopes of a better showing than last Friday at the Mt. Sac Invitational.

Last year Santa Ana outran all competing teams for first place while the Falcons finished seventh. Individually Sterling Jenkins of San Diego City College won, running the 3.5 mile course in 20:38.

This year the course has been lengthened to 4.5 miles. "This could be an extra factor in the meet," added Kamanski.

At Mt. SAC last Friday the Falcons finished with a dismal 232 points. Grossmont College walked away with the team title in the Open JC Small School Division with 30 pts. San Diego Mesa was second with 55.

With over 100 runners in the meet Cerritos managed to place four men above the 30 mark.

The first Falcon to cross the finish line was Dave Kuester at 18:08, in 26th place. Kuester was closely followed by John Harris in 18:23 for 33rd place.

sure he'd make all-conference, said Thompson of his field general. So far this season the former quarterback from Garfield has tossed 137 passes and completed 72 for 756 yards.

Former Cerritos End

Catching the majority of Arzate's passes are former Cerritos end Gary Taylor and wingback Paul Parque. Halfback Tony Asam has been carrying the major burden rushing wise, but two weeks ago he left the El Camino game with a head injury and is still a doubtful starter. If Asam is unable to play, then Thompson will probably go with letterman Roscoe Moore.

"I think that they're going to throw that spread formation at us the first thing, and really fill the air with passes," commented scout Dutch Triebwasser on the East L.A. offensive plans.

Defensively the Huskies just don't have a thing either on the line or in the backfield. So it will probably be just a question of how high Cates wants to run up the score.

LEGISLATION PASSED

Senate Okays Frosh Course on Robert's Rules

In senate legislation last week, a bill recommending that a class in parliamentary procedure be instituted on the campus next spring was passed unanimously.

The bill, introduced by Mark Benton and Les Woodson, also recommended that the class be one hour a week, worth one unit of credit and non-mandatory.

Jerry Young introduced a bill on the floor that resolved that all votes on main motions of bills and resolutions be roll call votes.

It was passed unanimously and was approved by AS President Jim Logan. The senators consider this a major bill insofar as it records the individual vote of the senators.

Senator Les Woodson commented that by voting in this manner, anyone interested in seeing how each senator voted can find out in the Student Affairs Office for the vote will be on record.

In other senate action, Linda

DuLac introduced three bills into the session, none of which were passed.

The first of her bills resolved that the Elections Code be amended. It was referred to the Rules Committee.

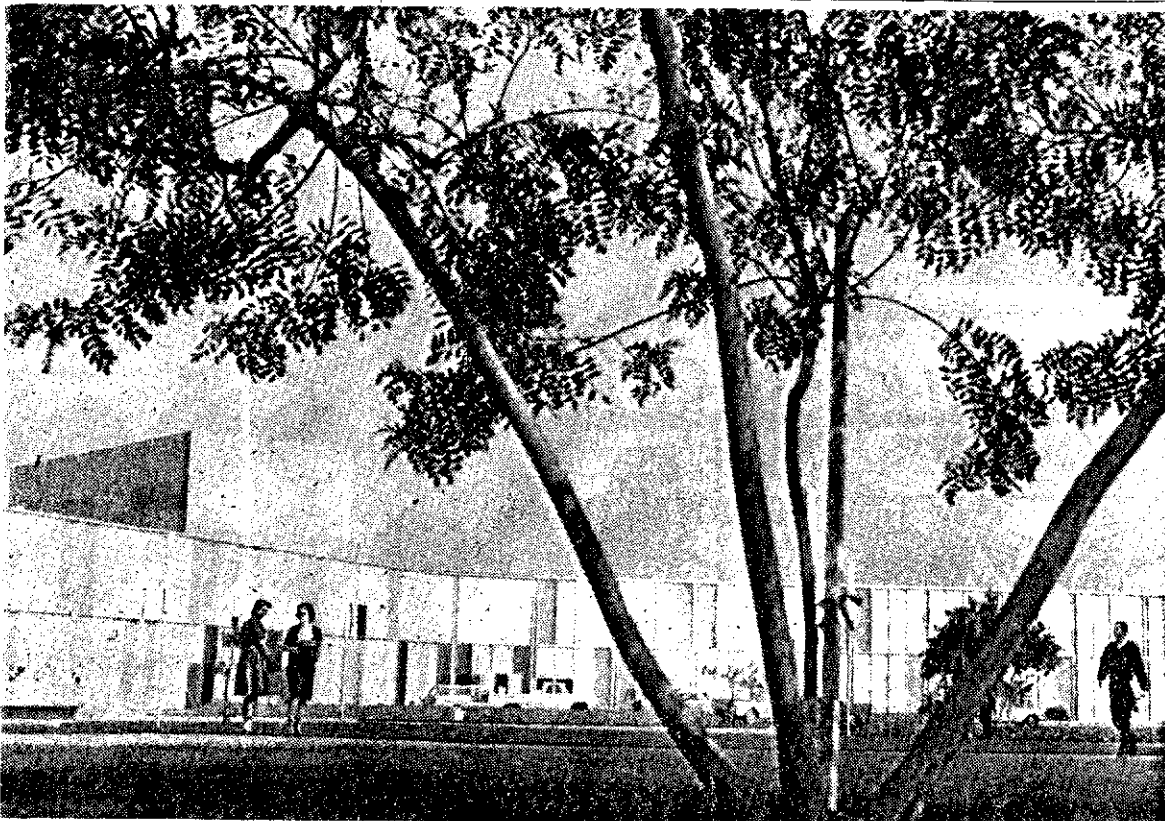

A resolution pertaining to senate elections was ruled out of order by AS Vice-President Lynne Sedej.

Senator DuLac called for a vote to overrule Chairman Sedej's ruling. The senate voted in favor of the ruling 27 for, 1 against and 3 abstentions.

Senate Clerk Dee Phares said that the bill was ruled out of order because the Student Court has control over the elections.

The last of the bills introduced by Senator DuLac resolved that the committee find ways of cutting the newspapers expenses and of cutting down the number of papers printed for each edition.

Senate unanimously defeated the bill—0 ayes, 30 nays and 2 abstentions.

LATEST CAMPUS ADDITION is well on its way to completion. The most impressive construction on campus, the Burnight Center, named after Dr. Ralph F. Burnight, president emeritus of the college, is expected to be finished for the spring play in February. The center, when completed, will house the music and drama departments. Seating capacity for the theater will be 278, far outnumbering that of the Transistor Theater which has been used since 1959 for drama productions. —Talon Marks photo

Speech Victory

Bringing home the best junior college record, 23 members of the speech squad competed in a tournament held at San Diego State College last weekend.

The students won 24 certificates of superior and excellent performance. Superior certificates are awarded to the top 10 percent of competitors, while excellent certificates are given to the next 10 percent.

Bill Burgess entered the upper division which consists of juniors and seniors from our year colleges and universities. He netted a superior in impromptu and an excellent in extemp.

(Addressed)

LIFE WITH A PURPOSE

By BOBBIE CRAVENS

Coming from a split home, life at seventeen was bitter and ugly. Oh, I had everything a girl could want — cars, clothes, and a beautiful house to live in but I was miserable! Then a friend asked me to church. The kids there had something I didn't have.

In 1962 I found out what it was, believing in Jesus Christ and receiving Him as Saviour. Today I have peace of mind and most of all I have the love of Christ in my heart. The problems are still there, but do all things through Christ which strengthen me.

(John 1:12)
Today I have peace of mind and most of all I have the love of Christ in my heart. The problems are still there, but do all things through Christ which strengthen me.

(Phil 4:13)

Campus Crusade For Christ

CLUB NOTES

Student Activities Continue

Campus clubs continue to plan and make arrangements for upcoming activities. Since the college has over 8000 enrollment, it is sometimes difficult for all students to know of various club activities.

Clubs wishing to publicize their events are asked to submit a news release to the "Talon Marks" office, AC34. Information should be in the "TM" office by Friday for the following week's edition.

Delta Gamma Phi

Delta Gamma Phi, new fraternity on campus, has just ended its Pledge Week or in the clubs terminology, "Hell Week." The club is busy today putting the finishing touches on its homecoming floats. President Jerry Smith announced that weekly meetings will be Tuesday mornings at 11.

Beta Phi Gamma

Five members of the campus journalism club will attend a Journalism convention Nov. 13-14 at Sportsman Lodge in San Fernando Valley.

Members who will attend are Al Bonner, president; Joe Segura, vice-president; Cathy Longauer, "Talon Marks" editor; Dean Grose, "Talon Marks" photo editor; and John Dowden adviser.

Edelweiss

Campus German Club will show two films at the regularly scheduled meeting next Tuesday, at 11 a.m. The meeting will be in LA 28.

The films have German dialogue and one is a photographic sketch of Berlin. The other film

shows the Rhineland, the vineyards and the people of Germany.

All students and faculty are invited to attend.

Phi Beta Lambda

The business club on campus is planning an after-game party tomorrow night to celebrate Homecoming.

The party, for Phi members and their guests only, will be at the home of President Laura Burton.
