

# Boycott Arouses Student Animosity

A student boycott of Cerritos coffee shop and cafeteria; a hurriedly proposed meeting between angry students and the food services committee; an involved senator who first resigned his office and then withdrew his resignation; four television stations, five large newspapers, wire services and a number of catering trucks were all the subject of discussion on the Cerritos campus this week.

Discussion began with an announcement by Senate party whip Jerry Young at the AS Cabinet meeting Monday, that "A boycott of the cafeteria and coffee shop will begin next week, and that this boycott has been planned by certain members of student government who are sick and tired of poor service, bad food, high prices and watery cokes."

**Lytel Responsible**  
AS Senator Jim Lytel announced his resignation from the senate Monday night because "the office I hold does not serve the purpose for which it was supposedly intended. Dean of Men Grafton told me that if anything happened concerning the student boycott I would be held personally responsible."

Dean of men Clive Grafton refused to comment. Upon conferring with Dean Grafton Tuesday morning, Lytel said, "The whole thing was a joke. I withdrew my resignation, but I still plan to resign upon completing my crusade against certain evils existing in this school. I just don't want to get into trouble."

**Logan Upset**  
In the AS senate meeting Wednesday, AS President Jim Logan said, "I don't get upset too often, but this course of action upset me."

Later, Logan said that as AS President, he has long realized that there have been food service problems. Logan added that a food service board had been formed to deal with these problems. The board met yesterday.

President Logan said, "I admit that the food services board would not have met, had not televisions and newspapers been called."

Televisions, newspapers, wire services, and catering trucks were called by Associate Justice Stuart Messnick who thought, "... this will get them (the food service) to take notice."

**Something Wrong**  
Messnick later said, "I may have endangered my position on campus, however, I felt that as a student who observed something wrong, it would be my responsibility to correct the situation. With past experience in TV news coverage, I felt that the power an informed people have would work to a faster solution than the false promises and easy excuses of a few food services employees."

Then Justice Messnick met with Dean Grafton. Messnick said, "I have called back all members of the mass media that I had previously called and told them not to come, that the boycott had been called off."

Messnick continued, saying, "The boycott program has been tentatively altered in its course for the benefit of certain members of the administration whose position would be jeopardized and for no other reason. However, the possibility of such a demonstration has prompted im-

mediate action on the part of the food services committee and some scared members of student government."

Asked if he would say anything at all concerning the boycott and the students involved, Dean Grafton refused to comment.

## Coach Oliver Highlights FB Banquet

Former Yale University football coach Jordan Oliver will be the guest of honor and featured speaker in the 7th annual Bench Banquet at Disneyland Hotel. The banquet, honoring the 1964 football team, begins at 6:30 p.m. Wednesday.

Master of ceremonies for the event will be former Downey Mayor Ed Giddings.

Tickets for the clambake are still available at \$5 each and may be obtained from any bench member or by calling Athletic Director Don Hall at UN 5-9551, Ext. 236. Over 700 are expected for "the biggest little football banquet in the world."

Awards will be given to the squad's Most Valuable Player, Most Valuable Back, Most Valuable Lineman, Most Inspirational and Most Improved Players.

Oliver, now an employee of the Mutual of New York Insur-

**COACH JORDAN OLIVER**  
Banquet Speaker

ance Co., is also a play-by-play announcer for Channel 5's live Pop Warner Football coverage.

Before terminating his coaching career in 1962 after some 25 years in the business, Oliver rang up a very impressive record. In 1960 he led the Yale Bulldogs to their first unbeaten, untied season in 37 years and was named Coach of the Year by the Washington, D.C. Touchdown Club and Coach and Athlete Magazine.

Overall, his team's had a 111-63-8 records, which ranks as one of the top twenty coaches in the nation. One of Oliver's players, center Mike Pyle, now plays first string for the world champion Chicago Bears.

**"WHAT DID I DO?"**—First place feature award photo by Tom O'Reilly of the "Toledo Blade" is one of the many award-winning news photos to be displayed next Monday in the library. The pictures are from the National Press Photographers "News Pictures of the Year" competition.

## IN TRANSISTOR THEATRE

# 'Dinny & Witches' Premieres Thursday

"Dinny and the Witches," William Gibson's play which satirizes a world about to destroy itself through nuclear chaos, will be staged next Thursday night in the interim Transistor Theatre. Curtain goes up at 7:30.

ment will be by Les Woodson and Al Davis.

### Other Gigs on Plays

Playwright Gibson has also authored such Broadway hits as "Two For The Seawall" and "The Miracle Worker." Korf's production of "Dinny" will run until Dec. 17 and will resume after the Christmas holidays Jan. 5-15.

All seats are reserved and are available at the student bookstore or by phoning Underhill 5-9551.

Because the Burnight Center is nearing completion, "Dinny and the Witches" will give students a last chance to be a part of the intimate atmosphere the Transistor Theatre produces.

### Brief Outline

Lee Korf, drama instructor and director, briefly explains the fall play by stating, "The witches who run the underworld are determined to eliminate Dinny Jones, a trumpet-playing young man who is searching for an answer to his and the world's problems."

"Dinny," Korf continued, "epitomizing, perhaps, the absurd man seeking answers in a meaningless world about to destroy itself through nuclear chaos, gains power over the witches and even has a flying at running the world."

### Talent Galore

Korf found himself with such an array of talent that he double-cast almost all the parts of this 14-character play. Larry Harper and Dick Lumpkin are cast in the leading role of Dinny.

Others cast in the play are Carol Frascella, Rosemary Mallet and Lynn Calderwood as the three witches; Amy (Dinny's love), will be portrayed by Jane Rice and Teresa Ross.

### Others In Play

In his quest for answers, Dinny tries the enticements of Dawn, Chloe and Bubbles, played by Linda Li Santil, Jan Kerr, Dolly Ritschell, Judy Farrow, Donna Walker and Janis Greshanah.

The parts of the three Kings of the world are shared by Jim Peace, Joe Weber, Dale Brown, Irwin Saki, Steve Killely, Mike Crawley, Jim Asolas and Richard Irwin.

### Six More

Bertram Stonehenge, Dinny's banker, will be depicted by Dean McDonald and Dave Bortin, while Ben and Jake will be portrayed by Cary Cheifer and Butch Lewellyn. Accompan-

## SET FOR TONIGHT

# Beta Tau Sponsors Christmas Dance

"Tis the season to be jolly." And, doing its part to keep it "jolly," Beta Tau, a campus service fraternity, is sponsoring a Christmas dance tonight in the Student Center at 8.

The dress will be casual. Prices are \$1 per person, or 75 cents with Coupon 43. Refreshments will also be available for the event which ends at midnight.

"Steve and the Aquanauts" will furnish the dancing music. The rock 'n' roll group has played at previous social campus affairs, their latest date was during the Homecoming Week.

Steve Harding, a Cerritos student and leader of the "Aquanauts," says, "This will be a great way to start the Christmas season. The music will be the best, if I must say so myself."

Folksinger Norm Finch will sing ballads and Christmas carols.

Finch is a folk singer soloist. He has entertained in hootenanny shows and has sung extensively at private parties.

## Appts. May End Long, Long Lines

In an attempt to make registration quick, easy and efficient, the Admissions Office has announced that appointments may be obtained by students wishing to get an early spring semester class schedule next Monday through Wednesday.

Appointments may be obtained at window No. 1 in the Administration Building. Students should present their signed pre-plan to the registrar. Students who fail to make an appointment will have to wait in the long registering lines.

Persons on scholastic probation must present a progress report, showing that they are earning at least a 2.0 average in all units attempted, when making the appointment. The reports must be signed by each instructor.

Continued enrollment for those students will be subject to their end of the semester grade reports.

While making the appointment, students must ask for preferred registration time (time appointed will be on the hour). There will be 60 cards stamped for every hour.

Priority registration will start Dec. 14 through 18 and will continue after the Christmas holidays Jan. 4 through 8.

On every day except Friday, registration will be held from 10 a.m. to 3 p.m. and will be continued from 6 p.m. to 9 p.m. the same days. On Friday, registration will only be held from 10 a.m. to 3 p.m.

Regular registration will begin Feb. 1 and continue Feb. 3, 8 and 9. Registration on these dates is from 9 a.m. to 4 p.m. and from 6 p.m. to 9 p.m.

The priority registration by appointment is expected to take care of 3,600 students; 2,400 full-time, 1,200 part-time.

## Court Drops Seal Beach Episode

Charges of disturbing the peace were dismissed Wednesday against 40 youths who were arrested at a Seal Beach party. Some 34 have been identified as Cerritos students.

Released on bail, the party goes submitted pleas of not guilty during arraignment in November. Six juveniles were previously released in custody of their parents.

At the Wednesday trial held in the Huntington Beach Municipal Court, the judge stated that the property owners were considerably disturbed. "They have a right to peace," she added.

Lawyers for the defendants entered a stipulation to probable cause. According to Attorney Kenneth A. Bryant, this means that there was reason for the police to arrest the youths.

However, explained Bryant, this action was used for easier dismissal of the cases.

## True Wins Top Honors At Student Art Exhibit

Hester True was awarded the Grand Sweepstakes ribbon Monday night for her oil entry, "Chinese Room," in the Seventh Annual Student Art Exhibition.

Sponsored by the Tau Phi Art Society, under the advisement of Melvin Wood, the exhibition will be open through Jan. 8. The president of the society is John Johns.

### Oil Winners

Ribbons were awarded in five categories. In the oil division, first place winner was Charlene Schaafsma; second place, Tim Hill; and third place, Johns.

Three honorable mentions in the oil division were named. They were Charlotte Howell, Allen De Spain and Lois Gallery.

### Water Color Honors

Winners in the water color category were Donna Sever, first place; Astrid Johnson, second place; and Eunice Bramblett, third.

Mixed Media awards went to Johns, first place, Charlene Huslan, second place; and Anna Elmore, third. Only honorable mention was Brent Carver.

Lars Klerulph, Henry Klement and Ic Fujita won first, second, and third places respectively in the third dimensional category.

### Other Winners

Talented artists in the drawing division were recognized as H. Rudolph Alsleben, first place; Howard Knickman, second place; and David Nelson, third place. Judge for the event was Rog-

## News Briefs

**FACULTY DONATIONS** to the United Crusade recently totaled \$615.50, according to Faculty Welfare Committee Chairman Jim Dighera.

**"DR. ZHIVAGO,"** Boris Pasternak's novel of Russia after the revolution, will be the topics of Wednesday's Literary Discussion club meeting. The club meets at 8 in AC-33. All are welcome, according to club president Gene Irizarry.

**NUMEROUS ITEMS**, including a lady's watch, have been turned into the switchboard at the Administration Building. Owners of these "lost and found" items may identify and claim them now.

**THE INTERNATIONAL STUDENTS CLUB** will meet Thursday in LH 3 for "top level discussions," according to ISC President Herbert Okono. Time is 11 a.m.

**WHAT'S NEW IN REGISTRATION** is the program for the Southern California Registrar's Workshop here today. Some 38 junior college registrars are attending the workshop, reports Admission and Records Dean M. Edward Wagner.

**COEDS** who would like to enter the space queen contest have only today and Monday to pick up an application in the Student Affairs office.

## EDITORIAL

### Send Happiness

How much does happiness cost? For the price of a stamp and an extra Christmas card, students can bring warmth and friendship into the lives of the children at the LeRoy Boy's Home.

Only a few minutes are required to address a holiday greeting to the LeRoy Boy's Home, P.O. Box 129, in LaVerne, Calif. Students can also ask five of their friends to send cards and show that they care.

Many of the children have never known the love of a mother and father. Instead, they have been mistreated or harmed by their parents.

One boy's mother submerged her son's head in a pot of boiling water. Another held cigarettes against her son's skin until it was pitted and burned.

To such children, the world can be quite a lonely and terrifying place. During the Christmas season, Cerritos students have an opportunity to demonstrate otherwise.

Address your cards now.

## STUDENT CENTERIAN

### Banana Cream Pie Scores On Gridder

By Ralph Donald

A cream pie, a football player and a mass exodus of people highlighted action in the Student Center, Thanksgiving Week. One student, for no other reason than "a good joke," brought an entire cream pie into the cafeteria, and squashed it on a burly gridder's head.

One of the bystanders tasted the scattered remains of the pie, and finding it to be of banana creme origin, conjectured regarding the anthropoidian mentality of the thrower.

The two combatants refused to give their names, but reliable sources say Mike McCurdy was the pie thrower, and Gary Welsh, a member of Cerritos' football team, was the victim.

**Escape Scene**  
When Welsh recovered from the shock of being covered with banana creme, he chased his assailant out of the building and all the way to the parking lot. McCurdy tried to escape on his motorbike, but the enraged Welsh hit his Honda.

Approximately 100 students ran out of the Student Center to "watch to fun."

What kind of a college is this? I quote one high student govern-

ment official, "I remember in grade school we used to have food fights and that sort of thing, but here?"

#### Action Taken

Dean of Men Clive Grafton released a statement to the press Tuesday stating, "Disciplinary action has been taken regarding an incident in the Student Center recently. A student has been disciplined by having all Student Center privileges taken away, including food service."

Impeccable sources say that one of the participants in the pie pelting episode was the object of disciplinary action. However, Dean Grafton refused to comment on whether there is any connection between the two cases.

We are college students, young adults. Are we going to stand idly by and let our school's reputation be blackened by the immature actions of a few? Let's hope that in the future, the students of Cerritos, when confronted with such childish behavior, at least will ignore it.

### Hill Wins Prize For 'Paris' Suit

"The Best Use and Construction of Wool" award was presented to Juelle A. Hill in the Southern California District Contest held in Los Angeles recently.

A sophomore student, Mrs. Hill spent eight weeks in sewing her grey-brown and beige suit. She is enrolled in the Basic Clothing class under the instruction of Ruth Laidlaw.

Mrs. Hill used a Vogue Paris Original pattern for her outfit.

A VOGUE PARIS ORIGINAL pattern won Juelle A. Hill an award for the "Best Use and Construction of Wool." Her suit is grey-brown with a jowl jacket. The blouse is beige wool.

# What's Happening To 'Talon Marks'?

Notice anything different about "Talon Marks" recently? The type is sharper and clearer as if it were photographed instead of printed by letter press — which is what is happening.

The newspaper is now published by a process called offset which utilizes photographic plates.

Before "TM" goes to press, much reporting, writing and editing takes place.

On Friday morning students exit from classrooms and pick up a copy of the newspaper. Yet while the thousands of students attending this school read through the paper, reporters, editors, and photographers are writing and preparing news for the following week's edition.

#### A Week Ahead

Students read about a football game, the crowning of a queen, or an event that happened the day before, but don't realize that most of the stories were written a week prior to its publication.

Reporters have the job of writing assignments given to them by page editors. They must go and cover an event and write the story for an issue date.

By Tuesday all the typewritten stories are at the print shop and are returned the next day.

Wednesday is a busy time for the "TM" editors. All material is proofread from galleys for errors in spelling, grammar, and punctuation and then sent back to the print shop for correcting.

#### Actual Page

The editors take duplicates of the material and place them on a lay-out sheet similar to a page of the newspaper. From this they plan the actual page complete with pictures.

After which all the copy is sent back to the print shop for printing. On Friday the newspapers are returned and distributed throughout the campus.

And so the end and the beginning of another week for the "TM" staff.

## RUSTLINGS...

### Santa Thanks Students

Editor:

Even with the very busy schedule I have at the present time, I want to take a few minutes to write this note congratulating the tremendous Cerritos College Student Body. In spite of the heavy financial burden the students have, they found it in their hearts to contribute almost \$2,000 for the Christmas party for LeRoy Boy's Home.

#### Success

Terry Jackson and her committee have been working closely with me in the selection of gifts the boys want. All of the boys sent me letters on what they would like for Christmas. Many, many of you put forth a lot of effort into making this year's fund drive a success.

Some of you will have the wonderful privilege of being with the boys at Disneyland and at the Christmas Party, December 20. You will then see how

worthwhile all of your efforts were as those faces brighten when their names are called off for gifts.

Many thanks go to Coach Cates and his football team for taking all the boys to the Junior Rose Bowl football game. More bouquets to Amy Dozier, Clive Grafton, Jim Logan and the other student body officers for the benefit concert by the Four Freshmen. To Don Hall, many thanks for having the boys from the home down for the homecoming football game.

To all of you others that have helped, may I say that what you did is greatly appreciated by these boys. You have shown a group of boys who have had many hard knocks that someone does care about them.

"Santa"

### College President Speaks Before Nat'l Conference

College President Dr. Jack W. Mears will speak on the growing role of community services at a National Governor's Conference in Ball Harbour, Fla.

Dr. Mears is scheduled to deliver his presentation during a Monday session in which Dr. Max Rafferty, California superintendent of public instruction, will also speak.

The committee on Cold War Education invited Dr. Mears on the basis of his leadership, to attend the conference.

The general topic for the day is the "Response of Education to the Challenge of Communism."

According to Dr. Mears, an ideology which is contrary to the heritage of this country can

only infiltrate where many community problems exist. He cited such problems as high unemployment, juvenile delinquency and high incidences of welfare roles.

"On this campus, the community services program is beginning to command national attention for its outstanding work," said Dr. Mears. He added that when a productive citizenry of a community meets together to work on their problems, a happy and informed community is produced.

Dr. Mears left yesterday to attend the conference which is entitled "A School for gubernatorial Aides." It is presented by the Committee on Cold War Education which seeks to study the free state and the cold war.

**CLUB NOTES**

**Clubs Prescribe Remedy For Book-Weary Falcons**

By PAT BYRD  
A change of pace is the perfect remedy for the some 8000 academic students at Cerritos. And, the inventors of this remedy are none other than the planning committees of the various campus clubs.  
Get away from it all. Set the books aside once in a while and go the social route.  
Campus clubs have come to the aid of the book-weary pupils by penciling in these activities on their calendars.  
**CRA Volleys**  
College Recreation Association is sponsoring the First Annual Cerritos Coed Volleyball Tournament, Dec. 14-Jan. 15. Students wishing to participate must submit entry blanks to CRA Adviser Rhea Gram by Dec. 10. The applications are available in the physical education offices.  
Teams must have 6 players—3 men and 3 women. Additional players will be listed as substitutes.  
Entry fee is \$3.  
**Beta Tau Decorates**  
Have you noticed the Christmas tree in the Student Center, yet?  
This year, the tree decorations were the responsibility of the college men's fraternity, Beta Tau.  
The brothers of BT and their dates met last night in the Student Center and worked until perfection on the tree.  
**D Phi O Exchanges**  
Delta Phi Omega, college women's sorority, is planning an exchange with Kappa Epsilon fraternity at Compton College tomorrow night.  
D Phi O will assist Norwalk Soproptimists in sponsoring a party at the Metropolitan State Hospital Monday night. This is only one of the many community services planned for the near future.  
**Phi Rho Pi Speaks**  
Members of Phi Rho Pi, under the direction of William Lewis, will attend the fall tournament of the Pacific States College Forensic Assn. today and tomorrow.  
The junior college division will compete at East Los Angeles Junior College.

**Credit by Examination Discussed by Dr. Childs**

Many colleges and universities of the state have adopted a plan by which students who excel in certain subjects may take an exam instead of the complete course.  
This "credit by exam" would take the place of the class and would allow a student to receive unit credit for the course.  
Dr. Henry Childs, division chairman of life science, has been studying the possibility of bringing such a program on the campus.

Dr. Childs said that the idea has many details that must be worked out and that it must be organized. Childs added that the questions such as who can take the exams, how long must a student attend school before he qualifies for the exams, and what grade point average a student must carry, must still be resolved.  
"It has been effective on other campuses and could be worked out on our campus," affirmed Childs.  
"The main purpose of the 'credit by exam' is to allow above-average students to pass general courses that would be in the way of them taking harder, more advanced courses," concluded Childs.

Be Casual...

From left to right, they are: Tom Van Strein, Chuck Hansen, Gordon Nelson, Frank Alvarez, and John Silvius. All are preparing for action at Cerritos' next home Basketball game.  
—"Talon Marks" Photo

**Basketball Capers Seen**

Cerritos' Song and Yell squads have finished up their most active time of the year with the ending of football season, and are now working on some new routines for the home basketball games.  
Having been chosen last May, and winning in competition at the Song and Yell camp at Redlands University, the groups have had a lot of fun during the semester.  
Ask Sandy Nicky about her treasure, Nancy Claccia about leg shaving, Chuck Hanson what it is he has against the song leaders or Cheryl LeJeune why she had the shortest night-gown at Redlands and you are bound to get some weird answers. Then ask Pam Townsend what it was she did in front of the mirror.  
The answers returned will make anyone wonder.

**STUDENT SURVEY**

**Pre-Marital Sex Nixed**

By Harry Polgar  
What about sex on our college campuses?  
In a letter to the editor of the "Daily Illini" of the University of Illinois, biology Professor Leo Koch wrote, "With modern contraceptives and medical advice readily available at the nearest drugstore, or at least a family physician, there is no valid reason why sexual intercourse should not be condoned among those sufficiently mature to engage in it without social consequences and without violating their own codes of morality and ethics."  
**Cerritos Comments**  
Cerritos' students and faculty were asked whether or not they agreed or disagreed with Koch's viewpoint. Some replies were:  
"Yes and No. I disagree if the fact that I believe that sexual intercourse is part of the sacred bond of marriage. However, I feel the right to do it belongs to the individual." — Jerry Young (student).  
Fine Arts Division Chairman Donald Desfor said, "The moral consequences or social mores of pre-marital or extra-marital sex relations does not change because of mechanical or technical discoveries and changes. The principle remains the same."  
Of the 33 women interviewed, all but one disagreed with Professor Koch. The one asked to remain anonymous. Of the others who disagreed:  
**Intercourse Sacred**  
"Absolutely not! Sexual intercourse is one of the few sacred acts left in life. To openly condone it robs people of the ultimate closeness that it should bring. Soon emotions would be covered up and stabilized. People could not be violating codes of morality because, in essence there would be none." — Cheryl LeJeune (student).  
"How does Koch define a per-

son that is sufficiently mature? Are codes of morality and ethics simply a matter of individual beliefs not governed by certain standards set and acceptable to our particular society? This certainly hints at shaking certain pillars of society." Amy Dozier (Dean of Women).  
More diversity of opinion exists among men. Twelve disagreed with the professor, but 10 agreed.  
**More Disagreement**  
Among the male faculty members disagreeing was instructor Lee Korf. He said, "I disagree because it would lead to promiscuity and the idea of 'love and marriage' would be subrogated."  
Another faculty member bonded the line between agreement and disagreement. He said, "Professor Koch's code of morality and ethics is not my own. However, I agree with him that questions of this type can only be resolved according to the individuals' own standards of conduct in this field."  
Two students who agreed seemed to have only one thing in mind. One said, "Sure. Why, cause I like sex, with or without contraceptives. Sex makes life fun. I'm for it."  
**Already Happening**  
Yet the "sex is fun" idea was not the major reason for agreement with the Koch viewpoint among the 10 male students. One reason that appeared often was, "I agree with it because it is in step with the times. Let's face it, it's already happening, and happening a lot. The trouble is, people are too phony to admit it."  
Religion played a part in the thinking of some students regarding this matter. Catholics, whose religious principles discourage contraceptive techniques, disagreed most strongly. Sandy Hicky, who is Catholic, said, "I disagree because of everything I've been taught."

**CAMPUS MORALITY**

The former chairman of Cerritos' Moral and Spiritual Welfare Committee, Doris Boardman, said, "I disagree, because one's code of morality and ethics would have to be very low to condone it."  
Pam Townsend said, "No. It's against my code, and violates one of the Ten Commandments which were written for all generations."  
**Dr. Mears Comments**  
Dr. Jack Mears, president of the college, was also interviewed. Dr. Mears said, "The first portion of Prof. Koch's statement (re: contraceptive techniques) has nothing to do with morality. Beginning with '... there...' I will answer. Sexual intercourse outside of wedlock cannot be condoned in the society in which we live, under the overwhelming acceptance of the present definition of morality and ethics."  
**One May Conclude**  
Generalizing the answers received, one may draw the following conclusions:  
1. That Cerritos students are generally against pre-marital or extra-marital sex relations.  
2. That when morality and ethics are discussed, there is a great deal of reference to religion.  
3. That fear of social consequences is responsible for some students to fear out-of-wedlock relations without any religious qualms.  
4. That some Cerritos instructors were reluctant to answer the question for fear of endangering their position with the rest of the faculty.

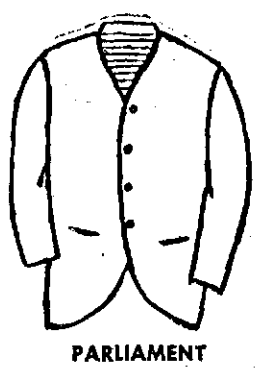

**Chief Justice Says Dulac 'In Contempt'**

Linda DuLac, student senator, was found in contempt of court by Chief Justice Gene Tangi, in the student Court Session Tuesday. "Miss DuLac," stated Tangi, "repeatedly interrupted us while we were reviewing legislation, and the only reason she gave was that 'It's my bill!'"  
Tangi stated that he has sent Miss DuLac a subpoena to appear at the court session next Tuesday for sentencing. There will be no hearing in the case, because a hearing, according to the AS Constitution, is held to determine whether a person is guilty of an offense or not; Miss DuLac was found guilty by acclamation of Chief Justice Tangi during the meeting, so a hearing is not necessary.  
"Miss DuLac will appear for sentencing, not a hearing," said Tangi. "The penalty will probably be a suspension of two to four weeks from all student functions, including Senate participation," he concluded.  
**Gonсалves Subpoenaed**  
Also during the session, a subpoena was also drafted to be sent to AS Senator Sheril Gonсалves, as a result of her lack of attendance at Senate sessions. It will result in a hearing next Tuesday to determine if disciplinary action should be taken.  
Two bills were declared unconstitutional during the meeting, one of which was Miss DuLac's bill. One bill regarded taking off-campus dates to student reserved areas during sports events and the like. The other regarded reapportionment of Senate seats to accommodate expansion of the Student Body.

**Grafton Says 'Think Pride' In Mandatory Meeting**

Before the members of three campus fraternities—Beta Tau, Sigma Phi and Gamma Delta Phi—Dean of Men Clive Grafton delivered a blistering speech, stressing the need that they "think pride."  
"Think of yourself, (of) the fraternity, (of) the college and (of) the future," added Grafton at the special meeting he called last Tuesday morning because he was "dissatisfied with the general disintegration of attitudes among students."  
Grafton made it clear that he had no intention to "destroy" the fraternities on campus, "although," Grafton noted, "the battle lines that you (the fraternities) draw are currently bringing us into conflict." He stated, furthermore, that he was "not pleased with having to deal with... disciplinary matters regarding your organizations."  
"We are tired," continued Grafton, "of parents asking whether the college condones so-called 'drinking parties'..."

### All-Metro Selections

Four of Coach Smokey Cates' 1964 gridsters were named Monday to the All-Metropolitan Conference offensive and defensive squads. Team Captain Jim Ferguson made it two years in-a-row as the loop's top linebacker. Ferguson also finished second in the Most Valuable Player voting behind Long Beach City College's halfback Marv Motley.

Also named to the 25 man squad was halfback Craig Scoggins, tackle Ron Yary and defensive cornerback Cliff Bouma. Scoggins led the Falcons in total offense as he caught 30 passes for 477 yds. and toted the ball 113 times 652 yards and 5.4 average per carry. Yary, only a freshman, threw key blocks throughout the season to spring Scoggins and fullback Bob Mauriello.

Bouma, a sophomore, made 11th hour tackles in the backfield for Cerritos throughout the season. Cliff intercepted four passes on the season, including one against Bakersfield that for a time looked like the key play of the game.

This year the conference chose not to name an honorable mention besides the first team. This is the first year that this has ever happened.

OFFENSE	DEFENSE
<b>END</b> Ron Drake (Long Beach) 6-1, 177 lbs., Freshman	<b>INTERIOR</b> Mike Westphal (Long Beach) 6-6, 247 lbs., Sophomore

# Tankers Annex SoCal Championship; Face Foothill Owls In State Finals

Proving that they are the best team in Southern Cal by winning the SoCal championships, Coach Pat Tyne's tankers met Foothill and their runner-up school to vie for the honor of being the best in the state this week up North.

The Owls easily won the Northern Cal championship but things weren't so easy for the locals. Winning their berth to the finals was done by the skin of their teeth.

The other schools participating in the tourney, Fullerton, El Camino, Orange Coast, Glen-

dale, and Pierce, were all fired up in hopes of going to the finals. The number one rated Falcons byed the first round and then met Fullerton.

#### Knock Hornets

The Falcons beat the Hornets, but only after double overtime. The game ended in a 9-9 tie. The scoring powers of Tom Grimm, he scored nine, was too much for Fullerton allowing the Falcons to win, 13-11.

Cerritos' next victim also decided that they would give the Falcons a battle. Orange Coast trailed Cerritos throughout the

game but with five seconds remaining the Pirates drove down and scored. This threw the game into overtime.

The Pirates used every available man in the game due to fouls and the length of the game. The depth and reserve of the Falcons allowed them to keep fighting and win 8-6.

The tournament was double elimination so the Falcons played the Hornets from Fullerton again. Coach Tyne said

the Hornets were all over Grimm because of his scoring, so this allowed the other men to shoot. The Falcons breezed by 8-6, never being threatened. Fullerton took second in the tourney, also grabbing a place in the state finals.

#### Owls Favored

Foothill, rated to beat the Falcons in the finals, carries a winning record into completion of the season. Earlier in the season Cerritos met Foothill in a non-league match in which the Falcons fell 9-5.

Two weeks ago Foothill beat Cal State at Long Beach 11-6. Cal State walked over Cerritos at the beginning of the year which, of course, gives Foothill a margin over the Falcons.

Coach Tyne feels that his squad can beat Foothill. "They have played most of their games in a large pool. They have fast swimmers and can outswim their opponents," said Tyne. "The finals will be in a smaller pool which will stop their driving. Also, we will use a new zone defense to keep them from driving down the middle. This is the way they have scored most of their goals this year," Tyne added.

The meet takes place today and tomorrow in a neutral pool at the College of the Sequoias in Visalia.

## Cagers Trek To Coast in Quest Of Win Two

Coach Jim Killingsworth will be looking for win no. two this evening when his cagers move the action to Orange Coast to play the so-so Eastern Conference aggregation. Game time is at 8 at Basil H. Peterson Gym in Costa Mesa.

Coach Allan Sawyer's beach outfit will be out to even up the OCC-CC series which stands 2-1 in favor of the Falcons thanks to a pair of wins last year over the Pirates. Meeting Coast in the Chaffey and Cerritos Tournaments Gary McCoy and Co. triumphed 73-59 and 80-64.

#### Inman Tough

This season the Pirates have 1-1 mark to date for the seasons. A 69-62 victory over El Camino in their opening contest and a 67-63 drubbing from Palomar mark the beach juggernaut's record. In the opening game it was 5-11 guard Ron Inman with 17 points to spark Coast to their victory.

Also scoring well were forwards Jeff Bland and Jim King with 13 a piece. This evening Sawyer will probably start off with forwards Bland (6-3) and King (6-3); center Rick Elliott (6-5) and guards Jack Ferguson (5-9) and Inman.

Killingsworth will have his problems as first team guard Phil Boersma is already on the injury list with a hand condition. Boersma, sparsely used Tuesday night against Pasadena is still questionable for this evening's battle.

#### Terrazas A Sleeper

If Boersma isn't ready then Killingsworth indicated he would start either Manuel Terrazas or Roger See both freshman. Terrazas knocked in six points in a minutes worth play against Harbor and could be the real sleeper of the season.

"I think that all things considered we had a fair start," said Killingsworth of the Harbor, contest. "We still need work on defense especially under the basket on tip-ins."

## Falcon Matmen Enter Tourney

The Cerritos matmen will travel to Grossmont College tomorrow to face face San Diego, Grossmont, and El Camino in a four-way dual match at 7:30 p.m.

Host Grossmont placed four men in the State finals last year and have the same men back this season. Two of the wrestlers were State champs.

This season Grossmont boasts a heavyweight who is called the "Jolly Green Giant." He is 6'7" 265 lb. Bob Stevens. San Diego should be tough with the same squad back from last season. "They are a real experienced team which should give us some tough competition," stated coach Simonek.

#### Question Mark

The big question mark of the entire meet will be against defending Metro champs, El Camino. Can the Falcons overtake the powerful Warriors?

For coach Dave Hengsteler's Warriors it has been a good season to date. They have met the same foes as the Falcons and have done a fine job.

Ron Hampton, heavyweight; Paul Hooper, 191 lbs.; Tom McCann, 127 lb. class; Rich Tumble, 116 lbs.; and John Sowden at 157 head the list of the Warriors starting squad.

RED HEAD FRESHMAN GERRY EARLY DRIVES through Harbor's Bruce Keith (15) and Tony Russo (55) for two of his nine points in the game. Early light for his 6-3 height has proved to be a fine rebounder and hustler for the Falcons so far this season. He'll be in the starting line-up this evening against Orange Coast at 8.

## Cagers Smash City 73-59

Tuesday night Coach Jim Killingsworth's Falcon cagers picked up their first win of the young season in throttling Pasadena, 73-59. Friday the cagers dropped a cliffhanger to Harbor, 64-63 in the final seconds. High man for both games was guard Les Powell with 17 (Har-

bor) and 20 (Pasadena). Freshman center Bill Plank proved to be the best player so far of the new recruits as he hit 15 against Pasadena and nearly shut out the Lancers 6-7 center Roger Corzatt.

Another freshman, Manuel Terrazas, almost brought the Falcons victory on Friday night, but after making six quick points coming off the bench was unable to convert a curfew and one free throw situation with 40 seconds left to play.
