## Senate OK's Greg Pritchard For ICC Post

The AS Senate unanimously confirmed the presidential appointment of Greg Pritchard as Inter Club Council Commissioner at its first meeting of the semester.

Pritchard won the state championship in impromptu speaking this spring and was second in extemporaneous. At the national tournament, he was third in impromptu. He was chairman of the Organizations Workshop for the leadership conference at Palm Desert.

The Senate also approved, 13-10, an amendment to a proposed constitutional amendment, which full-time members may either accept or reject. To change the constitution, approval from two-thirds of those voting in the Oct. 1 Fall General Election is necessary.

## Eighty Trek to Palm Desert For Leadership Conference

Approximately 80 recommendations concerning all phases of campus life were passed at the Palm Desert Leadership Conference Oct. 7-9.

A total of 80 students, representing every organization on campus, participated in the three day event.

Delegates to the conference were assigned to one of four workshops which were designed to reach all problems on the campus.

The workshops were "Activities," co-chaired by Commissioner of Activities Leslie Ward and Commissioner of Invocations and Fine Arts Larry Sleep; "Organizations," chaired by Inter Club Council Commissioner G. Gregory Pritchard; "Communications," co-chaired by Supreme Court Chief Justice Gary Heldner and Public Relations Commissioner Fred Sica; and "Campus Problems," headed by AS Vice President Sandy Brunette.

Matters ranging from campus

spirit at athletic events to a revision of the Publicity Code were discussed in the Conference's workshops.

A recommendation authored by Senator Doug O. Landgren would establish a clinic with area high schools to aid them in understanding problems of student government on the college level.

Another recommendation asked that a policy board be organized to establish problems for "Talon Marks." This board, according to the maker of the motion Senator Jim Sowers, would put the newspaper in line with the interests of the student body.

Recommendations asking that "Campus Illustrated," a college pictorial magazine and "Sagittarian," a literary magazine, both be reinstituted were also passed at the sessions.

Although he was attending his first leadership conference, the new Dean of Men Richard Robinson said that he was very favorably impressed.

He cited as his biggest impression the organization and planning which had gone into the preparation for the event. "A commendation certainly goes to Dean of Women Amy Dozier and the student Planning Committee who met during the summer to see that all possible time was used to the greatest advantage."

## Petitions Due In Senate Race

Freshmen interested in running for the Associated Student Senate must have their petitions in today by 4 p.m. at the Student Affairs Office.

To date 19 petitions have been returned. Twelve seats will be filled in the Oct. 1 election.

Filing petitions are Ed Apodaca, Americo Azevedo, Shep Bloom, Bill Davies, Jo Anne Gurrola, Susan Hofmayer and Tom Jacobs. Also filing are Diane Overmiller, Bob Phelps, Rick Ponkrashaw, David Ramirez, Ruben Ramos, Jim Reynolds, Robina Robbins, Ronda Robbins, Eldee Spratt, Jackie Stewart, Manny Terrazas and Pedro Trovao.

## Trustees Okay Purchase of Dairy Land

The Cerritos College Board of Trustees, in action taken at its meeting last Tuesday, approved terms for the acquisition of three neighboring dairies.

According to the terms set by the Board, the dairymen may remain on their land rent free until July 1, 1966. However, a \$50-a-day rent will go into effect following this date. The Board inserted this penalty into the contracts to insure evacuation of the land by the occupants by the date agreed upon. The three dairymen must still agree to this new stipulation.

Included in the other terms of the agreement is the right of the dairymen to salvage all improvements on the land except for the garage and dwelling. These will be salvaged by the district.

The offers to sell property to the district followed condemnation proceedings initiated against these farms. The property will be used for expansion and the future needs of the college.

Projected enrollment figures presented to the Board indicated that between 13,300 to 15,700 students will be attending Cerritos by 1980, as compared with the present, already crowded enrollment of 10,500.

## 25 Clubs Recruit Members

The fall annual Club Booth Day, held Wednesday in the school's quad, had 25 service, honorary and social clubs participating.

Club Booth Day was an opportunity for the on-campus clubs to tell new students about their clubs, their purpose, goals and future activities.

Club Booth Day was sponsored by the Inter-Club Council. In charge of the booth arrangements and day's entire organization was ICC Commissioner Greg Pritchard. "I think the clubs need more unity. Club Booth Day allows the clubs to work together," Pritchard said.

## FEEL CROWDED?

# College Enrollment Surges to 10,576

With a record enrollment of 10,615 students, Cerritos College must cope with the problems arising from a population explosion and an education boom.

Last year enrollment reached a high of 8,921 for the Fall 1964 semester. This semester 4,420 students are attending Cerritos on a full time basis, 6,195 part time.

The high matriculation did not catch the administration by surprise. Edward Wagner, dean of admissions and records, had predicted in the fall of 1964 an enrollment of 10,300. He revised the estimate in the spring, setting the figure at 10,500.

The sources of this upsurge in enrollment are several, according to Robert Fitch, who made a report on enrollment to the Board of Trustees, and Dean Wagner. The primary factors have been the influx of people into the Cerritos district and the increasing number of students graduating from the local high schools.

Compounding this basic cause of growth are a number of lesser factors. Viet Nam has been cited as a minor and temporary factor in the increase of full time students. In his report, Fitch predicted that the bulk of the students who are carrying a full load just to avoid the

draft will drop out of school during the first two months. However, Dean Wagner said he did not foresee any appreciable increase in drop-outs.

There are more important factors than Viet Nam. The addition of Downey to the Cerritos district has added to the number of students attending this college. In addition, Cerritos is still helping to shoulder part of the load for the fledgling Rio Hondo Junior College.

Fitch cited that increased confidence in Cerritos has brought students to Cerritos that might otherwise have gone to some other institution. This confidence has been generated by the main field days and similar programs, the Community Service program and the sending of representatives, especially councilors, to the district high schools.

Enrollment is expected to steadily increase yearly. In his report, Fitch projected the probable enrollment through 1980. According to his figures, which he said were conservative, 11,300 to 13,800 students will be attending the college in 1970. He estimated enrollment to be from 12,400 to 14,600 by 1975 and from 13,300 to 15,700 by 1980.

## FRANCIS de ERDELY

## Exhibition Honors Artist

Cerritos College opens the Francis de Erdely Memorial Exhibition next Friday, in the Cerritos Art Gallery.

The exhibit will remain open throughout the month of October from 1 to 9 p.m. Monday through Friday and 1 to 3 p.m. on Sunday.

This Hungarian-born artist both delighted and intellectually deepened his contemporaries and students, gallery director Rudolph Aguirre said.

De Erdely was the winner of Forty-eight American and two European awards and twelve honorable mentions. His work is in the permanent collection of twenty-two museums around the world. He has had fifteen one-man shows in the United States, and has shown twenty-one exhibitions.

**RALPH DONALD**  
New "TM" Editor

## Donald Runs Talon Marks

Sophomore Ralph Donald was named acting editor of "Talon Marks" and will head the largest staff since the paper was founded in 1957.

Speaking on his appointment, Donald said his objectives will be "to further the study of journalism at Cerritos by practical application of the arts of newswriting and to serve, through this publication, the Cerritos community."

Donald was co-editor during the summer and worked as a reporter for the "Lakewood Herald American." In addition, he was "TM" news editor last spring and a reporter in the fall.

According to Adviser John Dowden, Donald has demonstrated an understanding of the fundamentals of journalism. He added, "I'm sure he will do a job that will bring credit to the journalism department and the college."

Current editors include News Editor Randy Grater, who was assistant news editor in the spring and Copy Editor Peg Nelson who was a former reporter.

Dave Rausch will head the sports area as editor, having been the assistant during the

(Continued on Page 3)

## 'Blue Hawaii' Set for Oct. 1

The sixth annual Blue Hawaii dance, sponsored by Phi Beta Lambda, college business club, will be presented in the Student Center October 1. Dress will be either school apparel or Hawaiian.

The dance will run from 8 p.m. till midnight. Admission will be \$2 for couples and \$1.50 stag. Included in the night's activities will be a hula hoop contest and the awarding of door prizes.

There will also be a contest between the different sororities and fraternities to see which can bring the most people to the dance. All sororities and fraternities interested should contact members of the club for tickets. There will be no tickets on sale at the door.

## News Briefs

**APPLICATIONS FOR FREDDIE** and Freida Falcon, Cerritos' mascots, are now available in the Office of Student Affairs. See Pat Schroeder.

**STUDENTS WHO HAVE CLASSES** in Burnight Center are reminded by Don Desfor, chairman of the Fine Arts Communications Division, that they "must not wander backstage and in the shop areas unless authorized."

**SWIMMING FACILITIES** for students and faculty will be available on Monday, Wednesday and Friday between 12 and 1 p.m., as long as weather permits.

**JOHN GIVEN, LEGISLATIVE ADVOCATE**, will discuss pertinent California junior college legislation activities at the Oct. 14 faculty meeting at 11 a.m.

**THE HEALTH SERVICE DEPARTMENT**, school nurse, is now located in the Library Building in the old audio-visual office.

**FALCONETTES ARE REMINDED THAT PRACTICE** is held daily from 3 to 5 p.m. in addition to Tuesday from 7 to 10 p.m.

## Talon Marks

CERRITOS COLLEGE

### EDITORIAL

#### About 'Talon Marks'

"Talon Marks" extends a hearty welcome to new and returning students of Cerritos College. Newcomers to this institution will find it to have an atmosphere of education first. But it is also a college endowed with excellent facilities for extracurricular activities.

The function of the college newspaper will be twofold. "Talon Marks" will keep the college community abreast with the news of interest to the students. It will also attempt to interpret the news, giving both sides of the picture and the feelings of the writers, through columns and editorials found on this page.

Editorial policy will be in accordance with the journalist's creed. It states, in part, "I believe that the public journal is a public trust; that all connected with it are, to the full measure of their responsibility, trustees of the public; that acceptance of a lesser service than the public service is a betrayal of this public trust."

Interested persons who wish to voice their opinions in "Talon Marks" are urged to do so by writing letters to the editor.

The supreme test of good journalism is the measure of its over-all public service. This is our aim.

—EDITOR

#### D.J. LACY

#### How to Take College Census

Ten thousand flowering brains crowd the Cerritos College campus this year. According to the school's statistics committee, this figure was not found by subtracting the number of open parking spaces from the total because they discovered there were no open spaces. This threw a wrench in the works. The answer was simple. They switched to addition (addition is much simpler anyway). They added the number of draft-age males and marriageable females to the somewhat smaller sum of actual students and got their total.

And so our Norwalk melting pot opens its ivy-covered halls again. Students have dropped and changed all their classes and are now situated. The book store is busy with students buying books and supplies. Unfortunately, since these necessary supplies cost many rubles, some have found an

easier way to get the needed equipment. One light-fingered Falcon opened up his own bookstore allowing unfortunate students to purchase back their own textbooks.

But the atmosphere will settle down, the library will again have the pitter-patter of little mouths, and Cerritos will again be an institution of learning. This cures some problems, like the over-crowded parking lot and snack bar, but what of the poor professors who had full classrooms the first week of school, left now to only lecture to themselves?

#### Letter To Editor

#### Reader Wants Magazine Back

Dear Editor:

I hope I am not being deluded when I say that the desire to learn is the primary purpose one has in mind when he is attending college. And if one is going to learn, there is the implication that he is going to be exposed to ideas. Whether these ideas are old or new makes no difference; only that they be meaningful, penetrating and discussed in what marks their importance (or unimportance).

What causes me to express my doubts is the fact that there is not one PUBLICATION at Cerritos devoted to the search for the ideas that lurk in the fringed heads on this campus. And since college-district boundaries set no limit for ideas, there are numerous off-campus heads, pregnant with thought and imagination, waiting to deliver.

One can easily say that there are ideas, already in long-standing, which have been awaiting our embrace; but we must embrace the new as well as the old, and learn what people today are setting forth in the way of expressing our times. How can we know tomorrow if we cannot see today?

The students of Cerritos College can, by their power to petition, provide the ventilation necessary for our ideas to breathe and to live. The "SAGITTARIAN," the campus literary magazine, has been stirring ideas for three years. BY THE POWER WE WIELD, IT CAN SERVE AGAIN. EXERCISE THAT POWER BY SIGNING AND SUPPORTING THE "STUDENT PETITION FOR LEGISLATION."

—Georgia Nicolsa

#### Democrats, Republicans Vie For New Campus Members

Democrats and Republicans will be back again at Cerritos this year. The drive for members was officially opened during Club Booth Day Wednesday. The re-organized Young Republicans held their first meeting last Tuesday. The California Collegiate Democrats will hold their first meeting on Sept. 28 at the Arts and Crafts Building, Room 33.

The Republicans have George Seeley, Physics instructor, as their senior adviser this year. The Young Republicans, recovering from last year's split, will again participate in the Homecoming Activities. Club meetings will have discussions with party speakers and promoting party ideals.

Senior adviser for the C.C.D. is history instructor Frances Siegel. The C.C.D. will also participate in the Homecoming Activities. They will have discussions and speakers as will the Republicans. Miss Siegel will make an attempt to obtain the film on the accomplishments of President Kennedy to show to the club. Miss Siegel received

a photo of President Johnson from him for her part in the 1964 campaign.

Both advisers have stressed a feeling for closer cooperation between the two clubs. Panel discussions and debates are in order.

There has been talk of a third political club called the Young Americans for Freedom. A recent change in the state law has made this possible.

#### Cerritos Hires Philharmonic For Concert

A \$3,500 contract was awarded to the Los Angeles Philharmonic Orchestra for a spring concert to be given at Cerritos. This action was taken by the Board of Trustees at the last regular meeting.

The orchestra is being brought to Cerritos as a part of the Community Services program.

#### Cerritos Student Court States Functions, Aims

"Service to the ASCC" is the primary function which the Student Court of Cerritos is based upon. Functioning as a judicial body and third branch of student government, it is composed of Justices Don Bragg, Greg Wilhelm and Jim Marshall, Chief Justice Pro-tem Jerry Martin and presiding Chief Justice Gary Heidner.

**Petition for Change**  
As the supreme court of the college, it provides an opportunity for clubs and students to appeal the constitutionality of laws passed by the Senate, present laws and disciplinary

matters. Cases of this nature can be brought before a hearing only if a petition has been filed.

Petitions for this purpose must be obtained in the Student Affairs office located in the Student Center across from the campus book store and must have at least the signatures of five students.

Although this governing body has been established on campus for a year and is now entering its second year of service to the student body, the judicial code will not be ratified or passed until the first session of the Senate this year.

#### When Ratified

Upon the ratification of the code, Student Court will proceed with the first order of business for the year, a police science class for students wishing practical experience. Although this class will probably be credited as an academic course, it will perform many services to the entire student body of Cerritos, said Heidner.

Students participating in this class will have many functions and duties to perform on campus. They will serve as campus guides and assist at school functions and activities and helping the Sheriff's Department in directing school traffic at these functions.

#### Deputies of Cerritos

At the present time it is the responsibility of Norwalk Sheriff's Station to issue tickets for illegal parking on campus, but it is the desire that the students of the practical experience class will take over this function.

Tickets, presently issued by the Sheriff's, would be issued by the students and the fine of \$2.00 would accrue to the student body fund instead of the Sheriff's Department. This extra revenue would then help in the planning of school activities, Heidner said.

RICHARD ROBINSON  
New Men's Dean

#### New Dean Eyes 'World' Of Cerritos

"Cerritos is a world in itself," says the new Dean of Men Richard Robinson.

Former vice principal and a student counselor at Mayfair High, Robinson applied for the job as Dean of Men after reviewing the duties and the opportunities of the job to work with the student leaders of student government on campus.

Beginning his history career teaching in the classroom at Bellflower High and participating in sports activities as assistant coach, he actively pursued both his major, history, and minor, physical education, of his profession.

Classroom teaching soon gave way to counseling where he first became active in working with students interested in student government at their respective high schools. It was his background of working with students leaders as counselor that led to his appointment as vice principal seven years ago.

One of his duties as vice principal was to set up a student government.

"Working with young people interested in the student government of Mayfair High, I realized a feeling of satisfaction in seeing young people giving their time and working hard to better their school through student government," he said.

## Button-down money

A Bank of America checking account offers you top protection for your money. Helps you keep track of your funds. And automatically gives you a receipt for paid bills. Choose either

a Regular or Tenplan account. (You'll find a Tenplan account more economical if you write just a few checks a month and your balance is under \$200.) Open either kind: it's a snap!

## Petition Asks For Return Of 'Sagittarian'

A petition for legislation regarding the campus magazine "Sagittarian" is being circulated by students of Cerritos and is to be submitted to the Senate.

The petition asks for the allotment of funds necessary for the operation of the campus magazine "Sagittarian": a class situation, tentatively titled "Magazine Production," under the direction of instructor Allan Siegel and the opportunity for any interested person in the community to write for "Sagittarian".

## COFFEE SHOP

# Just Clouds—No Roof

The future looks cloudy for the proposal to build an addition to the student coffee shop. After 30 minutes of discussion at last week's Board meeting, the issue was tabled for further study.

The original proposal, submitted to the Board of Trustees by the student Senate, was to build a roof over the patio area around the coffee shop. Here food could be bought and eaten at tables scattered about under the shelter. This, it was hoped, would alleviate the over-crowded conditions in the coffee shop.

The final design, which has already received state approval, calls for three pre-cast concrete "umbrellas" which would be joined together and would provide a sheltered eating area.

Objections by the Board to this project focused on the cost. The structure would cost \$66,000. There had also been a

## Clubs Sell Tickets Early for Dances

Pre-dance ticket sales will be held during the week prior to dances this year.

Sponsoring Clubs will sell or exchange coupons during the week prior to the dances near the Student Affairs Office in the Student Center.

suggestion made to include a system of radiant heating in the plans. This would more than double the cost.

Several of the Trustees expressed belief that this was too great a sum to expend, in view of the fact that the construction of an additional eating area is planned for the future. One Board member voiced the fear that this expensive patio structure would not be used after the new eating area is built.

However, others questioned whether students would even use the proposed roofed-in patio area at all. In support of their doubts they pointed out that few students use the existing outdoor facilities.

Consideration of the matter was tabled until further studies could be made to determine whether the proposed construction would be used by the students.

## CLUB NOTES

# Campus Clubs Organize, Elect for Fall Semester

By LINDA DuLAC  
FREE COFFEE!

Sororities will host a coffee hour on Monday while fraternities will stage their coffee hour on Tuesday. Both events will begin at 7 p.m. in the Student Center.

## DELTA CHI SPONSORS DANCE

Delta Chi Omega, a campus fraternity, is sponsoring a dance at 10 p.m. in the Student Center, following the clash between the Falcons and the Phoenix squad tomorrow night.

## COS METTS INSTALL

The Cos Metts' installation dinner will be at Knott's Berry Farm on Tuesday, according to Olive Scotty, Cosmetology Dept. chairman and co-adviser to the special interest club.

Out-going president Jane Clayton is making arrangements for the installation, which is at 7 p.m. in the chicken dinner house. Co-adviser Jean Rogers will install the officers, who, at press time, were not yet elected.

## PHI RHO PI ELECTS OFFICERS

Phi Rho Pi, the speech club, elected officers at its organizational meeting last week. Those leading the club are Gloria Hartmann, president; Diane Riave, vice-president; Mary Kay Thompson, secretary; Marie Waters, treasurer and Lorrie Gladwill, historian.

"The purpose of Phi Rho Pi is to increase forensic activities," says Miss Hartmann, a national champion. This year and last the speech squad won both the state and the national sweepstakes.

## PBL OFFICERS OFF TO FRISCO

Officers of Phi Beta Lambda will take a trip to San Francisco tomorrow to organize a college state board," announced Fran Ciacio, national vice-president. Because it is breaking away from the Future Business Leaders of America, the high school organization, Phi Beta Lambda needs to for its state organization.

Phi Beta Lambda exists to better acquaint students with the business world, according to Miss Ciacio. Officers of the Cerritos chapter include Gary Cowan, president; Aletha Jones, vice president; Kathy Andrews, recording secretary; Betsy Ross, corresponding secretary and Ken Welch, treasurer.

## BIOLOGY CLUB MEETS TUESDAY

Gamma Gamma Sigma, the biology club, will hold its first meeting Tuesday, Sept. 28, at 11 a.m. in NS 11. "All students interested in the life sciences are welcome to attend," President Tom Custer invites.

The club will discuss its semester program schedule and also plans for its annual outing. Last year's activities, according to Custer, included various field trips, interesting work at the Los Angeles County Museum, several speakers of note and seminar reports by the student members.

## HOME EC IS STAR—ULRICH

"One of the brightest and newest stars among clubs is the Home Ec Club," remarks President Kathy Ulrich. This semester the club plans to increase its membership and to take several field trips.

Students are invited to attend the meetings, which are held in EL 5, and refreshments are usually served. Related information may be obtained from Ruth Laidlaw, the advisor, or Miss Ulrich.

## CRUSADE PLANS PIZZA PARTY

"A pizza party is being planned for Oct. 1 as the introductory meeting of Campus Crusade for Christ," informs Campus Director Josh McDowell. McDowell encourages interested students to reserve this date.

Students may contact Mr. Wilson, the advisor, in PSA for additional information.

## SINAWIK HOLDS LUNCHEON MEETING

A luncheon meeting on Monday offers "a chance for girls to get acquainted with Sinawik members," says President Donna Haselroth. The cafeteria at noon is the place for students interested in the women's service organization to be, according to Miss Haselroth.

A special meeting for members only is planned for Tuesday. It will be in LA 2 at 11 a.m. Members will discuss pledge week, Le Roys Boys Home and United Way march in Bellflower area.

spring. He also was employed by the "L.A. Times." Photo editor is Jim Martin who worked on the college magazine, "Campus Illustrated," and took pictures for "Talon Marks."

Artist is Dave Rudderow, who drew for the paper last year. Taking charge of the club news is Linda DuLac, former "TM" reporter.

Advertising manager is Johnny C. Snyder, who was a photographer last year and has worked for the "Orange Daily News," Huntington Park "Daily Signal" and the "Anaheim Bulletin."

A feature editor, circulation manager and assistants will be named on Oct. 15.

Reporters are Louis Banas, Dave Brockmann, Dennis Campbell, Pennie Dallman, and Darryl Jackman.

Also, Dave Lacey, Cathy Longauer, Richard Price, Joan Titherington and Bob Underwood are writing.

Photographers are Tom Polley and Kathy Weber.

## Going on to a 4-year college?

You may be able to take advantage of the new 2-Year Air Force ROTC Program!

What's the purpose of this new speeded-up program? It's designed to permit students with two academic years remaining to participate in the Air Force on-campus officer education program. Those two years can be in either undergraduate or graduate status, or a combination of both. Successful completion of the program results in the award of a commission in the U.S. Air Force.

Then those who attend a junior college are no longer shut out of ROTC? That's right. One of the particular purposes of this program is to give students who start at a junior college—and then move on to a 4-year institution—the chance to become officers through Air Force ROTC.

How do I apply for this program? First, contact the Professor of Aerospace Studies at the Air Force ROTC host-college nearest you. (There are 182 Air Force ROTC units in the U.S. and Puerto Rico.) He'll arrange for you to take the Air Force Officer Qualifying Test, and the required physical examination. If you pass these, you'll be interviewed by a board of senior

Air Force officers, who will decide if you are to be chosen to attend a Field Training Course, a six-week course (which you can begin in June or August next year) designed to let the Air Force judge you and you judge the Air Force. Only after both are satisfied will you be enrolled in the program. You have nothing to lose—and everything to gain—by applying.

As an Air Force ROTC cadet, will I receive pay? For the Field Training Course, your pay will amount to approximately \$120. During the school year, you'll be paid \$40 a month, and you'll also get free uniforms.

Is the 4-year Air Force ROTC course still available? Yes, many colleges and universities are continuing the 4-year program, which you might want to consider if you are thinking of transferring to (and spending 4 years at) such a school. Students in the 4-year program may compete for the new Air Force ROTC Financial Assistance Grants, which pay the cost of tuition, books, fees, supplies, and equipment, plus \$50 a month.

What is the Air Force ROTC curriculum like? It's been thoroughly revamped. You won't find pat answers and traditional ritualized solutions to problems. Students are taught to arrive at their own conclusions, and to test them against those of classmates. Symbolic of the change is the new title—Department of Aerospace Studies.

# Falcons Seek Sixth Win Over Bears

## Harriers Off And Running

Saturday the Falcon Cross Country team will get its first test of the season when the seven best runners on the squad journey to Long Beach to compete in the Long Beach State Invitational Cross Country Meet.

The Falcons will receive stern competition from a host of other JC teams. Since all of the other Metropolitan Conference teams will be competing it should give Coach Dave Kamanski a good idea of his squads probable performance in league competition. Toughest of the conference foes this year should be El Camino and Long Beach, with East L. A., last years champion, also looking strong, according to Kamanski.

## Tankers Splash

Looking at the schedule, the Cerritos way of greeting incoming water polo prospects can be classified with a first-class honor picture, that is rather frightening.

Coach Pat Tyne's tankmen tangle with the nation's two most powerful forces in water sport circles when they open the season hosting USC on Sept. 30 and meet UCLA the following day. Both teams carry former Olympic players on their rosters.

The Trojans have an entire first string returning, including Olympians Roy Saari and Rick McGeagh. Neil Kolhaic, the SC mentor, will be out to repeat a 9-1 conquest of the Falcons last year.

Former Cerritos coach Bob Horn will pit Olympic veterans Dave Ashleigh and Stan Cole against the inexperienced Cerritos squad.

Tyne describes his team as still "green" and noted "the only way to learn is by playing the best." Of the 34 who turned out for practice, only four players, Chris Hadji, Bill Crist, Steve Campbell and Jon Catelow could be termed as experienced. Each was named to the all-conference team last year. Tyne is counting heavily on the frosh crop, particularly Jerry Ray and Ken Hammer, both from Downey.

## Face Phoenix In 2nd Contest

Tomorrow Night at 8, Head coach Smokey Cates will find out just what type of football season it will be as his Cerritos football squad faces the Phoenix Bears at Falcon Stadium.

The game will be the sixth meeting between the two schools with Cerritos having won all five previous meetings. Last year in Phoenix, the Falcons handed the Bears a 27-13 setback which later turned out to be the only loss of the year for the Bears.

Cates faces a few problems however; the Bears will be out for revenge and their first victory of the season.

### NJCAA CHAMPS

Coach Thomas "Shanty" Hogan's Bears were National Junior College Athletic Association champions last year. The Bears opened the grid campaign last week against El Camino, going down to defeat 27-14 to the fired up Warrior squad.

Cates will be starting the biggest offensive unit in this college's history. The offensive squad tips the scales at an average of 211 while Phoenix's starting eleven average 198.

### RELY ON FROST

The Bears will have only three sophomores in the starting line-up, but the Arizonians can't be counted short. Against El Camino, the Bears ran a consistent ground game and gained over 150 yards rushing. Phoenix, had three of their touchdowns called back, by penalties.

Quarterbacking for coach Hogan will be freshman Ken Gorney, tipping the scales at 180. Gorney is a better than-average aerial expert as he showed against El Camino. He threw 32 passes completing 19.

Phoenix's primary ground threat is the constant fullback attack off tackle. The Bears used fullback Herbie Jones, 5'10 195, against the Warriors,

## Falcons 'Coast' Past Sour Orange

By Dave Brockmann

Behind the passing of second-string quarterback Reid Braden and the running attack of Bob Mauriello and Dan Scott, the so-called "inexperienced" Falcons rolled to an impressive 26-0 victory last Saturday at Pirate Stadium before a standing-room only crowd of 9,500.

The Falcons proved the odd-makers wrong from the kick-off, beginning with a six play drive to score with only 5:49 minutes gone in the first quarter. The tally was set up by a brilliant side - stepping 20 yard punt return by La Mirada speedster Dan Laskowski. Mauriello went in for the score on a one-yard drive off right tackle.

Orange Coast, gunning for their third consecutive post-season bid, seemed to be stunned, and lacked any punch or drive.

With 9:14 minutes remaining in the second quarter the Or-

angemen marched 10 plays down to the Falcon nine-yard stripe. In a fourth and eight situation, freshman Lon Woodard applied a devastating tackle to throw quarterback Mike McLellan for an eight-yard loss, thus giving the ball over to the Falcons.

Sophomore Ken Polestra played one of his finest games. Polestra, playing defensive half-back, made 12 unassisted tackles and helped on eight others.

Besides aggressive play he intercepted a Shawn McKinney pass on the Falcon 15 and raced to the Pirate 30, good for 47 yards. Six plays later, freshman Dan Scott went off right tackle for the second TD with 6:27 remaining in the third quarter. Dennis Born's PAT was partially blocked.

The passing game Gary Davis was right on target as he hit 9 of 13 aerials for 132 yds.

**BRADEN SHINES**  
Quarterback Reid Braden put

the finishing touches on the game in one play. Braden, with 6:01 remaining in the game, came in and threw a 25 yard wobbly pass to newcomer Tony Smits who luckily was just standing in the right place.

Lineman Gary Atkinson stepped into the spotlight with 67-yard combined run down to the Pirates six yard stripe with 2:00 remaining in the game.

The Falcons failed to penetrate and were called for 15 yards with only 0:43 remaining. Braden re-entered the game tossed a 20 yard TD to Smits to put the final tally on the board.

Statistics	Cerritos	Orange Coast
First Downs	19	16
181 Yards Gained Rushing	141	
177 Yards Gained Passing	124	
0 Passes Had Intercepted	1	
358 Total Offense	265

## CRA Opens

The College Recreation Association at Cerritos gets off to a running start — literally — Sept. 27 with girls cross-country, co-ed volleyball and on Sept. 28, co-ed tennis. Rhea Gram, of the P.E. Dept., urged all interested students to participate.

Co-ed volleyball will begin at 2:00 on Monday, Sept. 27, under the direction of Diana Gallardo.

Co-ed tennis will begin at 3:00 on Sept. 27. Participants may compete on any skill level and will include matches with other colleges. Transportation to other schools for this and other sports will be supplied by CRA. Co-ed tennis will be supervised by Alice Delk.

On Club Booths Day, Wednesday, CRA had a booth where all could sign up for the activity. CRA also plans an inter-club, co-ed volleyball tournament.

## Dads' Night Set At Merritt Game

The AS Executive Cabinet decided Monday to make the Saturday, Oct. 2 Merritt football game a special "Dads' Night." The bill, proposed by Commissioner of Public Relations Fred Sica, makes it possible for AS card holders, full or part time, to bring their fathers to the game free of charge.

According to Dean of Women Amy Dozier, students may pick up their free passes starting Monday in the office of Student Affairs.

"We must remind students that only fathers will be admitted with the passes," said Miss Dozier. "Identification will be necessary for admission."

As part of the half-time activities, the football players' fathers will be on the field wearing the numbers of their sons.
