Board Reviews Unique Course

The undergraduate curricular offerings at Northwestern University Medical School, Chicago City College, New York University and Cerritos was the topic of discussion recently at the meeting of the committee on Undergraduate Education of the University Council on Orthotics-Prosthetics Education.

The committee was also provided a tour of the campus which included visits to the library, science departments, counseling center and the technology division and the prosthetics-orthotics facilities.

Among the business discussed by the committee, was methods of recruitment of students through the use of a common brochure and of films to depict samplings of a career in the prosthetics-orthotics field, clinical experience and work study as part of the curriculum.

American Orthotics-Prosthetics Association and the American Board of Certification made a request for the development of a model curriculum in orthotics education and in prosthetics education, and testing results in relation to the selection of students entering the prosthetics-orthotics programs.

Cerritos is one of four colleges and universities across the United States offering a degree type program in the prosthetics-orthotics curricular. It is the only public educational offering in the Western United States.

Course offerings include introduction to prosthetics and orthotics; P and O laboratory; metal fabrication; and shop practices.

Registration in the professional organization, OAPA, is open to students as soon as they commence training in a program.

For those interested in further information regarding this unique Cerritos program, they are asked to contact P and O guidance counselor Wallace Frost at the Office of Counseling and Guidance, 860-2451, extension 231.

Exhibit Offers Rare Display

Presently on exhibit in the Cerritos College Biology Department is an unusual collection of scarce Australian mammals.

Dr. Henry Childs, Jr., chairman of the life sciences division, stated that "probably less than 10% of the colleges and Universities of the United States have specimens of these rare and unusual animals."

The specimens on display at this time near NS 11 include two of the most primitive living mammals, the spiny anteater and the duck-billed platypus along with the great and sugar gliders, a bandicoot and the bush-tailed opossum.

"These are all either egg-laying or pouch bearing (marsupial) mammals," Dr. Childs said.

The collection was a gift to Cerritos College from Dr. Bayard Brattstrom of the Biology staff at California State College at Fullerton and is indicative of the fine relations enjoyed between the staffs of the two colleges.

The specimens now being shown and others will be combined for a later display in the Cerritos College Library.

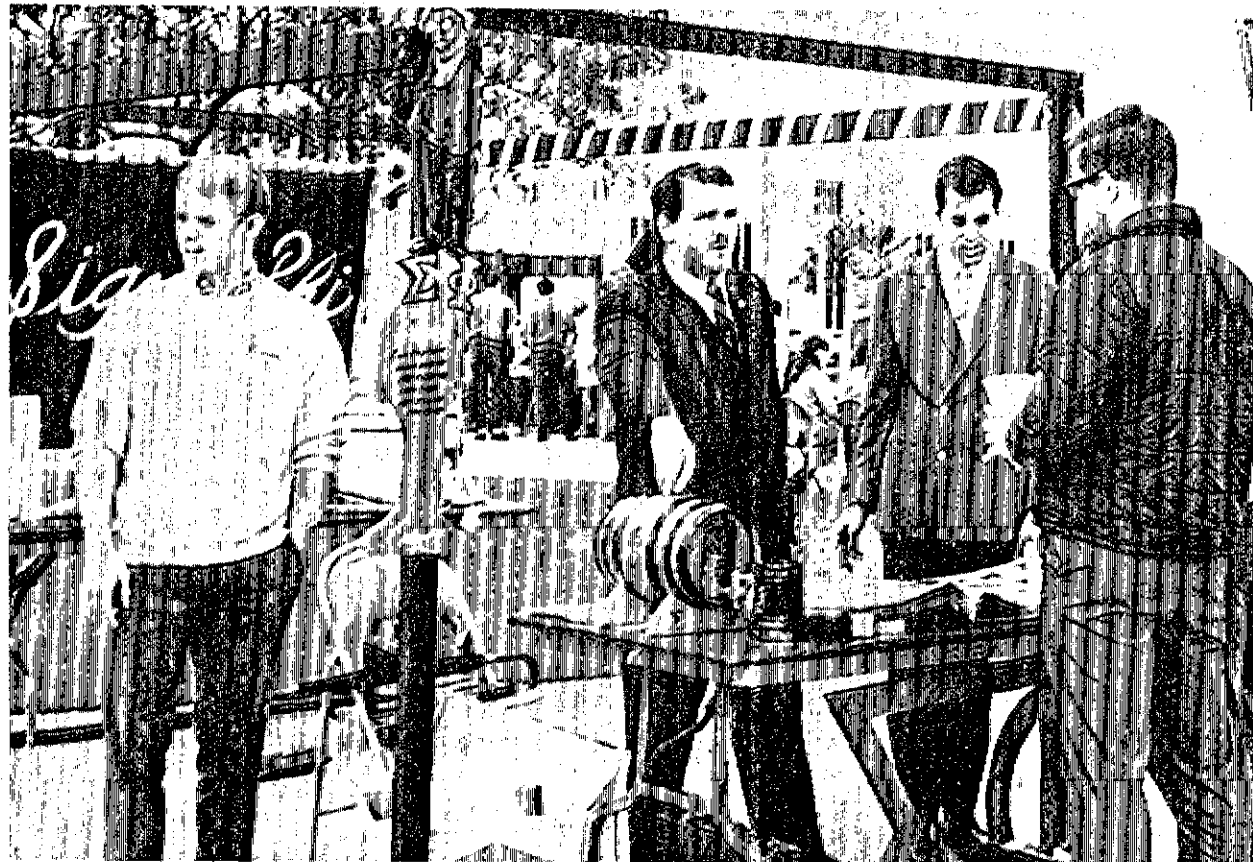

News Briefs

THE CERRITOS BOOKSTORE is in desperate need of all available copies of the 1961 edition of *Essentials of Mathematics* according to Gladys Balzer, manager. The bookstore will pay \$4 each of these text until Friday, Feb. 23.

COUNSELING APPOINTMENTS are now available, according to Dr. Robert Bos. A special invitation is issued to students on probation who wish to face their problems immediately. Students will be issued appointments for Fall registration by the Admission Office upon presentation of a registration plan.

THE NEW EXHIBIT on show in the Cerritos Art Gallery is "African Art", a show of native arts and objects collected by William Stanley while on leave from Cerritos to help establish a school in Africa. Gallery hours are Monday through Thursday from noon to 4:30 p.m. and 6-9 p.m. and Friday and Sunday, noon to 4:30 p.m.

"AUTOMOBILES: THE GREAT LOVE AFFAIR", a documentary film sponsored by the Office of Community Services, will be shown Wednesday, Feb. 28, at 8 p.m. in Burnight Center. The film examines in a humorous fashion the impact of the automobile on Americans.

SIGMA PHI members help recruit passers by at the bi-annual Club Booth Day Wednesday. Several of the major clubs on campus set up booths to attract prospective members.

Clubs, Organizations Attract Members at 'Club Booth Day'

By VALERI SILKEY

Clubs displayed past honors in the colorful bi-annual Club Booth Day Wednesday, as organizations attempted to attract students and prospective members. Most of the major clubs on campus set up booths and decorated them to draw attention to their organization. Here is a brief summary of the booths.

YUNG WOON CHOI

Yung Woon Choi is a yearly money-raising activities sponsored by the clubs as well as all of the student body.

Yung Woon Choi is a Korean orphan partially supported by Cerritos College through the Save the Children Federation. Cerritos has been helping to provide school expenses for Yung annually for the past 5 years. The students body hopes to raise enough money eventually to allow Yung to attend Cerritos.

DELTA CHI OMEGA

Delta Chi Omega is a men's fraternity with the purpose of promoting friendship, loyalty and fraternal brotherhood through social and service activities. Their social activities include hay rides, mountain trips, beach parties, installation, coffee hour and dances. They are active in homecoming and the Yung Woon Choi project.

CIRCLE K

Circle K invites all men interested in becoming members to join with them at a Coffee Hour the beginning of each semester. They are a men's service organization providing an opportunity for leadership training and service for the school and community. They are active in homecoming, Yung Woon Choi, and serve as ushers for many of the school programs. Their special activities include a Christmas tree lot, and participating in community fund raising drives.

SINAWIK

Sinawik is a service organization providing an opportunity for women

to develop leadership and cooperation through club activities and to serve the college and community. They serve as hostesses for many school programs and have been very active in campus fund raising drives. Their off-campus activities include working with the Indian settlement and many community organizations.

DELTA PHI OMEGA

Delta Phi Omega is a women's sorority striving to promote school spirit and friendship through social and service activities for the members. They are active in Christmas projects, assisting the American Indians, LeRoy Boy's fund raising, Yung Woon Choi, homecoming, jazz festival, and hosting activities. Special activities include parties, dances, picnics and slumber parties.

PHI KAPPA ZETA

Phi Kappa Zeta is a women's sorority whose activities have included adopting a ship for correspondence, providing Easter eggs for the blind, assisting with the Jazz Festival and Yung Woon Choi, and aiding in various community projects. Their purpose is to promote friendship, build school spirit, and provide social and service activities for its members. Their social activities include beach parties, picnics, installations, slumber parties, and other social events.

CAMPUS CRUSADE

Campus Crusade for Christ is a Protestant religious club whose purpose is to foster a knowledge of Biblical Christians among students and to augment growth in the Christian faith. Their meeting often include interesting speakers, and the members join together for musicals and social activities.

DORIANS

Dorian Society is an organization made up of students interested in producing educational music. The society is very active in hosting music events. They provide a pep band for rallies and basketball games, participate in Jazz at Noon, assisted with LeRoy Boy's Home project, and host the Jazz Festival.

EL CIRCULO ESPANOL

El Circulo Espanol is an organization made up of Spanish students. It provides them with the opportunity to further study of the language and literature. Their activities include Spanish theatre, speakers, and assisting the Spanish speaking children of the Head Start program.

LAMBDA ALPHA EPSILON

Lambda Alpha Epsilon is the police science major club, a chapter of a national co-ed fraternity. Their purpose is to elevate the standards of personal training procedures and ideas within the area of administering justice and to foster a greater (Continued on Page 2)

Senate Seats Members After Spring Election

Voters were out in force last January 19 to elect 15 new members to the Senate including five write in candidates. Fourteen incumbents were reelected and most were seated last Wednesday.

According to Dean of Men Richard Robinson, the election ran smooth except there were 30 seats available but only 24 people turned in their petitions for a place on the ballot. But five of the six open seats were filled by write in candidates.

New senators with the number of votes they received in parentheses and in the order which they appeared on the ballot are:

Jeannette Skinner (73), Sinawik
Marc Sturdivant (42), Independent
Dan Bisher (75), Veteran's Club
Gary C. Jones (36), Circle K
Ken Suarez (51), Veteran's Club
Bob Perry (24), Dorian Society
Dale Carver (51), Independent
Steve Alvis (36), Choir
Georgia Ridenour (32), Independent
Mary Kincaid (51), Independent
Wayne Rogalla (10), Independent
Diana Naegele (49), Kappa Theta Phi
Judy Alcorn (32), Sinawik
Bob Tormey (34), Independent

Patrick Schwerdtfeger (11),
Phi Rho Pi
Claude S. Lima (17), History Club

Dan Bott (37), Beta Phi Gamma
Mike Bower (75), Independent
Kathie Page (34), Independent
Richard Rice (37), Sigma Phi
Mary Jacobs (23), Independent
John Buckle (40), Circle K
The write ins are as follows:
Jim Olson (21), Independent
Steve Stewart (9)
Joe Campen (6)
George Lange (6)
Sammy Marquez (6)

All ties in the number of votes received for seating positions were decided within the senate.

After being seated, Senators elected new officers for the spring semester. Dan Bisher was elected President Pro Temp, Dale Carver Freshman Majority Leader, Gary Jones, Sophomore Minority Leader and Joe Campen, Sergeant at Arms.

Campus Calendar

- Feb. 16—Basketball here vs. Valley 8 p.m.
AWS Backwards Balentine Bounce, Student Center, 8-12 mid.
Concert Band at Noon, Student Center.
Forensics — Computer Debate at Cal Tech.
Feb. 17—Placement Test, Student Center, 8:30 a.m. to 12:30 p.m.
Forensics — Computer Debate.
Circle K Heart Fund Benefit Program, gym, 8-12 mid.
Feb. 19—ASCC Cabinet meeting, Board Room, 2 p.m.
Feb. 20—Music recital-lecture, BC 53, 11 a.m.
Basketball vs. Bakersfield, there.
AWS Board meeting.
Feb. 21—ASCC Senate meeting, AC 33, 11 a.m.
Feb. 22—HOLIDAY — Washington's Birthday.
Feb. 23—Swimming at Bakersfield. Basketball vs. Santa Monica, here, 8 p.m.
Jazz at Noon.
After game dance, Student Center, 9 p.m. to 12 mid.
Food Services Board meeting, Board Room, 2 p.m.

Second Resignation Leaves Court Defunct

The fourth resignation of a Student Government leader since the beginning of the semester, crippled another phase of student leadership Wednesday, as Supreme Court Chief Justice Linda Reuhlman tendered her resignation from the Court.

The loss of Miss Reuhlman, coupled with the earlier resignation of Justice Chris Smith, leaves the Court as a defunct body. The judicial branch of Student Government cannot operate with less than five members, and the body is now composed of only four justices, Ron Smith, Larry Wolf, Laura Peyton, and Bernadette Brown, approved by the Senate Wednesday. ASCC President Eric von Hurst must make at least one more appointment before the Court can resume its duties.

Earlier in the semester, two members of the ASCC Cabinet resigned. Bobbi Fuentes has been replaced by Marc Sturdivant as Commissioner of Convocations and Fine Arts, and Dave Fratalone's resignation as Commissioner of Inter Club Council has left a void both on the Cabinet and Council. For want of a commissioner, the ICC council now is defunct until one can be appointed.

In addition to the vacancies on both the Court and the Cabinet, von Hurst faces the problem of appointing six members to the Senate to fill vacant seats.

Miss Reuhlman's resignation was made in tears before the legislative branch Wednesday. She explained to the Senate that she had been prohibited from participating in activities this semester after an alleged code violation while accompanying the Forensics squad to a tournament.

Contest Highlights Balentine Bounce

Hurry girls! Today is the last day to grab your guy for tonight's Backwards Balentine Bounce in the Student Center at 8:00 p.m. sponsored by AWS. Admission will be \$1.00 a couple and 75c stag.

Climaxing the evening will be the selection of Mr. Dreamboat, chosen by popular vote during the dance. Contestants include: Bob Gilbertson, sponsored by Delta Phi Omega; Dan Armstrong, AWS; Sam Marques, Vets; Mike Tarr, Delta Phi; and Ron Waldron, Phi Kappa Zeta.

A romantic setting will be provided by the Foot Prints, and couples will be able to visit the hitching booth for 25c. To make sure that the night will never be forgotten, pictures will be taken by John Buckle. Cost is \$1.

Tickets are available from any AWS girl or the ticket office. Tickets will also be sold at the door. Free refreshments will be served.

PLEASE! Vickie Valdez, Sue Buckley, Ruth Ritchie, and Donna Small beg Don Scott and Art Marshall to let them escort the two new advisors to the Backwards Balentine Bounce tonight. The girl-ask-boy affair begins after the basketball game this evening.

TALON MARKS

FALCON CAMPUS PREMIERS NEW FOUR LEVEL FACILITY

Last week, a new three story general classroom building opened with the start of the spring semester.

The new facility, with a total square footage of 62,837, was built at a cost of \$1,287,000. The new building is designed to serve more than 3,500 students per hour in the 29 classrooms and three laboratories. The three story structure is the largest classroom facility on the 135 acre campus of Cerritos and is located on Alondra Blvd.

The new structure includes three stories above the ground with a basement below which houses 25 instructional offices for more than 60 instructors.

The first level is split and covered by a 64 feet by 150 feet courtyard. The landscaping in the courtyard consists of two circular flower beds.

The first floor will contain the data processing department. Included in this department will be the production area, two laboratories, and the

instructional program offered here at Cerritos.

Along with the various departmental facilities on the first floor will be six classrooms and several offices, located in the west portion.

The second floor is devoted entirely to two departments, forensics and police science. The forensics department will be aided by various instructional and practice rooms and offices for the instructors.

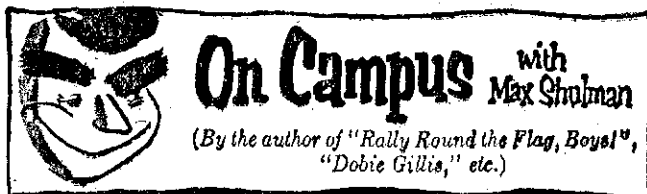

The police science department will benefit from a fully equipped laboratory, which will be used primarily for the instruction on criminal investigation. Also located on the second floor are five experiment and storage rooms.

The third floor consists entirely of classrooms and as in the previous three floors all units are carpeted.

The facility was constructed by the K and F Construction and Cowan Construction companies on a joint bid. College president, Dr. Jack Mears, along with local city dignitaries, turned the first shovel of earth in October of 1966, officially beginning construction.

No dedication program has officially been planned.

MORNINGS AT SEVEN...AND THERE'S NOTHING YOU CAN DO ABOUT IT

Any man who says morning is the best time of day is either a liar or a meadow lark.

There is only one way to make morning enjoyable: sleep till noon. Failing that, the very best you can do is to make morning tolerable. This, I am pleased to report, is possible if you will follow three simple rules:

1. *Shave properly.*
By shaving properly I mean shaving *quietly*. Don't use a blade that whines and complains. Morning being a time of clanger and anger, use a blade that neither clangs nor whines. Use a blade that makes no din on your chin, no squeak on your cheek, no howl on your jaw, no rip on your lip, no waves while it shaves. Use, in short, Personna Super Stainless Steel Blades.

I have been shaving for 71 years (not too impressive until one considers that I am 49 years old) and I am here to tell you that the quietest blade I know is Personna. I not only shave with Personna, but I also admire it. Old virtues reappear in Personna; old values are reborn. Personna is a modest blade, an undemanding blade. Personna does not rasp and tug, yelling, "Hey, lookit me!" No, sir, not Personna. Silently, respectfully, unobtrusively, Personna whisks your whiskers with nary a whisper. It shucks your soil and stubble without toil and trouble. Why, you hardly know it's there, this well-bred Personna blade, this paragon of punctilio.

Moreover, this crown of the blade-maker's art, this epitome of epidermal efficacy, is available both in Double-edge style and Injector style. Do your kisser a favor: get some.

2. *Breakfast properly.*
I assert that a Personna shave is the best of all possible shaves. But I do not assert that a Personna shave, bracing though it may be, is enough to prepare you for the hideous forenoon ahead. After shaving you must eat an ample breakfast.

Take, for example, the case of Basil Metabolism, a sophomore at V.M.I. Basil, knowing there was to be an inspection by the Commandant one morning, prepared by storing up energy. He recognized that coffee and juice would not sustain him, so he had a slice of bacon, a clutch of eggs, a batch of bagels, a notch of ham, a bunch of butter, a switch of grits, a hunch of honey, a patch of jelly, a thatch of jam, a twitch of pepper, and a pinch of salt.

The idea was right; the quantities, alas, were not. When the Commandant arrived, Basil, alas, was so torpid that he could not raise his bloated arm in a proper salute. He was, of course, immediately shot by a firing squad. Today, a perforated man, he earns a meagre living as a collander in Cleveland.

3. *Read properly.*
Always read the paper at breakfast. It inhibits bolting. But do not read the front page. That is full of bad, acid-making news. Read a more pleasant part of the paper—the Home and Garden section, for example.

For instance, in my local paper, *The Westport Peasant*, there is a delightful column called "Ask Harry Home-spun" which fairly bristles with bucolic wisdom and many an earthy chuckle. I quote some questions and answers:

Q: I am thinking of buying some power tools. What should I get first?

A: Hospitalization.

Q: How do you get rid of moles?

A: Pave the lawn.

Q: What is the best way to put a wide car in a narrow garage?

A: Butter it.

Q: What do you do for elm blight?

A: Salt water gargle and bed rest.

Q: What can I do for dry hair?

A: Get a wet hat.

Personna's partner in shaving comfort is Burma-Shave, regular or menthol. Together, Personna and Burma-Shave make a considerable contribution toward forenoon survival.

MUSIC MAN — Stan Kenton, frequently seen on the Cerritos campus, was the founder and organizer of the Junior Neophonic Orchestra. Literally translated into "new sound," the neophonic attempts to breach

the gap between the classics and jazz. The orchestra makes its home at Cerritos.

Korf, 'Satan' Need Actors, Technicians

Final tryouts will be conducted next Tuesday evening, Feb. 20, at 7 p.m. in BC 17 for roles in "The Death of Satan", a two-act satirical comedy under the direction of Lee Korf, instructor, and produced by the Cerritos Theatre Arts Department.

The play features parts for 11 men and five women and approximately 40 students have already tried out for the parts. However, there is still an opportunity for other interested students to read on Tuesday evening for parts in the play, which will be presented in five performances, April 23 through April 27, beginning at 8 p.m. in the Burnight Center Theater. Rehearsals will be held from 7-10 p.m. on Tuesdays and Thursdays, with some Wednesday rehearsals possibly required.

Written by Ronald Duncan, "The Death of Satan" will be presented for only the second time in the United States, having had memorable runs in London and off-Broadway. The play is a satirical comedy which is predicated on the idea that there is no longer anything considered sinful in this world and therefore the Devil is dead.

BELLFLOWER

In addition to actors, Korf is also looking for students who may be interested in the technical aspect of the production, such as stage managers, makeup personnel, prop men, lighting technicians, etc. All of these positions, and others, are still open.

Featuring such interesting characters as Don Juan, The Devil, George Bernard Shaw, Lord Byron and Oscar Wilde, the play promises to be a success and interested students are encouraged to contact Mr. Korf, or attend the final readings next Tuesday night.

Club Booths...

(Continued From Page 1)
understanding between agencies and departments. They are very active and outstanding in their service to the school and community. They are custodians and guards for the Victory Cannon, provide security for such events as Homecoming, conferences, and the Jazz Festival. Their community activities include a narcotics presentation to local high schools and civic groups and assistance to the School for the Mentally Retarded. They have many social activities which include conferences, banquets, parties, picnics, and mountain trips.

All You Need Is Love

After all, it's what makes the world go 'round in that wonderful, once-in-a-lifetime way. The engagement ring you choose says so much about your love... and should it be a Keepsake, the word is "perfect." A brilliant diamond of fine color and modern cut guaranteed perfect (or replacement assured). Just look for the name Keepsake, in the ring and on the tag at your Keepsake Jeweler's store. There Is No Doubt...Falcons Are No. 1

TALON MARKS SPORTS

CLUTCH PITCHING PACES DIAMONDMEN IN TOURNEY

Displaying the type of baseball the Falcons hope will carry them to their fourth straight Metropolitan Conference title this year, the 1968 version of the Cerritos baseball squad rolled over Santa Ana and Fullerton in the first two rounds of the annual pre-season tournament.

The Falcons slipped by Santa Ana Monday afternoon, 2-1, on the three-hit pitching of Wayne Sinclair and Bob Sheehan, and came back Tuesday on the strength of hurler Jack Harrington and Mike McEachran to beat Fullerton, 3-1.

Knowing they aren't blessed with the hitting strength of past seasons, the Falcons hope to capitalize on their strong pitching, tight defense, and good team speed, the traits Cerritos used in their opening two victories.

"We're a young team," said coach Wally Kincaid, "but we have sound pitching, and if we can keep people healthy, we should be all right."

Monday afternoon, the Falcons waited until the ninth inning to push across the winning run on a solid single by catcher Don Gillett. The Falcon catcher broke the 1-1 tie with a bouncer up the middle to chase home Fred Speer with the tie breaker.

Falcon Golfers Face Rebuilding Program

The 1968 Cerritos College inter-collegiate golf team will face a season dedicated to rebuilding the Falcon golf program.

Only one returning letterman, Rod Walker, will be present on this year's golf roster. The 6'1", 160 lb. sophomore heads a list of six prospective team members now engaged in practice on the Los Coyotes Country Club course which will be used as the Falcon's home links.

The golfers opened their season Tuesday, as they met visiting Pierce and Palomar College at Los Coyotes. Coach Frank Wright's squad will travel to Cypress College today for another pre-season game.

Wright cited freshman Alan Tapie from Warren High in Downey as a top prospect. Tapie was the 1966 Pasadena City Junior Champion, and landed an All-CIF berth last year after placing second in the CIF Tournament.

The Falcons opened the scoring in the fourth inning when Les Weyant doubled off the left field wall to score Joe Levy, who had singled.

The Dons tied it up in the bottom of the inning on a big Falcon error, costing Sinclair his shutout.

Sinclair, who should prove to be the top starter for Cerritos, allowed just three hits in six innings, before giving way to McEachran in the seventh. McEachran picked up the first win for the Falcons, setting down the Dons for three innings without a hit.

It was Gillett and Weyant again on Tuesday, as the Falcons had a "laugh" against Fullerton, 3-1. Weyant delivered the blow of the game, a two-run triple in the fifth, to give Cerritos a two-run lead. Tom Tanner then drove home Weyant with a single to center.

Gillett opened both scoring innings with walks, and scored two of the Falcons' five runs.

PLEASANT SURPRISE - Freshman forward Bob Horn's outstanding play on the backboards has been a contributing factor to the fine success of the Cerritos basketball machine. Horn has been a leader in rebounds consistently for the Falcons this season both on the offensive and defensive boards.

BIG FACTOR — The outstanding play of freshman guard Tony Rodriguez was a big factor in the Falcon's 89-69 trouncing of Long Beach last Friday night. Tony poured in 23 points to lead the Falcon attack and his aggressive play sparked the Cerritos cagers to their biggest victory of the season.

The 6'0" 183 lb. sparkplug hails from Lakewood and teams up with Lee Mansell to give the Cerritos hoopsters one of the best back-court duos in the state.

(Photos by Shedore, Bott, and Schneider)

Cerritos Hoopsters Roll Over Vikings 89-69; Tops In Metro

By MIKE BOWER
Sports Editor

"Who is number one in Metro?" This question was answered last Friday night in the Falcon gym as the Cerritos Falcon basketball machine, ranked number one in the conference, met the number two team Long Beach City College, arch-rival and victors over the Falcons in their first meeting of the season.

The game turned out to be all it was publicized to be and more, as the two teams squared off to the tune of "We're number one" coming from both sides of the gym, and then proceeded to play one of the biggest games in Metro history before a frenzied capacity crowd.

What followed was 40 minutes of the most exciting basketball ever witnessed at a Cerritos contest, as the Falcons walked over the Vikings 89-69.

Cerritos fell behind at the outset in typical fashion, but it wasn't long until the Falcons fought back to the lead and held command the remainder of the game.

The star-studded Viking squad got into foul trouble early and lost the

services of two players who were forced to sit out and later fouled out.

Long Beach coach Chuck Kane planned his strategy around the press, but he did not reckon with the Falcon's two hustling guards Tony Rodriguez and Lee Mansell who cut the Viking defense to shreds with their fantastic dribbling and play-making.

The local hoopsters built up a 11-33 lead at halftime and were never in real danger of losing the lead.

Cerritos coach Jim Killingsworth described his team's play as "inspired and determined basketball."

Wrestlers Defeat El Camino Win Metro Conference Crown

By Richard French
Asst. Sports Editor

Cerritos nailed down at least a tie for first place in the Metropolitan Conference Wrestling Standings last weekend as the Falcons overcame Rio Hondo Friday evening, 13-5, and journeyed to El Camino Saturday evening to wallop the Warriors, 29-10. With lowly Long Beach City the only remaining conference foe, Cerritos is virtually assured of the conference crown.

137-pound Frank Kuhn and 191-pound Gary Maiorini pinned their Roadrunner opponents Friday night at Rio Hondo while Bill Struve, Ron Keworthy and Danny Bright won de-

cisions. The Roadrunners automatically surrendered 25 points as they forfeited in five weight classes.

El Camino had been recently strengthened by the addition of two outstanding wrestlers and the match was a rated tossup. The Warriors only loss had been an early season defeat at the hands of the Bakersfield Renegades, who were defeated by the Falcons two weeks ago.

115-pound Bob Mousaw, a sophomore appearing in his first match of the season for Cerritos, showed why the Falcons are the number one team in the state by opening the match with a convincing 8-2 decision over Bob Salampersy of El Camino. However, the Warriors tied the score at 3-3 when El Camino's John Norris scored a close 9-7 decision over Falcon Dave Raptis.

Tony Searing put Cerritos in the lead to stay by pinning Alex Verdugo of the Warriors in the 120-pound

match and 137-pound Frank Kuhn followed with a 10-0 decision over Matt Harris. As usual, Ron "The Vulture" Kenworthy kept his opponent, Marty Harris (twin brother of Matt), on his back for most of the match in waltzing to a resounding 13-0 win.

Bob Mahler saved some face for El Camino as he wrestled to a 4-4 draw with Falcon "Tex" Norrileet, but 167-pound John Hall of Cerritos followed with a 5-3 decision over Warrior Dave Young. Bill Henderson (167-lb.) then put the match out of reach for Cerritos as he pinned Bill Starr of El Camino. Gene Bernard lost a 6-3 decision to Warrior Frank Lucio in the 177-pound match, but 191-pound Gary Maiorini scored an impressive 11-4 decision over Stan Cheak of El Camino, who was considered one of the best 191-pounders in the state. Maiorini had some thoughts of his own.

In the heavyweight match, Bill Struve of Cerritos and Dan Felix of El Camino wrestled to a draw, and the final score showed Cerritos the victor, 29-10.

The victory was a very impressive one for the Falcons, and they were to meet Long Beach City yesterday in the final conference match of the season: Barring a complete reversal of form, the Falcons are definitely Metropolitan Conference Champions for 1967-1968, and will now prepare to enter the conference playoffs next Friday and the Southern Cal finals

the following week, which will be conducted here at Cerritos.

Splashers Open 1968 Aqua-season

Santa Ana J.C. travels to Cerritos Tuesday afternoon to open the 1968 Falcon swimming slate at 3:30 in the Cerritos pool.

As usual, "Pessimistic Pat" Tyne, coach of the Falcon swimmers is pessimistic, although he may be justified in this case, having only four lettermen returning from last year's team. "Our biggest problems will be a lack of experienced swimmers and a lack of depth, although we have three good All-American candidates."

"We have a pretty good freshman class coming in, but they are short on experience. We'll score some points, and give everybody a battle, but next year will be our year."

Although the Falcons finished only 5th in the Metro Conference last year, they still finished a respectable 7th in the State finals, which is a tribute to Tyne. This year, he picks Long Beach City and Valley as the teams to beat in the conference, with Santa Monica, Bakersfield and Rio Hondo close behind.

As for non-conference opponents, Tyne rates Santa Ana at the top of the list, so the Tuesday afternoon meet should be a good test for the Falcons.

NO YOU DON'T — Long Beach City College forward Ken Booker is foiled in his attempt at two points. Bob Horn and Paul Ruffner provide opposition to the Viking Jumping Jack.
