Circle K Coffee Hour Tonight

Circle K, the men's service club on campus, will hold their coffee hour for prospective new members this evening at 7:30 p.m. in the Student Center.

The service organization, which is sponsored by the Kiwanis Club, has been chosen club of the year for the past two years.

According to the newly elected president, Greg D'Angelo, the purpose of the coffee hour will be to acquaint students with the projects Circle K plans to undertake this year.

At the same time Circle K is having their coffee hour, Sinawik, the girls service club, will be holding their coffee hour at the other end of the Student Center. According to D'Angelo, the two groups hope to combine for refreshments and a social hour.

Circle K is an international organization, with chapters at colleges in the United States, Canada, and Mexico.

To qualify for the club a student must have a 2.0 grade average, and achieve 200 points during the pledging period, which is 30 days. According to D'Angelo, points are earned for just about anything, from attending meetings, to going to football games. No one has ever been denied membership because of a lack of points.

Among the projects planned for this semester is a club float in the Homecoming parade. The group has already selected their candidate for queen, and over the Christmas holidays they will help the Norwalk Junior Chamber of Commerce in their project of selling Santa Claus stockings full of candy.

Two Vacancies Open On AWS Exec. Board

Two offices are still open on the Associated Women Student's Board. They are freshman and sophomore representatives.

These offices are elected offices and must be run for at the time of the ASCC Senate election scheduled for Oct. 4.

Petitions will be available in the Office of Student Affairs until Wednesday, Sept. 25. Girls must get 20 signatures before they can get their name put on the ballot.

The AWS Board presently consists of Sue Buckley, president; Donna Small, vice president; Becky Stock, director of finance; Kathy Halsey, director of programs; Mary Duran, director of activities; Susanne Vertrees, director of activities; Nancy Ramirez, director of publicity; and Jessie Camboni, historian.

Freshman representative is responsible for communication with the freshman commission and is responsible to keep the freshman class active. She is also responsible for setting up secret pals among the board and advisors at the beginning of each semester.

Sophomore representative conveys the general feeling of the sophomore class to the board and helps assist all other directors in all projects.

AWS activities include selling Daffy Apples during the month of October to raise funds for scholarships, sponsoring the Backwards Bounce with a Mr. Dreamboat Contest, speakers programs and assisting with campus various projects.

Women students interested in assisting in any of the AWS activities are welcome to attend the board meetings held the first, third, and fifth Tuesday of every month in Miss Dozier's office located in the Student Affairs Office. The next meeting is scheduled for Oct. 1.

Passes, Ducats Now Available

Those wishing to pick up guest passes for all ASCC dances may purchase them in the Office of Student Affairs before 4 p.m. on the Friday of the dance.

It is mandatory that they be picked up from the office, as they will not be sold from the door.

A fee of \$1 will be charged for each guest pass and ASC members must fill out an information card of their guest thereby making them responsible for him or her.

In addition, those wishing to bring a guest into the student section at Cerritos football games may purchase a special student rooster ticket for their guest.

These special ducats may be obtained in the Cerritos College Ticket Office located in the Student Center.

These guest tickets must be picked up before the event on Friday.

No guest passes or tickets may be purchased on the night of the event and no guests will be allowed in either the dances or student section without a pass or ticket.

Falcons Say Howdy

An opportunity to meet new friends and be reacquainted with the old was offered to Cerritos College students while they danced to the music of the Hollywood All Stars and the Naked Society at the annual Howdy Hop last Friday night.

A large turnout was present at the first ASCC sponsored dance. The initial affair lasted four hours and many students seemed to enjoy themselves. Judging by the crowd, future ASCC dances should be huge successes.

Cerritos students are encouraged to attend all of the dances that will be held following each home football game. It provides an opportunity for students to meet others and celebrate Cerritos victories or mourn Falcon defeats with friends.

ASCC and Cerritos Bench Combine for Football Feast

The second annual ASCC-Bench Barbecue will be held tomorrow afternoon between 5 p.m. and 7:30 p.m. on the Falcon Field, just west of the baseball diamond. Admission to the barbecue will be 50c.

This is the second year the student body has helped sponsor the event.

In previous years, the Cerritos College Bench Club, a group of interested citizens in the community, has undertaken the project.

According to Mr. Richard Robinson, Dean of Men, the barbecue is held each year, just before the first home football game of the season.

"You can't beat the price. You can really load up. It's going to be great chow," Robinson added.

The menu will include hamburgers, hot dogs, cole slaw, ice cream, coke, milk and coffee.

Last year 1,400 students and friends attended the barbecue and Mr. Robinson says they hope to have at least 1,600 people this year.

Entertainment will be provided by the Falcon marching band, and the flag and song leaders will be on hand in addition to Freida and Freddie Falcon.

The barbecue will end just in time for the crowd to attend the first football game and afterwards there will be a dance in the Student Center.

"You can get a triple header, all you can eat for just 50c, a football game, and a free after game dance," Mr. Robinson told Talon Marks.

Tickets for the barbecue can be purchased today at the ticket office in the Student Center and tomorrow at the gate. Students wishing to bring guests will have to pay \$1.

Senate Makes Good Monte's Appointments

The ASCC Senate approved President Monte Gualtiere's three cabinet appointments in their first fall semester meeting last week. Appointed were Chrys McBride as Commissioner of Records and Information, John Gordin as Commissioner of the newly revised Inter-Club Council, and Don Benschneider as Commissioner of Athletics.

During the same meeting the Senate elected fall officers. Senator Pat Schwerdtfeger unseated Senator Dan Bisher for the post of President Pro Tempore. Bisher held the Pro Tempore position last semester and during the summer. Bisher was elected as Senate Majority Leader. Mike Bower was re-elected Sgt.-at-Arms.

There was little opposition to Gualtiere's appointments. A small floor argument was raised by Senator Diane Naegle about the fact that commissioner Gordin may only be at Cerritos for one semester. Her position was that a Commissioner is appointed for a whole year, not just a semester.

Miss McBride, a sophomore, is a

member of Phi Kappa Zeta sorority. She worked this past summer as a coordinator secretary in Mayor Yorty's office in Los Angeles. She is majoring in legal secretarial work.

Gordin, a graduate, is a member of Sigma Phi fraternity and was the chairman of the Panhellenic Board during the spring semester of 1965.

Benschneider, sophomore, is head yell leader and spent a year at Brigham Young University in Utah before coming to Cerritos.

New TM Staff Makes Its Debut Today

The "new" Talon Marks makes its debut today. Not only does today's paper sport a new advisor, William Lucas, but it is the endeavor of the fall staff.

Returning to the staff in keynote positions will be thirteen previous members of Talon Marks. Helping them will be seven new staff members.

Officers for the 1968 fall semester staff will consist of Mike Bower, Executive Editor; Nancy Ramirez, Managing Editor; Dan Bisher, Associate Editor; Loy Strother, Advertising Manager; George Woodworth, Copy Editor; and Richard French, Sports Editor.

Also holding editorships will be Linda Hurt, Feature Editor; Christine Torres, Club Editor; Judi Kenyon, Greek Editor; Jim Heiman, Political Editor; Bob Schneider, Photo Editor; and George Elkind, Distribution Manager.

Covering the many campus activities and functions will be reporters Tim Harrell, Remy Levy, Jim Howard, Darryl Jackman, Judy Mikkelsen and Joyce Puharich.

The main editor posts were filled by a staff election held at the final meeting of the spring semester staff. New openings were then filled by ap-

pointments, based on ability and experience.

Talon Marks is the product of the Journalism 52 class and appears each Friday in student hands in various areas on the campus for student convenience. It is a student newspaper put out for and by students of Cerritos College. Any student with previous journalism experience is eligible to join the staff.

This year's advisor is William Lucas, formerly with San Bernardino Valley College. Lucas takes over the position vacated by Phillip Forthum, who is now head of the journalism dept. at College of the Redwoods.

Gualtiere Goes To Nation's Capitol

Student Body President Monte Gualtiere is in Washington, D. C. this week representing Cerritos College and the City of Norwalk. The occasion is the 23rd Annual Youth for Citizenship Conference.

Gualtiere and the student body presidents from the three high schools in Norwalk—Excelsior, John Glenn and Norwalk—spent this last week in the Capitol. They are among thousands of other student leaders who are attending.

News Briefs

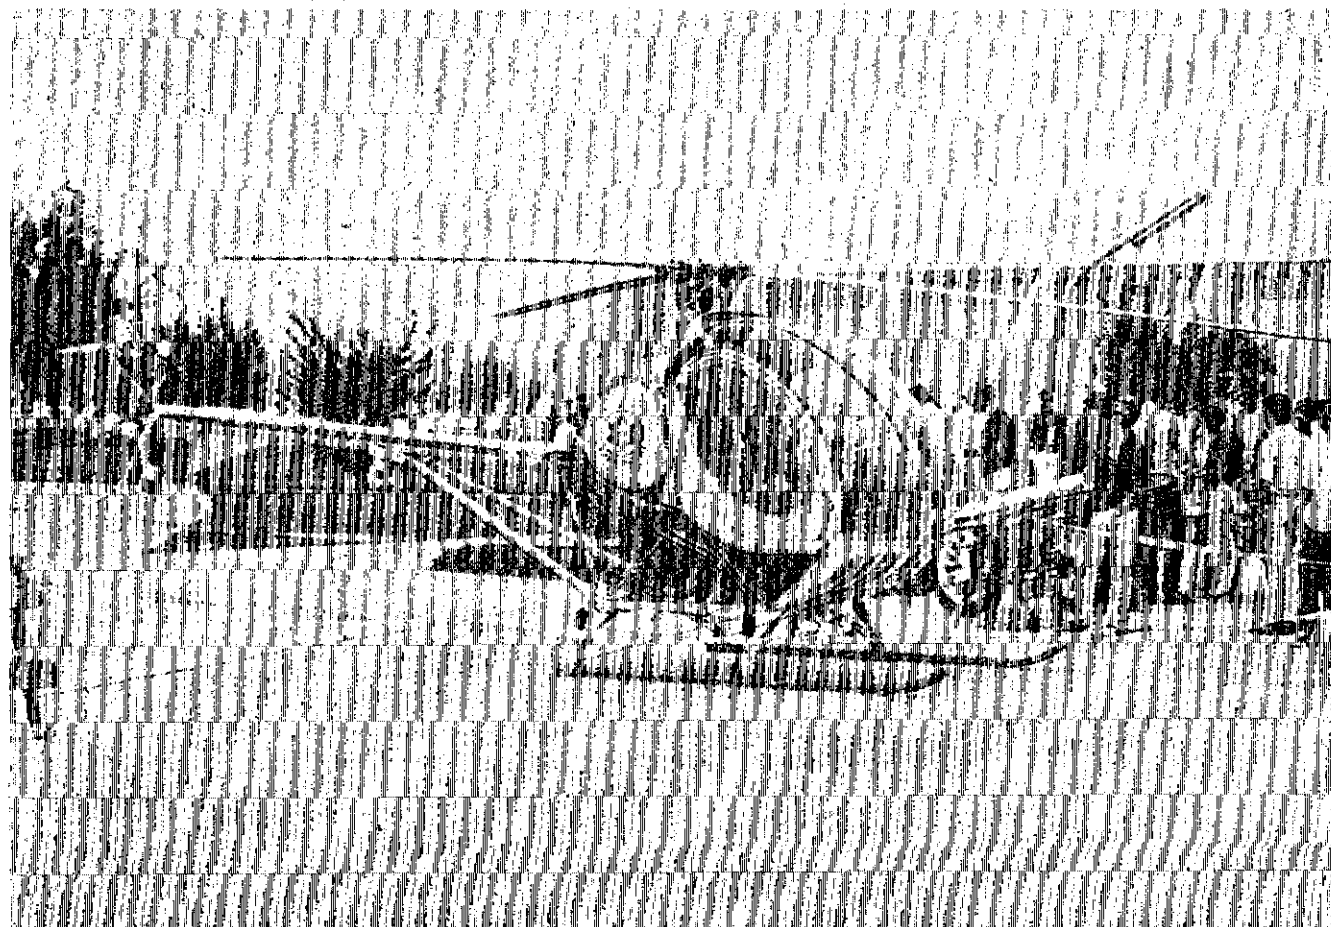

TRYOUTS FOR THE second major fall production will be held Monday and Wednesday in BC 31 between 1 p.m. and 3 p.m. Students interested in further information should contact Mr. Korf in office BCD.

A REPRESENTATIVE of the United States Air Force will be interviewing women recruits on campus Oct. 1 from 9 a.m. to 3 p.m. Appointments are available in the Counseling Office.

TICKETS ARE STILL available at the Student Center Box Office for the ASCC-Bench Bar-b-que on Saturday, Sept. 21 from 5 p.m. to 7 p.m. at the baseball grandstand area. Tickets are 50c with ASCC cards.

DEADLINE FOR APPLYING for State Scholarships is December 10. Students interested in applying should pick up an application from the Financial Aid Counselor in the Counseling Office.

PAUL DENNY, a business communications instructor, has just returned from the annual convention of the National Shorthand Reporters Association held in Milwaukee. He was appointed to the editorial staff to edit California news and educational articles. Dick Lubin won the annual Speed Shorthand Contest this year.

COPPER COPTER—One of the finest exhibits on display at Wednesday's Club Booth Day was Lambda Alpha Epsilon's (the police science club) float which

included an actual official sheriff dept. helicopter courtesy of the City of Lakewood.

"OH! MR. COX!", pleads Mrs. Boulder from a scene in the hilarious production of "Box and Cox," the one act play which was presented during the Leadership Conference and then again for freshmen during Orientation '68. The play stars, from left, Mike Greene, Candie Thy, and Paul Laramore. TM Photo by Dave Hart

Orientation Stresses Student Involvement

"We wanted to get the freshmen involved with Cerritos and stimulate interest in the activities and clubs on campus," said Steve Alvis, Commissioner of Activities who formed the first Freshman Orientation program held Sept. 10 in the Student Center.

Beginning at 10 a.m. incoming students were introduced to Steve Alvis, who began the program.

Various speakers spoke to the audience on the importance of becoming members of clubs. Among the speakers were Dr. Mears, president of the college; Monte Gualtiere, student body president; Pat Schwerdtfeger, National Speech winner; Greg DiAngelo, president of Circle K; and John "Flash" Gordin, ICC Commissioner.

The Cerritos Yell Squad, as well as the songleaders, entertained the crowd and familiarized it with many of the Cerritos yells.

Entertainment was provided from the Drama Dept. with their presentation of the one act play, "Box and

Cox" featuring Paul Laramore, Mike Greene and Candie Thy.

As refreshments were served the folk group "The Congregation" provided background music.

Five tours were then given to various areas of the campus.

"My chairmen, Paul Laramore, Jeff Stein, and Nora Colwell worked all summer to get the program organized," said Alvis.

Freshman Debbie Wilkins had this to say about the program. "I thought the program was very good and I feel more relaxed at Cerritos now."

"I know they really inspired me to try to become involved in the senate," said Frosh Mike Eshom.

I think it did stir up the Freshmen quite a bit and I'm looking forward to having these programs annually and hopefully, semi-annually," said Alvis.

President's Column

John "Flash" Gordin

Inter-Club Council Commissioner

Did you know you are in the middle of the best junior college educational complex in all of California? And one of the most important factors that makes us the best is our student activities program.

There are 43 clubs and organizations now offering everything from cooking to fraternities to flying to skiing. The knowledge and experiences available from these or any of the others will never again be learned so quickly or enjoyably. See what we have to offer. Ask in the Student Affairs Office about what the opportunities are. If we haven't got it, it's about time we did!

Get total enjoyment out of your college years by being active in what will give you the total learning experience.

Work in Europe

American Student Information Service has arranged jobs, tours & studying in Europe for over a decade. Choose from thousands of good paying jobs in 15 countries, study at a famous university, take a Grand Tour, transatlantic transportation, travel independently. All permits, etc. arranged thru this low cost & recommended program. On the spot help from ASIS offices while in Europe. For educational fun-filled & profitable experience of a lifetime send \$2 for handbook (overseas handling, airmail reply & applications included) listing jobs, tours, study & crammed with other valuable info, to: Dept. M, ASIS, 22 ave. de la Liberte, Luxembourg City, Grand Duchy of Lux.

'68 Pep Rallies Take New Look

The usual Thursday morning pep rallies that accompany football season will have a different look this year. The rallies, held at 11 p.m. on Thursdays, will be gimmicked to add to the spirit and not two rallies will be the same.

Themes will also be given to the various rallies which can be carried over to the football games. It is hoped that this can add to the spirit at the games and serve as a method of keeping each game fresh in the minds of students.

Head yell leader Don Benschneider also stressed the fact that this year's rallies will be much shorter and livelier than those of last year. The emphasis will be on spontaneity with quick skills and routines for entertainment.

Another new feature will be the awarding of a spirit stick to the most enthusiastic club at the rallies. The spirit stick will be awarded each week and is just one of the many new stunts that will be introduced during the course of the season.

Alumni, Faculty Art In Cerritos Gallery

The first Art Gallery exhibition of the fall semester will continue through October 4. The show features the talents of faculty members and alumni.

New faculty members include Joseph Girtner, sculpture and design; Meredith Olson, painting; Robert Maxwell, ceramics; and Henry Wesels, exploratory art. These new instructors will primarily be teaching in the extended day program.

Alumni included in the show are

TM Staffer Now Part Of Young Generation

By REMY C. LEVY

The first day I walked into my Journalism class I was quite startled to meet my extremely young teacher. Next came the students; some practically in their teens. I was hoping that maybe a few ladies had enrolled in this class, but I quickly realized I was the only matured lady of the group. Deep inside I couldn't help smiling within myself what my teacher and the youngsters must have thought of me and wondering perhaps what "an old lady" was doing in their class.

I must admit that the main reason why I took the course was for sheer curiosity in mingling with a younger crowd. A woman in her forties usually has children that have outgrown their dependence on mother and, as a result, many women find themselves with a lot of leisure time. It is inevitable that so many end up involved in an endless social circle of friends.

There are cocktail parties to go to, luncheons to attend, and bridge parties to join. So, what is the consequence for all this? Quite a few end up "tipsy cocktailitis," "diet-conscious fashion plates," which is not bad at all except that it is too expensive for some, or end up the opposite way as "hippy" bridge partners or "poker-ites" for their endless "sitting sessions" in poker.

I will try my best to adjust myself

Kathy Newlin, now of the Laguna School of Art and Design Paintings; Charlene Feios, of California State College at Los Angeles, specializing in graphic and commercial arts; and Joan Naiditch, specializing in ceramics.

self in this different environment. Young people fascinate me and I wish to learn their modern way of thinking and the new way of doing things.

Come on, oldies! Give it a try! It is sheer delight to be "in" with the young generation! God bless them all!

Theme Announced For Homecoming

"It's A Sign Of The Times" has been selected as the theme for the 1968 Homecoming celebration by the Associated Students of Cerritos College.

This year's festivities will be held the weeks of October 20 and 27 and will feature two weeks of activities planned around the 1968 theme.

The Homecoming Committee has selected the Airport Marina Hotel as the site of the annual Homecoming Dinner Dance where each year the newly elected queen is crowned and crowned. The Queen's theme for 1968 will be one of the most significant "sign of the times" ... The Olympic.

The homecoming activities will conclude the following week with the big Homecoming game versus Pierce College on November 2. It will be the first meeting between the Falcons and the Brahmas of Pierce.

According to Homecoming chairman Don Butler, this year's event should be "as good as ever and even better."

"We have two activity-filled weeks planned and some real good ideas that should make Homecoming 1968 a huge success."

Why would Bic torment this dazzling beauty?

Why?

To introduce the most elegant pen on campus.

Expensive new Bic Clic® for big spenders 49¢

Only Bic would dare to torment a beauty like this. Not the girl... the pen she's holding. It's the new luxury model Bic Clic... designed for scholarship athletes, lucky card players and other rich campus socialites who can afford the expensive 49-cent price. But don't let those delicate good looks fool you. Despite horrible punishment by mad scientists, the elegant Bic Clic still writes first time, every time. Everything you want in a fine pen, you'll find in the new Bic Clic. It's retractable. Refillable. Comes in 8 barrel colors. And like all Bic pens, writes first time, every time...no matter what devilish abuse sadistic students devise for it.

Waterman Bic Pen Corporation, Middletown, Connecticut 06460

CERRITOS COLLEGE NEWSPAPER ADVERTISING PROGRAM

CERRITOS COLLEGE in Norwalk, California is producing 34 newspapers during the 1968-69 school year.

It is selling advertising space at the rate of \$2.50 per inch. For example: A four (4) inch ad in each issue amounts to 136 inches costing \$340. A two (2) inch ad in the 34 issues costs \$170 per year.

Enrollment at Cerritos is approximately 11,000 students and faculty members.

The newspaper is distributed throughout the campus and the communities it serves: Lakewood, Norwalk, La Mirada, Bellflower, Artesia, Downey, Hawaiian Gardens and Cerritos.

Merchants interested in newspaper advertising space are asked to contact the college as follows:

CERRITOS COLLEGE PHONE NUMBER (Switchboard) 860-2451.

Advertising manager for Talon Marks is Loy Strother at phone extension 384. Advisor William Lucas may be reached at extension 374.

The newspaper is printed on standard newspaper stock, regulation width, with six columns instead of eight columns per page. Page size is 15" x 23". Normal column width in Talon Marks is 2 1/2".

The college newspaper, Talon Marks, is printed at the BELLFLOWER ENTERPRISE newspaper office on their regular press, using their stock, ink, and personnel, under contract with the college.

The normal weekly issue has a run of 4,500 papers. These are placed in individual teacher mail boxes, administrative offices, ten stands (one in each campus building), cafeteria, classrooms, bookstores, mailed to Cerritos Bench Members, advertisers, local high schools, and all colleges in the state.

There is no additional charge for photos, mats, art work, etc., charged for use in the newspaper. All costs are contained in the basic price of \$2.50 an inch.

Talon Marks, the college newspaper, is a student production containing stories and pictures of the students, the college, its activities and educational program.

Staff members are trained in three classes to produce a newspaper worthy of the college, the staff and the advertisers.

The entire production from assignment to newstand is supervised by Mr. William T. Lucas, chairman of the department of journalism at Cerritos College.

Better College Mileage

One often hears on radio or television of a special oil additive that will do wonders for his car. This additive goes under the name of "STP". As many products do, this can of miracleworking ingredients is supposed to make your car run smoother and better. Whether this product is worthy of its claim is not the point.

We face the start of another semester and, as usual, many reflect upon their previous experiences in educational establishments and resolve to make this year more noteworthy than the past.

For those who may need some help in making the semester run smoother and better we have devised our own "STP" . . . for increased mileage for your school year.

Spirit and Pride
The "S" stands for spirit. Another word for this would be pride. Many students have found college more enjoyable because they have taken a little pride in their school. This spirit is contagious. It spreads like wild fire. Be proud of your school and be proud of the people who represent it. Let's hope the fine spirit foundation laid by our pep squad will be used to build pride in Cerritos College.

The "T" is for task. It represents your purpose in college or what you are doing with your time. Many are enrolled for the seeming effect of taking up a seat or wasting their time. One of the greatest opportuni-

ties afforded an individual is the opportunity to get an education. Our state provides a community college system that enables those who might not be able to attend another college the chance at a higher education. Those who abuse this privilege might take a look at themselves and see what they are wasting.

Most Important
The final letter is "P", and it stands for participation. To many, this is the most important ingredient. To become a part of some activity other than classes is a good way to make your stay at Cerritos more enjoyable and profitable.

The ASCC has a great number of organizations and clubs that should suit almost anyone's interests. Cerritos has an outstanding variety of sports, award winning speech, business, journalism, drama, music, and art, departments, and a very active student government.

To become involved with one or more of these extra-curricular activities is to become a part of the life blood of the college. You become a part of college life. The friends you meet, experiences you have, and the knowledge you gain will be remembered for a long time.

Does this new "additive" insure a better year at Cerritos? It is up to you. Remember most of you will only be spending two years at Cerritos College, but it's not how long you make it, it's how you make it long that counts!

—The Editor

Jim Heiman

The Biafran Fiasco

There is a land and a small, brave people; the guns grow louder and their voices grow more feeble. The land is Biafra. The time is now, and again it appears humanity must bear the face of shame for its starving helpless own.

Again it has been made clear that the almost religious zeal of all forms of ideological madness can make toys of the great powers and make them unfit to bear any such title. The diplomatic silence of our own government in this matter of Biafra, to this columnist, gives the very stench of the slit trenches of Vietnam a perfumed odor in comparison.

The Biafran calamity lays force-

fully before us the question of our own humanity. Have we left the one hope of 'human dignity,' its rationale, at the doorstep of life to, as people and nations forever walk as frauds and cheats? Are all mankind's hopes for the future nothing more than a cheap poker game, with the United Nations dealing, and the great nations of the world standing pat.

I find myself asking whether indeed the great, political giants are nothing more than little boys with big toys. Further, their restraint to achieve the optimum political result is tantamount to the theory of preservation of human life in wholesale lots.

Inside Radio and TV

Convention Controversy Rages

By TIM HARRELL

The controversy over the rule of television and radio at the recent Democratic convention continues to rage, with charges being leveled at all three networks for allegedly being biased in their reporting of the events that occurred. The repercussions are being heard as far away as the United States Senate, as the Communications Sub-Committee, under Senator John Pastore of Rhode Island, is slated to conduct a probe into the coverage of the disorders.

The one thought that should be kept paramount in our minds is that newsmen are paid to cover news, and if that news is of a rioting nature, and presents a dim view of a city, then that's just too bad.

Undoubtedly the Chicago Police Department had its hands full but when they began to beat newsmen, that's when they began to lose a powerful ally: the press. Mel Brant, an announcer for NBC, and president of the American Federation of Radio and Television Artists, in a telegram to Mayor Daley described the actions of the police as "storm trooper tactics", and that's just what they were.

So far no one has come to the defense of the networks. The attack in the House is being led by Rep. Roman C. Pucinski, who asked for an hour floor time to document charges of unfair coverage. I don't see how the good Congressman can document these charges. Who is to say what is fair or unfair coverage?

The charges that the city of Chicago was not given equal time to present its side of the story, is rather silly, since Mayor Daley appeared for over a half hour in prime time, with Walter Cronkite, and an hour show produced by Chicago was aired in several cities across the nation, not to mention offers to appear on two national press shows, which the mayor turned down. During the white paper report, there was no mention of the newsmen who were beaten for no reason.

Another congressman who is helping to mount the attack is Rep. John Dingell of Michigan. It's interesting to note that Mr. Dingell suffered a crushing and embarrassing defeat on the smog issue, which was led by a Los Angeles radio station. Perhaps there are some ill feelings between the broadcasting industry and Congressman Dingell.

There may be some openings for newsmen in NBC-TV's Washington office, after certain unnamed members of their staff admitted to bugging a platform committee hearing at the Democratic convention.

The cop out came in a telegram from Reuven Frank, President of NBC News, sent to Rep. Hale Boggs, who discovered the hidden microphone, and turned the information over to the FBI. Mr. Boggs stressed that eavesdropping was a federal offense.

NBC isn't the only network having trouble with their news departments. WBBM, the CBS station in Chicago is awaiting the decision of the FCC, after several newsmen were caught red-handed, throwing a pot party.

The idea behind the party, was a special WBBM was doing on pot.

CLUB CORNER

Cerritos Clubs Plan Active Fall Schedule of Events

Tau Rho Beta

A "Get Acquainted Tea" for new members of the Tau Rho Beta sorority will be held in the PS building in room 20 from 11-12 September 24. This meeting is open with dental assistants and hygienists encouraged to attend.

Phi Beta Lambda

Ever dreamed of visiting the land of swaying palms? There is no need to go any farther than the Cerritos Student Center. Phi Beta Lambda will present the annual Blue Hawaii dance Friday, September 27. Tickets

will be sold at the door and the dance is open to the public.

Young Democrats

The Cerritos College Young Democrats shall hold their first meeting on Tuesday, September 24 at 11:00 in room 313 of the Social Science building.

This meeting shall be devoted to the tasks of organizing the club and deciding what role the Young Democrats will play in the present campaign.

Club advisor, Mr. Taslitz, stated a significant number of students par-

ticipated in the McCarthy and Kennedy campaigns last spring and their outstanding contributions were noted and appreciated by political leaders throughout the Cerritos College District. Mr. Taslitz states he has been approached by representatives of numerous candidates who are eager to utilize Cerritos students in their campaigns.

"Student participation is a new force this year in American politics and the desire of Cerritos students to devote time and energy to political activity is most encouraging for the future of our community," said Mr. Taslitz.

All students with an interest in

politics are cordially invited to attend this meeting and to bring a friend.

Big "C" or the spirit club on campus offers many opportunities for interested students to participate in furthering school spirit.

They will be sponsoring a card section on the 50 yard line within the student section. A spirit stick will be given to the club with the most spirit at rallies. If it is won by the same club three times, the spirit stick becomes the property of the club for them to display.

This club urges all students to become a part of Cerritos and get involved in the school activities.

The Village Idiot

The Blackest Day

By STEVE ALVIS

Greetings and salutations of the day. Here we are again amid the vexation of scholastic endeavor. I thought for once I was going to make it through the first week of the semester without a major trauma. With an attitude like that, even my inept analyst, Smedley Jones, could tell I was doomed.

It all started on Friday the 13th when the prof walked into my first class and announced, "I haven't the foggiest notion what this course is about," and then proceeded to read aloud the class description for a clue. I sensed right off what I was in trouble. He then ran through some basics that every freshman should know — every freshman in high school that is.

After I dropped that class, I continued blindly but bravely to my next confrontation in academia. If I was a trifle skeptical about this one, it might have been because the subject matter was so dry it would make mummy's mouth water. I then became slightly alarmed when I heard reports that this prof had the power to send students into prolonged periods of hibernation.

I kept my cool pretty well, though, until the eminent pedagogue wrote the class number on the board. Kathork! It turned out that in hurrying through registration I had signed up for the second semester of the

course instead of the first! I felt like climbing the walls. Then he opened his mouth to speak. Panic! It's not me who's going to sit through a semester of this. I spent the rest of the period tossing mental sledgehammers at him, building walls around the podium, and drilling holes in the floor. Finally he stopped. Have you ever seen a one-man stampede through a door?

Well, needless to say, the rest of Friday the 13th was just as jovial as the beginning. My carefully scheduled P. E. class was cancelled. A friend of mine sat in a chair and it came apart in his hands. He fiddled with the Book Store safe and it locked while the combination dial broke and came off in his hand. I discovered a mistake in my arithmetic and came up \$40 short in accounts payable. I became friendly with a girl only to find she was waiting for her husband (I always forget to look for the ring). Finally, on the way home, the car in which I rode broke its rear axle.

Chicken Little must have been out of town that day because the only thing that didn't happen was that the sky didn't fall. It's a god thing I'm not superstitious; being average "stitious" is enough. But then, I can always rely on my analyst, Smedley, who says, "Remember, just when things look blackest, it's probably night."

It's All Greek To Me

THE RUSH IS ON!

By JUDI KENYON

Greek social organizations will again hold their bi-annual coffee hours, for those who are thinking of joining a sorority or fraternity. This semester the Sorority Coffee Hour will be on Sept. 25, and the Fraternity Coffee Hour on Sept. 26 both at 7:30 in the Student Center.

The purpose for this social gathering is to inform the incoming freshman of the forthcoming "Rush" activities and to become better acquainted with each individual organization and their members. The program will include speeches from each of the representatives of the sororities and fraternities to better detail what is happening in their coming rush activities.

For those of you who may be a little confused to what rushing is and the purpose, I'll try to explain. Rushing gives those interested students an opportunity to come and join in their social activities, and to become better orientated to sorority and fraternity life. It also provides an opportunity to become better acquainted with the men and women in each of the organizations, so that when you make your decision to

join, it will be the right decision.

Fraternities participating in the event are Delta Chi Omega, Sigma Alpha, and Sigma Phi. Delta Phi Omega, Phi Kappa Zeta, and Theta Phi sororities will also be participating, each hoping to gain the interest of the girls present.

Steps To Becoming An ASCC Senator

1. Pick up a petition in Student Affairs Office.
2. Have 20 students sign the petition.
3. Turn petition in before noon on Sept. 27.
4. Campaign! Campaign!!!

- Eligibility**
1. Student must be a full-time freshman student having no less than 10 units.
 2. Student must have no less than a 2.0 GPA (C average). Grades are based on a progress report by signed by current teachers.

A Stacked Deck?

This year when students from the opposing schools look across the stadium they will be seeing something different from that in the past. This year they're likely to see a huge CC in the middle of the Cerritos rooting section. This and various other messages will be formed by the Cerritos card section during the 1968 grid schedule.

Although card stunts are not new to Cerritos, they have been tried several times in the past unsuccessfully. They will be different in that this time their chances of being a success are much better. In the past card stunt sections have never made the grade mainly because they were so hard to organize. A great deal of time had to go into practicing each routine with the section and even then there were still mistakes.

This year a new system has been devised for the card sections and the members of Big C are certain that it will be successful.

I met with head yell leader Don Benschneider the other day and his explanation certainly seemed simple enough. The way in which it will be run is this: when students come to the game and sit in the section where the card stunts will take place, they will find a stack of colored cards co-ordinated with their seat number and an instruction sheet for each card trick. When the time arrives for a given stunt the number of that stunt will be announced and the students will select the appropriately marked cards. A countdown will be given and when finished the cards will all be brought up, neatly forming the message. They are lowered similarly and the stunt is complete.

If all goes well the new Cerritos card section will be under way soon after the beginning of the season. However, it's not always as easy as it seems. Down through card stunt history there have been a few stacked decks.

Perhaps the most famous, or infamous card stunt, took place over ten years ago at a USC-UCLA game. UCLA won the game but it was the rooting section from USC that won the moral victory with what has been termed as the famous "Trojan Horse" trick. It has to be rated as one of the most spectacular feats of collegiate ingenuity on record.

What happened was that a member of a USC fraternity won the honor of sabotaging the UCLA card stunts and he did it quite simply. The week before the game he went, unidentified, to UCLA and offered his services in marking the cards. He was gratefully accepted and

learned all the markings for the various stunts.

He then went out and purchased a new set of cards which he substituted for the originals. Prior to the game he managed to switch the instructions for one corner of the rooting section. The result was that on every card trick performed by the UCLA rooting section there was, in SC's maroon and gold, either the letters "SC" or "Hi." A good example was the flag stunt in which "SC" appeared in the place of the 48 stars on the flag. The tales from that game still bring pleasure to USC fans and cringing embarrassment to those of UCLA.

Since then, however, both the UCLA and USC rooting sections have gained national fame for their precision and beautiful displays. This year Cerritos will make another attempt to put together a successful card stunt section and the outlook is good. Just watch out for "unidentified volunteers" and hope that no one deals from the bottom of the deck.

Theta Phi Elects Fall Officers

Theta Phi announces the results of their recent election.

Elected officers for the fall semester are Carole Liperr, President; Moeller, Secretary; and Kathy Page Treasurer.

Miss Liperr, who pledged in the fall semester of 1967, was past treasurer. Charlie Higgins, who pledged in the spring semester of 1968, was also past treasurer.

'68 Water Polo Team Optimistic This Season

"Pessimistic" Pat Tyne, Falcon water polo coach, appears to be his same old self again this year. Last season, Tyne's poloists finished sixth in the nation, after he had predicted that they would be lucky to win 10 games.

This season, he says, "If we lose less than ten games, I'll consider it a successful season." He may have his hands full however, as his Falcons face a stiff schedule.

Opens Wednesday
The polo team opens its season Wednesday evening by journeying to U.C. Irvine, a four-year university, to meet the Anteaters, a team which finished fifth in the N.C.A.A. standings last year and looks just as good again this year.

Play starts at 7:30 p.m. in the U.C. Irvine pool. Cerritos will face Irvine again Wednesday, November 13, at 3 p.m. in a game to be played in the Falcon pool.

Next Friday, the poloists travel to Golden West for a contest with the Rustlers, starting at 3:30 p.m.

Tough Foes
Included among Falcon opponents this year are De Anza, Cal State Long Beach, Cal Poly SLO and San Mateo College, in addition to regular Metropolitan Conference teams.

Cal State Long Beach and Cal Poly are four-year schools, and De Anza, rated the top junior college team in Northern California this year, is coached by Art Lambert, co-coach of the U.S. Olympic water polo team.

Tyne sees Long Beach City, Pasadena, and El Camino as the teams to beat in the Metro Confer-

ence. Long Beach City is coached by the other Olympic polo coach, Monte Nitzkowski, and El Camino is always tough Pasadena, entering the Metro Conference this year, captured the Western States Conference championship last season.

So Cal Invitational
The Cerritos team will participate in the Southern California Invitational Tournament Wednesday and Thursday, October 2-3, and will very likely encounter Eastern Conference powerhouses Orange Coast, Fullerton, Santa Ana and Chaffey. Orange Coast, the team that finished second in the state to Foothill last season, will host the tournament. The Pirates appear to be even stronger this season according to Tyne.

Eight Return
The Falcons appear capable of meeting all this opposition, however. Eight returning lettermen, paced by All-American Bob Shupp, promise to make Cerritos a threat for the conference title this year. Joining Shupp are Jack Robinson, Steve Davidson, Mike Pickup, Craig Vincent, John Witt, Gary Becker and Dennis Kracker.

Promising freshmen include Dave Buckley and Nelson Swartley of Downey, in addition to Loy Strother and Steve Oliver of Norwalk.

"More Depth"
"We have more depth than we did last season," says Tyne, "but so does the rest of the league. We'll have our hands full, but we'll be tough." The Falcons finished second in the conference to Long Beach City last year and were fourth in Southern California.

Falcon Gridders Face A Strong Orange Coast Tomorrow Night

By DARRYL JACKMAN

Tomorrow night the Falcons begin their football season against Orange Coast College in the Cerritos stadium. According to head coach Smokey Cates, the team will be physically the smallest ever.

Although the Falcons have never

been beaten by the Pirates they will be facing the strongest Orange Coast team ever.

Last year Cerritos scored three touchdowns in the final three minutes of the game to give them a 21-0 win. Though the score was impressive Cerritos showed little offensive power and capitalized Pirate errors for their

scores. This lack of offensive punch was to hamper the Falcons all season. Quarterbacking the Cerritos Falcons this year will be Rich Wilkins who graduated from Bellflower High School last June. Wilkins led Bellflower to a CIF berth last year and made his name as a fine passer and a very good scrambling quarterback.

According to Cates this year's team is a step up from last year. "They seem to have more spirit and will to win," Cerritos offensive and defensive lines average about 190 pounds. What they lack in size may be made up for in physical conditioning. "We've worked this team harder than any other before; they should be fit," said Cates.

The Cerritos offensive attack will be balanced equally between running and passing. The Falcons will be counting heavily on returning letterman Larry Diehl in the pass catching department. Close on his heels as a pass catcher will be Freshman Bain Brick from Mayfair. Brick was named AAA CIF player of the year and Surburan League player of the year for his outstanding performances for the Monsoons.

The Falcons were hurt at the end of the 1965-66 campaign when part of the schools from which Cerritos draws students were taken into the Rio Hondo District. As it is the Falcons have the smallest number of schools to draw from in the Metropolitan Conference.

According to Cates the coaching staff is also smaller than the rest of the schools. "We had five coaches in '65 when we went undefeated, then we lost one and he's never been replaced," said Cates. Cates went on to say, "We may be the smallest but we coach to win and play to win always."

Probable starting lineups for the Saturday night game against Orange Coast are as follows:

OFFENSE

LT Bob Newton	S La Mirada
LG Chris Sage	S Mayfair
LE Hank Fien	S Artesia
C Clayton Johnson	F La Mirada
RG John Orman	F Downey

Dean, TM Grid Buffs Try Crystal Ball Forecasting

After a lapse of two years Talon Marks will again delve into the field of football prognostication.

Appearing each week in the paper will be a list of fifteen games including the Cerritos game of the week and the rest of the Metropolitan conference. Picking of these games will be done by Mr. Richard Robinson, Dean of Men, and Mr. William Lucas, the Talon Marks advisor.

Other participants are Richard French, current Talon Marks Sports Editor; Mike Bower, the Executive Editor; Also, Darryl Jackman, George Woodworth, and Jim Howard, all Talon Marks reporters.

At his last teaching assignment at San Bernardino Valley College, Lucas compiled a winning record of 102 out of 135. The last year that the contest

was held at Cerritos Robinson compiled an 84-22-6 record that was good for a second place tie. The rest of the participants will be competing for the first time.

Picking this week was done mostly on last year's performances due to the fact that most of the teams have not played a game this year. Upsets may be in the making for the first two weeks.

Falcons Face New Foes

By MIKE BOWER
Executive Editor

One adjective can be used to describe this year's Metropolitan Conference football schedule... tough.

The Cerritos Falcon gridders will have their work cut out for them if they hope to improve upon their 1967 mark of 4-4-1. This year they face a "new" Metro Conference with Los Angeles Pierce College and Pasadena College replacing Rio Hondo and East Los Angeles in the already powerful loop.

The switch removes two of the teams conquered by the Cerritos eleven last season, and the replacements pose two new obstacles in the Falcons' fight for the top spot.

Pierce will operate with a pass-oriented offense this season. Coach Gerry Perry has been pleased with the throwing of Tim Von Duhl and the receiving of split end John Griffen and flanker Mark Loughery in preseason action. Look for the Brahmas to field an experienced squad as 22 returnees are listed on the roster. A balanced attack will be part of the Pierce grid plan with the running game led by lettermen Don Allen and Tim Schade.

The Lancers of Pasadena will have a new look. The coaching staff is new, the formations are new, and the nucleus of the team will be formed by frosh gridders. The ECC squad will use the I formation on offense and a 5-4 defensive lineup.

Men to watch are flanker Al Barnes, top receiver last season; frosh halfback Larry Mitchell, All CIF at Pasadena High; and All Western States Conference center Brian O'Dorisio.

Defending champion Bakersfield will again be tough in 1968. Thirty-two lettermen off last year's Metro loop titlists are on the '68 roster. Halfback John Tarver will be heading the list of returnees for the Renegades. The workhorse of last year's squad, he ranks as one of the top backs in the conference. Joining Tarver in the backfield will be tailback Joe Nigos, quarterback Don Kennedy, and flanker Lindsey James.

The Monarchs of Los Angeles Valley College were probably hit the hardest by graduation as they lost the majority of their offensive and tough defensive lines at the conclusion of last season. Thirteen lettermen will give backbone to the inexperienced corps that will be led by Anthony Moore. The Monarch attack should be pass conscious with Moore, who was all-everything in 1967, hauling down aerials for coach George Goff's eleven.

El Camino's offense can be summed up in two words... Tom Reynolds. The Warrior workhorse does everything but pump up the ball for coach Ken Swearingen's squad. During the 1967 season Reynolds led Warriors in rushing, receiving, and

scoring. Joining Tom on the offensive "warpath" will be Ed Gilles and Art Ross, two top ball carriers. The El Camino gridders should be as tough as they were last season when they finished number two in the Metro race. Twenty-two lettermen will make up the nucleus of ECC's Warriors.

Only 14 lettermen return off last year's edition of the Long Beach City eleven. Coach Paul Cafe's 1968 squad will have many positions taken over by freshmen, especially on defense where every starter was lost. The Vikings will be passing quite a bit, also, as they have returning quarterback Dennis Dummit and receivers Rich Wilkes, Denny Mayfield, and Dale Didur. The running attack looks bright with leading ground gainer John Merino returning and joined by freshmen Ed Giles and Thurman Anderson.

The Buccaneers of Santa Monica will be under the direction of a new coach in 1968 with Pat Young taking over the reins for Jim Powers, who is taking a leave of absence. A fleet SMCC backfield will hold returnees Gene Martin and Len Boen. Both are highly touted ball carriers and will be joined by big George Young in carrying the brunt of the ground gaining. An experienced defensive line should help make the defensive unit stronger. A number of returnees are expected to bolster the defensive team for SMCC.

It is easy to see why the Metropolitan Conference is annually considered among the toughest in the nation, and why Smokey Cates' gridders will have their hands full again this year as they try to keep Cerritos a perennial powerhouse in the Metro grid race.

Trials Tell All

The Cerritos Falcon cross country team will meet its first real challenge of the season this Saturday at Long Beach in the Long Beach State JC Invitational. Representing Cerritos will be three returning runners and five first-year men.

Hot off a trial run at Mayfair High School last Wednesday the Falcon squad is ready and willing. Those runners returning from last year and their times from the Wednesday trials are: Mike Hagenman, 10:45; Jim Hill, 10:37; and Cubby Armstrong, 11:50.

Reinforcing the veterans will be five new faces. Those runners, their high school last attended and times at the earlier trials are John McNiece, Mayfair, 10:11; Pat Curran, La Mirada, 10:21; Ruby, Neff, 10:43; Randy Mason, Mayfair, 10:47 and Mark Johnson, Pius X, 11:16.

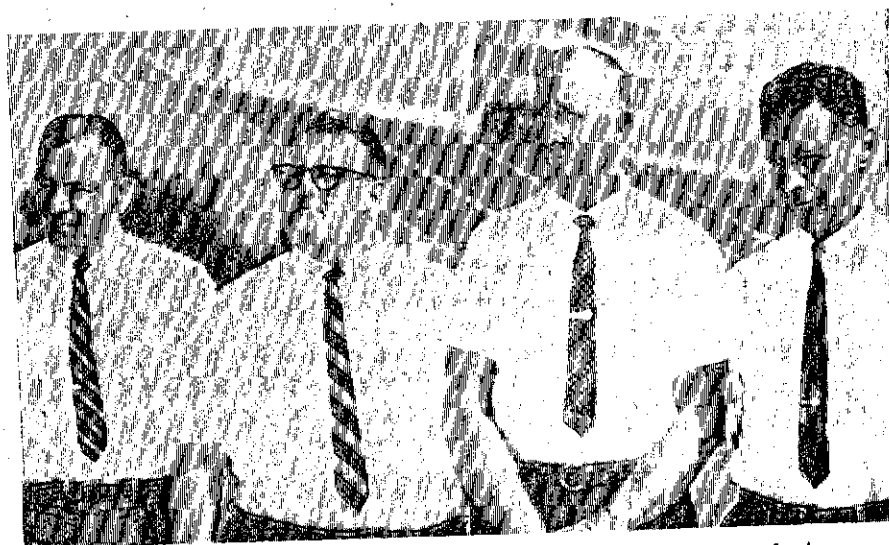

Coach Kamanski had no predictions for the upcoming season but said that there was definitely going to be some tough competition from the rest of the conference this year. The next meet after the Long Beach Invitational will be October 4 against Long Beach at L.A. Valley.

Intramurals Open

Registration for intramural football begins Monday, September 23, in office "O" in the PE building. Registration will commence at 12 p.m. and will continue through September 30.

There will be a meeting in the gymnasium at 11 a.m. on September 26 for the purpose of explaining the intramural football program. All male students are invited to attend.

Other intramural sports in the future will be basketball, handball, golf and wrestling. Any student desiring information concerning other sports should contact Mr. Juliano during the following hours: Monday, 12 p.m. or 3 p.m.; Tuesday, 10 a.m., 12 p.m. or 3 p.m.; Wednesday, 9 a.m.; Thursday, 12 p.m. and Friday at 9 a.m.
