Running for President is John C. Heredia, whose experience and background includes: former Cerritos student senator, former Grand Land Singers public relations director and soloist and a founder and active member of Project Patriotism. His major is history and minor is political science.

Competing for Vice President is Ken Shinedling, who is acting president and personnel manager for Grand Land Singers and has served a two-year mission in Great Britain for the Church of Jesus Christ of Latter-day Saints, Ken is majoring in business. Both men are veterans of Vietnam.

Needs Stressed

. Running on a platform that is student-benefit oriented, the Heredia-Shinedling duo will stress the needs of the student in such areas as: the "D" and "F" marks in the present grading system being eliminated in favor of an

Two members of the Latter-day "X" grade that neither receives credit Saints Club and Grand Land Singers nor lowers the student's GPA; a student group have decided to throw their hats curriculum planning committee that would work with the faculty and administration in determining the required curriculum; improved counseling methods, especially at class registration - time; and a plan designed to improve the over-all effectiveness of student government and make it more relevant to the needs of the student body.

Campaign Principles

In fact, many of the principles espoused by the Grand Land Singers will be evident in the Heredia-Shinedling campaign. As Heredia put it, "We believe in the upholding of the democratic processes and making them work. We believe in the vast potential and abilities vet untapped to the fore." to accomplish good. And if we are elected, we intend to being those falents and abilities yet untapped to the fore."

Heredia and Shinedling encourage all students to go to polls and vote, whether it's for Heredia and Shinedling or some other candidate.

Reasons for Running

It is our interest in running for ASCC President and Vice President that we may establish a direct voice of communication between the student and the college. We feel that it is necessary to apply a process in opening direct communicatig contact between the students, faculty members, administrators and the citizens of the Cerritos College District.

We would like to represent all the students in helping them express their opinions and feelings, Using this educational institution in comparing it in contrast to the architects designing of a building, we find that when an architect designs a building he must support his design by researching the desires and needs of the client which he has contracted. When an architect finds a mistake in his design; he must establish an effort in correcting his mistake. This is a process which one must estalish to receive the satisfaction of his client. We must remember that a

A college system cannot be developed in a set amount of time, it takes years of development to construct a college

system such as ours here at Cerritos. We wish to be considered as the architects of Cerritos College who will work with the students, for the students, who will be our clients.

As students of this campus you may not feel the direct impact of the designing, but you will see the beginning lines of design arranged on the drawing board. The lines of design which will assure you that your children will be promised a well-constructed campus of

the future. We offer ourselves in representing you and your voices on the Cerritos College campus.

We offer you the chance to approach us, to express your opinions and suggestions.

And we promise you to listen with an open and rational mind to any suggestive topic you wish to express about your campus,

We are offering this simple and solid. three-point platform to you as students in feeling that we can promise and provide the beginning steps in the development of a well-structured campus of the future. We are always looking as students into the past, present and future of Cerritos College.

Platform 1. We would like to see the teacher evaluation program continued to assure the Cerritos College student security in his course endeavors.

II. We would like to offer the Cerrifos College student a better counseling and student aid program.

III. We would like to offer the Cerritos College student better communications with the community.

Falcons Bombard LACC And Chaffey; LBCC Next

Cerritos won the toss of the coin-Monday then came from behind Tuesday to drub the Chaffey Panters 11-6 in state Panthers playoffs action.

The Falcon chances of advancing on to the Southern California championship series seemed slim through the first couple of innings, however, as a number of errors, both mental and physical, gave Chaffey an early lead.

Dave Brunell started the game by striking out the leadoff batter. Then the trouble began. Jeff Wenker lined Bruneli's first pitch deep over the left field wall. The next two batters both singled. Then with two out Steve Stages made a great play to get to a ground ball up the middle but then threw it away, allowing two more runs to score.

Chaffey was playing in poor luck when the Falcons came up in their half of the inning. Staggs stole a run as he reached on an error and promptly stole second. He then took third on a ground ball out by Rod Diggle, Carlos Hernandez gounded to the third baseman who threw to home plate too late. After two wild pitches set up Hernandez at third, Tim Steele hit a ground ball the second baseman who threw home but not in time. So the Falcons would

up with two runs on no hits. In the second, the Panthers used a walk two errors and a single to score their fourth run before Cliff Vaudreuil came on to get the last two outs of

Cerritos got the lead for the first time as it batted around in the third, The first six batters reached base, with three scoring and three being left on

With the score 5-4 in the fourth, Wenker hit his second homerum of the day. It was a drive one hop against the center field fence for an inside thepark homer.

Tie Score

With the score tied 5-5 in the fifth the Falcons sent nine men to the plate for the second time in the game. This time, they got five men home on six hits and two walks. The first eight men reached base safely, but a couple of pickoffs and a popup ended the inning.

The Falcons final run came in the eighth when Jack Tedesco hit a sinking line drive to center field, where it took one bounce and shot past the center fielder, who chased it down while Tedesco rounded the bases.

The Panthers got two runners on base in the same inning for only the second time when they did it in the ninth. A double, fielder's choice and an infield

single produced their sixth run before Davies hauled down a long drive one step in front of the left field fence for the final out.

Vandreuil Brilliant

Vaudreuil, going the final seven and two third innings, turned in another incredible job as he struck out 11 and didn't give any free passes. At one point he had retired 11 in a row and retired the side in order five times.

The hitting attack was as balanced as it could be as no one gathered more than two hits. Five of the batters had two, and five had one.

In order to get to the second round against Chaffey the Falcons had to face the Southern California Conference champions, the Los Angeles City College Cubs. Cerritos played the Cubs earlier in the season, beating them 17-10 and 3-2, both times in extra innings at Falcon Field.

This time the game was at L.A.'s Quigley Park, which with its small dimensions would tend to favor the Cub power. They did have two homeruns, but it was a matter of being too little too late, as the Falcons jumped 7.0 lead and held on for a 13-4 win.

Staggs Scores

Staggs scored the first run as he took a 3-2 pitch for a ball and eventually came around to score on Steel's double

The Falcons broke the game open in the third as the parade of Cub pitchers began. Staggs again led off with a walk, and the next three batters followed suit. After a change of pitchers, Dave Snow singled in two. Another run scored on a fielder's choice and a sacrifice fly. After another change of pitchers Staggs walked for the third straight time before the inning ended.

Webster Cites Need for Positive Action on Recycling of Wastes

"In facing the desperate problems of our environment we cannot afford the luxury of intellectual masturbation," said biologist Mel Webster, Tuesday night in the final presentation of the Faculty Lecture Series.

Intellectual masturbation occurs, according to Webster, when a group of people get together and tell one another facts that every one of them already believes about the ecological crisis and then does nothing else to solve problems.

. If everyone who realizes the threats we now face would take some constructive action, such as writing to politicians and editors, we would be on our way to solving our problems, he

Fantasia Theme Will Be Featured At Spring Dance

The ASCC has finalized plans for the 12th annual Spring Dinner-Dance to be heid Friday, May 22 at The Proud Bird.

Butch Griffin, general chairman of the dance, has projected much enthusiasm due largely to his committees, which have worked together and planned In detail to assure an evening of excellent food and entertainment.

With regard to previous year's activities, he said, "The spring events in the past couldn't possibly compete with what we have planned. How can anyone miss it? The ASCC is picking up half of the bill. The general public would have to pay twice as much for what we're getting.

"Flight to Fantasia" has been selected as the theme of the evening. Ail activity will take place in the Escadrille Room of the Proud Bird Restaurant, located near Los Angeles International Airport on Aviation Boulevard. With a choice of filet at \$4.50 for prime rib at \$3.75, dinner will begin at eight.

Dining music will be provided by the Cerritos College music department. Following the dinner, dancing will continue until one with special entertainment featuring "The New Establishment." Tickets are now Table at the Office of Student Affras.

Ray Charles **Bows Tuesday**

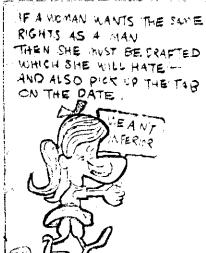

Noted singer-composer Ray Charles will perform in the Cerritos gymnasium in a special two-hour concert Tuesday at 8 p.m.

Charles, a master of soul, has drawn from popular music; rhythm and blues, rock and country and western music to develop his extraordinary style.

Though faced with many obstacles in his early life—poverty, blindness and the loss of both parents—Charles was able to overcome them and to build upon them a depth of soul and a style of musicianship that has enabled him to communicate to people of all ages and backgrounds, "I try to bring out my soul so people can understand what I am," says Charles. "I want people to feel my soul,"

An accomplished musician, Charles taught himself to play and to write for every brass and wind instrument in the erchestra and his specialized in plano, organ and sax.

The Ray Charles concert is sponsored by the ASCC as part of the Fine Arts Festival, ickets for the concert are on sale in the Student Center Ticket Office: \$1.50 for students, \$2.50 for high school student and \$3.50 general admission.

May 22 To Be Last 'WP' Day

Friday, May 22 is the last day on which students may withdraw from a class with a withdrawn pass grade. After this date only withdrawn fail grades will be given.

A student may withdraw from a class by either of two methods. First, may he initiate an official withdrawal or change of program at any time until the last four weeks of the semester, May 22, and receive an automatic WP grade.

Or the instructor may initiate a student withdrawal by completing a Student Drop Card and sending it to the Admissions Office. The instructor has the privilege of indicating either a WF (failing) or a WP (passing) grade.

An instructor may drop a student for excessive absences or inadequate performance, attitude or skills. A student initiated withdrawal that is received in the Admissions Office at the same time as the instructor-initiated drop card will have priority.

The change of program or withdrawal from college is not official until it is validated by the Admissions and Records Office, unofficial withdrawals warrant a WF grade on the student's permanent record.
