Hayden, Rogers top ASCC award winners

Man and Woman of the Year Awards went to ASCC President Stuart Hayden and Vice-President Kathy Rogers respectively at Friday night's Awards Dinner at the Golden Sails in Long Beach.

"Student Newsmaker" was baseball star Ron Salcedo. Speech team adviser Bill Lewis was named "Faculty Newsmaker." The awards are presented by the college newspaper, Talon Marks, and Beta Phi Gamma Press Club.

The top presentations highlighted an evening which recognized contributions students have made to the college community.

Service awards are grouped into five areas: Part-time Service Certificates, Service Certificates, Bronze Falcons, Silver Falcons, Gold Falcons, with a Gold Falcon being the highest award for student service.

BRONZE FALCONS

Winners of Bronze Falcons, in alphabetical order, are as follows:

Maria Abucejo, Paul Bopp, Thom Brumback, Marise Buniel, Debbie Coles, John Drayer, Dexter Echiverri, Anthony Garcia, Rosalind Gurrola, Maureen Heath, Lito Lucena, Louis Martinet . . .

Jeanette Noceda, Christina Persoon, Peter Piller, Schenley Quijano, Phil Roberts, Linda Rosser, Broderick Sauldsberry, Keith Sharon, Michele Vito, Robert Vitug, Wayne Wurzer, Bradley Yeung.

A part-time Bronze Falcon was presented to

Cynthia Abrams, Pamela Chung and Tom Olson.

SILVER FALCONS

Silver Falcon winners were Lisa Albertson, Karen Aulis, Lloyd Barb, Jeff Barr, Margaret Camilleri, John Drasso, Russ Duren, Kathy Gabel, Barbara Hague, Barry Hankins, Scott Harvey, Garrell Kirtley, Lillian Lovato, Jim Lowe . . .

Kerwin Mandella, Pam McKown, Robin Nelson, Bob Nolda, Glenn Rupprecht, Willy Santos, Gail Savel, Paul Simon, Terry Wilson, Jim Williams. A part-time Silver Falcon was awarded to Carin Eliassen.

GOLD FALCONS

Gold Falcon winners were Sherri Bell, Ken Clapp, Eleno Cortez, Fred Goff, Harry Kane, Doug Kimberly and Andy Mendizabal.

Female individual Athlete of the Year was given to tennis star Carmen Gomez, while Debbie Woodridge was named Team-Athlete of the Year for her efforts on the basketball court.

The President's Award is an award given to a full-time student who has won three Gold Falcon's. President Award recipients were Steve Gray, Mary Kachelmeyer, Linda Klevin, Sandy Klevin and Stephanie Lopez.

A Resolution is an award given to the full-time student who has won four Gold Falcon's. Resolution winners for this semester were Stuart Hayden, Curtis Rupprecht, and Paul Westoff.

'MAN' HAYDEN

LETTERS:

DEAR EDITOR:

This memo is in response to a Grievance Hearing Committee's recommendations made February 26, 1981.

Prior to the 25th Anniversary Homecoming activities, a letter addressed "To Whom It May Concern" and over my signature was used by a fraternity to secure float building materials from Tree Island Steel. Unfortunately, the subsequent selling of said materials by the fraternity led to complaints by other groups building floats. The fractionalism of groups due to this incident tarnished an exceptionally fine Homecoming activity.

As Coordinator of Student Activities, I apologize for not taking a more active role in resolving the problem created when the selling of these materials was brought to my attention. Hopefully, through a more active role, the problem could have been resolved without the grievance procedure being initiated.

Future letters used to request donated materials will be initiated by the Associate Dean of Student Activities. Hopefully, the misunderstandings and confusion related to donated materials will not occur in the future.

Faculty Newsmaker Bill Lewis gives credit to students

By DAISY WARMAN

At the ASCC Awards Banquet, Bill Lewis was named "Faculty Newsmaker" for the Spring of '81.

He feels it belongs to the students who make up the speech forensic squad he advises, "since they did all the work."

Talking about this year's 1980-81 Speech Forensics Team, Lewis said they were a "good squad." There were "many really neat people on the squad. They were nice, fun people to be around."

This was the first year that two people — Craig Philbrook and Pamela McKown won the most awards in single events to date.

And it was this team that won the most team

awards. Other teams have won large awards, but this year's has the most.

Speech Forensics is not a club, but a class where the students work with their speeches with their coaches.

Next year's team will depend on the new people," he explained. Ten to twelve of this year's squad are going to be back in the fall.

If they work, it should be an "outstanding squad." They will be people "recruited" from the Speech 1 classes.

The tournaments for the most part are two-day events which consist of single events such as persuasive, expository, and impromptu speaking, and double entries such as duo interps.

It was at these tournaments that this year's speech team was "very consistent" and "won many team awards."

Not only have they won awards, but they have put in a lot of feet mileage at the tournaments.

At last year's nationals, the team "won more gold,

Pie incident mars banquet

A pie thrown at student body President Stuart Hayden late in the program marred an otherwise smooth-running agenda at the ASCC Awards Dinner Friday.

Just as Hayden was to be presented the prestigious "Man of the Year" award, a man dressed in a

Summer begins

Classes begin again Monday, with some 7800 students expected to enroll in Summer School classes for a record, according to officials.

More appointment cards have been given out for registration than in previous years.

A variety of summer courses is being offered, ranging from such vocational classes as Engine Repair to academics such as English II.

Four different sessions have been scheduled. A first six-week session runs from June 15 to July 24, with a second such session running from July 27 to Sept. 4.

An eight-week schedule runs from June 15 to Aug. 7.

Some classes are offered on a 12-week basis, beginning June 15 and running through Sept. 4.

To enroll in Summer School, students must be 18, or have a high school diploma, and live in the college district.

waiter's uniform ran up on the stage and hurled a fluffy lemon pie at the unsuspecting President.

Hayden ducked and the pie sailed over his head, barely missing a woman.

In an ensuing scuffle, Hayden traded punches with his assailant before the pie thrower broke loose from officials and ran off the stage. He was chased to the parking lot where he escaped.

On-lookers were shocked at the intrusion which was over before many of the audience realized what happened.

While many onlookers and officials took the "joke spirit" of the incident in stride, several also expressed concern for the potential danger of physical harm to those caught up in the altercation.

"A joke is a joke," said one official, "but this was pretty poor taste and pretty poor timing. It was not really the time and place to play games."

The incident was called a deliberate attempt to embarrass Hayden by political enemies in campus government.

"If it can happen to Jerry Brown, it can happen to the ASCC president," one observer quipped.

College officials are investigating the incident, and may take action against any students identified as being responsible for the disruption.

but finished with 5th place." This year, they won "four gold and nine silver," and placed 4th.

Usually at tournaments, they place "between 2nd and 5th places."

Out of the three levels, Novice, Junior and Senior, "Novice is more competitive than the upper divisions."

Lewis believes that "anyone who is going to be speaking in front of people" should take speech forensics.

These people include teachers, lawyers, "all people considering going into the ministry," business and others, he noted.

People in business should "know how to give a speech," since they need to know how to "present their ideas," he said.

Lewis believes in the Christian philosophy of "Do unto others as you would have them do unto you."

To him, "every student is important." He believes everyone should contribute something to a fellow man.

I SWEAR—Newly elected 1981-82 ASCC President Craig Georgianna is officially sworn into office by outgoing Supreme Court Justice James Lowe.

Homecoming at Leadership

A major portion of this fall's Student Leadership Conference will be devoted to plans for Homecoming and floatbuilding activities.

The conference, slated for Sept. 9-11 at Oxnard, will feature a variety of workshops, seminars, and problem-solving sessions to better prepare students to serve in student government and other areas, according to officials.

It is here in particular that ideas, suggestions, preparations, discussions on all ramifications of Homecoming are dealt with. Such areas as the theme, regulations, programming, and floatbuilding are gone into in considerable detail as great emphasis is placed on student input.

According to Norm Price, Coordinator of Student Activities, this is where the nuts-and-bolts are worked out, where everything is brought out in the open, and particulars zeroed in on.

A story on ASCC Vice President Kathy Rogers last week stated that "there was no student input whatsoever" on homecoming and floatbuilding standards and regulations. Rogers made the statement, but indicated she didn't mean to imply there was no student input at all.

As it has been in the past, planners say student input is the main purpose of the leadership and other planning sessions.

'Benjamin' opens summer films

By FRED GOFF
TM Editor-in-Chief

Six popular movies released in the past two years will be shown at Cerritos College this summer.

All showings will be in the Burnight Theatre and the first performance will begin promptly at 7 p.m.

On Thursday, June 18, the Burnight will open its doors to all students with an ASCC card and present "Private Benjamin," starring Goldie Hawn.

The second movie to be shown will be Brian DePalma's "Dressed to Kill." The movie will be shown on Wednesday, June 24, and like "Private Benjamin," will have a second showing at 9 p.m.

Third on the list is a country and western favorite, "Coal Miners Daughter," starring Sissy Spacik and Tommy Lee Jones. A second showing at 9:15 is also scheduled for this July 7 feature.

The always popular Richard Pryor is featured in the fourth movie of the summer. "Which Way is Up" is a comedy that has Pryor assuming the role of three different characters.

A 9 a.m. showing will follow the one at 7.

"The Blues Brothers" starring "Saturday Night Live" refugees John Belushi and Dan Aykroyd as

Jake and Elwood Blues is fifth on the Cerritos summer schedule.

Featuring an all-star musical cast, "Blues" will be shown on Tuesday, Aug. 11, at 7 and 9:30.

The season will close with a recent horror classic, "The Shining," featuring a somewhat miscast Jack Nicholson. Nicholson performs admirably and the movie comes across as a hit.

Times for the Aug. 19 p.m. showings are 7 and 9:30.

SAC gets Peachy

Bert Peachy, former drama prof and administrative assistant in Fine Arts, has accepted the position of Dean of Fine and Performing Arts at Santa Ana College.

Peachy, who has been at Cerritos six years, is credited with making significant contributions to the college's drama and theater offerings. He was highly instrumental in helping with the smooth merger of Fine Arts and P.E. following the controversial management reorganization.

Caley takes faculty golf title

Don Caley dethroned defending champion Frank Wright to win his first tournament title in the 20th Annual Cerritos College Faculty and Staff Golf Tournament Friday.

Caley shot an 80, just one stroke over Wright's 81. John Dowden came in at 83.

Team honors went to the HYPER/FA Division with Frank Montera, Hal Simonek, and Tom Nelson combining for a 273 gross.

Walt Magnuson, with an 18-stroke improvement over last year, took the high gross award.

Longest drive winners were Dick Whiteman and Frank Wright. Closest to the pin honors went to Estelle Caley and Marce Saucedo.

Women's flight low gross went to Estelle Caley, with Robin Nelson taking low net.

Don Montgomery took low net, with Tony Giannone and Aaron Cook coming in second and third.

Bill Dowden shot low gross in the guest flight, with Al Alves carding low net.

Other winners were as follows:

A Flight — Marce Saucedo, Frank Montera, Hal Simonek.

B Flight — Ray Potter, Carl Specht, Tom Nelson.

C Flight — Pat Tyne, Dean Paige, Dick Whiteman.

D Flight — Jeff Smith, Bob Loeffler, Selden Cummings.

Second team honors were garnered by Dowden, Specht and Beale. Third went to Saucedo, Montgomery, and Brooks.

Mazzotta unveils fall prospects

By Keith Sharon and
Wayne Wurzer

Making predictions about a Junior College football team is like judging a beauty contest with a blindfold.

You know the size and talent is there, but you just can't quite get enough of a grasp on it to come to a conclusion.

I mean Knute Rockne knew every year that he could count on the Gipper and the four horsemen to be in his lineup.

But, Falcon football coach Frank Mazzota goes into every season like the guy who just lost a bag full of money in the septic tank; he's gotta wade through all the prospects and pull out the ones that will give him a successful year.

"We got a lot of real nice ones coming in," said Mazzota yesterday after enrolling 63 new players in the program the past week to go along with 45 returners.

"Things look good right now, the quarterback position is going to be the key," he continued.

Pat Compton out of Santiago High is given a good shot along with a host of other freshmen. Compton, who took player of the year honors in his league, comes to the Falcons after sitting out last year.

Steve Steinwick of Valley Christian is already taking part in spring drills and could be a contender along with Gary Rulon from Kennedy high.

But, the real battle for the top signal caller could be between Mickey Corwin, who comes from Cal St. Fullerton by way of Downey High, and Darren Weeda, a freshman out of Cypress.

"Weeda's got an arm, a real cannon," says Mazzota, "but Corwin could be the guy."

"We need that maturity and Corwin comes in after being at a major four year school and has a lot of confidence," he explains.

Another position that will see a lot of new faces competing for playing time is runningback. John Ranier and Steve Johnson, both transfers from Long Beach City College, "are very good ones," according to Mazzota.

Also bringing in fine credentials his former Mayfair star Tony Kemp.

These three men will be looking to get into the same backfield with last year's workhorse at fullback, David Steele.

On the other side of the line the Falcons will be looking to Sophomore tackles Jim Rowley and Chuck Endersby for strength up front. At linebacker returning starter Mike McPherson may be joined by Sam Gatfield, a freshman out of St. Paul who sat last year out.

Mark Rowley and Steve Goldshmeid look like the starters at the defensive end positions.

In the defensive backfield the Falcons will be returning Bobby Blandino and Herb Welch, the 10.7 sprinter who Mazzota says, "is probably the best defensive back in the state."

Led by Chuck Paige and Russ Duren the Falcon offensive line will have a lot of size, but may take a while to mature. 6'6" 235 pound Sam Oramos and 6'4" 235 pound Ken Sample are given good shots at the two other spots in the trenches.

Two local high school products that have impressed Mazzota are wide receiver Cliff Williamson of Long Beach Wilson and defensive back Derek Foster out of Cerritos.

"Williamson is a real good athlete and should do some good things," said Mazzota, "and Foster could be the other corner, he's one of the premier defensive backs around."

Overall the Falcons are looking for a big season as always, but don't forget the opera is never over until the fat lady sings.

"Fullerton will probably have the team to beat, they have the most returning," said Mazzota.

Not only do they have the most returners, but they also took a share of the South Coast Conference title along with Mt. San Antonio last year.

"We'll be alright if we can get through our first four games," he said of his Falcons who open up with East Los Angeles, followed by Long Beach City, Santa Monica and Bakersfield.
