

## Enrollment plummets to alarming low

By SARAH HILL  
TM Editor-in-Chief

Enrollment has dropped to an alarming low of 13.5% at 17,937, compared to 20,736 a year ago this Spring.

Every major division on campus has experienced declines running from around 7% to as high as 20% in some areas.

Funding for California Community Colleges for the 1985-86 semester will be based on the ADA (Average Daily Attendance) generated by the 1984-85 enrollment.

According to President/Superintendent Dr. Wilford Michael, the low enrollment figure will "definitely lower our funding but we really won't know until the first of next week."

The decrease in expected funds knocked out by the enrollment has caused some belt-tightening, one of which is the Board's decision Monday to "continue last year's salary schedule for both faculty and staff."

Both groups had asked for increases.

Dr. Michael feels the factors contributing to the low enrollment include: the low unemployment rate, less students graduating from high school, less re-entry students, and the new state mandated fees.

"The fees has some effect, but it is not a large factor for us," he commented.

The new student enrollment figure dropped 24% and the re-admit student count fell to 21%.

Recruitment in high schools has become stronger for the 4-year universities. Although Cerritos College sends several recruiters from different departments to various high schools, Dr. Michael feels "word of mouth" is the best way of recruiting.

"I hope word will get around that Cerritos does offer a wide variety of programs and eventually it will save them time and money."

Final enrollment percentages will be available by next week.

## League leading Falcon cagers come home to face Orange Coast Saturday night

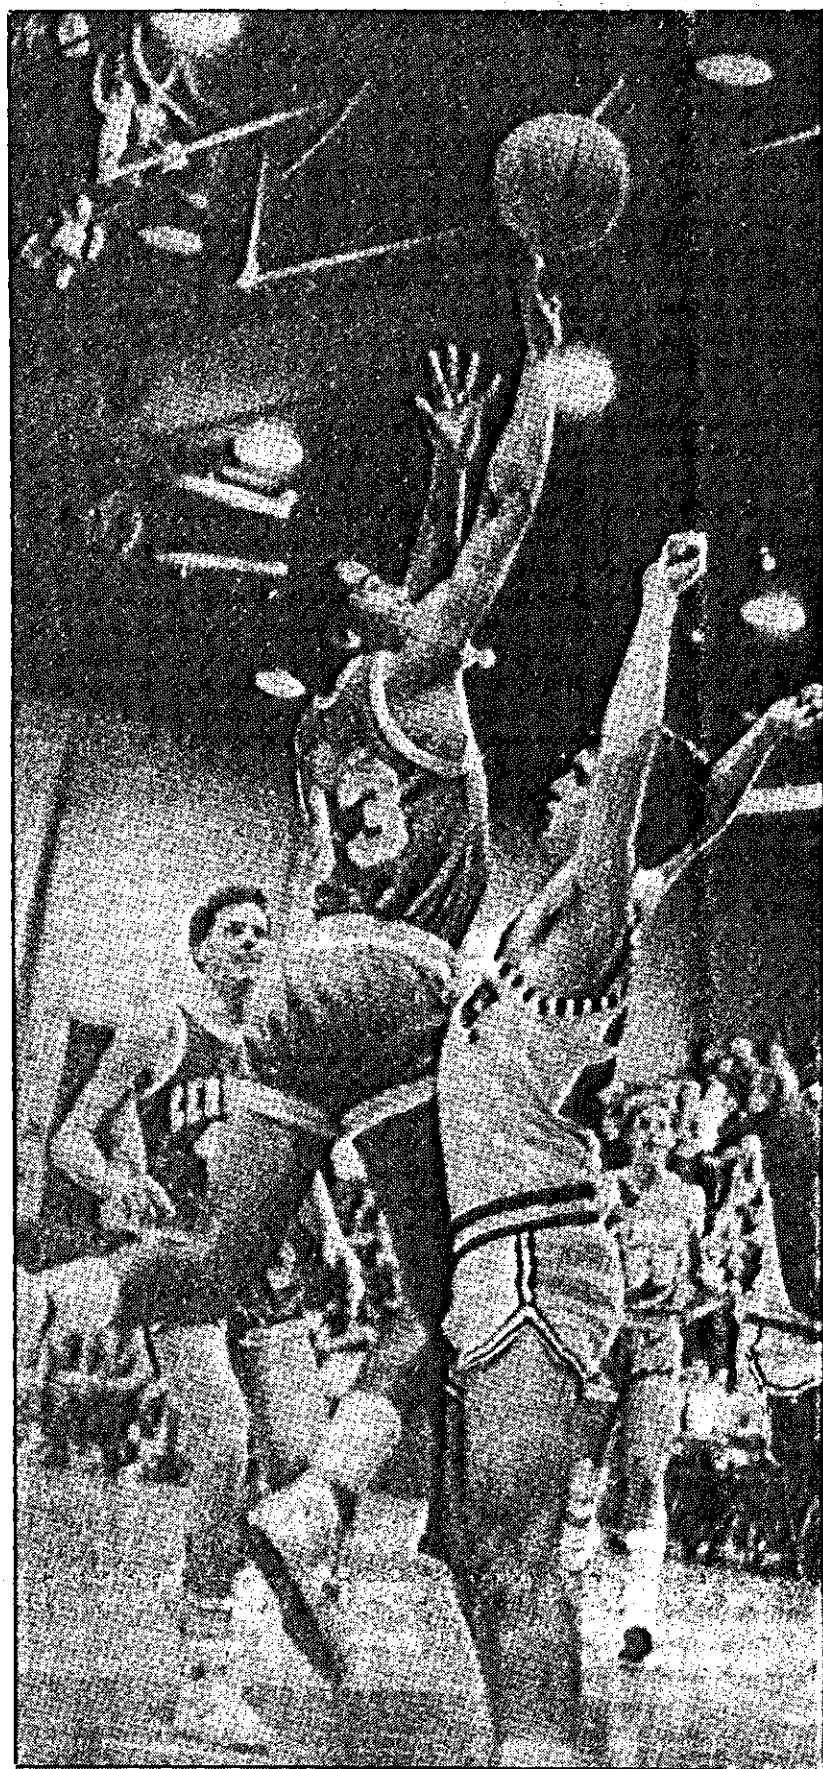

By JOHN VAN GASTON  
TM Sports Editor

Going into Monday night's game, both Mt. San Antonio and Cerritos were undefeated (4-0) in South Coast Conference play.

Mt. SAC, who was rated as the top team in the state, takes on Orange Coast Wednesday, while the fifth-rated Falcons host the same team Saturday at 7:30.

In a game which meant so much to each team, one would not suspect that a substitute forward and guard would be the key to the game.

Forward Kelly Andrews (six points) and guard Tim Collins (four

**THE SHOOTIST** — Falcon guard Marlon Wadlington hangs tough for two points in 55-51 win over No. 1 Mt. SAC. Cerritos, 15-3 overall, is now atop the conference with 5-0 mark. They host Orange Coast Saturday at 7:30 p.m. TM Photo by TERRY SPENCER

## Cooling unit built near LMC to cut electricity costs

By ANSELMO PEREZ  
TM Staff Writer

If you have passed by the library and notice a big hole and wondered what it was well, it's not a pool or a storage for coal, it's a new way for Cerritos College to save on electricity costs.

According to Michael Sebak, Assistant Director of Maintenance, the off-peak cooling project from Transphase System, Inc., will save Cerritos an estimated \$15,000 a year.

See LIBRARY / Page 4

points) came off the bench and played what could have been their best game of the year, as the Falcons defeated the Mounties, 55-51.

The victory also extended the Falcon win streak to nine games and ended a 16-game Mountie win streak.

"There is no doubt Kelly and Tim were the key to the game," said coach Jack Bogdanovich, whose team improved their record to 15-3.

"All of the subs played very well. We seem to be very successful with our subs. I'm very satisfied and I wouldn't hesitate to put any one of them in any situation."

Mt. SAC looked as if they were going to run away and hide early, as they scored the first eight points, before Russell Heicke (12 points, five rebounds) canned a 15-footer 4:25 into the game.

The Falcons continued to fight back, and when Collins hit an 18-footer with 7:14 left in the first half, they took the lead for the first time, 16-14.

Mt. SAC led 27-26 at the half, thanks to a tip-in by forward John Bragg, who finished with eight points.

Center Ken Ramirez led the Mounties (17-2) with 17 points before fouling out.

Guard George Tarkanian (son of Nevada Las Vegas coach Jerry Tarkanian), ran the Mountie offense and added 10 points.

Heicke and guard Joe Yezbak led the balanced Falcon scoring by contributing 12 points, while forward George Guy netted seven points and guard Marlon Wadlington (five assists), center Brian Coleman (nine rebounds) poured in six apiece.

## Senate papers due for Tuesday voting

By GINA MONACO  
TM News Editor

Friday is the deadline for spring Senate candidates to get their petitions back in to the Student Activities Office.

Twenty signatures from ASCC card holders are required for the petitions which can still be picked up at the Activities desk.

Voting for the some 33 spots on the student legislative body opens Tuesday, Jan. 29 at 8:30 a.m. for a two-day run. Polling times both Tuesday and Wednesday are from 8:30 a.m. to 2:30 p.m., with booths open for night students from 6 to 9.

Locations designated for polling places include the Health Science Building, North Elbow Room, Student Center, and the Cerritos Pool Area.

Students must show a current student I.D. with yellow sticker in order to cast their ballot.

Winners will be announced Thursday, Jan. 31.

The new spring roster will take office as soon as eligibility checks are run on grades and unit totals.

Candidates must be enrolled in 10 units or more with a GPA of 2.0 or better.

Observers expect around 1000 members of the Associated Student Body to participate in the election. Minimum number of votes to win a seat is expected to be 100, while the top vote getter is likely to climb to 300 or more.

Student government officials urge qualified students who have a particular interest in serving on the Senate to check out a petition and get it turned in by no later than 4 p.m. Friday.

The ASCC Senate controls a budget of nearly \$400,000 which funds a variety of instructional related

## Faculty, staff salaries frozen unless new funds come along

By TERRY SPENCER  
TM Production Coordinator

Salaries for all Cerritos College District employees will be held at 1984 levels pending determination by the Administration of how much funding the college will receive from the state, this action being taken at last week's Board of Trustees meeting.

The Board also passed a motion that would permit retroactive raises when and if it is determined that the money for pay hikes is available.

The faculty has been asking for a

seven percent increase in its salary and fringe benefit package, claiming that since 1973 inflation has advanced at a faster rate than the total increases of their pay.

The freeze was necessary, according to the Administration, because the school has been unable to get an accurate reading on what its funding level will be next year due to decreasing property tax revenue along with the decline in enrollment.

See SALARIES / Page 4

### CommonTerry COMMENT

#### Steenhoek on the level about our level?

By TERRY SPENCER  
TM Production Coordinator

Are USC and UCLA students at a different level than those of us here at Cerritos College?

Board of Trustees Vice-president Ada Steenhoek thinks so.

During a discussion at last week's board meeting, Steenhoek made the comment that Cerritos attendees are "not the same level of student" as those at USC and UCLA.

This came as the Board analyzed that one of the reasons some of our programs aren't used more often is that the various offices are scattered throughout the school.

Steenhoek had noted that more students used the Women's Center when it was located in the Administration Building, that the usage dropped a few years ago when the center moved to the Student Center, and she wondered if it would decrease even further when the current transfer to the trailers near Vocational Education is completed.

She feels that more students would use the different facilities if they were more centrally located, instead of being spread through-

out campus.

Trustee Richard Goul, who is a graduate of both Cerritos and USC, noted that anyone who has been to Troy or Bruinville would feel "ecstatic" about the ease of locating something at Cerritos.

Steenhoek then made her now famous comment along with an admonition to Goul to "be realistic," to which he replied, "Yeah, they're older."

But Rich, is the age differential what she really meant?

Sure, many of our students are rapidly approaching middle age and some kicked that door down long ago, while everyone at the L.A. schools looks like they're on a first name basis with Richard Simmons.

But is that the reality to which she was referring?

Let's take a look at some of the possibilities:

**Height** — None of my friends went to UCLA, but I am acquainted with three people who went to USC.

Now I'm six feet, two inches tall, and all three of those young men are taller than I. Three graduates of UCLA that I am familiar with (Scratch that. Make it

"with whom I am familiar with"), Kareem Abdul-Jabbar, Bill Walton, and Jamaal Wilkes are all on a much higher level than the typical Cerritos student.

**Elevation** — The elevation of the city of Los Angeles is listed from a low of sea level (0) to a high of 5,081 feet. The official elevation of the city of Norwalk is listed at 92 feet, while Cerritos claims to be 95 feet above the sea.

The first thing that one notices is that a Cerritos College student can gain almost five percent in his level simply by walking from the Administration Building, which is in Norwalk, to the Health Sciences Building, which is in Cerritos.

Another thing that is noted is that a Cerritos student is at an infinitely higher level than someone attending a college located at sea level, such as Pepperdine, but if USC, or UCLA built a school near the Grapevine, they would be over 500 times the level of the typical Cerritos student.

**Intelligence** — Nah, she couldn't have meant that she thinks their guys are smarter than us cuz they ain't know whey that noone could git no votes if thatz the whey they feels.

**Latest line on the bookstore**

**NOW'S THE TIME** — The bookstore long lines tradition maintained, despite the somewhat lesser crush of registration lines this semester. If you've been waiting for the lines to thin out, get thee to the bookstore where the shopping is easy before you get too far behind in class.

## Club Days wrap up today in quad

By CONNIE SAGER  
TM Campus Editor

Today is the final day of Club Booth Days being held in the quad area of campus from 11 a.m. to 1 p.m.

The purpose of Club Booth Days is to give various campus clubs and organizations the opportunity to provide information about their clubs and to attract new members.

Many clubs are organizing parties and other social events which students may attend to see if a particular club is for them.

Campus sororities and fraternities will be distributing "rushing" pamphlets to students interested in becoming a part of their organization.

There is a diverse assortment of clubs, panhellenic, service, and special interest, available to cater to many interests. Students can find clubs to suit career interests, as well as social and service needs.

### AWARDS RECIPIENTS

Part and full-time students given recognition for ASCC service at Fall Awards Banquet.

**U**

### UNIVERSITY BOUND

Brian Espinosa and Jon McMaster head a list of athletes that have signed on at 4-year colleges.

**S**

### KI 'MUM'

Ski Club President and mother of two Rosalie Woods discovers the diversity of college life.

**CLUB BOOTH VIEWS**—Filipino Club members demonstrate a native dance, while Leslie Berestein sizes up prospective club at Club Booth day, yesterday. Organizations will continue their prospecting attempts today between 11 a.m. and 1 p.m. in the Quad.

## SCHOLARSHIPS AVAILABLE

### Grant apps for 85-86 due soon

By STEVE GABALDON  
TM Staff Writer

Applications are being taken by the Financial Aid department for the 84-85 school year. The application deadline for all required forms is March 15.

The federal programs include the Pell Grant, which is awarded for the nine months of the school year and is based on the number of units, SEOG (Supplementary Educational Opportunity Grant Program) loans up to 2000 per year, the National Direct Student Loan, which gives a maximum of \$750 per school year, and the Federal Guaranteed Student Loan Program which lends up to \$2,500 per year to Cerritos students.

The state programs include Cal Grants A, B, C and the Bilingual Teachers Grant. Cal Grant A can be used only at a four-year school and

will loan up to \$3,300 per year. Cal Grant B will give up to \$1,100 and can be used at both a two and four-year school. Cal Grant C is for two year vocational students and awards up to \$2000. The Bilingual Teachers Grant will loan up to \$3,600, for students who plan to enter the field of teaching.

The Cal Grant deadline for the 85-86 school year is February 11, 1985.

In order to receive financial aid, a student must be able to meet the requirements as specified by the Financial Aid department.

Scholarship lists will be available in February outside the Career Center.

Office hours are 8 a.m.-9 p.m. Monday through Thursday and 8 a.m.-2 p.m. Friday. For more information, contact the Financial Aid office at 860-2451 ext. 346.

## Speech team captures third; CC hosts national tourney

By STELLA AGUILAR  
TM Staff Writer

The Cerritos College Speech Team took third place sweepstakes honors at the CSULA Invitational Tournament last weekend, involving competition from both two and four year colleges.

In the Duo-Interpretation category, both Lester Barrie and Susie Alderetti were finalists. Barrie went on to receive first place in Oral Interpretation and the Prose Interpretation divisions.

Laura Morton became a finalist in Extemporaneous speaking, an event which is improvised from a recent

news item.

Stephen Ware made it to the semifinals in the Lincoln-Douglas Debate, which is a one-on-one competition.

Speech competitions throughout the year will include over 25 community colleges and universities participating in a variety of events.

There will be about eight tournaments this semester, on both the state and national levels.

The Speech team will host a national tournament on Feb. 8 and 9. Anyone interested in getting involved in speech should contact Gloria Hassan or Donna Grossman at Ext.468.

## Making leaders subject of San Diego confab

By LESLIE BERESTEIN  
TM Staff Writer

Effective communication, leadership, and competition skills were major discussion topics at the ASCC Spring Leadership Conference held January 9-11 at Vacation Village in San Diego.

Two major speakers highlighting the event were ABC sportscaster Ted Dawson, who spoke on learning how to compete, and USC Psychology Professor Taylor Hartman, who discussed friendship, love, and various character types.

Other speakers included Cerritos College Forensics Director Donna Grossman, who spoke on developing effective communication skills.

"Born Leaders and Other Myths" was the title of a workshop given by family therapist David Boydston, and Assistant Technology Division Dean Sue Cotler talked about women in leadership and team development.

Goal setting in leadership was discussed by Cerritos College Professor of Reading Development Robert Renteria, and communications consultant Michale Joan Bandlely spoke on communication strategy and also discussed character types.

Recreational events at the conference included an ice-skating field trip, and a dinner dance cruise.

Student leadership conferences are held each semester under the sponsorship of the Associated Students. Some 100 present and potential student leaders attend the event which features experts on a variety of leadership topics.

## Awards Banquet draws Fall '84 to a close; students, faculty, honored for service

By CONNIE SAGER  
TM Campus Editor

The 1984 Fall Awards Banquet, held December 14 at the Anaheim Marriot Hotel, capped the end of last semester with the presentation of awards to students, faculty and staff.

A meal consisting of chicken cordon bleu, rice pilaf, honey glazed carrots, green salad, roll and chocolate mousse was served after which the awards were presented.

Conducting the presentations as Mistress of Ceremonies was Elizabeth Rios, also Commissioner of Activities.

Gold, silver and bronze Falcons as well as certificates were awarded to full and part-time students on the basis of their contributions to Cerritos College in the areas of participation, service and leadership abilities exhibited during the Fall semester. They were presented by Heidi Jacob and Jeff Mitchellcraft. Recipients of awards are:

### Gold Falcons

John Husek  
Heidi Jakob  
Gregory Lamphear  
David Mittleman  
Ben Pendleton  
Fred Regan  
Elizabeth Rios  
Chelley Squires  
Don Trapp

### Silver Falcons

Theresa Battaglia  
Richie Estrada

### Bronze Falcons

April Anderson  
Anthony Chisum  
Young Li Chun  
Sheila Davidson  
Fernando Hernandez  
Sarah Hill  
Jennifer Knox  
Tamara Leonard  
John Mandeville  
Jeff Miller  
Paul Moore  
Robert Myrick  
Barbar Palmer  
Vincent Pena  
Claudia Piras  
Mike Plaza  
Craig Robles  
Eric Ruben  
Donna Sabis  
Derek Spence  
Sharon Swain  
Seng Q. Thai  
Greg Tiller  
Lana Wood  
Sabrina Zuccaro

### Part-Time Service Certificates

Tella Bartoe  
Holly Belair  
Steve Chou  
Robert Diaz  
James Dooner  
Kymberl Dooner  
Jonathan Fonti  
Marie Grube  
Kiong Nio Kwa  
Linda Lara  
Carlos Moreira  
Carl Neher  
Janet Osborne  
Sammi Ramirez  
Lorraine Surface  
Rob Thomas  
Susan Tierheimer  
Rosale Woods  
Sandil Zavala

ICC scholarships in the amount of \$50 were awarded to Dave Mittleman, Amy Skibel, Mike Styles and Allison Schaffer.

Co-Rec Awards were presented by Commissioner of Recreation, Amy Skibel. The recipient were:

### Women's Volleyball

1st-Phi Kappa Zeta  
2nd-Lambda Phi Sigma  
3rd-Delta Phi Omega

### Co-Ed Volleyball

1st-Upsilon Omicron  
2nd-Chinese Culture Club  
3rd-Sigma Phi

### Basketball

1st-Water Polo  
2nd-Upsilon Omicron  
3rd-Ski Club

### Raquetball Doubles

1st-Water Polo  
2nd-Alpha Phi Beta

Winners of the canned food drive were 1st place, Alpha Gamma Sigma; 2nd place, Sigma Phi; 3rd place, Lambda Phi Sigma.

### Part-Time Bronze Falcons

Suzanne Curfman  
Lorraine Dooner  
John Van Gaston  
Full Time Service Certificates  
Sylvia Eastman  
Simon Chow  
Teri Lyn Fleckner  
Melissa Hernandez  
Brian Heyman  
Elena Kirk  
Sunil Narsai  
Nancy Olivas  
Laura Rains  
Immaculada Regan  
Chris Schrater  
Melodes Smith  
Paul Teensma  
Crystal Vaarvik

## Child's center changes rates; education, guidance available

By SANDY PIPER  
TM Feature Editor

The Child Development Center has announced a change in rates for all full or part time students of Cerritos College who wish to enroll their children in the Center.

There is a \$10 registration fee for each child per semester and the prices will depend on how many hours a week the child is left at the center.

If the time is less than 20 hours a week, the rates go as follows: A half day, which equals four hours, will be \$6 and a full day, eight hours, will be \$12.

With 20 or more hours a week, a half day will be \$4 and full day will be \$8.

For those students who need to

enroll two or three children, the Center has special rates and can be contacted for more information by calling 860-2451 ext. 479. Financial aid is available for those who qualify.

Children are supervised while taught an educational curriculum of art, music, mathematics, science, language, literature, and motor activities under the guidance of certified teachers.

Students who have their youngsters enrolled are not required to be on the campus all the time their children are in the Center.

The Center is located in front of parking lot C-8 and the hours for Monday through Thursday are 7:30 a.m. to 7:15 p.m. and on Friday 7:30 a.m. to 3:30 p.m.

## Spirit Night heads ICC spring events

By LISA WALTERS  
TM Staff Writer

Got any plans Saturday night? The Inter Club Council is sponsoring Spirit Night, the first dance of the spring semester, complete with videos, a live action camera and music from D.J. "Towards 2000" immediately preceding the basketball game against Orange Coast College in the gym.

Hats and pom-poms will be distributed and a special rooting section will be set-up at the game. A trophy will be awarded to the "Most Enthusiastic" club.

"Spirit Night," was among several events discussed at last week's ICC meeting. "Club Information Night" was scheduled for Jan. 31, where the council will work with clubs on activities and provide information on student government.

Commissioner of Athletics Amy Skibel encouraged everyone to attend Co-Rec Night this Sunday, Jan. 27, from 6:30 to 9:30 in the Gym. Volleyball, Raquetball and Basketball will be played and free refreshments will be available, along with door prizes.

Students were reminded to bring a valid ASCC card for admission to the weekend activities, although one guest per student is permitted at the dance.

## Musicians sought for CC band ensemble

By RANDI KATZ  
TM Staff Writer

There are openings for community musicians, at all skill levels, to join the music 70 and 71 classes, Cerritos College band ensemble.

The one-unit class will meet Wednesday nights from 7 to 10 pm, and perform a variety of music styles from "band in the park" to modern contemporary, including works by Aaron Copland, John Phillip Sousa, John

Williams, Felix Mendelssohn, and Johann Sebastian Bach.

The semester classes have positions available for woodwind, brass, and percussion instrumentalists with no auditions necessary. Also, some instruments may be provided.

Members of the ensemble will be highlighted at the Cerritos College Fine Arts Festival in March.

There is a small fee for the course.

# Falcons roll past top-ranked Mounties 55-51

## FLYING FALCON

**YUMMPIN' YEZBAK** — Cerritos guard Joe Yezbak drives past Mountie Larry Richard (22) and Ken Ramirez (32). Yezbak contributed 12 points as the fifth ranked Falcons upset top-ranked Mt. SAC. The Falcons are now in sole possession of first place as they host Orange Coast this Saturday at 7:30.

## Extend win streak to nine; Host Orange Coast Saturday

CAGERS / From Page 1

The Falcons opened up a seven point lead, 44-37, but quickly saw the Mounties score six unanswered points to close up the gap.

With time running out and the game slipping away, the Mounties were forced to foul often. But the Falcons connected on seven free throw attempts to finish the scoring.

The Falcons achieved their flawless SCC record by defeating Fullerton 65-60, with a balanced scoring attack, led by Heicke and Yezbak (16 points), with Wadlington and Coleman adding 14 apiece.

Micheal Long led the Hornets with 16 points, while Jon Samuelson added 15.

Yezbak netted 19 points, defeating Saddleback 77-68. Guy added 16 points and Wadlington burned the nets for 15.

Golden West proved to be no match, as the Falcons ran away with a 92-73 romp.

In that game, Bogdanovich got everybody off the bench, and each contributed some points.

Yezbak led the team with 20 points.

The Falcons continued to roll, as they rolled over Santa Ana 83-63, with Coleman leading the scoring with 22 points.

Compton turned out to be a formidable opponent for Cerritos, taking them into overtime, only to fall by the wayside, 92-82.

In the overtime period, the Falcons made an incredible 21 out of 23 free throw attempts, and finished the game with 30 free throws.

Coleman scored a season-high 28 points, while Yezbak added 20.

James Stewart led Compton with 26 points to go along with Dwayne Johnson's 24.

During the Christmas break, the Falcons entered the Modesto Tournament, and was quickly ousted by Taft 90-85 and San Francisco 72-70.

They then entered the College of the Desert Tournament and stunned the host Roadrunner team in the championship game by winning 72-70.

This was the fourth time the Falcons have captured this tournament title. The last time was in 1982 when they defeated Snow, Utah.

Heicke, who scored 18 in the final game was named to the all-tournament team, along with Yezbak and Guy.

The Falcons opened up by defeating LA Southwest 106-80, with a scoring attack led by the entire team.

They then rolled over Pima, Arizona 91-73, with Heicke leading the way with 18 points.

In the finals, the score was tied at 70, when Wadlington drove the lane and scored on a lay-up to win it.

Pierre Smith, who was the tournament's MVP, missed on a 22-footer at the buzzer.

Yezbak continues to lead the team in scoring with an 18.2 average over the season.

Coleman is next with a 16.6 average, followed by Wadlington at 11.1.

Guy is leading the team with an average of 7.6 rebounds a game, followed closely by Coleman at 7.3.

Wadlington is pacing the team, dishing out 4.5 assists per outing, with Yezbak contributing 3.8 per game.

## Wrestlers finish season 15th ranked team in state

By MONA MENDOZA

TM Staff Writer

Cerritos Wrestlers finished 15th at the state tournament held at El Camino December 14 and 15.

Only four Falcons placed in the

disappointing tournament.

All American John Haupt led the way ranked fourth. Tom Howe, Mike Longshaw, and Edwin Van finished eighth and were named All State Representatives.

Two injuries proved crucial to Cerritos' rank standings. Van forfeited in his second match to Brian Folsom of Cypress because of a knee injury, and Howe could only muster eighth rank despite a rib injury.

The top five finishers of over thirty schools were College of the Sequoias, Cypress, Palamar, Chabot, and Porterville, respectively.

According to Wrestling Coach Jeff Smith, Mike Longshaw performed outstanding at the State Tournament. "He wrestled the best and got the least out of it," said Smith. "He won his first match, and lost his second, but at the end of the second match, Cypress' Dan Thomas kept stalling - but he didn't outwrestle Mike."

Next seasons returnees are George Williams, Eric Sakurai, Mike Groves, Edwin Van, Joel Davis, and Tom Howe.

## Women's basketball struggles to find winning combination at 9-9 mark

By JOHN VAN GASTON

TM Sports Editor

Unable to establish a consistent winning formula, coach Karen Peterson's women's basketball team continues to hover in the .500 range, with a 9-9 record after being defeated by Compton 84-75.

The Falcons hosted Mt. SAC Monday night, (score unavailable at press time).

Leading the team in scoring, as she

has all year, Shelly Bowcutt continued her consistent scoring outputs, this time bagging 24 points.

Eunice Walker contributed 21 points along with six rebounds.

"This was a very physical game," said Peterson. "We had three players foul out. We had a lot of trouble containing their point guard (Mona Brown, 26 points)."

The Lady Falcons opened up league play with a 68-51 victory over Cypress.

Leading the Falcons were Bowcutt (19 points), Walker (16 points) and BJ McCree (14 points).

They then ran into the fourth-rated team in the state, Fullerton.

The Hornets came out on top 49-40, led by center Diane Rockwood, who had 23 points.

Bowcutt went to town against Golden West, pumping in 24 points in a 69-63 win.

"This was a great game for us," said Peterson. "All eight players contributed and it was just a great team win."

Against Santa Ana, Bowcutt and Walker combined for 43 points in the Falcons 78-70 win over Fullerton.

The Falcons now stand a 3-3 in the

South Coast Conference play.

During the Christmas break, the Falcons were entered in the first annual Citrus Tournament.

They opened up with an easy 80-25 romp over Glendale, with Walker (20), McCree (19) and Bowcutt (17) leading the way.

McCree added 16 rebounds, while Walker pulled down 13 boards.

In the semi-finals, the Falcons took care of Oxnard 65-57.

Walker netted 21 points, while Ellie Itkoff and Bowcutt added 13 points apiece.

Jowana Yates dished out 10 assists.

In the finals, the host team Citrus

didn't disappoint their home crowd, by winning 53-51.

Bowcutt, who scored 16 points, missed a shot at the buzzer that would have tied the game.

Walker, who averaged 16 points and nine rebounds, was named to the all-tournament team.

On the year, Bowcutt is leading the team with a 21.3 points per game average.

Right behind her is Walker with 12 points per game.

Itkoff is averaging nine rebounds a game, followed by Walker with five per game.

Yates is averaging five assists per game, followed by Bowcutt.

## PART-TIME CHALLENGE. BIG-TIME BONUS: \$2,000.

If you're seeking a part-time job that offers good pay, a chance to learn a valuable skill, good hours (one weekend a month—usually two 8-hour days), you should look into the Army Reserve.

Certain skills come with a \$2,000 enlistment bonus. Like Medical Lab Specialists, Infantry, Electronic Warfare, Signal Intelligence, Voice Interceptor, Self-Propelled Field Artillery System Mechanic and Water Treatment Specialists.

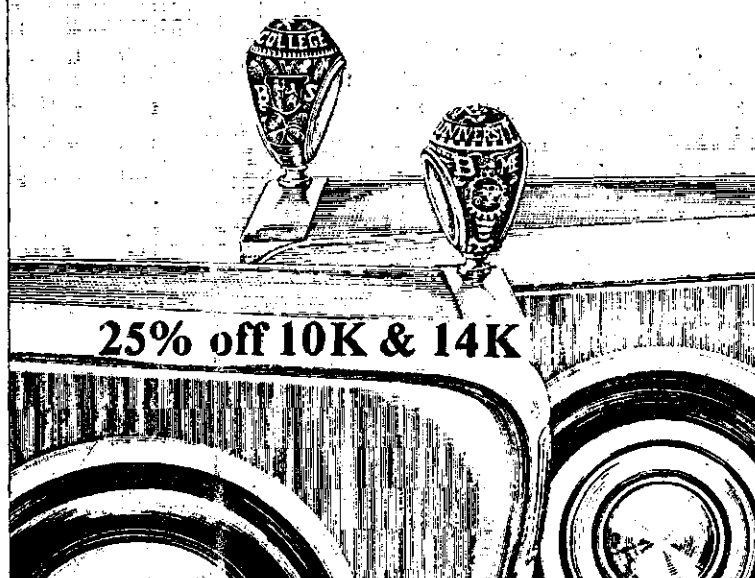

You'll train in an Army school. Then serve one weekend a month and two weeks, usually in the summer. And earn over \$1,200 a year to start. Stop by or call us.

NORWALK RECRUITING STATION — 864-2558

**ARMY RESERVE.  
BE ALL YOU CAN BE.**

### A grim fairy tale

Once upon a time students were a glut.

This allowed the three great kingdoms, UC, Cal-State, and the CC's to receive all of them they wanted. Since they no longer had to work for their food (students) they became fat and lazy.

But one day in 1966 the producers decided to cut back the manufacturing of students. Since it takes 18 years for a student to mature to a point where the kingdoms could consume them, they thought that they would have plenty of time to grow a higher quality student that would be worth more calories (money).

But then one day along came the Pied Piper Jarvis. He told the people that they were giving the kingdoms too many calories and convinced them that they should cut the kingdoms rations.

This made the kingdoms go on a diet, and soon they became lean, mean, educating machines.

But then came the great Duke George and he conquered the kingdoms.

He said unto them, "In you Cal-State and UC I find much beauty. I will shower upon you all of the gifts of my empire to supplement the students that you receive, so that you may be the fairest in the land. But as to you CC, I find you most ugly and to you I shall only give thistles."

The CC's grew weaker and weaker, and soon its rulers decided that they would have to go to war in order to get enough students to survive.

But since they had not had to hunt for their students they had forgotten how and they....

There are many ways that this story could end.

Hopefully they will remember how to hunt and will be able to feed themselves.

Maybe only a few of them will and only the strongest will survive.

Or maybe they'll grow so weak that they'll get devoured by their mightier counterparts.

Not all fairy tales have a happy ending.

### The ideal lives on...

Men may die, but ideals live forever.

We honor Martin Luther King this week not for the man that he was, but for the ideals that he professed — Brotherhood among the races, peace among men, and the principal of non-violent protest.

King was a man possessed with his ideals. His name invokes memories of his 1963 "Brotherhood Speech" in Washington D.C., the summer "Voting Rights" marches of students, Birmingham, and his "Mountaintop" speech the night before his death.

The man King died on a balcony in Memphis in 1968.

But his ideals didn't....

## The hot and cool of it

LIBRARY / From Page 1

with an additional \$28,000 rebate from Southern California Edison in the first year. The system will cost Cerritos an estimated \$82,000.

According to Dr. Walter Magnuson, Assistant Superintendent, Vice-President of Business of Services, the system will bring a surplus in five years.

Doug Aames, owner of Transphase commented, "The system is basically simple."

The project calls for an eight foot pool which will be filled with one gallon bottles. In these bottles will be a salt solution. The tank will then be filled with water and sealed.

During the non-peak evening hours when electricity is low, the system's water chillers will chill the water

to 47 degrees. "This will cause the salt solution to freeze, thus keeping the water cold," explained Aames.

The system will continue the chilling process until the peak afternoon hours when electricity is high. Then, the system will circulate the cold water throughout the library thus cooling it. The warmed water will return to the tank to be cooled again.

"If this energy plan works for the library," says Sebak, "we will consider using other buildings on campus."

Transphase has used similar systems at Orange Coast and Golden West Colleges.

### Voting today

ELECTION / From Page 1

programs, including athletics, theater, speech, journalism, music, and others.

Campaign and publicity guidelines must be followed to assure fair campaign practices, officials emphasize.

Student president Fred Regan said this semester's Senate has an important job, since next year's budget will come before the group.

Regan urged students to get involved in the campus political process by taking time out to vote. He said that any student considering running for the Senate is welcomed to drop by his office.

Chair of the Senate is ASCC vice president Ben Pendleton.

A number of appointive posts are also available. Students interested should contact Regan.

### Raises denied

SALARIES / From Page 1

Property tax revenue for Cerritos College is expected to be down \$186,443 from an original estimate \$27.75 million for fiscal 1984-85, and is expected to drop an additional \$350,000 next year.

The state community college system had expected to collect \$75 million in Student Enrollment Fees this year, but with a statewide enrollment drop of almost 10%, that figure has been revised to \$68 million.

The administration is also expecting a further cut of almost \$400,000 next year due to a five percent drop in the Average Daily Attendance figure since last year.

## Major TV game shows visit campus seeking contestants

By MONA MENDOZA  
TM Staff Writer

This could be your big chance to finally make those big time game shows on TV.

*Tic Tac Dough* and *Joker's Wild* are looking for contestants.

And they are coming to Cerritos College to find them.

Show officials will be on campus Tuesday, Feb. 5 to interview and tests

potential contestants for the popular shows, both of which give away large sums of money and prizes.

A 30 minute general knowledge exam will be administered at 11 a.m. and 1 p.m. for faculty and staff, and at 12 p.m. and 2 p.m. for students.

All applicants must be 18 years or older for the Barry & Enright Productions. They must not have appeared on a game show within the past five years.

### SKI CLUB PREXY KEEPS 'EM AVID

## Mom makes most of college experience

By JENNIFER KNOX  
TM Managing Editor

Enthusiasm.  
It's a trait that tends to stand out more than any other when you speak to Ski Club President Rosalie Woods.

When Woods came to Cerritos last fall to begin preparation for the R.N. program, she didn't expect to find the many clubs and extra curricular activities offered to students.

"When I started back to school, I went to the Women's Center and they were so encouraging," she explained. "If I hadn't gone in I would probably just be taking classes. There is so much more here to add to the learning experience."

Woods was elected Ski Club President when she joined the newly formed club last semester.

"I am an avid skier," Woods explains. "I helped form a skiing organization in Illinois some years ago, so when I heard we had a club here I decided to check it out."

Over 100 members strong, the Ski Club is one of the largest clubs on campus.

"I have a good group, and I'm really proud of it. We have local ski trips every weekend and it's always great to have new people along. We encourage everyone to take part, even if you're not a member."

Woods mentioned two upcoming ski trips, one on Jan. 27 to Mountain High and one on Feb. 3 to the Gold Mine. A three-day trip to Tahoe will be offered to any interested students on Feb. 16, 17 and 18.

ROSALIE WOODS...Getting involved

TM Photo by RAE LENE REPPMANN

"We get on the bus as strangers and we return as friends. It is like a big family situation and it's rewarding."

A re-entry student and mother, Woods raised her two children, now in their mid-twenties, alone after her husband was killed in Vietnam in 1969.

"After my husband was killed, I tried to maintain a healthy attitude," she explains. "I had to be both mother and a dad and it worked for them. It was difficult, but I thank God for the life I have. Now that my children are grown I can do some things that I haven't had the chance to do yet."

Coming back to school and getting involved with the Ski Club has given Woods the opportunity to relate to people of many different ages.

"I don't look at ages. It's not a margin between me and those who I communicate with. I am active in the club with people who are my children's age and I relate very well to them."

Besides being an avid skier, Woods is also heavily involved with square dancing at both state and national levels.

Before coming to Cerritos to begin the R.N. program, Woods worked in a hospice program, which allows the terminally ill to live at home instead of in a hospital.

"I found working in the program very satisfying, not depressing like many people would imagine. You become a best friend to a person who really needs a companion. I've had three patients and I have a lot of respect for all of them."

"It really makes you appreciate the life you are living today."

## You can't live with 'em, can't live without 'em

By SANDY PIPER

Owning a car can be such a big pain!

Especially when you're very dependent on it for school, work, errands, etc., etc.

I'm just your average female college student who has a part-time job and owns a semi-decent Datsun B210 that usually gets me where I want to go.

When I need to go somewhere, getting in my car, turning the key in the ignition and having the motor start has become a habit with me.

It's not so much that major problems happen with my car, it's all the little things that I tend to blow out of proportion.

I guess I'm a hypochondriac when it comes to the ailments of my car.

One morning, for instance, I turned on my windshield wipers to clear the dew off my window. When I turned the switch off, the wipers didn't stop.

I kept flicking the switch on and off, but the wipers didn't work. So I had to drive to school that morning with my windshield wipers screeching across a dry windshield.

Another time, I was coming home from work at night and my headlights wouldn't turn on. I had to resort to driving home with the hazard lights blinking.

These things always seem to happen when least expected.

Like on Friday morning, after a full week of getting into my car and having it start, my daily routine is

foiled by a faint clicking sound as I turn the key in the ignition.

Panic races through my mind as I sit behind the wheel and yell obscenities at my car.

Now what do I do? I've got to be at school in 10 minutes and neither my brothers nor my father are around to relieve my suspicions of the car never starting again.

I don't know the first thing about cars when it comes to how they work. All I know are the essentials like checking the oil and putting in gas.

So after I have thoroughly lectured my car on dependability, I call the Auto Club.

Within a half hour, or so, a tow truck pulls up in front of my house. A

man jumps out and takes a look at my car.

He adjusts a couple of the many gadgets hidden under the hood then tells me to start it up.

I do and it starts.

Loose battery cables is what he tells me, but I find that hard to believe when I never loosened them in the first place.

At least the engine is running, and I'm relieved to know that my car hasn't taken it's spot in the big parking lot up in the sky. Yet!

### Art in Technology exhibit to run through Jan. 31

By STACY SCOTT  
TM Staff Writer

An Art in Technology exhibit presenting works by students, faculty, and invited industry representatives will run through Jan. 31 in the campus Art Gallery.

The show opened Jan. 15.

The exhibit features such items as lawn furniture, a platform bed, and a bass guitar.

Other displays include a fiberglass blade from a wind turbine for electricity generation, a hand turned wooden bed, a laser oscilloscope, low and high tables, a cedar chest, and an audio visual presentation of some works in progress.

According to director Larry Klepper, this is one of the highest attended shows in the gallery. Over 1,300 people visited the exhibit last year.

Gallery hours are Monday through Thursday 11 a.m. to 4 p.m., and Tuesday and Thursday evenings from 6 to 9 p.m.

The gallery is open free to the public. It is located on the south side of the Cerritos College campus.

### Talon Marks

Production and printing of *Talon Marks* is funded by the Associated Students of Cerritos College. Facilities and supervision are provided by the College. It is produced by the students enrolled in the academic Journalism program.
